Mr Smiley is well known here as the king of humorists and his work is considered of a very high class wherever he has appeared. Miss Mary Jardine-Thompson who has created such a sensation in London, England, as a soprano soloist, and of whom the London Times speaks in such flattering terms is with the Smiley Co. Miss Gertrude Black-Edmonds, Canada's leading contralto, and who electrifies the audience with her charming voice, will be heard in this great treat which our enterprising band is offering. All who have ever heard Owen A Smiley in his inimitable drolleries will be pleased to know that he is soon to be with us again. It is to be hoped that everyone who has the interest of their band at heart will turn out and give them a bumper house. The band is run at considerable expense, and their open air concerts are much appreciated by our people, and now is the opportunity to show their willingness to help support this deserving institution and purchase tickets from the bandsmen who will have them for sale in a few days.

BUFFALO AND NIAGARA

continued from Tuesday.

The two days spent on the Exposition grounds at Buffalo only gave us an opportunity of visiting the most important buildings and glancing at the most attractive exhibits. On Thursday morning at the interesting hour of four o'clock we started for the Lakeigh depot to take passage on the Grand Trunk Ry. train for Toronto. We traversed through the beautiful Niagara district again and arrived in Toronto a half hour late, and just 15 minutes late to catch the C.P.R. express for St. John. As a consequence we were obliged to spend another day each at Toronto and Montreal and remain in St. John over Sunday.

At Toronto we visited Monroe Park circled the best residential part of the city, visited Simpsons and other large stores and places of interest. Next day Montreal was re-traversed and McGill College and other buildings visited and a delightful ride taken in the electrics around the mountain. We found Prof. J. H. Morse again and spent a while in the first Baptist church listening to his sweet music from the pipe organ in that church. Rev. Z. L. Fash was in Montreal at the time and was supplying the pulpit for Rev. A. J. Gordan.

A night on the C.P.R. palace sleeper from Toronto to Montreal and another from Montreal to St. John brought us in the last named place on Saturday at 11.30 a.m. Here the editor and wife remained until Monday morning the guests of Rev. B. N. and Mrs. Nobles.

Rev. Mr. Nobles since leaving Kentville has been doing good work at Carleton. He is beloved by his congregation and has taken up the work of improving the church the same as he did at Kentville. Under his direction the church has been covered inside with handsome metal and now the church is being enlarged by the addition of several class rooms and a steeple.

The Prince Rupert and the Bluenose conveyed us from St. John to Kentville. During the trip we had experienced nice cool weather but on arriving at Digby and from that to Kentville we found we had again struck a hot wave. But we were satisfied with our own country though a few days remained very hot and we felt that it was prettier in most ways than any other locality we had visited.

Tennis Tournament

Kentville and Bridgetown played a tennis tournament at Kentville last Saturday the result being that Kentville won 108 points and Bridgetown 75. Those who played for Kentville were:—Mrs. T. L. Robertson, Mrs. Wickwire, Mrs. W. B. Moore, Miss Moore, Miss Chipman, Miss Mackinson and Messrs. Dr. Moore, T. R. Robertson, F. W. Wickwire, Mr. Purvis, F. Chipman, W. C. Harvey. The games were exciting. Tea was served on the grounds.
