Fredericton	37	23	.617
MARATHONS	39	27	.591
St. Croix	29	28	.509
Bangor	17	44	.279

Brilliant work by the Greeks' infield enabled the new twirler Doneran to score a victory over Bangor yesterday by a score of 4 to 3. During the first part of the game Bangor hit rather too freely for the comfort of the St. John fans, but after the sixth Doneran pitched airtight ball.

The Greeks began their scoring in the first inning when Pinkerton's triple to right field was followed by a single by Shankey. Waterhouse brought in the second tally in the next inning. He was safe at first on a fumble, took third on a throw to first by Wakefield and scored on Riley's sacrifice.

Bangor's three runs came in the sixth. Reed placed a clean single inside third; Cooney hit to Doneran who threw to Waterhouse to start a double but the shortstop was over anxious, fumbled the ball and both runners were safe. Boardman scored both with a double and went home on a double by Mathews.

Singles by Pinkerton and Doneran tied the score in the seventh and Riley brought in the winning tally in the ninth when Boardman threw wide to first.

Pinkerton's three hits for three times at bat was a feature of the game. He is doing great work with the willow this year. O'Brien made a brilliant one hand catch that won him applause. The new outfielder, Lee, filled the bill well. He pulled down several, including a hard one near the score board. He did not do so well at the bat. It was hardly a fair trial of Doneran as he had just left the train after a long journey. He showed good control and did not issue no pass. In the ninth inning he struck out two men.

Bangor.

Summary—Three base hit—Pinkerton. Two base hits—Cooney, Boardman, Matthews. Bases on balls—Walace (2). Struck out—By Wallace, 3; by Doneran, 3. Time 1 hour 50 minutes. Umpire, Sockalexis. Attendance, 700.

Fredericton 13; St. Croix 4

After St. Croix had filled the bases off Phelan in the second inning Morey was sent in and held the Borderites to three hits for the remainder of the game. Fredericton won 13 to 4. The Pets scored three runs in the first inning, one each in the third, fifth and sixth, three in the seventh and six more in the eighth. Except for the second inning when St. Croix led the bases off Phelan and Parker brought home three men with a slashing double they were not dangerous.

Keaney, Ganley and Conley all fattened their batting averages at the expense of McPhee who was touched for sixteen safe hits. Parker and McPherson did the best work for St. Croix.

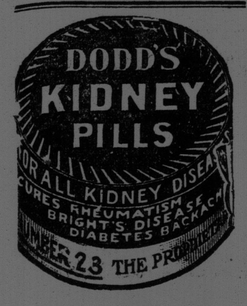
Hits—Off Phelan, 4 in 1 inning and three batters; off Morey, 3 in 7 innings. Umpires, Players Condon and Howard. Time, 2 hours, 10 minutes.



Sport News of A Day; Home and Abroad

TENNIS

Nova Scotia Trimmed New Brunswick.

Halifax, Aug. 18—Nova Scotia regained the tennis laurels lost at Rothesay (N. B.) last year when every one of the five events in the maritime tournament was captured by her representatives today. Three of the matches were very close, the men's singles and doubles each going to five sets and the mixed doubles requiring three sets and the play generally was very interesting. There was a big crowd on the South End club courts all day, this event concluding the eight days of championship events here.

The scores in the matches were:

Challenge round, Nova Scotia, mixed doubles—Miss Frances Lydiard, title holder for two years, and W. N. Rice, Sydney Mines, defeated the challengers, Miss Silver and A. C. Wiswell, South End, 6—2, 1—6, 6—0.

Maritime tournament, ladies' doubles—Miss Owen and Miss Marshall, Nova Scotia, defeated Mrs. Babbitt and Miss Schofield, New Brunswick, 6—4, 6—4.

Ladies' singles—Miss Owen defeated Mrs. Babbitt, 6—1, 6—3.

Mixed doubles—Miss Lydiard and W. N. Rice, Nova Scotia, defeated Mrs. Babbitt and J. F. Campbell, New Brunswick, 4—6, 8—6, 6—4.

Men's singles—Capt. Grant, Nova Scotia, defeated T. M. McAvity, New Brunswick, 6—2, 6—2, 5—7, 2—6, 6—2.

Men's doubles—A. C. Wiswell and E. Foster, Nova Scotia, defeated J. H. Chipman and J. F. Campbell, New Brunswick, 4—6, 6—2, 6—8, 2—6, 6—1.

BASEBALL

Canadians Victors

The Canadians defeated the Young St. Peters last night in an interesting game of ball on the Marathon grounds by a score of 9 to 1. The batteries were, for winners, Howard, O'Connor; for the losers, Doherty c, and Thompson c, Moore p. The score by innings was:—

St. Peters						0	1	0	0—1
Canadians						0	1	1	7—9

The Canadians will play the South Enders on Wednesday night on the Marathon grounds at 6.30.

National League

At Brooklyn—Brooklyn 7, St. Louis 1. Batteries: Allen and Miller; Doak, Perritt and Hildebrand.

(Second game) — Brooklyn 6, St. Louis 2. Batteries: Rucker and Miller; Hearne and Wingo.

At Boston—Boston 4, Cincinnati 1. Batteries: Perdue and Rariden; Ames and Clark.

(Second game)—Postponed, rain.

At Philadelphia—Chicago 10, Philadelphia 4. Batteries: Humphries and Archer; Alexander, Brennan, Imlay, Mayer and Howley, Killifer.

At New York—New York 5, Pittsburg 3. Batteries: Demaree and McLean; Camnitz, Cooper and Simon, Gibson.

(Second game)—New York 5 Pittsburg 1. Batteries: Tesreau and Wilson; Robinson, Cooper, O'Toole and Gibson.

American League

At Detroit—Detroit 5, Philadelphia 4. Batteries: Dubuc and Stanage; Plank and Lapp.

At Cleveland—Washington 6, Cleveland 3. Batteries: Boehling, James and Henry; Blanding, Cullop and O'Neill.

At Chicago—Chicago 1, Boston 0. Batteries: Russell and Schalk; Bedient, Leonard and Carrigan.

At St. Louis—New York 4, St. Louis 2. Batteries: Ford and Sweeney; Mitchell and Alexander.

International League

At Montreal — Montreal 12, Baltimore 6. Batteries: Carlo, Dale and Burns; Cotterell and Bergen.

At Rochester — Rochester 7, Jersey City 6. Batteries: Martin, Wilhelm and Williams; Davis, Brandon, Thompson and Wells.

At Toronto—Toronto 3, Newark 2. Batteries: Lush and Graham; Bell and McCarty.

At Buffalo—Providence 6, Buffalo 2. Batteries: Reisigl and Kocher; Jamieson and Stephens.

Chicago Club Fined

Cincinnati, Aug. 18—The Chicago National League Club was today fined $500 by the National Baseball Commission for farming players to Louisville, of the American Association, while William Grayson, Jr., former president of the Louisville Club, is debarred from connection with any national agreement club until he has been reinstated by the commission.

Chappell Not Making Hit

They don't think much of $18,000 Larry Chappell the Chicago White Sox outfielder, in Washington. Chappell's playing was very much to the bush during the recent series between the White Sox and Nationals. His hitting was exceptionally weak, one hit in 14 times up, good for an average of .071, being the best he could do. The Nationals say Bunny Leibold, who was a team mate of Chappell at Milwaukee, is a better player than the $18,000 player.

Giants Get Hearne

President McCaffery, of the Toronto Baseball Club has gone to Troy to look over some players and then go on to New York. He said that Pitcher "Bunny" Hearne had been sold to the New York Giants and would report after the season was over in the International.

It was Manager McGraw who tipped off the Toronto Club about Hearne last fall, although the Toronto draft was disallowed, he was afterwards purchased at the draft price. Several other big league clubs have been after Hearne, but McGraw was given the first chance and he accepted it.

Probably a Fable

A Washington despatch says that $100,000 has been offered by Clark Griffith, manager of the Washington Baseball Club for the release of Tyrus Cobb of the Detroit Club. This is the world's record price for a baseball player. Griffith says that with Cobb he could win the pennant.

May Sell Gilhooly

Left Fielder Gilhooly of the Montreal International League team, may after all be sold to a major league club for a big price in a few days. Owner Lichtenhein, of the Montreal Club, demands $10,000 in cash and two players for Gilhooly's release. Though the terms are pronounced excessive, the New York Americans, Brooklyns, Chicago Cubs, Cincinnati Reds, Pittsburgs and Boston Red Sox and Braves are considering the Montreal club's proposition. It is said yesterday that as much as $6,000 had been offered for this young player. Lichtenhein may close a deal for $2,000 more. Gilhooly is a heavy hitter and one of the best fielders and base runners in the minor leagues.

Two Sales

After a conference in Cincinnati with George Tebeau, of the Kansas City Club President August Hermann of the Cincinnati team announced that he had purchased Pitcher Cy Morgan, erstwhile Philadelphia American League pitcher, now with the Kansas City team. The terms were not announced.

The Montgomery baseball management announces that Clyde Wares, second baseman of the Montgomery team, is sold to the St. Louis Americans. The price is not stated. Wares will report to the Browns at the end of the Southern League season.

Tinker Will Not Quit

Joe Tinker, manager of the Cincinnatti baseball team, when asked regarding rumors that he intended to resign because of criticism over the standing of the team in the race for the pennant, replied he would not quit "under fire" He admitted that there was some friction between himself and others concerned with the management.

Some Record Long Games

The record breaking performance of "Bunny" Hearne at Jersey City has led to much delving into statistics. His achievement in holding the Skeeters scoreless for twenty innings is generally recognized as a record, but there have been other games almost as famous.

The longest games in the National League have gone twenty innings, there being two such. Cincinnati batted to a 7-7 tie for that many innings on July 30, 1902 and on August 24, 1905, Chicago beat Philadelphia, 2 to 1, in a twenty inning struggle.

The longest professional game on record was that between Decatur and Bloomington of the Three-I League, on May 31, 1909. Decatur won by a score of 2 to one in twenty-six innings.

The longest amateur game on record was played at Cleveland on July 4, 1907, when the Brooklyn Athletic Club and the East End All-Stars played thirty innings, the Brooklyn A. C. winning by a score of 4 to 1.

The longest game on record in point of time was played at Carrolton, Ky., during the season of 1868. The game started at ten o'clock in the morning and was called at six o'clock in the evening. There is no record of the number of runs scored.

A world's record no-hit contest was played at Winchester, Ky., on May 10, 1909, when, in a Blue Grass League championship game, Winchester defeated Lexington, 1 to 0. The game went seventeen innings and not a single hit was made off Toney, the Winchester twirler, who fanned nineteen men. Toney afterward went to the Chicago Cubs but failed to make good.

THE RING

Ritchie and Welsh

Vancouver, Aug. 18—That Willie Ritchie will remain here until September 20, and meet Freddie Welsh on that date in a bout was announced tonight from the headquarters of the local syndicate promoting the match. Welsh expects to be fully recovered from his injury within the next fortnight and articles will be signed this week and forfeits posted for the title about the latter par of September.

MORE EXPERIENCED GIRLS FROM CENTENNIAL GROUNDS DEFEAT THE ABERDEENS

The first of a series of three games was played Monday afternoon on the Centennial basket ball grounds between the Centennial girls and Aberdeen girls' teams. The players were:

Aberdeen:—Centre, Margaret Higgins, captain; forwards, Olive Prince and Gladys Wanamaker; defence, Margaret Nodwell and Myrtle Grant; centre, Sadie Cohen; forwards, Dolly Wiezel, captain; Rosie Wiezel; defence, Celia Cohen and Minnie Hoffman.

The game started at 3.30. T. S. Hill was referee. The first inning lasted fifteen minutes and the score was: Aberdeen, four, Olive Prince and Gladys Wanamaker each making a goal; Centennial, six, Dolly Wiezel making four and Rose Wiezel making two.

A rest of fifteen minutes put the teams in good trim for the second inning, which resulted in Aberdeen, two, to Gladys Wanamaker; Centennial, eight, Dolly Wiezel making six and Rosie Wiezel making two.

The total score was: Centennial, fourteen; Aberdeen, six.

The Centennial girls have had three or four seasons' experience on the basket ball grounds, and are taller girls than the Aberdeens. They have had only one season's training.

The game was well contested. The Aberdeen girls showed alertness and eagerness, but lacked the skill of experience; but they made an excellent struggle for their position. The Centennial girls played with more coolness in the first inning, but in the second the fierceness and swiftness of their younger opponents told on them, and when the whistle was blown they felt they had won a hard fought game.

This has been the first opportunity for a game between the girls of the different playgrounds and it was very interesting to note the good spirit of rivalry for good sport.

THE VICEROY OF VAUDEVILLE

E. F. Albee Premier of B. F. Keith in That Kingdom

SKETCH OF HIS CAREER

Creator, Too, of the United Booking Offices — A Princely Gift as One of His Rewards—Keenly Interested in New St. John Theatre

Styling him the "Viceroy of Vaudeville," the New York Dramatic Mirror publishes a picture and the following sketch of E. F. Albee, of Keith & Albee, who are building the Imperial Theatre here. Mr. Albee has made several visits here in this connection and is devoting personal attention to making the new house of the best. The writer is Walter J. Kingsley. His article follows:

Great men of action and conquering captains of industry are invariably geniuses in selecting their chiefs-of-staff and the personnel of their executive organizations. When B. F. Keith selected Edward F. Albee to be his premier in the Kingdom of Vaudeville he proved himself to be as shrewd a judge of men as was Emperor William when he placed the reins of German government in the hands of Bismarck, and Lincoln when he turned over the Union forces to Grant. E. F. Albee has never known defeat in his innumerable business campaigns.

Since 1891 he has been in full charge of the enormous interests of B. F. Keith, and today, besides carrying that vast burden of responsibility, he is the general manager of the United Booking Offices which control all first-class vaudeville, the pick of the popular-priced houses, and are the clearing house for "big time." B. F. Keith is the King of Vaudeville, but E. F. Albee is the Viceroy. He rules over a magnificent business and artistic kingdom. From his offices in the Putnam Building, at 1493 Broadway, E. F. Albee is in actual touch with everything in first-class vaudeville from New York to San Francisco.

The payroll of the theatres composing the United Booking Offices averages more than $500,000 a week during the season, and thousands of artists are regularly employed at salaries ranging from $200 to $3,000 per week each. The staff of experts gathered around Mr. Albee in the Putnam Building is composed of the highest salaried men in the amusement business. Mr. Keith and Mr. Albee believe in good salaries for good men, and secure the top-notchers and hold them loyal by generous pay. There is no grafting or petty looting in the United on the part of booking men or managers, as the rewards of honesty are too large to permit of temptation to wrongdoing.

Edward F. Albee is a Yankee — a typical Down Easter to the manner born. He hails from Machias, Me., coming from the best Puritan stock. His ancestors were distinguished border soldiers in the French and Indian wars, and several Albees won wide fame in the Revolution and the War of 1812. It was off Machias that the first naval engagement of the Revolution was fought, an Albee being prominent in the sea fight that resulted in lowering the British colors. Mr. Albee is the son of Nathaniel S. Albee, for many years a prominent shipbuilder of Machias and later a resident of Boston, of which city he became an honored public official. Born in 1860, Mr. Albee attended the excellent public schools of Boston until 1876, when he joined P. T. Barnum and became a circus expert. In a short time he became known nationally as a showman, and until 1883 traveled each season on the road with one or other of the big circuses.

In 1883 he entered the employ of B. F. Keith in Boston as manager of the old Gaiety Theatre and Musee. Mr. Keith was then beginning to work out his ideas for cleansing and elevating variety which resulted in the glorified vaudeville of today. Mr. Albee caught his employer's enthusiasm and set himself to work to master every detail of theatricals. He assigned himself the task of mastering all that had been done theretofore and upon this basis creating a new field of amusement for the American public.

As manager of the Gaiety, he staged and produced light operas for the Gaiety Opera company, thereby winning a reputation that still persists as an operatic producer. This company was wonderfully successful. Meanwhile Mr. Albee studied house construction, theatre decoration, stage equipment, the technique of house operation, and kindred subjects. The result was that he soon became a finished technician of the theatre. His perfect taste in decoration and furnishing is shown in the great Keith theatres, all of which he supervised in construction and outfitting.

For Mr. Keith the young lieutenant supervised the building of the magnificent Keith theatres in Boston, Providence, Philadelphia and elsewhere. Mr. Albee watched every brick laid and studied every detail of construction of these houses, which established a new era in theatre building in this country. After the houses opened he remained with them until they were running like watches. Some years after Mr. Albee had risen to be the Keith general manager the magnate presented him with the magnificent Keith's Theatre, Providence, as an outright gift. It was a princely reward for incomparable services.

It was E. F. Albee who created the United Booking Offices, which, next to the changes worked by B. F. Keith, is the greatest blessing that ever came to American vaudeville. The U. B. O. has made "big business" out of vaudeville and given the business the dignity of railroading, banking, or steel making. E. F. Albee is in his prime and still the busiest man on the Rialto.

FORMER NEW BRUNSWICKER, WITH GOLDEN KEY, OPENS CANADA'S FINEST STORE

Hudson Bay Company's New Place in Calgary Starts Business With Much Ceremony

Calgary, Alta., Aug. 19—Calgary was yesterday the scene of one of the most interesting ceremonies ever witnessed in the Canadian west, when Hon. G. H. V. Bulyea, lieutenant governor of Alberta, formerly of New Brunswick, formally opened the mammoth new stores of the Hudson's Bay Company in this city, the first to be built under the great company's new mercantile policy which began with the appointment of Herbert Burbidge as stores commissioner a year or two ago.

In honor of the occasion a guard of honor and an escort were provided by two of Calgary's military units. All the streets leading to the new stores were thronged by great crowds who later pressed into the new building to inspect it in detail. The store itself was beautifully decorated.

A little after noon the lieutenant governor was escorted from his hotel by a troop of the 15th Light Horse. A guard of honor from the 103rd Regiment (Calgary Rifles) was drawn up with the brass band on one flank and the bugles on the other. His Honor was handed a solid gold key, bearing the coat of arms of the Hudson's Bay Company, by John Coles, of London, a director of the company who came out especially to represent Lord Strathcona. The governor then made a few remarks after which he inserted the gold key in the lock and formally declared the great store open. An elaborate luncheon was then served in the majestic Elizabethan dining room of the new store. Some four hundred guests attended. When the special party of invited guests sat down to luncheon the general public were admitted to the store. Nothing was sold on the opening day and the immense throngs spent their entire time going over and inspecting the great emporium. The entire staff of 600 employes were, at their places answering questions and otherwise seeing to the comfort and convenience of the patrons.

The new store which is the finest in Canada, occupies a frontage of 250 feet on one of Calgary's principal business corners. The total floor space occupied by the six stories is 82,500 square feet. The structure is built of solid steel with white terra cotta facing and contains every facility known to the modern store on this continent, such as children's nursery and playground, rest room "rendezvous" or meeting place, restaurant and cafeteria.

Last evening a banquet was held at which the managers of all the Hudson's Bay Stores in the west were guests. It was in the nature of a family gathering and the invitation list had been restricted to officials of the company only. A feature of this banquet was the presence of fur traders from the company's most accessible posts.

One of the most interesting incidents in connection with the opening was the hiring of the entire street car system of Calgary by the Hudson's Bay Company for the afternoon.

A COMPLICATED HORSE TRADE ON THE ST. CROIX

As a Result, Calais Man is Fined for Intoxication and Customs Men Are Appealed To

Calais, Aug. 19—As a result of a horse trade entered into on Friday evening, a Calais man found himself before the court on Saturday, charged with being intoxicated. It appears that a man from St. Stephen met the Calais man and "shifted" with him, giving him a New Brunswick steed which had been brought across the line rather informally. The Calais man also got $10 in "boot." Later the Canadian decided that he would get into trouble with not only the cutsoms officials, but with the real owner of the horse, which belonged to a friend, so he sought the Calais man and wanted his steed back; but the latter was satisfied with the trade and declined to surrender the animal.

Just what transpired afterwards is a matter for conjecture, but the Calais man declares that the St. Stephen trader and his friends committed an assault upon him and also robbed him of a sum of money. He told his troubles to the police and was locked up for being intoxicated. After hearing the evidence of the officers and the accused, Judge Pickard decided that the charge of intoxication had been proven and he fined the citizen for the offence. An appeal was taken. In the meantime the matter of bringing the horse across the line was adjusted with the customs authorities, the steed being returned to its own country.

LABOR UNION OF DOCTORS; ANOTHER ONE OF POLICE

Suffragettes Have Added Greatly To The Work of the London "Bobbies"

London, Aug. 19—The British Medical Association, at its annual meeting, seriously debated the advisability of organizing as a labor union.

Recently the official organ of the association was mulcted for heavy libel damages for calling a practitioner a quack. Insomuch as, under a recent decision of the British courts, the funds of a labor union cannot be touched for such damages, the doctors felt that the reorganization of their association into a labor union would not be without certain advantages.

The police are contemplating the formation of a labor union to be called the Amalgamated Society of Policemen. Letters appear every week in the police organ, citing grievances and suggesting the formation of a union as the first step towards their correction. One of the chief worries of the police is due to the suffragettes whose activities have added greatly to their overtime, for which they get no extra pay. Recently the force has been increased in order to give longer vacations, but the men feel that their lot is still cast in hard places.

THINK THEY HAVE IRON FIND IN SASKATCHEWAN

Prince Albert, Sask., Aug. 19 — Frequent reports have been made by prospectors that Northern Saskatchewan contains rich deposits of minerals and that time will see them fully developed. A company known as the Prince Albert Mining and Development Co., has been incorporated recently with a capital of $100,000 for the purpose of working what is described as a rich deposit of iron ore a few miles northwest of the city. The company have obtained from the government a lease of 1,200 acres of land. That an iron bed exists somewhere on the property there is abundant surface evidence in the thick ferric deposits which cover the ground in the neighborhood of several springs bubbling all around and in the bed and on the banks of the creek which conveys their outpourings into the North Saskatchewan River.

Samples of these deposits have been forwarded to Toronto and to the assayer who reports as follows. Surface sample 28 per cent. of iron. A specimen from the bed of the creek is assayed as containing 36 per cent., and one from the springs as high as 50 per cent.

A TAMMANY LEADER

Senator J. J. Frawley, a dominant power in Tammany Hall politics and the able lieutenant of Murphy, who led the fight in the life and death struggle between Tammany Hall and Governor Sulzer.

FORMER WARDEN OF CHILDRENS' AID SOCIETY IS BEFORE COURT

Vancouver, Aug. 19—Henry Holloway, formerly a warden of the Children's Aid Society of Winnipeg, was in the police court yesterday to answer a charge of seducing one of his wards, Emma Lynch, a girl of 18. No attempt was made to hear the charge and the magistrate fixed bail at $10,000. Holloway, is about 43 years old, and has a wife and child in Winnipeg.

PROVINCIAL HORTICULTUREIST WEDS

Raymond P. Gorham, of the horticultural branch of the provincial agricultural department, was married at Joliette, P. Q., last week to Miss Marie J. Tanner, youngest daughter of Mr. and Mrs. Henry Tanner, of Joliette. The bride was the recipient of a number of beautiful and costly presents. Mr. and Mrs. Gorham will reside in Fredericton.

He Needed It

"What's the matter? You look fearfully despondent today." "No wonder. My aunt has just told me that she is going to leave her money to some deserving charity." "Oh, is that all? Cheer up, old man. You'll probably get it, for I don't know anyone deserving charity more than you."
