Did You Raise 300 Bushels of Potatoes Per Acre This Year?

This is not an unusual yield but did you get it this season? If you didn't raise 300 bushels of potatoes per acre you have lost a part of your profit.

If you were planning to raise 300 bushels of potatoes per acre next season—How far apart would you space the rows? How far apart would you drop the seed pieces in the row? What are you doing to prevent scab and blight?

We have specialized in the manufacture of potato fertilizers for sixty years and are supplying many of the best farmers in Aroostook County.

We have a practical book for potato growers entitled

"POTATOES: A Money Crop"

and all of these points and many more are fully covered in this worth while publication.

If you will write to our local agent Mr. W. N. Raymond, Hartland, N. B., he will mail you a copy free of charge.

CAUGHT THIEF IN A BEAR TRAP

"Set a thief to catch a thief" is an old proverb that may have been useful in times and places when thieves were numerous, but a certain farmer of Brighton parish has proved that to set a bear-trap to catch a thief is a more certain way to accomplish the desired end. The certain farmer, the name and the exact place of abode of whom it is not necessary to mention, had good reason to believe that oats were being purloined from his granary. If he had suspicions as to the identity of the thief, he made little talk about it, but a few nights ago he carefully set an old fashioned bear-trap where an intruder around his oat-bin would be most likely to "put his foot in it."

Some time later in the night agonized groans and muffled curses indicated that the scheme had succeeded. The farmer hurried to the scene and found the thief securely held by the trap. Beside him was a bag of oats. The victim, who, for the sake of his family and his more honest relatives shall be nameless, was a suffering, dejected, shame-smitten remnant of a man.

10 CENT "CASCARETS" IF BILIOUS OR COSTIVE

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with fermented food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing, and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

"SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't hurt tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, feverish, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Quick! Try it—hair gets soft, fluffy and beautiful—Get a 25 cent bottle of Danderine.

If you care for heavy hair that glistens with beauty and is radiant with life, has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast. Surely get a 25-cent bottle of Knowlton's Danderine from any drug store and just try it.

A Christmas Suggestion!
