To-day's List.

Court of Appeal, at 11 a.m.: Curry v. Curry (to be continued).

YORK COUNTY COUNCIL.

Report of the Property Committee—Request for Aid Toward Russell County Fire Fund.

The York County Council has learned wisdom by experience, as a motion brought up by Councillor D. J. Evans shows. The motion is in favor of petitioning the Ontario Legislature to so amend the Municipal Act that when a town separates from the county or a city annexes territory from the county, that town or city shall not be entitled to any share of the county assets unless the county interested passes a bylaw approving of such loss of territory.

York county has had considerable experience in this direction. When Parkdale separated itself from the county, when Toronto took in slices of northern territory, both municipalities demanded and received a share in the county assets in proportion to the value of the property they owned. York county had to pay so much of the value of the Court House, the Newmarket Industrial Home, Registry Offices and other county buildings. In future any ambitious hamlet that wishes to erect itself into a town separate from the county will have to do so on the strength of its own bank account and assets. It will not be able to bank on county assets. The motion will pass the County Council without any difficulty, as it has passed before. Hitherto Toronto has opposed it because the city claimed a portion of county assets, but those matters are settled now. It is not likely that the city will do so in view of any intendtd suburban extension of city limits.

Down to Business.

There were two vacant chairs when Warden Davidson took the chair yesterday afternoon, those of ex-Councillor Ramsden, now County Clerk, and J. Bull, deceased. The members promptly got down to work and listened to applications, petitions and communications galore. County Clerk Ramsden's table was covered with them.

There were 17 applications for the position of caretaker of the Court House, and five applications for that of medical attendant of the Newmarket Home, left open by the appointment of Dr. Coulter as Deputy Postmaster-General. The five applicants are Drs. Scott, Wesley, Hutt, Rutherford and Campbell, all of whom hail from Newmarket or vicinity.

Russell County Fire Fund.

Besides these communications there was an appeal for relief from John Henderson, secretary-treasurer of the Relief Fund of Russell county, lately burned out. He stated that 300 square miles had been devastated, 2000 people left destitute, $500,000 worth of property destroyed.

The united counties of Northumberland and Durham asked York county to assist them in getting the jurisdiction of Police Magistrates extended to cover the whole county in which they reside, instead of only a small district, together with fees when traveling to administer justice.

Property Report.

Councillor Woodcock presented the report of the Property Committee. The tollgate on Kingston-road has been let to Wallace Luke for $340, a slight reduction, owing to gatepayers of divisions Nos. 1 and 5 being permitted to use the roads free of toll. The Commissioners were unable to arrange the amount of compensation the Grand Trunk Railway should pay the county for occupying the county property on Berkeley-street.

The commissioners sold No. 1170 Yonge-street to Mr. Doney for $4400, a cottage at Unionville to Mrs. Curtis for $210, and another at Malvern to Mr. James Hazen for $100.

As to Bridges.

The contract for Etobicoke bridge was let to H. Hamlyn for $347 and the reconstruction of the Holland River bridge recommended. Bridges at Lambton Mills, Islington, Scarlett and Sutton also require repairs. The trouble arising out of the York Mills bridge was alluded to, as well as the attempt to give away the Rouge River bridge and portion of road to Ontario county. In view of the failure to do the latter the commissioners recommended that County Solicitor Robinson be instructed to apply for a private bill authorizing the county to abandon the portion of Kingston-road lying within Ontario county.

Business Embarrassments.

A. W. Martin, baker and confectioner, Toronto Junction, has assigned to A. J. Anderson. The creditors will meet on the 22nd.

G. Wallace & Son, furniture, Cardinal, have assigned to J. Clint.

M. Kennedy, general store, Enterprise, has assigned to A. Walker.

G. A. Marion, general store, Rockland, has assigned to James Piper.

Tiernay & Co. of Arnprior, who were asked by their creditors at a meeting held a few days ago to make an assignment, have raised their offer from 35 cents to 40 cents on the dollar, but the creditors have declined to accept it.

The machinery of Paxton, Tate & Co., mill machinery manufacturers, of Port Perry, has been sold to Madison Williams. This was nearly all the available assets of the firm, and, owing to secured claims, the ordinary creditors will receive nothing from the estate. The assets are expected to realize about $7000, with liabilities of over $4,718.63, of which $1,103.59 are preferred securities held for $8169.06. The Ontario Bank holds a secured claim for $6300.

S.Ackerman, Commercial Traveler, Belleville, writes: "Some years ago I used Dr. Thomas' Eclectric Oil for inflammatory Rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, and every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with rheumatism since. I, however, keep a bottle of Dr. Thomas' Oil on hand, and I always recommend it to others as it did so much for me."

New York Gossip.

Henry A. King & Co., 12 King-street east, received the following despatch to-day from New York:

The stock market opened fairly strong this morning, but prices soon began to give way, and the day's business has resulted in a very dull and somewhat weak market. Sugar started the decline by developing considerable weakness in the early trading, but later rallied on the announcement that the Treasury Department had decided in favor of the Sugar Company in the Denmark County case. It is said that this decision is of great importance to the sugar refining interests. The granger stocks were sold on the postponement in handing down a decision in the maximum rate case, and, as the Supreme Court adjourns to-day, not to meet again until Nov. 29, this matter, so far as Wall-street is concerned, is shelved for the time being. In any event, we think too much importance has been given to this case by the street, and even an adverse decision would not, in our judgment, have anything but a temporary effect on prices. Professional trading has made up the bulk of the day's business, and is responsible for any movement in prices which has occurred.

McIntyre & Wardwell (John J. Dixon) received the following despatch to-day from New York:

The stock market developed renewed irregularity and weakness to-day on disappointment felt at the continued postponement of the decision in the Nebraska freight case and disquieting foreign advices, intimating a revival of the Eastern question. There was entire absence of outside support, and local buying power was so materially reduced by the elimination of short interest last week that very little local buying was in evidence. Bears were more aggressive, but selling pressure was principally in the liquidation of long contracts by tired holders and disapp
