BROCKVILLE, June 1st. W. L. MALEY.

COUNTY NEWS.

Interesting Letters from Various Points in the County.

GLEN BUELL.

TUESDAY, July 3.—Again has our quiet little town been visited by the great enemy of man. This time the home of our respected townsman, Mr. Boyd Hall, was the scene of the visitation. Miss Etta Hall, the youngest of the family, a bright, intelligent little maid of fourteen years, passed quietly away. She was loved by all who knew her, and will be missed very much. We deeply sympathise with the bereaved parents in this hour of sadness.

MALLORYTOWN.

MONDAY, July 2.—The corner stone of the Methodist Church, Escott, was laid on Friday last. Addresses were delivered by Rev. T. C. Brown, L. A. Betts, Brockville and Rev. W. A. Pearson. Music was furnished by the Mallorytown choir.

Miss Emma Hawks and Mr. B. Barber, of Addison, were visiting friends here on Sunday.

The people of this place (especially the young ladies) are pleased to see Mr. W. J. Herbison back again. Will could not stay away from Mallorytown.

The Misses E. and M. Wilson, of Hillcrest, were visiting friends here the past week.

Mr. Jonas Hagerman is putting up a fine barn.

YONGE MILLS.

MONDAY, July 2.—Messrs. Geo. Purvis and R. Torrence, of Toronto, are visiting friends in this vicinity.

Death has again been in our midst, the victim being the wife of Charles Latham, who passed away on the morning of June 27th. Her remains were interred in the burying ground here, Rev. Pearson, of Mallorytown, conducting the service.

The lawn social given by Mrs. G. A. Purvis in aid of the W. C. T. U., of Lyn, was a grand success. A large crowd attended, Lyn, Mallorytown and Caintown being well represented. Music was furnished by Messrs. Richardson and Spipman and Misses. Gardiner and Shipman and others. Recitations were well rendered by Dr. Shaw, of Mallorytown, and Miss Gertie Gardiner, of Lyn. A very enjoyable evening was spent.

M'INTOSH MILLS.

THURSDAY, June 28.—We are glad to be able to report that Mr. and Mrs. A. Cowen are fast recovering from an attack of typhoid fever. Archie is able to be around, but has failed very much.

Mr. M. Coby was home on Sunday last, to see his mother. She has been very poorly for some time, but is now getting better.

Business is rushing at Potter & Cowan's mill at present.

Mr. John Shinnick has purchased a very fine snow-white mare. Some of those horse traders would do well to give him a call.

Quite a nice young man from the country drives into the village frequently behind a grey mare, and takes away one of our best girls. This is rough on our own boys.

There are good prospects of the grass getting a chance to grow on the canal dam.

The hay crop in this section is very poor. The late rains, however, will improve the crop some.

TEMPERANCE LAKE.

MONDAY, July 2.—Our school house, which is undergoing a thorough repairing, is almost ready for use again. Special attention is being given to the painting.

Wm. Clow is making large shipments of strawberries to Montreal.

It seems that a young gentleman who paid us a short visit last winter has carried away to distant Mattawa the hearts of many of our young ladies.

Rev. Mr. Rogers and wife called through the neighborhood on Friday, bidding farewell to their many friends.

One of our most prominent young men seems to be completely overwhelmed by the fascinating powers of a fair young lady. Every night, almost without exception, he has for the past six weeks wended his way over that long, lonely, but familiar road to the school house on the corner. Once before we thought him about to take to himself a helpmate, but trouble arose. This time, however, his affection seems to be reciprocated, for the young lady has visited his home, and seems pleased. We extend hearty congratulations.

LYNDHURST.

THURSDAY, June 28.—The junior clubs of Lyndhurst and Sweet's Corners played a match game on Saturday, which resulted by 9 in favor of the home club.

We notice that Harlem can't "get thar" on the sugar question. We ask in return, if they can "get thar" with a match base ball game with Lyndhurst.

As Lyndhurst is minus a band, and no organ grinder has appeared yet, our village seems dull in the evenings without music of some kind. Probably if that returned collegian that annoyed "Ye Editor" would strike here, he could have full opportunity to blow his little tin whistle without torturing any of his neighbors. We can safely say he would have as good a show as the monkey tamer (beg pardon) or street organ grinder.

Mr. Henry Green's cheese factory is turning out 12 cheese per day.

The woolen factory is running at full blast again.

The roller flour mill and saw mill is doing a rushing business.

Owing to the dry weather the meadows have a very light crop this year. Some farmers are commencing haying already.

Fall wheat and spring grain are looking well since the recent rain and bid fair to be a good yield.

Mr. S. M. Switzer, of Newboro, was in our village taking views, on Thursday. He took Green's and D. Sheffield's cheese factories.

WESTPORT.

SATURDAY, June 30.—The crop prospects have brightened considerably in this section, owing to the vigorous growth which is following the refreshing showers of late.

Excursions on the Rideau are weekly occurrences this season. On Monday next the steamer John Haggart takes one from here to Perth.

Quite a number of candidates are expected to present themselves at the entrance examination next week.

Mr. and Mrs. Fred. Taggart, of Oshawa, are visiting their numerous friends here.

The attendance at the Presbyterian Sunday School has increased so that it is necessary to enlarge the number of classes. The superintendent spoke of 39 pupils in one class.

The B. & W. train has not reached here yet. The station grounds still remain the same disordered place—devoid of beauty or neatness, and strewn with piles of ties, rails, fence posts, &c. The only perceptible improvement is the putting up of a wind-mill to lift water into the tank. We are pleased, however, to hear of progress in the work farther out on the line, and hope that the new life will soon extend to this end.

NEWBORO.

MONDAY, July 2.—Mr. A. Singleton has returned from college.

Miss Aggie Williams, of Montreal, is the guest of Mrs. J. Tett.

Miss Bell Tracey, of St. Mary's, is the guest of Mrs. H. Leggett.

Mr. Gus Bell has been very sick.

Mr. W. Bresee is expected home from Syracuse on Wednesday, and has advertised for a carload of horses.

Switzer & Gorseline are rushing the viewing business. Mr. Switzer has secured the services of R. B. Holden, of Kingston, who will conduct the gallery department. Mr. Holden is well and favorably known as an artist of high merit.

Young gents from Lansdowne who have best girls in this borough would do well to let them know of their intended Saturday evening calls, or thoroughly ring the bell before climbing the golden stairs.

Mr. John Kilborn, of Petosky, Mich., spent several days here recently. His daughter, who has been here for some months, returned home with him.

Our railroad is alive again. Gravel trains every thirty minutes.

The Kingston and Newboro stage company have placed two new coaches on the route, which are a credit to the firm.

John R. says that if one of our young men does not soon go camping we can't tell when the Italians are on strike. SLOCUS AND DRYCUS.

CORRESPONDENCE.

RUSH LAKE, N.W.T., June 23rd.

EDITOR FARMERSVILLE REPORTER:

Dear Sir:—I think it about time my many friends around Farmersville were hearing from me again. As I have been continually on the move since I came to this part of Canada, acting as telegraph agent on the line, I was unable to give you my address.

I left Winnipeg about the last of April and enjoyed riding over the prairie very much. The country from Winnipeg to Moose Jaw, a distance of about 400 miles, is well settled, but there are very few settlers to be seen in journeying from the latter place to Calgary.

The Railway Co. have a large farm under cultivation here and the crops are looking well, but the land is not as good along here as in East Assiniboia or Manitoba. An English Co. have purchased ten thousand acres around here and intend sending out a number of English laborers to settle. It is expected they will arrive about the middle of July.

The weather as a rule has been very dry, but during the last week we have been having an almost continual rain and quite cold, the thermometer going down to freezing point.

The railway authorities on this division are going to a great deal of trouble and expense in planting trees and flowers around each station, which adds greatly to their appearance.

I have been very lonesome without the REPORTER, but hope it will come more regularly now. I couldn't get along out here without it.

Any person wanting any information about the country, if they would write I will gladly do all I can for them, although my time is entirely given to railway work. Yours,

C. FISHER.

Some weary scribe has stated the following:—If an editor omits anything, he is lazy. If he speaks of things as they are, people are mad. If he smoothes down the rough points he is bribed. If he calls things by their proper names, he is unfit for the position of editor. If he does not furnish his readers with jokes, he is a mullet. If he does, he is a rattlehead—lacking stability. If he condemns the wrong he is a good fellow, but lacks discretion. If he lets wrongs and injuries go unmentioned, he is a coward. If he indulges in personalities, he is a blackguard. If he does not, his paper is dull and insipid."

FARMERSVILLE CENSUS.

A Large Increase in Population and Buildings During the Last Four Years.

During the past week Mr. Geo. Nash (who was appointed by the Counties Council as enumerator of this village, in response to the petition asking that such a person be appointed) has been over the village and has given us the following facts and figures relating to his work.

Four years ago this month Mr. Nash took the trouble, while arranging for road work, to take the census of the police village, and by referring to that report we find that the population at that time was 704, and the number of dwellings 153. For purposes of comparison it must be noted that the police village extends to the toll gate on the east, but that under the arrangement for incorporation the boundary extends only to the line between the farms of Arza Wiltse and Horace Brown, thereby cutting off three dwellings and also 15 from the population. From the report before us we gather the following:—

Number of houses, 207, of which six are stone, 49 brick and 152 frame, being an increase of 54 in four years. Mr. Nash has also made enquiries as to the comparative value of property four years ago and at the present time, and finds that in some localities village lots have increased in value fully one-half, with a general increase of about one-third.

Regarding the increase in population Mr. Nash's figures total up 912, an increase of 223 in four years. The population is made up of 425 males and 497 females. Of this number eight are widowers and forty widows. A striking coincidence is given, that taking Main street as the dividing line, There are twenty widows on each side of the village. Of the 152 frame buildings in the village, there are 76 on each side of the line; of the six dry goods stores, there are three on each side; of the four churches, two on each side; two school buildings, one on each side; and of the hotels and barber shops, one on each side.

ADDRESS AND PRESENTATION.

On Tuesday evening last a farewell tea took place in the Methodist Church, in connection with the Rev. G. Rogers' departure for Merrickville. There was a large attendance of the friends residing in Farmersville and other parts of the Circuit. A very pleasant hour was spent in social intercourse, after which the meeting was called to order, and the following address, together with a purse of $58.50, was presented to Mr. Rogers:—

REV. G. ROGERS: Dear Pastor,—As the time for your removal from the Farmersville Circuit draws near, we feel more and more how keen will be the regret at parting, and how dear to our hearts our beloved pastor has become during his three years of faithful labor in our midst. We sever the connection which has so long bound us together with the feeling that a near and dear friend to us all is about to be taken from us, and it is only when we think that our Heavenly Father orders all things for the best, that we can reconcile our minds to the idea of saying farewell to one so loved and revered.

Your faithful expositions of God's word, which we have listened to Sabbath after Sabbath, have been the means of cheering many on the heavenly way, and, like the bread cast upon the waters, we know that the Gospel messages delivered by you have been blessed by the Master, and have borne fruit to His honor and glory. Your earnestness in prayer and supplication has oftimes resulted in the pouring out of God's blessings upon the members of your flock. We have seen your unexplaining resignation to the divine will in times of deep affliction, and thus our belief in the reality of religion and our faith in God's promises have been more firmly established. Your christian walk and conversation has been an example which we all might follow and thereby show forth more of christian virtues, while your uncompromising denunciations of sin, in whatever form it has shown itself publicly, have caused many to halt in a downward course, and set their faces heavenward. Nor can we forget your pastoral visitations, which have so often cheered and blessed our homes, both in prosperity and adversity.

Our regret at parting is the more sorrowful, because with your departure we lose the society of your beloved wife, whom we all love and respect, and whose kindly offices we shall never forget.

With this expression of our well wishes, we beg, dear pastor, that you will accept the accompanying purse, as a slight tangible evidence of our esteem.

And now we must say good bye, and in doing so we invoke the divine blessing upon your labors in the new field to which you are called, and we also pray that the peace of God may ever abide with yourself, and your amiable and beloved wife and family.

[Signed on behalf of the members and friends of the Farmersville Circuit: T. C. Stevens, L. C. Alguire, A. James, G. W. Brown, W. Earl.]

The presentation took the reverend gentleman entirely by surprise, and in thanking the donors he seemed deeply affected. Mr. and Mrs. Rogers left for their new home on Thursday, carrying with them the good wishes of a host of friends.

I. O. O. F. DISTRICT MEETING.

The District Meeting for the election of a D.D.G.M. of the I.O.O.F., under the new system lately adopted by the Grand Lodge, was held in the Oddfellows' hall here on Wednesday last. The following Lodges were represented by the delegates named:—Farmersville, No. 237, W. M. Stevens and A. James; Brock, No. 9, C. C. Lyman, H. Wilkinson and R. Eastman; St. Lawrence, No. 187, J. W. Stagg and W. W. Wood; Delta, No. 264, R. M. Percival; Mallorytown, No. 245, Jas. Polly. Deloma Wiltse, D. D. G. M., presided. A number of members were nominated for the position of D. D. G. M., and on a vote being taken Bro. W. W. Wood, of Brockville, was elected on the first ballot. After the election the Lodge took up a number of questions requiring consideration, and remained in session until six o'clock, when the brethren were entertained by the members of Farmersville Lodge.

There was a large attendance of prominent Oddfellows, the majority of whom remained to the meeting of the Farmersville Lodge in the evening, at which Grand Master Reid presided. He organized a Lodge of instruction, and imparted much valuable information.

At the close of the Lodge the visiting brethren were invited to take a trip to Charleston Lake, and notwithstanding the lateness of the hour many accepted the invitation. The party reached the lake about 12 p.m., and the visitors were loud in their praises of the beauties of Charleston as seen by moonlight.
