WIT AND HUMOR.

An old bachelor compares life to a shirt button, because it so often hangs by a thread.

Thousands of lives saved annually by the use of West's Pain King, the household remedy for chills, colds, flux, summer complaint, dysentery, colic and cholera. Only 25c. All druggists.

The new oleomargarine revenue stamp should have on it the figure of a stuffed goat (bogus butter.)

Cholera will visit us this summer. Be prepared by securing a supply of West's Pain King, to be kept within reach. Disinfect your premises, as cleanliness and West's Pain King will carry you safely through. Only 25c. All druggists.

A lawyer, speaking of suicide, said: "The only way to stop it is to make it a capital offence, punishable with death."

All leading druggists will gladly inform anyone as to the wonderful merits of West's Pain King. The standard remedy for flux, dysentery, summer complaint, cholera morbus, cholera, colic, etc. 25c.

Do not laugh at the gentleman with a bare poll, my son. It is not nearly so bad to have a head that is bald on the outside as to have a head that is bald on the inside.—Boston Transcript.

West's Pain King is a purely vegetable compound for the certain cure of chills, colds, flux, dysentery, diarrhœa, summer complaint, colic, cholera morbus, cholera and cholera infantum. 25c. All Druggists.

The title of a new song is "My Neighbor's Scratching Hens." What in the world is he scratching hens for? If he will only let them alone they will scratch for themselves.—Boston Post.

West's Pain King excels all other remedies in promptly curing dysentery, diarrhœa, flux, colic, cholera, cholera morbus and all diseases of the stomach and bowels. Price only 25c. All druggists.

"I say, Jones, how is it that your wife dresses so magnificently, while you always appear almost out at elbows?" "You see, Thompson, my wife always dresses according to *Le Follet*, and I dress according to my ledger."

Why will you suffer when 25c. will buy a bottle of West's Pain King and one dose will cure the worse case of colic or cramps and a few doses will cure summer complaint, dysentery, diarrhœa or flux. All druggists

"Mamma, you read the other day that a tiger died of eating sawdust." "Yes, dear, he swallowed it with his food. Sawdust was thrown into his cage to keep it clean." "Mamma, is there any likelihood of my doll dying? She's gone and eaten herself chuck full of sawdust."

Dr. Tanner fasted forty days and lived. It would not be safe at this season of the year to go a single day without a supply of West's Pain King in the house. Ready at a moment's notice and costs but 25c. All druggists.

Affidavit Editor.—"Dearest, can you doubt the sincerity of my affection?" Blushing bride—"Swear it, Armand, swear it!" Affidavit Editor—"I do, Mathilde—we now have the largest circulation in the West and it is rapidly increasing."—Chicago Rambler.

West's Pain King acts promptly, cures quickly. Never fails to cure bowel complaint, colic, cholera morbus, cholera. Costs but 25c. and is always ready. Enquire regarding its merits of any druggist.

Patient—"So glad you have come, doctor, I am in such pain!" Doctor—"Well, where's the trouble?" Patient—"I suffer so dreadfully from my corns." Doctor—"Corns, eh? ahem! (meditatively) just show me your tongue."

It is of the greatest importance that all bowel and stomach complaints should be attended to at once, especially at this season of the year. West's Pain King is prompt, reliable and certain never to fail. Only 25c. All druggists

The following is a copy of a London (Eng) Times advertisement: "Education.—Wanted, by a father, a school, where his son may receive an education to fit him for a manly and useful life, without any humbug as to nations dead and buried thousands of years ago."

DO NOT DELAY.—Do not delay, if suffering any form of Bowel Complaint however mild apparently may be the attack, but use Dr. Fowler's Extract of Wild Strawberry. It is the old, reliable cure for all forms of Summer Complaints that require prompt treatment. Ask your druggist and all dealers in patent medicines.

A well-known literary gentleman, who recently celebrated his golden wedding, lives in retirement with his wife in rather a lonely situation on the Ayrshire coast, his faithful spouse devoting her energies to the rearing and management of a numerous brood of poultry, while he himself spends his time for the most part among his books. A little girl happening the other day to call upon the worthy couple expressed to the old gentleman her surprise that he could endure such a solitary existence with no one to speak to but his wife. "My dear," was the reply, "I have no lack of company. I can never weary when I have the companionship of Isaiah and Jeremiah and Shakespeare and Milton." "Oh my!" was the quick response of the little girl, "what queer names ye ha'e gi'en tae yer hens!"

JUST THE THING.—W. J. Guppy, druggist, of Newbury writes: "Dr. Fowler's Wild Strawberry is just the thing for summer Sickness. I sold out my stock three times last summer. There was a good demand for it." Dr. Fowler's Extract of Wild Strawberry is infallible for Dysentery, Colic, Sick Stomach and Bowel Complaint.

A Knight of Labor says that lawyers are denied membership in that organization because they produce nothing. Just let him hire a lawyer and ask him to produce his bill and he will change his mind.

A PLEASING DUTY.—"I feel it my duty to say," writes John Borton of Desert, P. Q., "that Burdock Blood Bitters cured my wife of liver complaint from which she had been a chronic sufferer. Her distressing, painful symptoms soon gave way, and I can highly recommend the medicine to all suffering as she did."

The girl who never screams when she sees a snake isn't a safe girl to marry. With her calm, cool, collected, unexcitable disposition she would hit where she aimed with the rolling pin every time.—Christian at Work.

A DANGEROUS CONDITION.—One of the most dangerous conditions is a neglected kidney complaint. When you suffer from weary aching back, weakness and other urinary troubles, apply to the back a Burdock Porous Plaster, and take Burdock Blood Bitters, the best system regulator known for the Liver, Kidney, Stomach and Bowels.

BRADSTREET'S REVIEW.

Improved Business Outlook—Features of Trade.

NEW YORK, Aug. 23rd.—Special telegrams to Bradstreet's mention a fairly active movement of general merchandise at twenty-eight of the larger cities, special improvement being noted at Pittsburg, Cincinnati, Cleveland, Chicago, St. Paul, St. Joseph, Kansas City New Orleans, Richmond, and Savannah. The volume of sales reported from almost all directions exceeds the total in August in preceding years, a distribution of dry-goods being conspicuous. The business outlook has improved in Illinois, Iowa, Nebraska, Missouri, and Kansas since the crop prospect has been improved by the frequent rains, and the country merchants are buying more freely.

The total bank clearings at thirty cities amount to $886,083,233, a total gain over last year of twelve per cent.

The increased demand for and decreased supply of funds at the East has been extending westward, and Cincinnati, Chicago, Milwaukee, St. Louis and Kansas City announce strong or stringent money markets, with funds relatively scarce and rates higher. At New York the uncertainty of the money market, and trouble in the trunk line pool tended to depress the stock market. Later the $15,000,000 bond call and the announcement of large shipments of gold from Europe caused a reaction and a partial recovery. Money on call ruled firm at 6 to 7, with variations as high as 10 to 11 and as low as 4 to 5. Commercial paper firm at 6. Exchange very weak.

The dry-goods trade is satisfactory, with jobbers for autumn buying promising to begin unusually early. All advances have been maintained and some lines of cottons have been marked up.

Wool is quiet and unchanged from last week. Buyers are holding off and transactions are smaller than a year ago. Light weight goods on which prices of raw wool are asserted to depend are no higher.

The best makes of Eastern pig iron are hard to buy, current make being taken up on contract. An advancement is not improbable. At Pittsburg twenty-five cents more has been obtained on some brands, while at Cincinnati and Chicago Southern and Ohio irons have brought twenty-five cents more per ton in a number of instances.

The speculative wheat market is being influenced chiefly by increased sales for export, backed by renewed advices of short crops abroad. Indian corn is quiet and lower, with an improved crop outlook.

Hog products are featureless, except lard, in which the effort to corner the product for September resulted in a fictitious advance.

The extreme heat has not been favorable to the cotton plant in Louisiana and Alabama. Prospects are not so bright in Texas for a like reason.

Sales of tobacco at New York were more active at unchanged prices. Western tobacco markets are dull, rain having benefitted the crop.

Alexander's Downfall.

SOFIA, Aug. 26.—A single regiment of troops, with the assistance of a number of military cadets, accomplished the work of deposing Prince Alexander. Before proceeding against the Prince the revolutionists arrested the commander of Prince Alexander's regiment, which was at Slivenitzas. The provincial government seeing that the populace were violently loyal to the deposed Prince, resigned office and liberated the commander, who at once brought his regiment from Slivenitzas and disarmed the regiment which had assisted in deposing the prince. After this the commander placed under arrest the political leaders who managed the coup d'etat. The powers have recognized the government formed by M. Karaveleff, with him as premier, Storloff as foreign minister, Panoff as minister of war, and Gueshoff as minister of finance. The provincial government has assured the Porte that the movement in favor of Prince Alexander is not inimical to Turkey, and has asked the Porte to reopen the railway between Constantinople and Philippopolis.

LONDON, Aug. 26.—The British foreign office has been informed that Prince Alexander is both safe and free, and that that he is on his way to his home in Darmstadt. Despatches state that after being conveyed out of Bulgaria, the prince was set free at Reni. It is believed here that when the prince hears of the counter revolution in his favor he wil return at once to Sofia. His presence there, it is believed, will quell all disturbance and bring peace to the country.

ROME, Aug. 26.—The Czar has ordered Prince Alexander to be forwarded to Kiseneff if he refuses to accept his abdication as an accomplished fact. The towns of Bulgaria are decked with flags, and there is general rejoicing at the overthrow of the rebels.

VIENNA, Aug. 26.—The Czar has permitted Prince Alexander to proceed to Germany by way of Odessa.

The Sea Serpent Seen Again.

GLOUCESTER, Mass., Aug. 23.—The sea serpent was again seen off Gloucester yesterday morning by a sailing party. When first seen the monster was only 300 feet away, and looked like a huge spar nearly 100 feet long, lying upon the surface of the water, raising and falling with the waves. As the boat drew nearer its huge head was raised six feet from the water, and two glittering eyes were plainly seen. It then quickly disappeared, but soon came to the surface some distance away. Another brief glimpse of the monster was obtained, but it soon passed out of view and was not seen again.

"It Knocks the Spots."

and everything in the nature of eruption, blotches, pimples, ulcers, scrofulous humors, and incipient consumption, which is nothing more nor less than scrofula of the lungs, completely out of the system. It stimulates and invigorates the liver, tones up the stomach, regulates the bowels, purifies the blood, and builds up the weak places of the body. It is a purely vegetable compound, and will do more than is claimed for it. We refer to *Dr. Pierce's "Golden Medical Discovery."*
