TORONTO HOG MARKET.

Toronto, Sept. 11.—Hogs, unchanged; live, $6 to $6.40; dressed, $9 to $9.50.

TORONTO.

Toronto, Sept. 11,—The run at the City Cattle Market to-day was 57 loads, with 973 head of cattle, 1,271 sheep and lambs, 160 hogs and 94 calves.

The run was light to-day, and there was a rather brisk trade for the best offerings, but on the whole there is not a very active demand in the meat market this week, and many of the dealers were content to get along with what stock they already have on hand unless they happened to come across anything choice, which just now is very rarely. A few loads of fairly well finished cattle were offering, and for these it was not difficult to get prices that were ruling last week for the same class of stock. There is a fair demand for export cattle, but very few offering just at present. Prices were steady to firm at $4.75 to $4.90 for the choicest offerings. Extra choice would fetch $5. Good heavy feeders are firm at $4.25 to $4 50 with a steady demand for good stockers, but the offerings are light.

Sheep and lambs are steady at last week's figures, with a fair demand. Prospects are steady.

Hogs are unchanged at last week's prices. There was a very light offering of hogs today.

Export—Market steady to firm, at $4 75 to $4.90; medium export, $4.50 to $4.60.

Butchers—Market steady to firm for choice butcher cattle, but down for common; choice picked butchers' cattle, $4.35 to $4.65; medium heavy butchers at $3 65 to $4.20; mixed lots and cows at $1.75 to $3.50; fat cows, $3.30 to $3.50; common, mixed, $2 to $2.25.

Light stockers—Market quiet, but fair demand for good quality stock at $3.25 to $3.50; heavy feeders, $4.25 to $4.60.

Sheep and lambs—The market is steady at $4 to $4.40; lambs steady at $5.50 to $6 25.

Calves—Market steady but slow; prices range from $3.50 to $6 each.

Hogs—Market steady at last decline to $6.40 and $6.15; selects, $6.40.

Milch cows—Market a little firmer, but with a wide range, from $30 up to $50.

CAMPBELL—WILLIAMSON.

The home of Mr. and Mrs. H. Williamson, 2nd con., Bosanquet, was the scene of a happy event on Monday, Sept. 3rd, when their youngest daughter, Mae, was united in marriage to Mr. Robert G. Campbell, of the 8th con., Bosanquet, by the Rev. Mr. Edwards. The ceremony was performed in the dining room under an arch of evergreens and flowers from which hung a beautiful floral bell of bridal roses and carnations. Leaning on her father's arm the bride entered the drawing room to the strains of Mendelssohn's wedding march, played by Miss Anna Campbell, sister of the groom. The bride was attired in white Swiss muslin trimmed with valenciennes lace. Fernie Laughlin, niece of the bride acted as flower girl, gowned in India lawn, carrying a basket of white carnations in which rested the wedding ring. After the ceremony all adjourned to the dining room, which was decorated in pink and white, where a dainty dinner was partaken of, after which the happy couple left on the 2.42 train amid showers of flowers and best wishes for London and other eastern points. The bride's going away gowh was a gray tailor-made suit with hat to match. The groom's gift to the bride was a handsome silver tea service and to the flower girl a gold neck lace.

SUFFERING WOMEN.

Needed Just The Rich Red Blood Dr. Williams' Pink Pills Actually Make.

From girlhood to middle life the health and happiness of every woman depends upon her blood. If her blood is poor and watery she becomes weak, languid, pale and nervous. If her blood supply is irregular she suffers from headaches and other unspeakable distress which only women know. At every stage of woman's life Dr. Williams' Pink Pill are her best friend, because they actually make the rich, red blood which gives healt and tone to every organ of the body. They help a woman just when nature makes the greatest demand upon her blood supply. Mrs. H. Gagnon, who for twenty years has been one of the best known residents of St. Rochs, Quebec., says; Dr. Williams' Pink Pills have been a blessing to me. I was weak worn out and scarcely able to drag myself about. I suffered from headaches and dizziness, my appetite was poor, and to attempt housework left me utterly worn out. I slept badly at night, and what sleep I got did not refresh me. For nearly three years I was in this condition, and was constantly taking medicine, but found no benefit from it. One of my neighbor's, who had used Dr. Williams' Pink Pills with much benefit, advised me to try them. I did so and the story is told in the words 'I am well again.' There are times yet when I take the pills for they seem to me a guarantee against the troubles from which so many women suffer."

Dr. Williams' Pink Pills don't act on the bowels. They contain the elements that actually make new blood and strengthen the nerves. That's why they cure anaemia, indigestion, neuralgia, rheumatism, lumbago, headaches, back, aches and heart palpitation, and skin diseases like pimples and eczema. That is why they are the greatest help in the world for growing girls who need new blood and for women who are troubled with irregular health. Sold by all medicine dealers or by mail from The Dr. Williams' Medicine Co., Brockville, Ont. at 50 cts. a box or six boxes for $2.50.

Gambling Devices Barred.

A large number of requests are being received by the department of agriculture from parties who would like to operate games of chance of one kind and another at the fall exhibitions. These people seem anxious to find what games are against the law and what ones are permissible.

It is stated by Supt. H. B. Cowan that according to the new act governing agricultural societies that no mention is made of knife or cane stands, but all forms of drawing numbers from envelopes, games which have been very popular at many exhibitions lately, are against the law.

The department intends to be very strict this year in prosecuting violations of the act relating to games of chance at exhibitions.

It is felt that sufficient warning has been given to these characters during the past two years to have taught them a lesson, and therefore any parties arrested this year will be prosecuted as severely as possible.

Examinations for First Class Certificates May be Divided Into Four Parts.

The Education Department has further important changes in the existing regulations under consideration.

In view of the position generally held that, with the enacted and the further proposed increases to the teacher's remuneration, none but holders of first-class professional certificates should be allowed to act as principals of graded public schools, it is planned to further divide the examinations under which teachers actively engaged in their work can obtain this qualification.

At the present time the first class certificate can be obtained in two parts, the examination for each year being a year apart. It is further proposed to divide the examination, in order that it may be taken in three, or, possibly four, parts. This privilege, however, will only be accorded those at present holding second-class certificates, who are actually engaged in teaching and a consequently at a disadvantage in preparing their work for the examination.

The trend of coming departmental changes will be emphatically towards better qualification and increased salary.

Damages Against The Townships.

Toronto, Sept. 6.—Judgment has been handed out awarding Duncan Campbell and his wife $500 and $1,500 damages respectively against the Townships of Brooke and Metcalfe.

Campbell and his wife were driving on the town line, on March 29, when owing to a defect in the road, they were thrown out of their carriage and both injured.

Campbell claimed $3.000 and his wife claimed $5.000 damages.

The accident out of which the action arose occurred on March 24th last, on the townline between Brooke and Metcalfe, near the 6th con. Plaintiff's rig went over a small hill, and they were injured in the upset. The case was, tried at the spring assizes in London before Justice Falconbridge, and decision given as above at Osgoode Hall last week.

The wardens of St. Anne's Episcopal church, Adelaide, have notified His Lordship the Bishop of Huron, that services will be discontinued until the repairs which are being made on the rectory are satisfactorily completed.
