RAINY DAYS AND FINE ONES

The best thing about these new rain coats is that they're good, stylish and comfortable for any weather. Our ladies' rain coats were selected by our New York man not two weeks ago, and are positively the best yet. Some have half belts at the back, others full belts; tight or loose fitting backs o[illegible]onts, [illegible]d some with tri[illegible]

Any [illegible] pay, for $5 to $18 all [illegible]od quality, in different lengths.

LADIES' HATS AND FURS

We've got a dizzy stock of catchy New York and Paris Ladies' Hats which cannot possibly be duplicated in Canada. They were just recently sent to us by our representative in Gotham, and are practically the same as are being worn on Fifth Avenue to-day. Visitors and citizens should not overlook the big new show rooms.

ORILLIA'S POWER PLANT WAS A GOOD INVESTMENT

Revenue of $21,237 From Water, Light and Power, Cost Being Only $7500.

The September issue of The Canadian Engineer and Electrical Science Review has an article on "Orillia Power Development," which is a strong argument in favor of civic ownership. More than twenty years ago a private company built waterworks, which were taken over by the town in 1883. In 1887 electric lighting was introduced. The waterworks and electric light were operated by steam power till the electric power plant now in successful operation was installed.

The Canadian Engineer then tells of the harnessing of the Ragged Rapids on the Severn nineteen and one-half miles from Orillia, at a cost of $75,000, by which it was expected 800 horse-power would be developed, but the tail race was defective and that amount of power was not available. The revenue derived from the various services operated by electricity is: water, $5000; light, $9700; power, $6537, total, $21,237. The cost of running the works, with repairs, is about $7,000, adding to which the interest on investment, leaves a profit of from $000 to $1000 on present capacity. In addition the town has its street and municipal building lights free. The flat rate for residences is 25c per month for each 16 candle-power lamp; for stores, hotels, halls and churches 35c per month. When ten or more lamps are installed the current is supplied on a meter basis at the rate of 13c per thousand watts. On all these there is a discount of 20 per cent for payment within ten days of presentation of the bill. Fifteen cents a month is the rental charge for the meter. The charge for power is $15 per horse-power per annum.

SWUNG TWO DAYS.

Houston, Texas, Sept. 10.—A man, giving his name as George Faust, his occupation cotton buyer, and his address simply as England, is locked up in the city jail pending the possible discovery of friends to assume his care. He was taken from a lawn swing in front of one of the principal residences of Houston to-day by the police. For forty-eight hours the man resisted all attempts to dislodge him from his swaying seat. Without food or drink he persisted in retaining his place, gently swinging himself to and fro. When finally removed he was almost starved and so weak that his resistance was easily overcome.

AIRSHIP'S PROPELLER BREAKS.

Widewater, Va., Sept. 10.—Prof. Langley's airship was disabled again this afternoon by a wreck of the starboard propeller, which broke under pressure of its own velocity, one of the blades dashing against the frame work and doing considerable damage. The blade whirled thru the air at a fast rate, barely missing several men on the deck of a tugboat. Prof. Manly, who was in the car, at once had the machine placed inside. The structural weakness which this second accident indicates may require much work to remedy before a launching is attempted.

Canada's Imports.

London, Sept. 10.—The Board of Trade returns for 1901 have been issued, showing the imports from foreign countries by the colonies, and giving Canada's imports of this class at £28,821,000. Newfoundland's at £473,000.

Died in Windsor.

Windsor, Sept. 10.—Thomas Henry Metcalfe, aged 63, is dead, at the home of his daughter, in Walkerville.

FAIR BOARD MAKES GOOD PROMISES TO DOMINION

Every Obligation Imposed by Government Will Be Fully Carried Out.

Complaint is heard in some quarters that the Industrial Exhibition Association did not take pains to invite exhibitors from distant points in Canada, tho the grant from the Dominion government was given on condition that the exhibits should be brought from all parts of Canada. The World saw Secretary Orr, who explained the terms on which the grant was made.

The grant of $50,000 by the Dominion government was given on the understanding that it should be devoted to the equalization of freight rates, to an exhibition of the process of manufacture, to cover the increased cost of management, for special prizes and for advertizing outside of Ontario. The association laid down the following rules governing freight rates: On all exhibits within 100 miles of Toronto to be paid by exhibitors; the excess of freight over 100 miles to or from Toronto, and extending to Montreal, on the east and Port Arthur on the west, both inclusive, will be paid by the association; all freight east of Montreal and including the Maritime Provinces, also from west of Port Arthur, will be paid in full by the association.

Exhibitors claiming rebates are required to apply to the association for certificates, which must be signed by the station agents of the respective exhibits showing that the exhibits were returned home. This regulation was deemed necessary to prevent exhibitors from bringing their stuff here and disposing of it, taking advantage of the promised rebates in order to get cheap transportation. To this feature of the arrangements some objection is heard. But the association authorities say that every exhibitor was notified before he came here that the certificate of the station agent was required before the rebate would be granted.

The prize list provides that an increase of 20 per cent. in all classes be paid to prize winners, but the directors have decided to make it 25 per cent.

Dr. Orr says the pledges of the association will be carried out to the letter, and that intending exhibitors were made acquainted with all the conditions.

BURIED BY ELECTRICITY.

New York, Sept. 10.—"I wish to be buried the day after I die, and I want the funeral to take place at night," was the last request of Mrs. Joseph C. St. John, who died Tuesday morning at her home in Hackensack, N.J. In accordance with this request her funeral services were conducted Wednesday evening. The body was lowered into a temporary vault lighted by electricity. Connection had been made with one of the street wires and a tap wire led to the vault, about which were placed numerous incandescent lights. Only members of the family witnessed the interment.

JACK THE SPANKER FINED.

Boston, Sept. 10.—William Atkinson, a well dressed, well spoken man of dignified deportment, was arrested yesterday and fined $25 for spanking women in the street.

Front Fork Broke; Rider Dying.

Saratoga, Sept. 10.—Hiram W. Hayes, superintendent of the Empire Spring Company, started yesterday afternoon on his bicycle for a trip to Saratoga Lake. Later in the day he was found lying unconscious near the foot of a hill. The front fork of his wheel had broken. He has concussion of the brain and a fractured skull and will probably die. Mr. Hayes is sixty-five years old.

YORK COUNTY AND SUBURBS

Mayor Won't Suspend Street Commissioner, Pending Investigation of Councillor Beatty's Charges.

TORONTO JUNCTION GUN CLUB SHOOT

Carlton Brick Yard Gets Big Contract—Highland Golf Club Record Broken.

Toronto Junction, Sept. 10.—Councillor M. Beatty to-day requisitioned the Mayor to suspend Street Commissioner Peter Moon. The two gentlemen met to-day, and the commissioner's language was not polite enough for the councillor. Mayor Chisholm states that he will not suspend the official. The charges made by Councillor Beatty at Tuesday's Council meeting will be put into writing, and on Monday night a meeting of the Board of Works will be held to deal with the matter.

The Toronto Junction Gun Club held the eleventh shoot of the summer series on the Keele-street grounds to-day. The high winds made the shooting very difficult, but some good scores were made. The next shoot will take place on the 24th inst., which will finish the series, and it promises to be very interesting, as several of the members are very close together. Following are the scores:

Shoot No. 1, at 25 birds each—P. Wakefield 24, G. W. Simpson 22, J. Maclachlan 19, C. Burgess 19, G. Mason 14, N. Stevens 13, H. Scott 13.

Shoot No. 2, summer handicap, 25 birds each—G. W. Simpson (21 yards) 22, C. Burgess (22 yards) 21, P. Wakefield (20 yards) 21, J. Maclachlan (19 yards) 18, D. J. Taylor (17 yards) 13, W. Stevens (19 yards) 13, H. Scott (17 yards) 13, G. Mason (19 yards) 14.

A. Russell, the assistant professional at the Highland golf links, yesterday broke the record of that course, which has heretofore been 80. Mr. Russell's score was: Out, 4, 5, 4, 5, 5, 4, 3, 5, 4. In, 4, 6, 5, 4, 5, 3, 3, 5, 5.

Duncan McDonald, an employe of the Canada Foundry Company, was arrested last night on a charge of stealing $6 from a fellow-employe. He appeared before Magistrate Denison to-day.

What promises to be an interesting lacrosse match will be played at the Island on Saturday. Weston and Shamrocks II. of Toronto Junction will play off for the intermediate championship.

The Consumers' Gas Company is laying a main on Maria-street.

A north-side brick yard yesterday got a contract for 750,000 brick from the Canada Foundry Company.

East Toronto.

East Toronto, Sept. 10.—Lodge Cambridge No. 54 S.O.E., met in regular session in Society Hall to-night. After the regular business was transacted, a game of carpet ball was played between two rinks skipped by Ernie Snell and Alf. Markle. A reception was tendered to Bro. W. H. Clay, secretary of the lodge, on his safe return from a visit to the Old Country. Mr. Clay gave a graphic recital of the incidents of his trip and of the people and places he had seen. Refreshments were served and a fine musical program rendered. Ernie Snell and others supplied the vocal music and A. T. Grant was the pianist. W. Marlor executed some patriotic and other selections with great ability.

The Hunt Club will hold a polo tournament on Sept. 14, 16 and 18.

The York Football Club will hold a meeting to-morrow (Friday) evening in the fire hall, Dawes-road.

James Lomas of the Kingston-road waiting room, has installed a telephone. It will be very convenient for many people.

Invitations have been issued for the first dance of the season by the "Pleasure Seekers' Club." The dance will be held next Tuesday night in Snell's Hall and will be held every two weeks during the season.

E. Larkin and J. Sands have gone to Brantford to superintend the installation of steam heating apparatus in several large buildings in that place.

Frank Young left last night for Houston, Texas, to work on his uncle's ranch, which is situated near that city.

Mr. and Mrs. W. Hinds, Gerrard-street, have returned from a pleasant two weeks' visit to friends in Belleville.

The power was "off" several times to-night on the Scarboro Electric Railway, necessitating the cars running on such time as they could. The traffic was very heavy to-day and the Exhibition visitors and others crowded every car going east until a late hour.

The fire at the Island attracted much attention in town to-night. The Main-street bridge was pretty well crowded about 9 o'clock with people watching the fire.

Thornhill.

County Engineer McDougall was in the village yesterday, endeavoring to forward the erection of the new bridge over the Don.

Dr. Cummings is a visitor at the home of Rev. T. Ball.

The young daughter of W. H. Wilson of Amber broke her arm on Wednesday. Dr. Carlton of the village was called in, and set the injured limb.

Mrs. Taylor of Toronto has returned from a visit to Mrs. Joseph Cox.

"Dan," an old favorite at the postoffice livery, broke a leg in his stable on Wednesday night, and had to be killed yesterday morning.

North Toronto.

Mr. William Brown, the town's assessor for so many years, is now paying a visit to his son, Councillor A. J. Brown.

The difficulty over a slaughter house belonging to Messrs. Sanderson Bros. of Erskine-avenue, Eglinton, will be settled by the Board of Health on Tuesday night next.

The clerk's office will be closed during the next two weeks, that official taking a well-earned vacation.

Considerable blame is being attached to the Bedford Park branch of the fire brigade for its tardiness in attendance at the recent fire. The firemen were very slow in making an appearance, and were not even acquainted with the place in which the hose is kept.

Locust Hill.

The many friends of Mrs. John Turner of this place will hear with pleasure that good hopes are now entertained of her ultimate recovery.

Undertakers Elect Officers.

The Myers' College of Undertakers and Embalmers concluded their annual meeting in the Temple Building yesterday afternoon, a very large number being present from different parts of the States and Canada. The following officers were elected for the ensuing year: C. J. Humphrey of Toronto, president; N. J. Boyd, Mitchell, first vice-president; J. C. Van Camp, Toronto, second vice-president; George W. Shonburg, Melbourne, Ont., secretary; Charles Bolton, Toronto, treasurer. The Executive Committee are W. Harrison, London; Wm. Foster, Scotland, Ont.; A. Broadfoot, Listowel; J. N. Taylor, Tillsonburg; A. Nelson, Cargill; W. C. Day, sergeant-at-arms.

Other members present were: W. E. Campbell, New Brunswick; Wm. G. Barrie, Brockville; E. W. Doolittle, Springwater, N.Y.; J. Mc. Farquhar, Toronto; M. D. Shea, Lindsay; N. B. Cobbledick, Brantford; N. H. Swartz, Jerseyville; J. Brady, Port Brunell; E. Campbell, Morristown; N. J. McNair, Tweed; C. H. Miller, Tonawanda; J. P. Brent, Flesherton; G. E. Simpson, Sault Ste. Marie; A. Hansley, Camden; G. T. Dowson, St. Mary's; N. Ball Clinton; T. J. Scruton, Toronto Junction; C. R. Bolton, Toronto Junction; J. Comstock, Peterboro; T. H. Nickle, New Liskeard; R. M. March, Dutton; E. Wilson, Tillsonburg; J. Roger, Atwood, N. Harrison, London; A. Watson, Stayner; G. H. Hubbill, Arnprior; T. B. Thompson, Fergus; T. G. Carscallen, Napanee; P. C. Kennedy, Waterloo; J. McQuillan, Roseneath.

Next Sunday With Friends.

The steamer North King leaves Geddes' Wharf at 3 o'clock next Saturday afternoon for a grand tour of the 1000 Islands, passing thru the Bay of Quinte, three hours at Alexander Bay. This trip affords opportunity for those whose former homes were in Port Hope, Cobourg, Brighton, Trenton, Belleville, Deseronto, Picton or Kingston to have the day with their friends and arrive back in Toronto 7 o'clock Monday morning. For further particulars apply to Webster's ticket agency, corner King and Yonge-streets.

Of Spreading Smallpox.

Williamsport, Pa., Sept. 10.—In court here to-day Dr. William L. Peet was arraigned on a charge of attempting to disseminate smallpox in the Village of Proctor. It is alleged that Peet urged people to call at a house that was under quarantine, and that he threw stones at a lantern kept in front of the house as a warning at night.

Your Country Cousin

POPE LEARNS BY DOING.

Dispenses With a Secretary and Gets at Heart of Things.

Rome, Sept. 10.—The Pope is really carrying out his intention to do all and to know all, and for this purpose he has not yet appointed a Secretary of State. While writing the encyclical addressed to the Catholic bishops thruout the whole world, which he turned over sheet by sheet to Monsignors Sardi and Galli to translate into Latin, the Pontiff was also employed in personally writing answers to diplomatic notes and attending to other political business which did not go into the hands of Monsignor Merry del Val, the acting Secretary of State. In this way the Pope, in less than two months of his Pontificate, has learned many things and is able to direct and carry out his policy which he is now quickly formulating.

MIRACULOUS ESCAPE.

Barrie, Sept. 10.—A bad wreck, fortunately unattended by loss of life, occurred near Waubaushene. The evening passenger train, No. 3, from Orillia to Midland, ran into an open switch when traveling about forty miles an hour. The engine and all the train, except one coach, left the rails and were overturned in the ditch. The engineer and firemen were buried beneath the engine tender and baggage car, but miraculously escaped unhurt. The place in which they were found was so small that it hardly seemed possible for two men to remain uncrushed therein. There were over forty passengers on the train, none of whom suffered any injury.

End of Strike Is Seen.

New York, Sept. 10.—The first break in the strike of the machinists in the shipping yards occurred to-day, when the Morgan Iron Works, known as the Roach Yards, announced that it will take back some of the men who have been on strike since June. Nearly a hundred men are employed in the yards. The men will go back at the former wages, which are not fixed, and on the same conditions which prevailed prior to the strike. Nearly a thousand men have been out in all the yards. It is believed by the employers that the break will lead to other employes seeking their old positions, and the end of the strike is foreseen.

COLOR LINE IN BUFFALO.

Buffalo, Sept. 10.—The color line was carefully drawn to-day when the Texas delegates to the Hoo Hoo convention, now being held here, assembled at the Hotel Vendome and found that a large part of the dining-room was occupied by negro delegates to the Foresters' convention, also in session here. The Texans held a hurried conference as to whether they should leave the hall in a body. It finally was decided to remain, but the proprietor was informed that the Texans wished to be assured that they would not be placed at the same tables with the negroes. This arrangement was made and trouble was averted. The negroes and Texans glared at each other from opposite ends of the dining-room.

SLANG NOT ALL BAD.

Norwich, Conn., Sept. 10.—Edmund Clarence Stedman gave out to-night the following signed interview on the question of introducing slang words into the dictionary:

"I suppose that three-fourths of the conversational words in the English dictionary were originally 'colloquial,' if not slang. I remember once writing that a feature of the language is that 'the solecisms of one generation are the classicisms of the next. Of course, this is an exaggeration, to make the point.

"English is expanding yearly, and may become the universal language by absorption of other tongues; and now and then some slang word, created by the people, is so racy that it is bound to get into the dictionaries, and well deserves to do so.

"As for three out of four of the breed, they are of the earth, earthy, and temporal, and my feeling about them is, when used by good writers, 'It is impossible but that offences will come; but woe unto him thru whom they come.'"

BEATS NEEDLE IN HAYSTACK.

Buffalo, Sept. 10.—Louis Frankowitch, who recently moved to this city, sent for his wife and son to join him, but failed to give them the address of his boarding house. He was late at the railway station and missed them. The wife and son eventually found a room for the night in a boarding house on Niagara-street. Meanwhile the husband searched for his family half the night and then went to his room. Early in the morning he arose to continue his search and about the same time his wife arose for the same purpose. At the moment Mrs. Frankowitch opened the door of her room the door on the opposite side of the hall opened and her husband emerged.

GOT EMBALMERS' DIPLOMAS.

The following candidates received diplomas from the Canadian Embalmers' Association yesterday: Ida B. Allen, Ottawa; N. J. Bellamey, Moosejaw; R. W. Blair, Hemmingford, Que.; H. The Greatest Fall Shipping Day

Saturday of second Exhibition week is probably the best fall shipping day of the season. This year it will be a bigger day than ever on account of the record number of visitors in town. Excursion tickets are good until the 15th. That gives a good clear Saturday for shopping. Everyone should take advantage of it by all means. We have recognized the importance of the day, and how much it means to those who have come to Toronto to combine business with pleasure. The programme for Saturday, as printed below, shows how fully we have realized it. We want you to come to the store tomorrow and become acquainted with us. Vast amount of difference here now to what you saw last season. We want you to see and realize what the growth of this store has been. That is why we make Saturday's offerings so particularly attractive.

$12.00 Overcoats, $5.95.

Now's a good time to become friendly with the Men's Store, as we call the Richmond Street wing, where everything a man needs to wear may be found in full fashionable variety. Saturday is men's day, the particular day in the Men's Store when men do most of their shopping and we try hardest to please them. To-morrow we have secured one hundred overcoats of the medium weight for fall, and we are going to sell them at $5.95. All we ask of you is to see them. If you see them you'll need them, and if you need them it's pure business to buy 'em.

You'll find our clothing the cream of the Canadian production.
