RAILWAY NOTES.

Heavy Shipments of Wool—Bicycle Racks for the Chatham Meet.

The C.P.R. are fitting up a couple of cars with bicycle racks for the benefit of wheelmen who will attend the Chatham meet. One car will be attached to the Wanderers' special train, and the other to the Athenaeums' train.

Wool shipments continue to be very heavy on the G.T.R. in anticipation of the increased duty to come into force on July 1.

A party of Toronto delegates left yesterday afternoon by the C.P.R. to attend the Christian Endeavor convention at San Francisco.

The Grand Trunk yesterday took a large party of the West Huron Farmers' Institute to the Agricultural College at Guelph.

Nelson Snyder of the M.C.R. has been appointed depot master of the T., H. & B. at Hamilton.

A train of ten cars of cattle, ten of horses and several of sheep ran off the track in the G.T.R. yard at Cornwall, but the stock escaped injury. The roadbed was considerably damaged. It took several hours to clear the track.

A C.P.R. yardman, named John McCorkell, lost both legs in an accident at Ottawa on Saturday. While coupling cars he lost his balance and three cars passed over his legs.

The C.P.R. have dispensed with the local passenger train leaving Toronto on Sunday for Hamilton at 11.30 a.m.

MARRIED IN A BALLOON.

Honeymoon Trip Was to Be Made in Mid-Air, but the Parade Jumped Out.

Chattanooga, Tenn., June 28.—William Robertson was married to Miss Cynthia Kenna, a beautiful belle of Hill City, a suburb of Chattanooga. The ceremony took place in the basket of a balloon and as soon as the preacher spoke the words that made them man and wife the ropes were cut and the couple started on a bridal tour through mid-air.

A stiff breeze was blowing, and when the balloon had ascended over the Tennessee River, the woman became frightened and jumped out at a height of about 100 feet. She was quickly rescued by bystanders in a boat. The groom ascended to a distance of 1000 feet, when he safely made the descent with his parachute. After the bride had changed her wet garments in a near-by boathouse, the couple held a public reception on the River View Pavilion.

Business Embarrassments.

R. G. Wilson, boots and shoes, Hamilton, has placed his estate in the hands of Langley and Hallworth. Creditors will meet some day this week. Liabilities are about $3600, with assets nominally the same.

L. Pinfold, boots, St. Thomas, has assigned to A. Reeks.

Kimball Wellington general store, Wilkesport, has assigned to T. J. Gordon.

John J. Von Gunther, jeweler, Tilbury Centre, has assigned to J. H. Magee.

Boey Will Not Fast.

New York, June 28.—The condition of William Hoey, the actor, had not improved at all up to this morning. He was very restless during the night and secured no sleep. His wife remained at his bedside all night, and tried to force food into his mouth, but he kept it so tightly closed that he could not be fed.

Both Bylaws Knocked Out.

Picton, June 29.—Two bylaws were submitted to the people and voted on to-day—one for $9000 to increase the electric light and waterworks systems, and one for $6000 to re-build and re-model the Town Hall. Both bylaws were defeated, the former by 111 majority and the latter by 88 majority.

Corn, bu	6,880,000	7,760,000	8,080,000

Wheat on passage to Europe decreased 1,440,000 bushels the past week and corn decreased 880,000 bushels.

Many brokers are skeptical about the report of a corner in July wheat, and there is no noticeable effect of the news in the market. It is pointed out that there are nearly five weeks in which to deliver July wheat, and thus there appears to be sufficient time to bring to market enough wheat to break the strongest combination. The statistical position of wheat warrants a fair price, but it is not surprising to hear that cliques have been formed to raise the price for their own profit. The situation as to wheat has been used as an argument to advance stocks. For some time it has appeared that the crop in the United States not only would be large, but that a fair price probably would prevail. If such a promise is fulfilled the result would be most beneficial.

TORONTO FRUIT MARKET.

There arrived by boats and cars Saturday about 4000 crates and baskets of fruit, principally strawberries. Yesterday's receipts were not quite so large, there being about 2500 packages on the market.

Strawberries sold from 4c to 5½c by the crate and a few very choice lots brought 6c.

Cherries worth from 40c to 75c per basket, gooseberries 25c.

The great bulk of the fruit is from the Niagara Peninsula, and nearly every place is represented, Bronte, Port Nelson, Clarkson, Aldershot, Waterdown, Oakville, Merton and Burlington being some of the places most noticeable upon the boxes and crates.

The fruit is the finest that has been on the market for several years, and amongst the best specimens we noticed were those shipped by J. Bigger, Oakville, and Wilkerson of Merton.

St. Paul was the feature of the Grangers to-day, gaining a point and a half while the others only held previous gains. Atchisons were active and higher, and the feature of the lower priced rails. The Industrial list shows marked advances in Sugar and Chicago Gas and Lead was higher. General market closed about highest prices on repurchases by traders who had sold for a fall earlier in the day. Transactions to-day have been on a larger scale, and proportion of commission business was in excess of recent volume. London was a purchaser of Louisville & Nashville in the latter part of the day. Foreign exchange eased off $1.87½ or less. The Senate has taken up the portions of the tariff that were laid-over. Banks are now doing air increased business in commercial paper. At the close the tone of the market was strong.

CHICAGO GOSSIP.

Henry A. King & Co., 12 King-street east, received the following despatch to-day from Chicago:

There was very nervous and erratic trading in wheat this morning, which included foreign orders or both sides. The volume of business was of only moderate proportions. The July wheat situation continues to be the dominating factor, and quite frequently the quotations would jump half a cent at a time. Many are disposed to doubt whether there is sufficient outstanding short interest for a basis of a "corner," and to suspect that the recent advancement of the wheat transfers is not an important feature of the present manipulation, and used as a scarecrow to advance prices to sell the distant futures, but, on the whole, it is conceded that for the present all reports are to be received with much advance. Springtime speculation is narrowing, and the smaller trading is shifting over to September and December deliveries. There was good covering of shorts, some of it being on foreign orders, and in the first half-hour 750,000 bush were bought, mostly in small lots, by Bartlett, Frazier, Carrington, Hannah, Lampson, Jones and Weare. There was liberal liquidation by Gould, Geddes, Kirkwood, Milmine, Bodman, Logan and several others. All had 20,000 to 50,000 bush to sell. A commission broker, who two days ago held 1,500,000 bush for Eastern account, said he had been selling, and advised his customers to purchase Sept., which is getting less erratic.

Corn was moderately active and higher during the early session, but eased off in sympathy later on with wheat, and closed dull at low prices for the day. Commission people sold moderately on strong spots. Receipts were 842 cars.

McIntyre & Wardwell (John J. Dixon) received the following despatch to-day from Chicago:

Provisions—Opened strong and higher. Packers who were short on the market were good buyers, especially of lard, causing an advance of 17½c. Later John Cudahy's brokers sold Sept. pork, market declining on this selling. Near the close prices again advanced on renewed buying for shorts, making a strong closing. Estimated hogs to-morrow 21,000
