GOOD TEMPER.

There's not a cheaper thing on earth,
Nor yet one half so dear:
'Tis worth more than distinguish'd birth,
Or thousands gain'd a year;
It lends the day a new delight;
'Tis virtue's firmest shield;
And adds more beauty to the night
Than all the stars may yield.

It maketh poverty content,
To sorrow whispers peace;
It is a gift from heaven sent
For mortals to increase.
It meets you with a smile at noon;
It lulls you to repose;
A flower for peer and peasant born,
An everlasting rose.

A charm to banish grief away,
To snatch the frown from care;
Turns tears to smiles, makes sullness gay—
Spreads gladness everywhere;
And yet 'tis cheap as summer dew,
Test gems the lily's breast;
A talisman for love, as true
As ever man possess'd.

As smiles the rainbow through the cloud
When threatening storm begins—
As music 'mid the tempests loud,
That still its sweet way wins—
As springs an arch across the tide,
Where waves conflicting foam,
So comes the scraph to our side,
This angel of our home.

What may this wonderous spirit be,
What power unheard before—
This charm, this bright divinity?
Good Temper—nothing more!
Good Temper—'tis the choicest gift
The woman homeward brings,
And can the poorest peasant life
To bless unknown to kings.

HOLLOWAY'S OINTMENT.

EXTRAORDINARY CURE OF A CASE
ABANDONED BY
Guy's, the Metropolitan, King's College, and Charing Cross Hospitals.

SUMMARY OF AFFIDAVIT.

Wm. BROOKE, Messenger, of 2, Union street, Southwark, London, maketh oath and saith, that he (this deponent) was afflicted with FIFTEEN RUNNING ULCERS on his left arm, and ulcerated sores and wounds on both legs, for which deponent was admitted an out-door patient at the Metropolitan Hospital, in April 1841, where he continued for nearly four weeks. Unable to receive a cure here, the deponent sought relief at the three following Hospitals:—King's College Hospital, in May, for five weeks; at Guy's Hospital in July, for six weeks; and at Charing Cross Hospital, at the end of August, for some weeks more; which deponent left, being in a far worse condition than when he had quitted Guy's, where Sir BARNSBY COOPER, and other medical officers of the establishment, had told deponent *that the only chance of saving his life was to LOSE HIS ARM!* The deponent thereupon called upon Dr. Bright, chief physician, of Guy's, who, on viewing deponent's condition, kindly and liberally said, "*I am utterly at a loss what to do for you! but here is half a sovereign: go to Mr. HOLLOWAY, and try what effect his Pills and Ointment will have, as I have frequently witnessed the wonderful effects they have in desperate cases. You can let me see you again.*" This unprejudiced advice was followed by the deponent, and a *perfect cure* effected in three weeks, by the use alone of HOLLOWAY'S PILLS and OINTMENT, after four Hospitals had failed!!! When Dr. Bright was shown by the deponent, the result of his advice and charity, he said, "I am both astounded and delighted, for I thought that if I ever saw you again alive, it would be without your arm. I can only compare this cure to a charm!!!"

Sworn at the Mansion house of the city of London, this 8th day of March, 1842. } WM. BROOKE.
Before me, JOHN PIRIE, Mayor.

IN ALL DISEASES of the Skin, Bad Legs, Old Wounds, and Ulcers, Bad Breasts, Sore Nipples, Stony and Ulcerated Cancers, Tumours, Swellings, Gout, Rheumatism, and Lumbago, likewise in cases of Piles, the Pills, in all the above cases, ought to be used with the Ointment; as by this means cures will be effected with a much greater certainty, and in half the time that it would require by using the Ointment alone. The Ointment is proved to be a certain remedy for the bites of Musquitoes, Sand-flies, Chiego-foot, Yawns and Coco-bay.

Burns, Scalds, Chilblains, Chapped Hands and Lips also Bunions and Soft Corns, will be immediately cured by the use of the Ointment.

THE PILLS are not only the finest remedy known when used with the Ointment, but, as a General Medicine there is nothing equal to them. In Nervous Affections they will be found of the greatest service. These Pills are, without exception, the finest purifier of the Blood ever discovered, and ought to be used by all!!!

N. B.—Directions for the guidance of Patients are affixed to each Pot.

SANDS'S SARSAPARILLA,
For the removal and permanent cure of all Diseases arising from an impure state of the Blood, or habit of the system, viz:

Scrofula or King's Evil, Rheumatism, Obstinate Cutaneous Eruptions, Pimples or Pustules in the Face, Blotches, Biles, Chronic sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, stubborn Ulcers, Syphilitic symptoms, Sciatica or Lumbago, and diseases arising from an injudicious use of Mercury, Ascites or Dropsy, Exposure or imprudence in Life; also, Chronic constitutional disorders, &c.

"EVERY cell and organ of the human body" says a distinguished medical writer, "is originally built of, grows, and is renewed by an independent vital force; and when causes which have arrested such growth or renewal, are removed then by the influence of this vital force, the actions in a part, or in the whole system, resume their harmonious course, and the ravages consequent upon disease are overcome, obliterated and repaired." Here is the whole theory of disease, and the same author proceeds to say, that in many diseases "substances are conveyed into the blood which are incapable of assimilation." In order therefore, to restore this "vital force" and get rid of these substances, it is necessary to employ an agent which will act with directness and certainty upon the blood in the process of its manufacture, preventing the introduction of non-assimilating substances, and thus cutting away, as it were, the very roots of disease. That this preparation is such an agent is abundantly proved by the innumerable successful results that have attended its use. It expurgates the source of the disease, and of course its outward evidence, jobbed of their infectious substance in the blood, are rapidly absorbed, and the patient is restored to health.

The Proprietors submit to the Public the following certificate from a highly respectable source, of a cure made by using their preparation of Sarsaparilla:

NORWICH, N. Y., Oct. 6, 1846.

Messrs. A. B. & D. Sands—

Gentlemen—Feelings of gratitude induce me to make a public acknowledgment of the benefit I have derived from the use of your Sarsaparilla. I have for several years been afflicted with scrofulous swellings in my head, which at times would gather and discharge at my throat, nose, and ears and at others would break out in different parts of my head and face. These continued until my throat, face and head were almost one complete sore, and for a long time I was so hoarse that it was with the utmost difficulty that I could speak above a whisper. During this time I had several attacks of pleurisy and other diseases. I consulted different physicians, and tried various remedies, but received no benefit until I commenced using your Sarsaparilla. I am now well; the sores are all healed, and I attribute the result entirely to the effect of your valuable medicine. Your's with respect and gratitude,
PHEBE CAHOON.

Being personally acquainted with the person above named, I believe her statement to be correct.
JAMES M. D. CARR, Justice of the Peace.

The following testimonial from the Agent to the value of the Sarsaparilla in a case of leprosy will be read with interest by all similarly afflicted:

BEAVER, Pike Co. Ohio, sept. 7, 1846.

Messrs. A. B. & D. Sands:

Gents—A man near here used six bottles of your valuable Sarsaparilla for the leprosy, and has received more benefit from it than all other remedies combined for six years past. It restored a hand, leg and foot from a situation that no person would have known they belonged to a human body, as all appeared to be one mass of putrifying sore. His hand and other diseased parts are all restored to their natural size and feeling; are entirely healed over, and his leprosy cured; he intends using a few more bottles to permanently establish his health.
Your's respectfully, G. W. REYNOLDS.

For further particulars, and conclusive evidence of its superior value and efficacy, see pamphlets, which may be obtained of Agents gratis.

TRIUMPHANT SUCCESS OF
Buchan's Hungarian Balsam of Life,
THE GREAT ENGLISH REMEDY FOR
Colds, Coughs, Asthma, and Consumption.

THE most celebrated and infallible remedy for Colds, Coughs, Asthma, and every form of Pulmonary Consumption, is the HUNGARIAN BALSAM OF LIFE, discovered by that eminent medical chemist, Dr. Buchan, of London, England, and extensively known as the "Great English Remedy."

It has been tested for upwards of seven years in Great Britain and on the continent of Europe, where it is universally considered the great and only remedy for this awful malady, and is now introduced to the public under the immediate superintendence of the inventor. Within three years it has been distributed from Maine to Florida, and from Canada to Wisconsin, and its effects are every where alike ASTONISHING AND TRIUMPHANT.

As a preventive medicine, and an antidote to the consumptive tendencies of the climate, it is invaluable. As a remedy for severe and obstinate coughs, Inflammation of the Lungs, croup, &c. it is unrivaled. But the Proprietors so confident of the merit of this great remedy, in the worst forms of consumption, that he prefers to have it used by the DYING INVALID rather than by persons afflicted with some simple and less dangerous disorder of the throat and lungs:—this may seem strong language, but it is the result of experience in thousands of cases, sustained by the most intelligent and unimpeachable testimony. It is not pronounced an infallible remedy in all cases, but it is THE MOST INFALLIBLE remedy known to the civilized world. It is the best preventive of hereditary consumption—it is the best defender against the influences of climate—it is the best remedy for incipient consumption—and it is the great and only remedy for that fearful softening of the lungs—inflammation of the membrane, and tuberculous decay, which are the last effects of that dreadful scourge, and which are erroneously supposed to be beyond the reach of medical aid:—the agent or proprietors of other medicines dare not claim for their preparations a power like this; they know that in no case have such effects been produced:—the grand object and purpose of the common "remedies" is simply to give *relief—not to cure*; this is easily done by an intelligent Physician or Druggist; but while dallying with these delusive compounds, the patient rapidly declines, and every day places him farther and farther beyond the reach of hope.

Such is not the case with the Hungarian Balsam It is always salutary in its effects—never injurious. It is not an opiate—it is not a tonic—it is not a mere expectorant. It is not intended to lull the invalid into a fatal security. It is a great remedy—a grand healing and curative compound; the great and only remedy which medical science and skill has yet produced for the treatment of this hitherto unconquerable malady. It is in fact the *best remedy in the world!*

[From the John Bull, newspaper, London.]

There is certainly some mysterious and occult virtue in the famous "Hungarian Balsam of Life," which the medical faculty are unable to discover or Dr. Buchan would not be permitted for so many years to enjoy the magnificent monopoly of the treatment and cure of Consumption in Great Britain. No satisfactory analysis of this famous compound has ever, to our knowledge, been offered to the public.
