GAVE INCREASE TO HOLD HIM

Foreman Ansley Asked Salary of $1000 a Year and a Free House.

BUFFALO FIRM WANTS TO LOCATE.

But is Not Enthusiastic Over Proposition Made by Hamilton City Council.

Hamilton, Oct. 9.—(Special.)—Foreman Ansley of the Waterworks Department, who resigned because the aldermen demurred about giving him an increase in salary, will continue to serve the city. He had been drawing $700 a year, and he refused to withdraw his resignation unless he got $1000 a year and a free house. The City Council decided to-night at a special meeting to give it to him.

Want Canadian Site.

The McLennan Paint Company, Buffalo, which is talking of establishing a Canadian branch, made a proposition to the Finance Committee this afternoon. Their representative said they would spend $100,000 on their plant and employ 100 hands. They asked for a fixed assessment and cheap water rates. The most the committee appeared to be willing to do was to fix the assessment of the company at $20,000 for ten years. The company is not very enthusiastic about such a bargain, but a special committee was appointed to take the matter in hand.

A Bar to Bartenders.

Chief Justice Falconbridge gave a decision in an interesting case this morning. Charles R. Karsch sued the Independent Order of Foresters for the restoration of his policy, which had been cancelled because after joining the order, he became a bartender. He claimed that he did not know there was a clause in the policy preventing him from following his present occupation, and that he was never notified by the order to that effect. The chief justice decided against him.

WHY DO YOU SHIVER?

Because the Stomach is Not Supplying the Body With the Heat it Needs—Dodd's Dyspepsia Tablets the Remedy.

These chill October days have a tendency to make people shiver. Do you know the cause of those shivers? It is because the stomach is not doing its full work. It is the duty of the stomach to furnish the body with heat. If the stomach is in a healthy condition this heat will be supplied. If it is not supplied, it is time to pay attention to the stomach.

It needs to be toned up and the best tonic is Dodd's Dyspepsia Tablets. They digest the food while the stomach "rests up" and gets in condition to do its work.

The best proof that Dodd's Dyspepsia Tablets will do this is the experience of those who have used them. They are unanimous in recommending them. Take the experience of Jassia Louisa Sellars of Western Bay, Nfld., for example. She says:

"I believe Dodd's Dyspepsia Tablets have made a sound cure of me after being for seven years almost a dying woman. Now, thank God, after taking four boxes of them I am able to do my daily work as usual. I cannot praise Dodd's Dyspepsia Tablets too much."

Rostance, instructor of manual training in Ryerson school, has been holding a night class in that school. He asked for permission t otonnic hnG..s asked for permission to continue, but the committee sent it on to the board without recommendation. The Public School Cadet Corps will start their regular rifle practice in the Armouries next Saturday. Harvey Marshall, one ofr the cadets, who went to Tampa five years ago, has presented a cup for the highest shot in a corps competition, aggregate score to count.
