YORK COUNTY AND SUBURBS

C.P.R. to Build $25,000 Bridge Over Black Creek, Near Weston Road.

SUBURBAN AID AT THE BIG FIRE

Wedding at East Toronto—Horse Sale at Wexford—County News.

Toronto Junction, April 21.—The Junction detachment at the big fire was composed of Deputy Chief Mason of No. 2 station, Carlton, and these members of the brigade: Fred Connolly, F. B. Hartney, Don. McKenzie, Ben Wilson and Joseph Rountree, volunteers, and J. Piggott and George Davidge, regulars.

The Toronto Junction Gun Club held the first shoot of the summer series at their ranges on Keele-street yesterday afternoon. D. C. Walton won the class A cup with a handicap of 3 birds, after shooting off a tie with P. Wakefield. A. Sproule won the cup in B class.

The pupils of Miss Macmillan, assisted by Mrs. W. M. Douglas, contralto, new St. Andrew's Church; Miss Alice Bourdon, soprano, and John Maywood, baritone, gave a recital in the College of Music Hall to-night. Among the numbers on the program were: Passified and Gnomenreigen, piano solos by Miss Bertha Brooks, A.C.M.; Chopin's prelude and mazurka by Miss Cecil Barnes; Dawn and Prudence, two songs by Miss Alice Bourdon, and Minnmurlar Zephyrs, a piano solo by Miss Edythe Trebilcock.

The Canadian Pacific Railway Company, in addition to double tracking its line from Parkdale to the Junction, will build a new bridge, to cost about $25,000, over the Black Creek, near the Weston road. The grade between the Junction and Weston is to be raised and the abutments to the present bridge at Black Creek made more substantial.

The work of thawing out the frozen water services by electricity was only completed yesterday.

L.O.L. No. 900 initiated 12 new members last night.

Wm. Moss for being disorderly will appear before the police magistrate in the morning.

East Toronto.

East Toronto, April 21.—There was a rumor about 11 o'clock Tuesday night that the big city fire was practically under control, but the mayor, Dr. Walters, saw that the conflagration was growing greater. He consulted with Councillor Abbott, and they decided to send help. Chief Stobo, Firemen James Paterson, W. H. Blaylock, Ed. Ratcliffe, James White, George Allen, John Zieman, Ernie Garbutt and Driver James Harvey, with a hose reel, were despatched in short order. Mayor Urquhart telephoned Mayor Walters about midnight asking that assistance be sent, and was pleased to hear that the fire ladies were on the way to the fire. On their arrival, they immediately set to work and did their share. The lone fireman on top of the McMaster building that would not leave until he had thrown out the life line, as described, was none other than Ed. Ratcliffe of No. 2 brigade. The East Toronto firemen also worked at the fire at Yonge and Shuter-streets.

The residence of Mr. and Mrs. George Toyne, John-street, was the scene of a pretty house wedding Wednesday, when Miss Emily Morrison, sister of Mrs. Toyne, was married to William Rosebrough of the G.T.R. The ceremony was performed by the Rev. Joseph E. Wilson, pastor of Hope Methodist Church. The bride was given away by J. Toyne, and Miss Nellie McGregor of Hamilton was bridesmaid, with little Ella and Sadie Toyne as flower girls. The bride was dressed in a beautiful white silk gown and veil, wore orange blossoms and carried a bouquet of white roses and carnations. The bridesmaid and flower girls were also tastefully attired. The parlor and dining-room were decorated with palms and evergreens. The wedding march was played by Miss Vera Weeks of Toronto. The presents, which included a diamond brooch from the groom, silver, china and cut glass ware, three clocks, several pieces of jewelery and many other useful articles, made a fine display, and were much admired by the guests. After a sumptuous repast, the happy pair left for New York on their honeymoon, and the guests indulged in dancing to Grant & Marlor's music.

The annual meeting and supper of the Excelsior Quoit Club was held at the White House on Wednesday. The following officers were elected: Hon. president, W. F. Maclean, M.P.; president, A. White; vice-president, A. B. Cook; secretary-treasurer, W. H. Blaylock; executive committee, W. W. Booth, John Evans, J. Toms, W. W. Hunter and the president. Messrs. Booth and Cook and the president were appointed to draw up a code of rules and regulations to govern the play and use of the grounds. Owing to his presence being required at Ottawa, to attend to his parliamentary duties, W. F. Maclean, M.P., could not be present, and sent a letter of regret. The supper was in Mrs. Evans' best style. The piece de resistance was roast turkey, with all the accessories. The supper was a most successful function. Music and song enlivened the proceedings, and the members and their guests made merry.

Wexford.

W. E. Gooderham has sold his registered Canadian Clydesdale stallion, Pride of Wexford, which took first prize at the Horse Show this spring, to a Montreal dealer for a handsome price. Mr. Gooderham has another registered colt rising 2 years, equally as good as if not better than the one just sold. The latter colt was sired by Robert Davies' celebrated Lyon McGregor.

Mme. Nordica's Incubus.

New York, April 21.—The action brought by Zoltan Doeme to have set aside the interlocutory degree of divorce obtained by Madame Nordica was begun to-day.

An affidavit set forth that Doeme, since he married the singer, had filled no engagements, and that his only income had been from Madame Nordica's singing, and that Madame Nordica had given him upwards of $300,000 in the past five or six years.

BRITISHERS PREFER THE "DUMPING"

International Conference Between Steel Men Likely Profitless.

London, April 21.—Even the most sanguine do not expect immediate results from the exchange of views now in progress here between representatives of the United States, Germany, Great Britain, Austria-Hungary and Belgium, with the object of establishing among the steel makers of the important exporting countries, an agreement whereby export prices will be fixed and indiscriminate "dumping" be prevented.

The movement will find an insuperable bar in the attitude of any influential body of Britishers, who are equally interested as producers and consumers of steel in turning out the more highly finished class of goods, and who profit from the "dumping."

TREATY ADJUSTED.

St. John's, Nfld., April 21.—The difficulty over the French shore treaty has been satisfactorily adjusted.

France agrees that the clause terminating the fishery on October 20 each year applies only to her fishermen. Newfoundland, Canadian and American fishermen are not restricted in carrying on the winter herring fishery.

France also agrees to recognize the British consul at St. Pierre, which will practically end smuggling from that place. Great Britain in return agrees to recognize the French consul at St. John, now residing here unofficially.

12 Dropped to Death.

Mexico City, April 21.—A telegram from Capucha, capital of the State of Hidalgo, states that a mine disaster occurred there in which 12 miners lost their lives by being precipitated to the bottom of a shaft 350 metres deep.

FROM SLEEP TO SUICIDE.

Winnipeg, April 21.—Chas. Handcock, a wealthy rancher, living near Erinview postoffice, for the past twenty years, killed himself at six o'clock this morning at the residence of his brother-in-law, John Berry.

He was sleeping with Mr. Berry's son, and while lying in bed reached for a revolver and shot himself in the head.

He had been in ill-health for some time.

Death Before Dishonor.

San Francisco, April 21.—Robert Nicholson, chief boatswain mate of the U. S. gunboat Petrel, after twenty-two years' honorable service in the navy, shot and killed himself rather than face a charge of having brought liquor on board the ship. Nicholson was born in the Shetland Islands.

BURDOCK BLOOD BITTERS CURED

MRS. WALTER MANTHORNE, BROOKLYN, N.S.

She says: "I suffered for three years with terrible headaches and rushing of blood to my head. I lost my appetite and became very thin and weak. I tried many different remedies and consulted doctors, but all in vain until I started to use Burdock Blood Bitters. I had not taken more than two bottles when I began to feel better, my appetite improved wonderfully and I increased rapidly in weight. I took altogether four bottles and am now as well as can be, for which I owe my thanks to Burdock Blood Bitters. I can recommend it to all those suffering as I did."

Health of body, strength of mind, steadiness of nerves are the best and most precious gifts man can lay upon the altar of his conjugal love. **Restorine** operates on the nerves which control the sexual system, and infuse into it, power and vigor. No such thing as failure in life, is possible in perfect manhood; it is the lack of vital force, and the depletion of sexual energies that makes failures of men. **Restorine** awakens a man to a sense of restored vitality and power. Why be weak when you can so easily become strong? Proofs are the test. Sworn testimonials sent to any one on receipt of name. Five Days' Trial Treatment sent absolutely free. Write To-Day. (11)

PLEASANT PEOPLE.

Atchison Globe: The older we grow the more we admire pleasant people. You needn't admire your neighbors unless you want to, but you shouldn't hate them. Let them alone. People do not expect you to compliment them, or kiss them; all they ask is that you be pleasant. A cheerful "Good morning"; that is enough.

Don't growl, and feel that fate is ungkind to you. A man is responsible for most of his bad luck. Behave yourself, and you will be surprised at the "good luck" you will have.

The man who is cross around his own home, injures himself more than he injures others. The surly man in business carries a serious handicap. For your own sake, be kind, cheerful. For your own sake, be temperate, for temperance is a great promoter of cheerfulness and success. And when we say temperance, we do not refer to whiskey drinking only. Most people eat too much, and eat too fast.

Tientsin, April 21.—The Russians here believe that Viceroy Alexieff's resignation will not be accepted.
