WESTERN CROP REPORTS

Crops Look Good After Recent Rains—More Moisture, However, is Needed if Present Growth is to Be Maintained.

The head office of the Bank of Commerce has received reports from its branch managers in three wheat-growing provinces i the west. On all sides opinions as to the outlook are such as to give cause to believe that this will be a banner year. The browth had been retarded by the long dry spell, but drenching rains in some localities and showers practically all over the three provinces have been of a beneficial character. The reports from practically every districa follows:

ALBERTA.

Champion: The warm weather during the first part of the week, with a storm on Thursday evening, has had a very favorable effect on the crop. The rain has furnished abundant moisture for the crops. The general opinion is that the prospects for a good crop are excellent.

Stony Plain: Fine, warm weather, with good rain, is helping materially, and with continued good weather, a bumper crop is assured.

Youngstown: Several heavy showers of rain during the past week are helping the crops to make good headway. The crops are now as fully advanced as at this time last year.

Girouard: Several heavy showers have occurred during the past week. Crops are now well advanced and exceedingly healthy.

Warner: Crops are appearing brown in some places, on account of the lack of moisture. A few light showers have, however, occurred during the past week.

Stavely: Last week's weather conditions were very beneficial to the crops; but more rain is needed in some districts. The prospects are, however, better than last year.

Strathcona: Some showers have helped materially with the crops, which are looking splendid.

Lethbridge: Prospects of the crops in southern Alberta are exceedingly good.

Red Deer: We have had a heavy storm during the week, which has helped considerable. Prospects are excellent.

Nanton: Prospects excellent.

Macleod: Rains were just in time to save crops; but, at the best, it is not expected that there will be a heavy crop.

Calgary: We have received from every direction reports that are quite promising for a splendid crop.

Nokomis: Weather during the past week has been all that could be desired. The rain has supplied sufficient moisture to insure steeady progrss during the next ten days, at least. From reports received, it is judged that the wheat crop is as far advanced as at this time last year, and the prospects for good returns are, on a whole, very fair.

Vulvan: Refreshing rain, which was of greatest value, has fallen. Crops are looking very good, but in some cases a little backward.

Monarch: Heavy rain during the past week saved a large portion of the crop in this district. There is, however, still more rain needed. Crops are in a splendid condition, and cutworms do not now appear to be doing any damage.

Lewvan: Weather conditions favorable for crops, and they are looking well thruout the district.

Broderick: Weather warm, but no damage has been done to the crops. There is ample moisture in the ground, but there is danger in the hot winds.

Ponoka: Showers, followed by warm weather, have helped the crops, which are growing rapidly.

Vermillion: Crops are making good progress. Weather conditions excellent.

Taber: If general rain comes within the next few days, the prospects of a good crop will be excellent.

Shellbrook: Crops have come along wonderfully during the past week. Beginning to need rain.

Grandview: Rain is needed. Crops are in excellent condition.

Hawarden: General rain caused marked improvement in the crop. Wheat has attained the height of 8 or 9 inches.

SASKATCHEWAN.

Melfort: Lots of rain, and crops are doing splendidly. More rain, however, would be welcome.

Willow Bunch: Good rain last week, but more is urgently required, which would do a good deal of good at this time of the year, as the crop is sufficiently far advanced to conserve the moisture in the ground.

Sharp: Dry weather has somewhat retarded crops, but several heavy showers during the past week have made prospects very good.

Radisson: Crops looking very healthy on account of recent rain.

Elbow: Weather during past week was fair, and help the crops on, but more rain is needed to insure a good crop.

Delisle: Good rain has fallen, and the farmers are now fairly optimistic as to a good crop.

Vonda: Recent rain has improved the crop prospects.

Prince Albert: Weather conditions favor the farmer. Seeding is all finished, and wheat is from 5 to 6 inches high. Farmers, generally, report things to be much better than at this time last year.

Marcetin: Abundance of rain during past week, and crops are looking exceedingly well.

Lanigan: Two days' rain, followed by warm weather, has helped the crops materially, and has done a lot of good.

Blain Lake: Crops look well.

Watson: Crops appear to be coming along nicely. Probably 30 per cent. less land under cultivation than last year.

Weyburn: Much rain has fallen, so that the complaint of lack of moisture is no longer made, and conditions are as near perfect as possible, and there is every indication of a good crop.

Canora: Ground is getting dry, and crops will suffer if they do not get rain.

Swift Current: This district was visited by heavy rain, which has been most beneficial. The farmers are elated at the prospects, altho things are backward.

Yellow Grass: Wheat far more advanced than last year.

Moose Jaw: Heavy rain has fallen, which has had a splendid effect on the crop, marvellous growth has been apparent. Farmers are very optimistic about the prospects.

MANITOBA.

Brandon: Crops are in need of rain. Taking the district as a whole, however, the crops have never looked better at this time of the year.

Portage la Prairie: Badly in need of rain. Crops are commencing to suffer.

Gilbert Plain: Look for good crop.

Elkhorn: Crops making good progress.

Dauphin: Crops look splendid, and with rain next week, a bumper crop will be looked for.

Brandon: Weather not altogether satisfactory. Continued drouth is commencing to tell on the crops, and the rain last week was not sufficient.

Lady Sackville Exercised Spell

Witnesses in Cause Celebre Say 'Sir John Scott Was Sub. Servient to Her Power.

LONDON, June 28.—The Scott will case can now be described as the greatest British cause celebre thus far of the present century. It would be impossible to exaggerate the interest Londoners of all classes are taking in the proceedings. The court was crowded yesterday, chiefly with society people and friends of the families concerned, faultlessly groomed youngsters and women gowned in creations of Paris crouching on the dusty steps of the court. Others, almost fainting with the heat and with fatigue from long standing, were led to balconies for a breath of air.

A curious account of Lady Sackville's relations with Sir John was given by witnesses for the defendant yesterday. Miss Alicia Scott, Sir John's elder sister, asserted that Lady Sackville exercised over him a kind of spell or mesmeric power. He was subservient to her temper and seemed exactly like a slave.

Miss Mary Scott, the younger of the dead baronet's sisters, alleged that Sir John was always cringing to Lady Sackville, and that his demeanor to her was obsequious. Lady Sackville, added the witness, acted in Sir John's house as tho she were the mistress, and Sir John's mother, noting this, told him, "You soon will not be able to call your soul your own."

Several witnesses admitted that they had no cause of complaint regarding Lady Sackville's moral conduct.

GREAT DOINGS AT HANLAN'S.

Dominion Day Will Be Royally Celebrated at This Popular Resort.

Those who purpose remaining in the city for Dominion Day will find heaps of fun and amusement at Hanlan's Point, the popular pleasure resort "just across the bay." This is the big holiday of the season, and the management has made splendid preparations. Children will be highly delighted with the Elite Dog and Pony Circus which comes direct from Luna Park, Coney Island. These clever and pretty pets perform all kinds of funny tricks. Those who like sensations will be amazed and astounded at the thrilling feats performed by Monsieur Deonzo, late of the Grand Hippodrome, Paris. This daring artist, who has been the talk of Europe, performs on a slender swaying pole 100 feet above the ground. Concerts will be given during the day by one of the military bands. Starting at 10 a. m., and lasting all day, the annual regatta will take place on the western lagoon. All this entertainment is furnished absolutely free. There will also be two International League ball games between Buffalo and Toronto, one starting at 10 a.m., and the other at 2 p.m. Ladies and children will find it much more convenient to take the earlier boats. By doing so, they will avoid the crush. There will be special band concerts this (Sunday) afternoon and evening.

TIZ Gladdens Sore Feet

WHEN YOUR FEET HURT, YOU LOOK IT. TIZ GIVES INSTANT RELIEF.

Send for Free Trial Package Today.

TIZ makes sick feet tingle with comfort and delight—soothes away all foot-aches and swelling. Use TIZ, and hot summer weather won't puff your feet all out of shape; smelly feet won't mortify, or Winter's chilblains torture you. TIZ ends all such troubles in a restful, comforting foot-bath.

Monday Morning We Will be Fully Ready to Start Our Big

July Carpet Sale

Tuesday, July 1st, being a holiday, we have decided to open this big Semi-Annual Floor Covering Sale one day in advance. We have all our preparations made, all the big special purchases in, nothing at all to prevent us starting —and why shouldn't we?

We have every reason to expect to eclipse all past efforts in this month's sale. Stocks were never bought to better advantage. Only the best mills have contributed to the special values, ensuring only dependable carpetings and choicest designs. We've made larger purchases, and as a consequence have secured better discounts from the makers, enabling us to give you bigger values than ever.

Each day throughout the month we will print special prices, giving you a hint of the big values being offered. But don't wait to be told of these, there'll be big bargains aplenty any day you come.

As has been our custom in these July sales, we will

We are Waging War on Out-of-Date Kitchens.

The Adams Store points with pride to the fact that it has shown the way to more housekeepers to have better home conditions than likely any other business institution in Canada. We have enlisted a vast army of Hoosier Cabinet users in this war against kitchen drudgery by means of these club sales by making it easy to have this wonderful kitchen convenience and labor-saver without any financial strain.

The "Model Kitchen Club"

This is a plan open to 500 persons, whereby on payment of one dollar to join and agreement to pay us one dollar each week afterwards, we sell you a Hoosier Kitchen Cabinet. Immediately on payment of first dollar cabinet is sent to your home along with a most generous supply of groceries—listed below——which are free to each member of the club.

It takes little persuasion to convince any woman that she cannot get along without a "Hoosier" once she sees it and learns of its wonderful convenience. Handsome, imposing, splendidly built and finished—the "Hoosier" captivates all. No woman can resist its assurance of easier work, its promise of splendid order without effort, with its shining aluminum table top, its scientifically constructed flour receptacle, its automatic sugar bin, its row of metal-topped crystal coffee, tea and spice jars. Why should she, now that it is so easy to have this wonderful labor-saver, if she acts quickly and gets a "Model Club" membership before they are all taken?

Each Hoosier Cabinet Sold to Club Members is Stocked with this Collection of High Grade Groceries Without Extra Charge

Every item in the list is the best we can buy—the kind that should go with the best cabinet. Consisting of:

1 btl. Qua Bros.' Horseradish Sauce.
1 tin Magic Baking Powder.
