THRASHING MACHINES.

LETTERS PATENT.
TIME AND LABOR SAVED IS MONEY EARNED.
THE subscribers having secured to themselves the exclusive right of manufacturing and vending to others to use within the territory of Upper and Lower Canada,
SEVERANCE'S CELEBRATED IMPROVED HORSE POWER & THRASHING MACHINE, one of the most valuable time and labor saving Machines ever devised by human ingenuity, respectfully inform the public, that they have just completed a new and extensive Factory on Wellington Street, extending from Prince to George Street, which gives them more than double the accommodation they had in the old shops, which will hereafter, they trust, enable them to supply the whole farming community of the United Provinces with a machine that will thrash and clean more grain in a day, with less expense and with greater expeditious, than any other known invention—only requiring two horses.
We beg leave to say to our customers and friends, that we are again prepared to furnish those in want of Thrashing Machines with an article superior even to those heretofore manufactured by us.
Our long experience in making, and the very liberal patronage we have enjoyed in the sale of our Machines, has, together with a constant determination to produce an article that will never fail to excel all others, caused us to watch carefully all the improvements that could be made from time to time, until now we feel confident in saying that for durability, certainty of work, and amount of it they can do, our Thrashing Machines are unequalled by any in use. And while the grain is thrashed clean, and most of it fit for sale, or ready for market, it is in the same perfectly cleaned, fit for the Mill or any Market.
All orders addressed to us, or our Agent, Wm. Johnson, will be promptly attended to.
Machines shipped to any port in Canada, and every one warranted to be as good as recommended.
Liberal terms of payment allowed.

TO C. LAROCQUE, ESQ.

SIR,—In compliance with your request, I now cheerfully give my opinion of the Plantagenet Waters, with which request I have hitherto declined compliance until I could speak from experience of their virtues.
I was one among the first Medical Practitioners in this city to use these Waters, about three years since, and to recommend them to the use and notice, not only of my patients, but of my professional brethren; and I have much pleasure in saying that my sanguine expectations respecting them have been more than realized.
The chemical composition of the Plantagenet Waters, as Mr. Hunt's analysis shews, is a valuable one, combining in rational proportions most of the saline compounds of the human blood. I have found these Waters most useful in gastric, enteric, hepatic, and nephretic affections, and in some forms of dropsy. From the rare and valuable combinations of Iodine and Bromine which they contain, and their consequent action on the lymphatic system, I have found them useful in Gout, Rheumatism, Scrofula, and Calcareous diseases. It is worthy of remark, that during the prevalence of the Cholera in this city in 1849, I used and recommended them extensively, and their powers seemed to be prophylactic against that pestilence, as not a solitary case of Cholera occurred to my knowledge where a systematic and judicious use of the Plantagenet Waters had been made. I am frequently in the habit of prescribing them either alone or as a valuable adjunct to other remedies.

CURES FOR THE UNCURED!

HOLLOWAY'S OINTMENT.

AN EXTRAORDINARY CURE OF SCROFULA, OR KING'S EVIL.
Extract of a Letter from Mr. J. H. Allday, 219 High Street, Cheltenham, dated the 22nd of January, 1850.
To Professor Holloway:
SIR,—My eldest son, when about three years of age, was afflicted with a Glandular Swelling in the neck which after a short time broke out into an Ulcer. An eminent medical man pronounced it to be a very bad case of Scrofula, and prescribed for a considerable time without effect. The disease then for four years went on gradually increasing in virulence, when, besides the Ulcer in the neck, another formed below the left knee, and a third under the eye, besides seven others on the left arm, with a Tumour between the eyes, which was expected to break. During the whole of the time, my suffering boy had received the constant advice of the most celebrated medical gentlemen at Cheltenham, besides being for several months at the General Hospital, where our Medical Surgeons said that he would amputate the left arm, but that the blood was so impure, that if that limb were taken off it would be then even impossible to subdue the disease. In this desperate state, I determined to give your Pills and Ointment a trial, and after two months perseverance in their use, the Tumour gradually began to disappear, and the discharge from all the Ulcers perceptibly decreased, and at the expiration of eight months they were perfectly healed, and the boy thoroughly restored to the blessings of health, to the astonishment of a large circle of acquaintances, who could testify to the truth of this miraculous cure. Three years have now elapsed without any recurrence of the malady, and the boy is now as healthy as heart can wish. Under these circumstances I consider that I should be truly ungrateful were I not to make you acquainted with this wonderful cure effected by your medicines after every other means had failed.
(Signed) J. H. ALLDAY.

CURE OF ACUTE RHEUMATISM OF FOUR YEARS' STANDING.
Extract of a Letter from Mr. J. Ata Pitt, Dudley, 19th January, 1850.
To Professor Holloway:
SIR,—It is with the greatest pleasure that I write to thank you for the benefit I have received from your Pills and Ointment, which have completely cured me of the Rheumatism, under which I suffered for the last four years—at times I was so bad as hardly to be able to walk. I had tried every kind of medicine that was recommended without receiving any benefit. I at last thought I would give your medicines a trial, and purchased from Mr. Hollin, Chemist, of this town, two boxes of Pills and two of Ointment, and in three weeks, through them and the blessing of God, I was restored to health and strength, and am now as well able to walk as ever I was in my life. I am well known in this parish, having been sixty-five years in it, with an exception of ten years I served in the 24th Regiment of Foot. (Signed,) JOHN PITT.

CURE OF A BAD LEG OF MORE THAN SIXTY YEARS' STANDING.
Mr. Barker, of No. 5, Gunhouse Cone, Drypool, near Hull, had Ulcers on his leg from the age of eighteen until upwards of eighty, and although for many years he had recourse to the first advice in the country, nothing was found to cure him. He very often suffered most excruciating pains for long periods together, which incapacitated him from attending to his business. He had given up all hopes of getting a cure, when he was persuaded to try Holloway's Pills and Ointment, which he perused, however wonderful it may appear, the leg was thoroughly healed by their means, and by continuing to use the Pills alone after his leg was well, he has become in health as hale and hearty as now to be more active than most men of fifty.
N. B.—The truth of this extraordinary statement can be vouched for by Mr. J. C. Reinhardt, 22, Market Place, Hull. February 20th, 1850.

CURE OF A DESPERATE CASE OF RINGWORM OF SIX YEARS' STANDING.
Lima, 13th of November, 1849.
One of the most eminent Surgeons in Lima (the Capital of Peru) had a child covered with Ringworm for more than six years; in vain he exhausted all his art in his endeavours to effect a cure. Not succeeding, he consulted among the others, the most celebrated medical practitioners of the city, but nothing was found to do the child service. When he was persuaded by Mr. Joseph P. Hague, the English Chemist and Druggist, residing at No. 74, Calle de Palacio, to try Holloway's Pills and Ointment, which was done, and after using six large pots of the Ointment, with a proportion of the Pills, the child was radically cured, to the surprise of the whole medical profession. The status of the parent, from motives of delicacy, is withheld.
The Pills should be used conjointly with the Ointment in most of the following cases:—

CRAMP AND PAIN-KILLER.

THE MOST SUCCESSFUL REMEDY KNOWN For the Cure of all Rheumatic Affections—Pain in the Stomach, Back, Side or Limbs—Stitches in the Back, Side or Limbs—Cramp in the Limbs or Stomach—Darting Pains, Bilious Cholic, Dysentery and Diarrhœa, Colds and Sore Throat, all cases of Local Inflammation—Cuts, Wounds, Bruises, Headache, Toothache, Burns, Scalds, Frozen Limbs, &c., &c.
THIS wonderful Medicine has effected many truly surprising cures in cases of the foregoing complaints. And we say no more than hundreds and thousands who have used it will assert, when we say there is no Medicine designed for that class of complaints, possessing more than a tythe of the power to relieve and cure of this.
We solicit particular attention to the fact that it does not contain a particle of *Opium* in any form. Neither does it contain *Camphor.*
It is free from any deleterious article, and cannot, in any supposable case, injure the patient.
It does not deaden the *Life Parables*, nor produce the burning, drying, parching sensations, so much complained of in the use of other "Pain Killers."
It does not weaken the peristaltic motion of the bowels, producing *Costiveness* and its attendant evils, but is a promoter of digestion, and of proper and healthy action in the stomach and intestine canal.
IN ALL RHEUMATIC AFFECTIONS, LOCAL PAINS, &c., it has proved *surprisingly successful*, rarely failing to *cure*, even in the most desperate and long standing cases. (See Certificate.) In these cases, the parts affected should be freely bathed, and then rubbed lightly, but briskly—not hard enough to hurt the patient, but sufficient to produce heat on the surface, and in severe cases the patient should take half a teaspoonful on sugar or molasses.
WE MEAN THE STOMACH OR BILIOUS CHOLIC, be a teaspoonful at a time, and repeat *as speedily cure.* It should counteract the patient can take it left, or hours, or in any bowels freely bathed. And if in fifteen or twenty minutes the patient does not find relief, repeat the dose.
DYSENTERY OR DIARRHŒA, Are speedily and easily *cured* by it. It should be given a teaspoonful at a time, once in an hour or two, or oftener in severe cases, and bathe the stomach and bowels with the same.
EVEN THE CHOLERA,
Which during the past season has swept off such fearful numbers, has been cured by it, we believe in every case; where it has been early and faithfully applied. In Bangor, where it proved singularly fatal, it was found to yield to this remedy, and CURTIS & PERKINS' *CRAMP AND PAIN KILLER*, was the Medicine recommended by the first Physicians, and by the Press, to the first, the surest remedy to be used.
As a dressing for *Cuts, Wounds, Bruises, &c.*, it is without a rival. As also in cases of *Burns, Scalds, Freezes, &c.*,—relieving the pain and *healing* without scar.
FOR TOOTHACHE,
It is, nine times out of ten, a *CURE.* We believe it will *never fail*, unless the tooth is ulcerated. If the tooth is hollow, insert a little lint and put it on securely. Hold some of it in the mouth. If the face is swollen bathe with it.
Bathing the head with it is generally a cure for the *Headache.*
We are constantly receiving certificates from every part of the country, many of which may be seen in newspapers, and in pamphlets, which may be obtained of any of our agents.
P. S.—It is the best *HORSE AND OX LINIMENT* in the world.
Please read the following statement from John Buckman, Esq., of Dummer, Mc:—
DUMMER, July 11, 1848.
Messrs. Curtis & Perkins,—For two years past I have been entirely prostrated with the Rheumatism; both of my knees were swelled to twice their original size—a large tumor came on on my breast bone, appearing like a part of the bone thrown out. Another bone was thrown out of my wrist. In short, I endured the most excruciating pains for nearly three years. I obtained the best medical attendance the country afforded, and tried a great number of medicines and prescriptions without the least benefit or alleviation, when I had the good fortune to procure a bottle of Cramp and Pain Killer, prepared by Messrs. Curtis & Perkins, of Bangor. Soon after taking it I found I could get some rest nights, and the pain became less violent. I have continued to take it and apply it externally, until I have used eight bottles. I took much larger quantities than was recommended.—The swelling has all gone down both in my limbs and breast, and I am entirely relieved from pain. I have been able to do a good day's work at any time for the last three months, for a man of my age. No description of my case can convey the vast amount of benefit I have received from this article. I believe it is the best article in the world for Rheumatism. I have also used it for colic and pain in the stomach, and always found immediate relief.
