Heavy Duty "Imperial" Engines

10, 20 and 30 Horse-power

Beside the Models A, M and B line of "IMPERIAL" MOTOR ENGINES, which are becoming so deservedly popular in this country, the company manufactures a HEAVY DUTY LINE, Model C. These are made to meet the demand for a slow speed engine for tow boats, schooners and large fishing boats.

They are of the well known two cycle three port type, and are the latest word in two cycle engine construction. The cylinders are cast with solid heads, and are separate from the crank case, which is in two parts. Die cast, nickel babbitt bushings are used in connecting rod and main bearings. The pistons have three rings. A large Plunger Pump gives ample water circulation and keeps the cylinders at the proper temperature. Fully equipped. Fully guaranteed

Made in 10, 20 and 30 horsee power, 1, 2 and 3 cylinders. The 10 horsepower has a bore and strokh of 5½ x 6 inches, turns a 22-inch 8 blade propellor 450 revolutions per minute, and weighs 490 lbs.

Appreciative Words

(Editor the Guardian).

Dear Sir,—Enclosed please find postal money order for another year's subscription to the Guardian, the paper which we appreciate more as the years go by and the time lengthens since leaving the old home, for it keeps green in our memory the scenes and friends of childhood and the dear old home.

We are proud to read through the pages of the Guardian of the noble work our boys of Newfoundland and dear old Bay Roberts are doing for their King and Country, and although unable to take an active part in the war yet our hearts are all with England in the awful conflict, and we are all proud of our noble lads of Terra Nova.

Now, dear Editor, as the year is just begun, I will take this opportunity of wishing you a very bright and prosperous year with every blessing, and we all pray that the year nineteen sixteen may bring peace and prosperity, and may all our boys return victorious to their loved ones.

It does us good to see the interest our Editor takes in the welfare of Bay Roberts, and we think if more of the citizens had its welfare at heart it would be a bigger and better Bay Roberts. Once more wishing you success. I remain respectfully yours,

Obituary

There passed away at St. John's on Jan. 11th, after suffering four years with cancer, John E Mills beloved husband of Rhoda Taylor. Deceased received treatment at the St. Anthony Hospital, from the doctors in St. John's and from medical men in England, but despite all nothing could save him.

He was ever ready to give a helping hand and was kind and loving to all. During his illness he was never heard to murmur or complain. He was often heard to say that pain was great company. Mr. Mills was a native of Handover, Hampshire, England, and was for a number of years in the British Navy. The funeral was attended by a guard of honor from H.M.S. Calypso.—Com.

Joins Canadian Horse Artillery

Newfoundland, Britain's Oldest Colony, besides the lads in the 1st Nfld. Regiment, has many in other Regiments. In the Royal Canadian Horse Artillery is Mr. Hayward W. Taylor, of Green's Harbour, Trinity Bay. For four years Mr. Taylor taught school in Nfld. During one of those years he was in charge of the Methodist Superior School here. All those who were his pupils will be proud to know that their esteemed teacher, with the other brave fellows, is doing his duty to the Empire and helping to keep us safe from the "mailed fist" of the German Emperor and his bloodthirsty hordes.

It may be interesting to know that Mr. Taylor failed in two attempts to join the Nfld. Regiment. The doctors turned him down. But this past summer, when the midsummer holidays began, he went to Canada and later to Boston, Mass; where he entered College to study Engineering.

But although in the land of Uncle Sam, the call of duty was so imperative that he went back to Kingston, Ont., and enlisted. His determination shows the true British spirit and no doubt Mr. Taylor will do credit to his native land.

About a month ago he was home on leave to see his parents, Mr. and Mrs. Josiah Taylor. He is now in Tete du Pont Barracks, Kingston.

The best wishes of his many friends here and in other places will follow him, and we pray that through God's care he may be spared to return to enjoy the peace he fought for.

K. M. B.

Mr. Geo. A. Ashley, who was on a visit to England, returned to Bay Roberts via St. John, N. B., by Tuesday's express.

Mr. Jno. Curnew, of St. John's, who was visiting friends at Coley's Pt., returned to St. John's by Tuesday's train.

Died

On Jan. 27th, after a long illness, Arthur, beloved son of Joseph and Rebecca Morgan, Coley's Pt., aged 18 years. Leaving a father, mother, two brothers and four sisters to mourn their loss.
