WEEKLY REVIEW.

LONDON, Wednesday, Feb. 15.

Receipts of grain have been light this week. The only kind offering any way freely was wheat. In it there has been a firmer feeling, with sales ranging from 5c to 7c per cwt higher than the ruling price for some time past; the closing values of wheat were $1 07 to $1 10 for red and $1 10 to $1 13 for white.

Oats were very unsettled, and some days quite excited; there was the usual steady local demand, and as the receipts fluctuated widely some days sales were made up to $1 03; to-day and Tuesday $1 was the ruling price; receipts improving.

Peas were scarce, in fact hardly any offered, and figures given for them are based on latest transactions, and are no real guide as to the price that would be paid for them now. We believe a good sample would bring higher prices.

Corn quiet, light offerings; sales of white at 95c.

There was considerable inquiry for barley, rye and buckwheat, but no receipts.

Hand-picked beans sold from $1 10 to $1 35, according to the quantity.

Eggs have been falling gradually since Thursday. Tuesday choice baskets of strictly fresh sold at 25c per dozen, with all other grades ruled by the value of them.

Butter was scarce and active. The demand for choice pound rolls led. The range was from 18c to 22c in quantities; large rolls and crocks sold 2c under pounds.

Chickens and turkeys scarce and firm; values unchanged.

Hay steady; deliveries were moderate, considering the roads; closing value $8 to $9 per ton.

Straw firm at $2 to $3 50, according to the size of the load.

Red clover seed active; the demand was steady, and during the early part of the week values were very high, sales ranging from $9 to $9 25. On Tuesday's market there was not so much desire on the part of dealers to load up, and $9 was the highest price obtainable. Receipts of Alsyke good; $7 50 to $7 75 was the price paid; some poor lots sold as low as $6. There have been no deliveries of timothy seed.

Vegetables steady and no change in values.

Dressed hogs easier; $8 25 to $8 50 was the price paid.

EAST BUFFALO, N. Y., Feb. 14.—Cattle—12 cars on sale, mostly stock delayed en route for over a week, and consequently not in the best of condition. Trade was of a peddling order, and values weak.

Sheep and Lambs—Offerings, 18 cars, 10 of which were held over from yesterday. Market quiet and easy, but about all were sold close to yesterday's values. Canadas, $6 25 to $6 60 for very fancy stock; Canadas general, $6 30 to $6 50; Canada sheep, $4 75 to $5 25; wethers, $5 25 to $5 75.

Hogs—There were only 15 cars on sale, including about 8 cars that got in late and those that were held over from yesterday. There was very little life to the trade, and prices were naturally 10c to 15c easier. Yorkmen were light buyers, taking a few of the best pigs at $8 50 and good Yorkers at $8 75, with no demand for the 5 or 6 cars of light Yorkers on the market. Good weight Yorkers and medium weights sold at $8 80 mostly, with a deck or two at $8 90. Roughs and stags sold as low as $7 50 to $8 10 and $6 50 to $7 25. Market closed easy.

PROOF OF PROSPERITY.

In another column readers will find the twelfth annual report of the North American Life Assurance Company, submitted at the yearly meeting held Jan. 26. It must be extremely satisfactory to the directors of the company, reassuring to policyholders and a splendid recommendation in the eyes of the general public. The indications of solid and continued prosperity are marked and are positive proofs of able, economical management and popular, progressive methods of business. New policies were issued during 1892 to the amount of $2,400,300, a gratifying increase compared with the preceding year. The insurance in force reaches the splendid total of $12,053,080, as against $6,975,390 in 1887, while the assets and surplus show a corresponding increase in the same period. The death of the late Hon. Alexander Mackenzie, president of the company, required that a successor be appointed, and Mr. John L. Blaikie, vice-president since its inception, was elected to the position. A better selection could not have been made.

—Before Squire Lacey this morning W. Morrow was charged with embezzlement and the case dismissed. He was rearrested on the charge of seducing Martha Elizabeth Fieldhouse, a servant girl for Ex-Reeve McDougall, of Ekfrid. He was remanded until Saturday for trial.

—The Golden Link Mission Band in connection with the King Street Presbyterian Church held a parlor social at the residence of Mr. J. A. McHarg, Horton street, last evening. There was a good attendance, and an enjoyable programme was presented. Refreshments were also served in abundance.

—Londoners are to be met in all quarters of the globe, and it may be interesting to note that there is one in the Island of Hawaii, which is the scene of so much interest at the present time. —Mr. Whitfield Lancaster, until recently a member of the police force, has purchased Mr. I. Abram's boat house at the foot of Dundas street, and Westminster Rink from Mr. J. A. Thomas. He will run both in partnership with Mr. Thomas. Mr. Lancaster is well-known in the city, and will no doubt be successful in his new venture.

—The street car drivers appeared on their cars this morning wearing on their hats a large nickel-plated badge in the shape of a shield with a black number in the center. It is no doubt intended to make identification easy in case of any neglect of duty or cause for complaint to the authorities of the company. To the system of wearing a badge or number the drivers make no objection, but the majority are opposed to wearing such a plaster on their hats, it being about 1¾ inches deep and wide. Being a badge they claim it should be worn on the coat, and also that it will be destructive to any felt hat to be so often pierced by the large pin attachment. No doubt the management will consider their grievance.

A Splendid Showing.

The financial statement of 1892 was submitted at the annual meeting of the Western Fair Association this afternoon. The receipts for the year were $30,000 71. There is a balance in the bank of $6,129 63, besides $2,303 01 transferred to capital account. The assets are $23,451 71.

A Wonderful Growth.

Amongst the organizations which compose the National Fraternal Congress, the A. O. U. W. stands the first and the Knights of the Maccabees the fourth in numerical strength. The Knights of the Maccabees during the year 1892 had a most prosperous and successful record. The sum of $643,711 was paid for death and disability claims, the cost during the year to members 35 years of age being only $6 for each $1,000 of life benefits carried, and at 45 only $9 per $1,000. The membership increased during the same period by 36,966, and the total membership on the 31st of January was over 101,000. This is a remarkable record, and tells more clearly than words that this great order is conducted in such a manner as to command the sympathy and support of the intelligent citizens of the country. Few people, if any, could have dreamed that the 700 Maccabees of January, 1882, would have increased to 101,000 in January, 1893, and become one of the greatest powers among the fraternal beneficiary associations of the land in their mission of protecting the widow and the fatherless. Yet such has been the case, and the prosperity with which the order has been so far blessed will undoubtedly be increased during the present year. The Maccabees are now established in 29 States and Provinces and growing very rapidly. The increase in Ontario has been exceedingly gratifying, and it will undoubtedly, in the near future, become the leading beneficiary order of the Province. Its equitable plan, careful and conservative methods, immediate payments of all just claims, enterprising yet economical management, and the zeal and ability displayed by its executive officers, have gained for it the commanding position which it occupies to-day. b
