The evidence taken that those witnesses who were entitled to vote on the separate school believed that they did sign the declaration required by law and as read to them by the chairman of the meeting. The justice of peace believed from the evidence before him that the charge was proven and imposed a penalty of ten dollars and costs. Notice of appeal was given.

A crowded meeting of the electors of the Clyde constituency of the Pembina Siding was held at the Dungannon Schoolhouse on Friday, the 25th of February, for the purpose of organizing a farmer's independent political association. John McLachlan occupied the chair during the unavoidable absence of S. S. McEwen owing to sickness. Albert McEwen was secretary to the meeting. The chairman opened the meeting with many humorous references, warming to his subject and emphasizing his opinions as to the pressing needs for reform in our legislation. Mr. Tracy, J.P., spoke forcibly on what he termed as the deficiences of the parliamentary representation of the constituency and mapping a course for the future direction of the electors. Mr. Hawkins, of Pickardville, spoke of the need of organization among the farmers and was followed by Owen Jones. Several speakers came some considerable distance, despite the inclement weather. These included Mr. Phillips, of Pickardville; Mr. Gibson, of Edison, and Mr. Tait.

All this discussion was based on the supposition of an early dissolution of the House. A resolution was passed endorsing Mr. Boyle's enquiry as to the legitimacy of the guaranteeing of the bonds of the Alberta and Great Waterways Railway.

Although the dance and valentine sale, held in Tring Schoolhouse on Friday, February 25th, was a splendid success as far as the social and financial sides were considered, it could scarcely be called a success in point of numbers, the principal cause being the absence of so large a proportion of the male population, they being delayed in the bush by the recent cold spell. The Women's Institute were grateful to the president, Mrs. Dale, for her tasteful decoration of the booths with colored bunting, hearts, darts and flags. The excellent variety of both comic and sentimental valentine post-cards, together with their exceptional value, made brisk sales. The auction sale of hand-made valentines was the most unique feature, and Auctioneer Dale drew the dollars from the deepest pockets. The eager buyers found the faq simile of their purchases adorning their fair partners when supper was served. All who were present pronounced the dance as being the best yet, while the songs given by Messrs. D. Smith, H. Barnes and F. Bennett were specially appreciated.

On Saturday, February 26th, the Women's Institute and the United Farmers met at the home of Mr. Humfrey.

At the conclusion of both meetings, the U.F. president called on the president of the Women's Institute to address a joint meeting. Her address was forcible and much appreciated. Mr. Weston was then called to the piano and while supper was being served he, with the assistance of Mr. Fred Bennett, of Marwayne, supplied appropriate music. An impromptu programme of music and songs, interspersed with dancing, filled a pleasant couple of hours. At the invitation of Mr. Goodall, both societies will hold meetings in his home on Saturday, March 26th.

A well attended and representative meeting of the electors in this locality took place in Dungannon School on Friday evening, February 25th last. Mr. McLachlan was appointed chairman and in a few well chosen remarks outlined the purpose of the meeting. After the chairman's speech the following resolution was passed: Moved by Mr. Tracy, seconded by George McLachlan—Resolved, that this meeting, being of opinion that it is not conducive to the best interests of the province in general and this electoral division in particular, to be governed by party, urges upon the electors the necessity of puting forward a local candidate from among ourselves who knows the requirements of the district better than parties from the city, and pledges itself to give him all the support in its power. Moved by Fred Myers, seconded by Charles Nelson—Resolved, that this meeting of electors of the Pembina riding of Alberta form itself into an association to be called the Farmers' Independent Political Association, and pledges itself to do all in its power to further the best interests of its members and the interests of the whole electoral division. Moved by Mr. Gibson, seconded by Mr. Tait—Resolved, that the Farmers' Independent Political Association of the Pembina constituency approve the independent stand that J. R. LLOYDMINSTER.

Bulletin News Service.

The meeting yesterday of the Lloydminster District Agricultural Society was mainly taken up with a prolonged discussion of the offer from the Lloydminster Athletic Association to lease the agricultural fair ground. The debate between the representatives of the two societies was a very lively one and at times threatened to become acrimonious, but some well-timed levity from some of the speakers cleared the air and relieved the tension. The offer for the athletic association was finally accepted and the ground leased to them for a period of ten years at a rental of $75 per annum.

The society decided not to hold a spring stallion show and that the annual exhibiton should take place in the summer, instead of the fall. The subject of prizes for the exhibition was discussed and the request expressed by the Marshal Agricultural Society for amalgamation with the Lloydminster Society was considered and referred back for future discussion. With some minor business details disposed of the meeting closed. S. Rackham, president, was in the chair, with H. Huxley, secretary.

Charlie Baker accomplished a record today by hauling up from his farm, twenty miles south, the biggest load of grain brought into the town this season on one sleigh. The gross weight on the town scales was 7,520 lbs., which means that he pulled in 6,450 lbs., or just 107½ bushels of wheat to the elevator. It took some scratching from his four big horses to get along Broadway, where the mild weather has cleared off a lot of snow.
