THOSE MINISTERING ANGELS

Proceedings of the Annual Meeting of the Nursing-at-Home Mission.

The President's Address—What the Organization Has Done—Where Sickness Has Visited the Poor and Destitute—Committee of Management Appointed.

Mission Hall was well filled yesterday afternoon on the occasion of the annual meeting of the Nursing-at-Home Mission. The president, Mrs. Brodie, was in the chair, and Rev. Dr. Thomas assisted her in her duties. The president's report showed that 280 patients had been attended to during the year, 230 women, 10 girls, 16 babies, 8 men and 16 boys, an increase in number of 19 over last year; 3743 visits were made by the nurses, not including occasional visits; 20 patients were sent to various hospitals; 25 patients died, 6 of them in hospitals. Thirteen of the deaths were from consumption and cancer The number of patients suffering from these diseases alone were 23.

Nursing the Poor and Destitute.

Instructive and interesting lectures have been delivered twice a week in the Home, 76 Hayter-street, by members of the medical profession. The work has retained its distinct character, that of a mission. The poor and destitute are attended in sickness free of charge, and medicine, nourishment clothing and bedding are given during sickness. Night nursing has been added to the work within the last year.

The report also showed that during the past year the dispensery in connection with the Mission had been practically self-sustaining. The patients attending had increased from 1100 to 4338, the receipts $76.56, are derived from a nominal fee of 5 cents, which was charged for medicines prescribed; the expenditure of $83.50 included medical supplies.

The expenditure of the Mission for the year 1897 was $1387.05, the total receipts being the same.

New Ocean Steamships.

Canadians will enjoy a very much improved service for the coming summer between Montreal and Quebec and Liverpool than ever ebfore. The Dominion Steamship Line, with the progressive spirit which they have always displayed, will this season put on two new steamships, the Dominion, 6000 tons, a sister ship to the Scotsman, and the Yorkshire, 5000 tons, the latter being very similar to the Labrador. The Dominion Line will thus have a magnificent service, consisting of the following fleet: Scotsman, 6000 tons; Dominion, 6000 tons; Yorkshire, 5000 tons; Labrador, 5000 tons, and Vancouver, 5000 tons. This, combined with the excellence of their accommodation in all classes, and the company's well-known attention to the comfort of their passengers, should add very greatly to this line's popularity. As all indications point to quite as heavy travel the coming season as last year, those intending crossing should profit by last year's experience and book a long way ahead, and intending passengers, who wish comfort, combined with reasonable rates, should see the Dominion Line agent before booking. The first sailing of the season from Montreal will be the Scotsman, April 30.

From information at hand The World is in a position to inform the patrons of the Toronto and Scarboro Electric Railway that they may, with some degree of certainty, look for the long-expected cheap tickets not later than ten days from to-day, perhaps sooner.

It is likely that East Toronto is going to lose one of its oldest and most respected citizens in the person of Mr. Jos. Butler, late of the Grand Trunk Railway shops. A lecture was delivered by Rev. A. McMillan last evening at the Y. M. C. A. Hall on "The Martyrs and Heroes of the Scottish Reformation." The speaker delivered the very entertaining address to a large audience, with Mr. J. J. aGrtshore presiding.

PERMANENTLY CURED.

A Story Told by a Justice of the Peace.

Attacked With La Grippe, Which Left Him Weak and Worn Out—Kidney Trouble Added Its Complications and the Sufferer Was Discouraged.

From The Journal, Summerside, P.E.I.

One of the best known men around Bedique and vicinity is Mr. Alfred Schurman, who has recently removed to North Carleton. Mr. Schurman was born in Bedique about 70 years ago. Some 23 years ago he was sworn in as a justice of the peace, and about 21 years ago he was appointed clerk of the County Court, in both of which offices he has given every satisfaction. Mr. Schurman was also a farmer on a large scale and like most men engaged in that occupation led a busy life, being compelled to attend strictly to business, but less than a year ago he retired from farming, and now lives in a cosy cottage in North Carleton. Before his retirement, work such as only a man engaged in that occupation knows anything about claimed his attention. His increasing years made the burden heavier and the spring work of 1897 wore him completely out. This is what he tells about it, and how he was cured. "In the spring of 1897 the constant toil and drudgery connected with the work of farming wore me out completely, and the break-down was the more complete because the results were coupled with the bad effects left by an attack of la grippe. One of the results of la grippe was a nasty cough, another was the complete loss of appetite. My spirits were greatly depressed and I felt that I had lived out my days. I always felt cold, and consequently the stove and I were great friends, but the cold effected more especially my feet and caused me great annoyance. Added to this complication was a serious kidney trouble which threatened to prove the worst enemy of all. I was unable to do any work, had no ambition and less strength, and was not a bit the better of all the doctor's medicine I had taken. It was my wife who advised me at last to try Dr. Williams' Pink Pills. I bought six boxes and began taking them. My hope revived because a change for the better was soon taking place, and before they were done I was cured. The six boxes brought back my appetite, strength and ambition, in short, all that I had lost in the way of strength and health. The next spring, however, my health again gave way and I immediately began using the Pink Pills again and I am happy to say that they effected that time a permanent cure and to-day I am well and hearty as if I were only 40. I strongly recommend Dr. Williams' Pink Pills to all who are suffering as I was."

Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. Avoid imitations by insisting that every box you purchase is enclosed in a wrapper bearing the full trade mark, Dr. Williams' Pink Pills for Pale People.

Union Loan & Savings Co.

Thirty-Third Annual Meeting.

The thirty-third annual meeting of the Shareholders of the Union Loan and Savings Company was held at the Company's offices, 28 and 30 Toronto-street, on Wednesday, the 9th day of February, 1898, at 12 o'clock noon, and was largely attended, amongst those present being Walter B. Gelkie, Esq., M.D., F.R.C.S., E. President, in the chair; John Stark, Wellington Francis, Thomas Gilmour, William Eastwood, Rev. Dr. Robert C. Moffatt, William Cook, Rev. Dr. J. H. Starr, Charles McCaffray, Dr. J. C. Patton, Alexander Smith, William Spry, R. C. Carlyle, George Robinson, J. J. Maclaren, Q.C., Harman Schmidt, Magnus Shewan, Arthur Harvey, T. Mortimer, Kennedy Carberry, Robert Bustard, Prof. John Fletcher, R. D. Moffat, M. D., Henry Jordan and others.

Mr. McGee, the Manager, was requested to act as Secretary, and read the notice convening the meeting, as also the Directors' Report.

The President, Dr. Gelkie, moved the adoption of the report, and in the course of his remarks said:

The annual report for the year ending December 31, 1897, together with the statement of accounts is in your hands.

You will see that the earnings of the company during the year amounted to $113,944.73, and after paying two half-yearly dividends at the rate of 6 per cent. per annum, and all other charges, the Reserve Fund stands at $200,000. The repayments by borrowers show the sum of $307,742.09, being a considerable increase over the amount so repaid last year.

The Company's debenture and deposit indebtedness has been reduced by more than $100,000 during the year.

The Vice-President, Mr. Stark, in seconding the adoption of the report, said:

It will not be necessary to occupy much of your time, the President in his remarks having gone very fully into matters. It might, however, be satisfactory to the shareholders to learn that of the $113,944.73 shown as received for interest on investment, viz., from mortgages, city debentures, government scrip, and rent of properties, $101,000 was actually collected in cash, and a large proportion of the balance has since been received.

The report was unanimously adopted.

IRISHMEN WANT OUR BACON

Gentleman From Dublin Now at Ottawa Looking After It.

Canadian Bacon Fast Coming to the Front in the Green Isle, Where it is Giving the Danish Article a Hard Run—Would Invest Money in Packing Here if Necessary to Secure a Steady Supply.

Ottawa, Feb. 11.—(Special.)—Mr. James Pakenham, managing director of the Kehoe, Donnelly & Pakenham Co., Limited, of Dublin, Ireland, was with the Commissioner of Agriculture to-day making enquiries as to where his firm could make arrangements for securing a regular supply of Canadian bacon. Mr. Pakenham says that Canadian bacon is fast coming to the front, is now sold under its own name, and is considered by many dealers as being quite as good as Danish bacon. His firm have the largest bacon-curing establishment in Dublin, and they find it necessary to handle the Canadian product to be able to meet the demands of their customers. His firm would be prepared to invest capital in a packing house with Canadian packers if that be needful to secure a steady supply. In the afternoon Mr. Pakenham had an interview with the Ministers of Agriculture and Trade and Commerce.

CLERK OF RAMSAY.

Mr. James Caskey Cured by Dodd's Kidney Pills.

Kidney Diseases Being Driven Out of Lanark County by Dodd's Kidney Pills—Mr. Caskey's Case Illustrates the Hundreds of Cures Made by This Grand Remedy.

Almonte, Feb. 11.—Our township clerk, Mr. James Caskey, is one of the strongest and most enthusiastic endorsers of Dodds' Kidney Pills in this district, and there are hundreds of firm friends of that wonderful medicine in Lanark.

Lanark county is one of the strongholds of Dodd's Kidney Pills. That medicine has been used in many hundreds of cases here, and in every case has worked a permanent cure. Bright's Disease, Diabetes, Dropsy, Rheumatism, Lumbago, Scintica, Stone in the Bladder, Gravel, all Urinary and Bladder Diseases, Blood Impurities, Diseases of Women, and all other Kidney Diseases yield to the influence of Dodd's Kidney Pills, speedily, surely and easily. This has been proved so often, so clearly and so conclusively, in Lanark County, that the fact is admitted by all, and no other medicine is used for any form of Kidney Disease. As a result these diseases are by no means so common in this county as they were before Dodd's Kidney Pills were introduced.

Mr. Caskey's case is an illustration of the universal success of Dodd's Kidney Pills in all Kidney Diseases. He suffered severely for years with pains across the back, caused by Kidney Disease. He could never tell when an attack would disable him. Very often he would fall down with the severity of the pain.

His sufferings may be imagined. No relief could be got until he began the use of Dodd's Kidney Pills. Then relief came at once. His cure was thorough and lasting, and Mr. Caskey uses Dodd's Kidney Pills as a general tonic now.

Dodd's Kidney Pills are sold by all druggists at fifty cents a box, six boxes $2.50, or will be sent, on receipt of price, by The Dodds Medicine Co., Limited, Toronto.

The morning frost won't nip so hard after a cup of Blue Ribbon tea for breakfast.
