Hood's Sarsaparilla

Is a peculiar medicine. It is carefully prepared from Sarsaparilla, Dandelion, Mandrake, Dock, Pipissewa, Juniper Berries, and other well-known and valuable vegetable remedies, by a peculiar combination, proportion and process, giving to Hood's Sarsaparilla curative power not possessed by other medicines. It effects remarkable cures where other preparations fail.

Hood's Sarsaparilla

Is the best blood purifier before the public. It eradicates every impurity, and cures Scrofula, Salt Rheum, Boils, Pimples, all Humors, Dyspepsia, Biliousness, Sick Headache, Indigestion, General Debility, Catarrh, Rheumatism, Kidney and Liver Complaints, overcomes that tired feeling, creates an appetite, and builds up the system.

Hood's Sarsaparilla

Has met peculiar and unparalleled success at home. Such has become its popularity in Lowell, Mass., where it is made, that whole neighborhoods are taking it at the same time. Lowell druggists sell more of Hood's Sarsaparilla than of all other sarsaparillas or blood purifiers. Sold by druggists. $1; six for $5. Prepared only by C. I. Arlie Latham was told that he made probably more money in his line of business than any other man in the United States. "Well," replied Latham, "how much money have you got in your pockets? That would be the most sensible thing." "I haven't much," said the man. "Ah! that's what I thought," said Latham. "If I payed what I owed I'd have to get excused from living."

ELIZABETH, N. J., July 11.—The battle between James Dwyer, of this city, and Wm. Dunn, of Bayonne, N. J., heavyweights, took place near Sandy Hook this morning. One hundred sports witnessed the contest, which was a disappointment to all. Dwyer was sick last night, and Dunn used him up completely in three rounds.

THE KENNEL.

At a meeting of the Executive of the London Bench Show subscribers held last evening the following officers were elected: F. C. Wheeler, president; Charles Bowman, vice-president; A. G. Chisholm, treasurer, and S. F. Glass, secretary and manager. The premium list offering $1,000 in cash as prizes was approved, besides which it is expected that specials to the value of nearly $500 will be added. The Bench Show will be held on the Exhibition grounds and will continue four days, viz., Sept. 23, 24, 25 and 26, and promises to eclipse all previous shows held in this city. Immediately succeeding it will the Toronto Bench Show, it is expected that the best dogs in America, which will be attracted by the very liberal premium list to that show, will take in the circuit and exhibit also at London. The premium lists will be ready for distribution in a few days and can be obtained on application to the secretary, S. F. Glass.

In our last issue we mentioned that Mr. S. F. Glass, of London, Ont., had purchased from Mr. T. Duerdin Dutton, Chestnut Lodge, Cobham, Surrey, England, the St. Bernard bitch, Phyllis (E. 22,865.) She was purchased by Messrs. S. F. Glass and Samuel Grigg, of the Pottersburg kennels, London, Ont., and that she arrived by the Allan steamer Carthagenian, via Halifax, and reached London in good condition. Phyllis is by Champion Pliny (E. 20,836), out of Champion Grace (E. 18,297). Champion Pliny is by Champion Plinlimmon, out of Champion La Mascotte (E. 12,892). Champion Grace is by Valor (E. 14,102), out of Pandora. The importation of this bitch is an important and valuable addition to the St. Bernards of this country. We are not in a position to state the price paid, but it is said Mr. Dutton realized a very good figure. Phyllis is a litter sister of Champion Plinius and Champion Plantious, winners of over 100 cups and prizes, and is the dam of Cladius, now owned by Mr. Dutton, a large, massive-boned dog, that at 16 months old stood at 34½ inches high, and gives promise of making a good record amongst the St. Bernards of England. The following are her measurements, taken just after her arrival in this country: Height at shoulder, 32½ inches; length from nose to tail, 6 feet, 2 inches; skull, 25 inches; loin, 36 inches; chest, 40 inches; forearm, 11½ inches; weight, 182 pounds.—[The Field, New York.

THE TROTTING EVENT OF THE AGE.

The bare suggestion that there may be a meeting before the end of the season between Axtell and Sunal has inflamed the public fancy. There is one thing that must not be lost sight of and that is the chance of one of the great 4-year-olds going wrong between now and September. Of course, unless both are right there will be no start. Sunol is owned by a gentleman who has never entered a horse in a race and never taken a cent for an exhibition, and she is controlled by Senator Stanford, the most ambitious breeder on the continent, a man who absolutely has no acquaintance with pool-sellers and book-makers, and therefore the public faith is supreme that she will be driven for all that is in her. Her fight is for reputation. Axtell is the highest-priced horse in the world, and his earning capacity is enormous. Reputation is of as much value to his owners as it is to Mr. Bonner and Senator Stanford, and no forlorn chances will be taken with him. The simple fact that a race between Axtell and Sunol looks impossible adds to the general desire to see such a race. The reputation of two great reinsmen is also at stake. Doble always likes to ride in front, and Marvin seriously objects to riding behind. This feeling will stimulate each to have his horse in the very best condition when he scores up for the word. The interests involved in the meeting are gigantic. It is the house of George Wilkes, representing millions of money, against the house of Electioneer, backed by millions of dollars. It is easy to talk lightly of a match between Axtell and Sunol, but the road leading to a battle for supremacy is paved with difficulties. If the race for which both Doble and Marvin are now patiently preparing ever does take place, it is safe to say that it will require a track with grounds as large as the State of Rhode Island to hold the people who nurse a desire to witness it.—[Turf, Field and Farm.

A joke is never good until it is cracked, and not always then.

Mr. J. R. Allen, upholsterer, Toronto sends us the following: "For six or seven years my wife suffered with Dyspepsia, Costiveness, Inward Piles and Kidney Complaint. This was the first relief she got, and before one bottle was used the benefit she derived from it was beyond our expectation."

Among the pains and aches cured with marvelous rapidity with Dr. Thomas' Eclectric Oil, is ear-ache. VOICES OF THE PEOPLE.

"Who Struck Billy Paterson?"

To the Editor of the ADVERTISER:

In your issue of the 9th inst. there appears a report of the proceedings of the London West Council, and among the accounts passed is an item of $3 to Thomas Jeffery. Can you kindly inform or procure the information who this party is and what he has done for the village? Any one knowing the decided prohibition views of the London West Council will see at a glance that this account is too small for lemonade and too large for whisky, consequently the inquiry, "Who is T. Jeffery?" But stay, Mr. Editor, it may be for ice; yes, ice, sir; ice to cool their seething brains in tackling the city nuisance, law suits, pending judgments, unpaid electric light accounts, bridging the Wharncliffe, solicitors' claims and other dam things in general, etc. Yet still the thistles flourish and the ratepayers ask "Who is T. Jeffery?"

A sheet of sticky fly paper will do more damage to carpet and furniture than anything ever invented. No careful housewife would have one about.
