the division of the honors of the charge. Gen. Strange told the story of the march of eight hundred miles of the third column from Calgary.

At Bear River on Wednesday, customs officers Maclaren and Bonness seized the brigt. Delina C for infraction of the customs laws. It is said that the latter made remarkably fast time, especially the return part of the journey, occupying, on the whole, something like two hours. The natives made it so interesting to him that he forgot to either feed or water his poor horse, his mind evidently being occupied [illegible]ving his scalp.

On Monday last the Rev. T. Fraser Campbell, who has been home on furlough after eight years of missionary service in India left by steamer for the distant field of his love and labour. He has employed the months of his sojourn at home most indefatigably in visiting the churches and awakening a deeper interest. He is to be accompanied back by the Rev. R. I. Murray, an accomplished young Nova Scotian from Picton, who is to be supported by St. Paul's, Montreal.

It is stated that there are two hundred Indians on the war path between Battleford and Swift Current. The mounted Police are off to Poundmaker's reserve to watch the course of events. If these copper-colored gentry have really unearthed the hatchet it is to be hoped they will get such a smell of powder with bullets behind it as to warn others from pursuing a similar course. We have yet to learn the cause for this new outbreak, if any. It is possible, though, that the news may be incorrect.

Terrible Grand Trunk Railway accident at Merritton, Ont., 10th inst. A swing bridge had been opened to allow a tug to pass through; the draw had been closed again but before it could be locked a train drawn by two engines came along, the swing portion of the bridge was slewed eighteen inches out of position, engines were derailed, and train thrown off. Driver Cox and Expressman Jennings were killed. At inquest held jury recommended that spring locks should be placed on all swing bridges.

It is stated that the Fredericton soldiers, as well as the St. John volunteers, will each receive 160 acres of land in the Northwest in consequence of their willingness to fight against Riel and his associates. In that case the Companies of the 73rd Battalion called out at the same time will share in this generous distribution of land. There is nothing certain in this rumor. The report grew out of the fact that the Prince of Wales Rifles at Montreal (who were in readiness to go to the front, but did not, like the Sussex contingent, leave their headquarters,) applied for the grant and, if successful, the success of those who were at Camp Sussex would be as good as assured.

Dr. Jack, President and Professor of Mathematics at the N. B. University, has retired on a pension of $1000 per annum. Dr. Harrison,—Professor of mental and moral science and English language and literature—a graduate of Trinity College, Dublin, succeeds him. Dr. Jack has been president of the university for 20 years and professor for 45 years. His predecessors in office were president Hea, who occupied the position for only the year before him, and Dr. Jacob, who was the first to act in that capacity. No appointment has yet been made to the chair of English, vacated by Dr. Harrison, Chas. G. D. Roberts, the only applicant having withdrawn his applicatton on being notified to-day of his appointment to the English chair in King's College, Windsor.

The St. John Cricket Club had a match with the Garrison Club of Halifax Thursday, and were defeated. The visitors made 202 runs in the two innings; St. John 138. During the week other matches have taken place. The Wanderers of Halifax defeated a team selected from the Halifax Provincial Battalion, on Tuesday, by a score of 156 to 45. The Halifax Garrison Club met and defeated the new Truro Club in one innings; score 133. Truro made 120 in the two innings. The new Truros defeated Amherst, at Truro. The former made 145 in two innings; the latter only 38. A match game of cricket is to be played in Montreal on September 14th and 15th, between the English champion cricket club of London, Eng., and the Montreal cricket club. A tight game is anticipated, as the Canadians have recently distinguished themselves by defeating the American team.

RIEL.

The Saskatchewan Herald is a Northwest paper and it does not take much stock in Blake's defence of Riel. It says: 'Mr. Blake recently occupied six hours of the time of the house of commons in an elaborate plea for Riel and a justification of the rebellion. It is composed very largely of extracts from documents of various kinds. Most of the extracts relate to demands Riel was making upon the government, but there is a noticeable absence of reference to his correspondence with Poundmaker, Big Bear, and others whom he incited to take up arms and apply the torch. For instance, he takes no notice of the letter to Big Bear, in which he thanks him for the 'good work' he did in the massacre at Frog Lake, and urged him to stir up the Lac la Biche and other Indians to take the field; nor of the one to Poundmaker in which he urged the killing of all the whites and the destruction of their property; nor yet the one in which he directed the capture of Battleford and the slaughter of all its defenders, promising the captives and all the supplies and ammunition in the place to Poundmaker as his reward. He does not trace the connection between these letters and constitutional agitation for the redress of the half breeds' grievances. He ignores the records of Riel and his council, and their success in inciting the Indians to committing the excesses they did. Whatever could be construed into an omission of duty on the part of the government was brought prominently forward; while of all that served to condemn Riel and his associates the speaker professed he had no knowledge.

WINNIPEG, August 5.—Riel has retracted his declarations against the church of Rome, which he made during the course of the rebellion, and has once more submitted himself to its authority. He signed a written retraction, which Rev. Father Fortier, of St. Boniface Cathedral, brought down with him to Regina yesterday. It is understood that he is preparing a more formal and lengthy retraction, which he is to submit to the Rev. Father Tourmond, of St. Antoine.

The independent Toronto *Telegram* asks the question, "Would the half-breeds have fared any better if the liberals had been in power instead of the Conservatives?" and answers it as follows: "The indications all go to show that they would not. The claims of the half-breeds did not raise after the Conservatives last took office. They arose at the time of the first rebellion, fifteen years ago. Since that time the Liberals were in power, but they failed to settle the claims of the half-breeds or remove the causes of their dissatisfaction."

The Montreal *Herald* goes to the root of Riel's case by saying:—"If he was justified in his action of 1869 that justification cannot extend to 1885. He had found himself at the mercy of the law and had experienced the clemency of the Crown. He had left the country to become a citizen of another nation: the grievances of the half-breeds did not touch him, and in making war against a country that had already once forgiven him and which he had abandoned, he must have understood that he was burning his boats behind him."

No Lady who delights in Flowers, and likes to see them do well and bloom abundantly, should be without HANINGTON'S Food for Flowers. Ordinary Packages 30c.—sufficient for 20 plants for one year.

The decided beneficial effect of **'Phosphorized'** Emulsion, in the treatment of female weaknesses, and nervous prostration, has given it a widespread reputation, and in every case the story is the same: "My health is so improved since using it," "I am like a new woman," that we do not hesitate to recommend it to everyone in need of a health restorer. Always ask for **Phosphorized** Emulsion, and be sure you get it.

It is surprising how quickly Hanington' Quinine Wine and Iron, acting through the Blood removes all Pimples and Blotches and produces a clear, healthy skin. See that you get "Hanington's," the ORIGINAL AND GENUINE.

Cossitt's Celebrated New Model Mowers, ONE AND TWO HORSE.
Cossitt's Ithaca Horse Dumping Hay Rake.
—AND—
McFARLANE'S CELEBRATED HORSE PITCHING MACHINE.

All Mowing Machines do good work when new. Some are made to sell quick and wear out quick, but COSSITT'S BUCKEYE MOWER is strongly made, runs EASY, WEARS LONG and will do GOOD WORK when any other Mower having done no more work is useless. The BUCKEYE has the STRONGEST, yet SIMPLEST system of gearing of any Mowing Machine made. There are only 4 gear wheels.

COSSITT'S RAKE

is acknowledged by all who have used it to be the *BEST* in the market. A BOY TEN YEARS OLD CAN OPERATE IT WITH EASE. It is simply constructed, and contains no part liable to get out of order.

Over 7,000 of Cossitt's Mowers and Rakes have been sold in this Province.

☞ Every Mower and Rake is fully warranted. ☜
