PIANOS

A man's life is full of crosses and temptations. He comes into this world without his consent and goes out against his will, and the trip between the two is exceedingly rocky.

The rule of contraries is one of the important features of the trip.

When he is very little the big girls kiss him, and when he gets big he kisses the little girls and some of the big ones too.

If he raises a large family, he is endorsed by the premier, but if he raises a small check he is a thief.

If he saves money he is a miser, and if he spends it he is a spendthrift, and if he loans it he is a (non compus mentus).

If he doesn't give to charity he is a stingy cuss, if he does it's for show.

If he dies young he had a great future before him; and if killed in an explosion he missed his calling. The road is rocky, but man does love to travel.

A fine piano will help to make a man's life more in harmony with the good, the noble, and the true, and will make the rough places smooth.

Buying the right kind of a Piano at the right kind of price, from the right kind of people, makes him neither a chump, a thief, a bad manager, nor a spendthrift, but all who come into his presence will be made happier, and brighter, and instead of being a stingy cuss, his neighbors and customers will rise up and call him blessed.

The right kind of Piano to buy is the RICCA PIANOS, and the right kind of people to buy it from are DRAYTON'S, the local agents.

King George VI. sits in his beautiful drawing-room in Windsor Castle and listens to sweet strains of music from a RICCA PIANO. Royalty has the best, and so may you. We can all be kings in this respect.

Call and examine the newest creation in Piano manufacture, and learn how easy it is to buy one on the easy payment plan.

TORIC LENSES

ARE MORE BECOMING THAN FLAT LENSES.

The edges of Toric Lenses do not show as prominently as those of flat lenses. They fit in close to your eyes. You will find Torics much more becoming and useful. They give you a wider, clearer field vision. You should know about Toric Lenses. Let us explain them.

Public Notice Regarding Coal.

I am instructed by the Tonnage Committee of the Executive Council to place before the General Public the soft coal situation at the present time and to ask all who are able to do so to co-operate with them in securing sufficient stocks. Coaling steamers are now available, but will not be available later on. Therefore, it is necessary to stock within the period that they are available sufficient coal to carry St. John's over the Winter till the opening of navigation next year.

The Coal Merchants have not sufficient storage capacity to enable this to be done, and the Tonnage Committee appeal to the public to assist in the matter by laying in their Winter supplies as soon as possible. Otherwise there will be a shortage of stocks next Winter. By order of the Tonnage Committee,
