THRASHING MACHINES.

LETTERS PATENT.

TIME AND LABOR SAVED IS MONEY EARNED.

THE subscribers having secured to themselves the exclusive right of manufacturing, and vending to others to use within the territory of Upper and Lower Canada,

SEVERANCE'S CELEBRATED IMPROVED HORSE POWER & THRASHING MACHINE,

one of the most valuable inventions and improvements ever invented by human ingenuity, respectfully inform the public, that they have just completed a new and extensive Factory on Wellington Street, Saint Henri, where they are now prepared to manufacture, on the shortest notice, the above celebrated machine, and to supply the trade with machines, they trust, equable them to supply the wants of farming community of Canada, and the European market, with machines that will thresh and clean more grain in a day, with less expense and with greater clean ness, than any other known invention, only excepting steam power. We feel bound to say to our friends, and to the public, that we are quite prepared to furnish those in want of Threshing Machines with an article superior even to those heretofore received by us.

Our long experience in publicity, and the very liberal patronage we have enjoyed in the sale of our machines, and subsequent with a constant desire to improve, and to render them still more full to excel all others, caused us to watch carefully all the improvements that could be made from time to time, in our machines, and we have made from time to time, in our machines, and we have made them, not only for durability, reduction of cost, and economy by say 10 per cent, but we have made our machines perfectly cleaned, fit for the market, and fit for use.

All orders addressed to us, or our Agent, Wm. Johnson, will be promptly attended to.

Machines shipped to any part in Canada, and every one warranted to be as good as represented.

Liberal terms of payment will be given.

B. P. PAIRE & CO.

Whereas, Letters Patent were issued, bearing date March 8, 1848, and March 8, 1849, in the public name of Joseph Paire, sen., inter, or engaged during any month in active, in all infringements will be dealt with according to the law of the land.

All persons in Canada, Sold, will be accompanied by a Deed signed by B. P. Paire, the owner of the right, giving the purchaser the right to use or vend, for a term, the Patent, Patent Right, and Machine.

B. P. PAIRE,

Montreal, July 1, 1851. 374

449

TO C. LAROCQUE, ESQ.

SIR,—In compliance with your request, I now cheerfully give my opinion of the Plantagenet Waters, with which request I have hitherto declined compliance until I could speak from experience of their virtues.

I was one among the first Medical Practitioners in this city to use these Waters, about three years since, and to recommend them to the use and notice, not only of my patients, but of my professional brethren; and I have much pleasure in saying that my sanguine expectations respecting them have been more than realized.

The chemical composition of the Plantagenet Waters, as Mr. Hunt's analysis shews, is a valuable one, combining in rational proportions most of the saline compounds of the human blood. I have found these Waters most useful in gastric, enteric, hepatic, and nephritic affections, and in some forms of dropsy. From the rare and valuable combinations of Iodine and Bromine which they contain, and their consequent action on the lymphatic system, I have found them useful in Gout, Rheumatism, Scrofula, and Calcareous diseases. It is worthy of remark, that during the prevalence of the Cholera in this city in 1849, I used and recommended them extensively, and their powers seemed to be prophylactic against that pestilence, as not a solitary case of cholera occurred to my knowledge where a systematic use of the Plantagenet Waters had been made. I am frequently in the habit of prescribing them either alone or as a valuable adjunct to other remedies.

WM. MARSDEN, M.D.,
No. 5, Anne street.

Quebec, 23d September, 1851. 449

Analysis of the Water of the Georgina Spring.

I have made a careful quantitative analysis of a quantity of this Water sent me by the Proprietor of the Spring, Captain Kane. It is a Saline Water, containing earthy Carbonate, with portions of Bromide and Iodide, thus resembling the Plantagenet Water, from which it differs chiefly in the presence of a portion of Sulphate, which are not often met with in Waters of this class in the Province. It has a specific gravity of 1008.78, and contains in one pound avoirdupois, the affixed quantities of the following substances:—

| | |
|---|---|
| Chloride of Sodium | 66.22000 |
| Chloride of Potassium | .72800 |
| Chloride of Calcium | .31003 |
| Chloride of Magnesium | 2.45932 |
| Bromide of Magnesium | .06916 |
| Iodide of Magnesium | .01904 |
| Sulphate of Lime | 1.28500 |
| Carbonate of Lime | .03600 |
| Carbonate of Magnesia | 2.54016 |
| Carbonate of Iron | Traces |
| Silica | .14200 |
| | 76.87015 |

T. S. HUNT,
*Chemist to the Geological Commission.*

Office of the Geological Survey,
Montreal, May 26, 1851.

Having compared T. S. Hunt's, Esq., analysis of the Mineral Water of the Georgina Spring with the analysis made by me, of the Plantagenet Water, I find the results to be, that the Water of the Georgina Spring contains all the important ingredients of the Plantagenet, with the addition of Sulphate of Lime, which is in no other mineral water of Canada.

I have delayed giving my opinion of the efficacy of the Georgina Water, in order that an opportunity of the analysis might be afforded to the public, as I have witnessed its beneficial effects in many cases. I have witnessed its efficacy in Gout, Rheumatism, Scrofula, and gastric disorder, and have no doubt, if its agreeable qualities will be duly appreciated by the public, it will be found to be a valuable addition to the Materia Medica, as any other Mineral Water now in the Province.

W. E. SCOTT, M.D.,
Lecturer on Materia Medica, Medical School, McGill College.

Montreal, August 19th, 1851.

W. E. BOWMAN, McGill Street, sole Agent for Lower Canada.

JUST RECEIVED, at the Caledonia Depot, A FRESH SUPPLY OF Hunter's INTERMITTENT SPRING WATER.

JUDSON'S
CHEMICAL EXTRACT OF

CHERRY AND LUNGWORT,

FOR THE CURE OF

Coughs, Colds, Hoarseness, Spitting of Blood, Night Sweats, Asthma, Liver Complaints, and

CONSUMPTION.

THE most severely marked and developed cases of Pulmonary Consumption, where the lungs have become diseased and ulcerated, and the case so nearly hopeless, as to have been pronounced by Physicians and Friends to be a case of incurable, and at times almost threatened to be dying, have been cured by this wonderful remedy, and are now as well and hearty as ever. It is a compound of the Cherry and Lungwort, which are peculiarly adapted to and essentially necessary for the cure of

COUGHS AND CONSUMPTION.

Its operation is mild, yet effectual; it loosens the phlegm, which renders it more difficult, relieves the cough, and enables nature to expel from the system all diseased matter by expectoration, restoring to health and vigor the patient, who was, and this, after the pronouncing of the very best medical men, and the unanimous of kind and sorrowing friends and nurses, have resorted to give the Cherry and Lungwort a trial, and have suffered

THOUSANDS OF CONSUMPTIVE

persons have been deceived repeatedly in buying medicines, which promised to be equally cures, but which have proved only palliatives; but the medicine is not only a palliative, but a cure for incurable lungs. It contains no deleterious drugs, and one trial will prove its superiority over all other medicines. It contains no narcotics, or stupefying ingredients to cloud the mind, as many such medicines do, and which are so extensively used in curing Consumption and all diseases of the lungs, such as spitting of blood, coughs, pain in the side and breast, night sweats, &c.

About 1000 certificates of almost miraculous cures, published by the medicine, from some of the first men in Canada, Clergymen, Lawyers, Merchants, have been sent to the medicine, but the publication of them looks too much like a Quackery, (will show them to any person who call at our office,) and we have only to say, that we stand ready to do so even further wherever it is desired.

Caution.—This medicine is put up in a large bottle, and you must ask for the Cherry and Lungwort, Prepared by Comstock & Brother, New York, on the splendid wrapper around the bottle. All orders must be addressed to Comstock & Brother, No. 4, John Street, New York.
