COMMERCE AND FINANCE.

Latest Financial News by Mail and Telegraph.

Finance Notes.

Commercial matters yesterday were largely at a standstill, owing to the elections in the States. Not only does Uncle Sam's holiday involve enforced idleness on all the exchanges throughout Canada, but commercial men are more or less shut out from the privileges of obtaining their cable news from the old country.

LOCAL MARKETS.

Reported by A. M. Hamilton & Son.

LONDON, Tuesday, Nov. 3.

Trade in grain was quiet to-day. The only change was in oats, which opened strong at 92c to 93c, closing at 95c to 96c. Wheat steady and unchanged. Provisions active; trade good; no change in values. Dressed hogs met a little better demand to-day, and sales were more easily made at $5 to $5 50. Beef quiet; price about the same. Vegetable market steady and unchanged. Carrots are offering pretty freely by the load, and bring 20c to 25c per bushel. Hay was easier; sales ranged from $10 to $11 50. Quotations:

EGGS—Fancy firm; 25½c to 26c.

The Dairy Markets.

INGERSOLL, Nov. 3.—Offerings at the cheese market to-day were 1,000 boxes September and 5,300 boxes October and balance. No sales.

Live Stock Markets.

EAST BUFFALO.

EAST BUFFALO, N. Y., Nov. 3.—Cattle—Offerings to-day, about 4 cars of fresh receipts of butchers' cow stuff and 10 to 12 loads of cheap quality, choice cattle and stockers holding over. The demand was light and feeling no stronger, and on cow and heifer stuff values are weaker. The trade is very draggy at $1 75 to $2 for common to fair cow stuff; a few good fat steers sold at $3 75, or about yesterday's values, closing slow.

Sheep and Lambs—About 8 cars of fresh Canada lambs came in, 3 loads of which were sold at $5 25 to $5 40, or at the value of yesterday. The balance held above yesterday's prices, and 8 to 10 cars of western sheep and lambs were among the fresh arrivals, while about 6 cars held over from yesterday; only a fair inquiry and but little speculative buying at yesterday's prices. Sheep are very slow at hardly as good prices as yesterday. Some choice 116-lb sheep sold at $4 35, and fat 82-lb sheep went at $3 25, and a bunch of fed Texas 81-lb sheep at $3 25. The market closed about steady at quotations. Eastern markets reported dull and slow.

Hogs—Fair inquiry to-day; receipts, 16 cars and 30 to 35 cars held over unsold; prices about steady. The York buyers bought the tops at $3 85, and lightweights sold at $3 70 to $3 75, while good packer grades sold at $3 to $4, and a few at $4 10; no choice heavy here; pigs slow, at $3 75 for best roughs, and stags unchanged; market closing only steady; most of the good hogs were sold.

TORONTO.

TORONTO, Nov. 3.—There was not much improvement at the Western Cattle Market today. Prices are still weak. Receipts were 52 carloads of fresh arrivals, and 10 loads of held over stuff. Altogether there were about 63 loads on sale, and these included 1,000 cattle, 500 sheep and lambs, 250 hogs and about 25 calves.

Cattle—Business was slow. Very few export porters are being landed; good shipping cattle sell slowly at from $3 90 to $4 20 per cwt. A deal of poor stuff is on sale and cannot find takers. Two dollars per cwt. was offered and refused for some miserable stock on track. Animals not tipping the beam at 1,200 lbs average, but coming close to it, sold for $3 40 to $3 50 per cwt. Those stockers taken for shipment were of the better class, small and lean animals finding few takers. Beasts weighing from 1,000 to 1,500 lbs average brought $3 50 per cwt, with some going a fraction over. Poor stuff changed hands at from $2 25 to $2 75 per cwt, according to quality. Good bulls and steers for feeding were sold at from $3 to $3 75 for steers, and $2 25 to $2 75 for bulls. In butchers' cattle the local demand was fair for choice cattle. A few extra choice beasts brought $3 70 per cwt, but the general price range was from $2 50 up to $3 60 per cwt.

Hogs—This is an off market. Nothing is wanted but first-class straight fat hogs. These fetch from $3 50 to $4 20, weighed off cars.

Sheep and Lambs—This trade was slightly more active on better sales at Chicago and Buffalo. The principal shipping trade is being done in lambs. Butchers' sheep brought from $3 50 to $4 50 per head, according to quality, and shipping sheep about the same. Lambs brought from $2 75 to $3 75 per head.

Milch Cows and Springers—There is no change to record in this trade. Pretty fair springers sold from $40 to $50 per head, with milch cows fetching from $30 to $40, under a moderate demand.

Calves—There is not much activity. Prices ranged at from $3 for poor animals up to $3 for good choice veals. Mostly sales were between $4 and $6 50 per head.

The Apple Market.

Reports from the old country say that many of the Canadian apples are arriving there this season in a bad condition. This is unfortunate, but future shipments will no doubt turn out more satisfactorily. A good many apples have already been shipped from Montreal this season, and last week the exports were 21,014 barrels to Liverpool and 8,900 to Glasgow, a total of 29,914 against 47,000 odd for the previous week. A cablegram received in Montreal on Wednesday quoted the English market 2s lower. J. McKittrick, of Liverpool, in his report, on apples of Oct. 17, says: "Arrivals this season so far have been very heavy, and, contrary to anticipation, prices realized have been very favorable, except some weeks when the fruit landed in exceptionally bad condition, due to the apples being quite unsuited for export. The total so far is 78,832 barrels, of which the bulk came from New York, and the whole consist of fall fruits in various stages of decay. The country trade, however, has been very good, and all have gone into consumption rapidly, and we are now wanting hard colored winter stock, which will sell well, as the demand is very strong. Canadian apples are now coming forward very freely, and much are in bad condition. Still the fruit is fine, and generally has left a good profit to shippers. Sales this week: Canadian—Culverts—7s 11d, 8s, 9s 6d, 10s, 17s 9d, 19s 6d, 16s 3d; Maiden Blush, 12s 3d, 18s 6d, 14s 3d, 12s 3d, 8s, 10s, 19s; Bellflouris, 7s, 8s 6d; Jennetting, 10s 6d, 7s, 11s 6d, 8s, 7s, 14s, 11s; Twenty-ounce, 17s 6d, 16s 6d, 15s 6d, 11s 6d, 17s, 15s 18s 6d up to 22s; Blenheim Pips, 17s 6d, 14s 6d, 17s 3d, 15s up to 22s 6d; Kings, 18s 6d, 15s 3d, 11s 6d, 13s 9d, 15s, 17s, 23s up to 25s 6d; Ribstons, 13s 9d, 16s 6d, 18s 6d; Fameuse, 16s 9d, 17s 9d; Glori Mundi, 15s 3d, 17s; Holland Pips, 14s 3d to 21s; Snows, 10s 3d to 19s 9d." The total receipts of Canadian apples for the week ending Oct. 17 were 6,612 barrels, and the total receipts of Canadian and American were 29,936. The total receipts in Liverpool this season to Oct. 17 were 78,832.

British Grain Trade.

LONDON, Nov. 2.—The Mark Lane Express, in its weekly review of the British grain trade, says: English wheats are in improved request at 1s advance on lots of fair quality and weight. Foreign wheats are held. The uncertainty regarding Russian exports has disturbed the market slightly. Russia has already exported 9,730,000 quarters of wheat, against 8,004,000 quarters at the corresponding time last year, so even if the Russian Government prohibits the export of wheat the trade will not be greatly affected. There is a demand for American spring wheat. American flour is also in increased request. Foreign barley is actively bought and prices have risen 1s. Corn has advanced 1s for spot and 1s 6d for December. Oats are strong and the market is advancing. Beans average 1s 6d higher. Peas are 9d and linseed 6d higher.

At to-day's market English wheat maintained the rise. Foreign was in demand and prices advanced 1s. Flour was firm, especially American. The reported Russian anti-export ukase excited the trade. Spring wheat, barley, oats and maize were strong at 2s advance. Linseed was is and rape seed 6d higher.

The Oil Market.

PETROLEA, Nov. 3.—Oil opened and closed to-day at $1 34½.

TO ADVERTISERS.

The Double Weekly WESTERN ADVERTISER is increasing in popularity and circulation with every number issued. It is printed on Monday and Thursday evenings, and orders for advertising will receive prompt attention if received not later than noon on the day of publication. All advertisements receive one insertion weekly. Now is a grand time to reach the farmers in all the Western Ontario counties. Positions are all choice, as advertisements are not bunched together on pages as in other publications. xt

SUCCESSFUL SUCCESSORS.

The Business of the Late W. L. Graham Continued by His Brothers.

The large and growing gentlemen's furnishings business hitherto conducted so successfully by the late W. L. Graham has devolved upon his brothers, Messrs. Charles M. and Walter E. Graham. Both are experienced in the trade, and Mr. Charles Graham has been connected with the store since its inception. Under their management this establishment is certain to retain the popularity it has enjoyed in the past. Its high reputation was gained by the superior excellence of the goods dealt in, special attention having been given to the procurement of that which was most adaptable to public requirements, and in this respect the firm of Graham Brothers will undoubtedly maintain the prestige of the establishment. All former customers who continue their patronage may be assured of finding the utmost satisfaction in dealing at 159 Dundas street, and a hearty welcome is extended to as many new ones as will favor the firm with a call.

A Word to the Wise.

Reason and Science admit that the irresistible craving for liquor, which causes a man to drink to excess, and makes of him an habitual drunkard, is a PERIODICAL DISEASE.

The organic decomposition of regular food produces the heat and gases which form the natural stimulant of the human system. Whenever a new supply of this natural stimulant is needed, hunger calls for it. But if the organism has been used to replace this natural stimulant—either partially, or, in some cases, almost completely—by an artificial one, by an alcoholic stimulant, then an uncontrollable thirst for alcohol calls for fresh supplies of the same, and takes the place of hunger.

Habit is a second nature.—The organism which has been accustomed to the action of artificial stimulant is placed in a state of suffering by the sudden cessation or discontinuance of said action. This suffering is caused by the want and the privation of an artificial stimulant which has not yet been replaced by the corresponding action of an additional portion of the natural stimulant.

These physiological laws were unknown to Medical Science until discovered by DR. H. H. DE PEYSTER, who has based upon them another discovery, a godsend to Humanity, his ANTIDOTE FOR INTEMPERANCE, known since 1878 under the name of THE FATHER MATHEW REMEDY, which has proved an unfailing cure whenever used according to the directions, and which should now be found in the office of every physician who claims to keep pace with progress.

W. T. STRONG, druggist, 184 Dundas street, keeps a full line of toilet articles.

MR. MEREDITH AND OTTAWA.

We have reason to believe that it was definitely settled at Ottawa Monday that Mr. W. R. Meredith will be taken into the Dominion Cabinet.

LONDON AND ENVIRONS.

—One of Prof. J. B. Watson's most entertaining lectures is "An Evening with the Scottish Poets," and will be delivered to-night in Victoria Hall. It scintillates with wit and humor.

A Comical Comedy.

The reputation of "The Two Johns" as one of the funniest pieces on the stage drew a big house to the Grand last night. It is a modernized version of Shakespeare's "Comedy of Errors," being supremely funny, and attains its end by keeping the audience in an almost uninterrupted roar of laughter. Of course the production hinges on the remarkable likeness of Peter and Philip Johns to each other and the ludicrous situations arising out of mistaken identity. John Hart and Quinn Philips assume these roles admirably. The whole company is above the average and some first-class specialty work is introduced. The performance of the Cassie sisters, in their artistic and graceful dancing was a genuine treat. Anna Eva Fay, the spiritualist, will be the great attraction Thursday.

PROGRESS IN SCIENCE.

A new extract of meat, called "oxin," is now being made into tablets in France. They are said to be as digestible as raw meat.

Scientists show that the mosquitoes of the Arctic region become more and more numerous the further they are beyond the northern range of the swallow and the martin.

An important discovery, by means of which ordinary soft steel can be readily used for all kinds of tools, has been made by a man in Pennsylvania. The process is still a secret.

An English astronomer has arrived at the conclusion that the age of stars can be determined by their color. Red stars are the latest formation, white next, and those of a bluish tinge the most ancient.

A simple and practical method of applying electricity to railroading has been invented by a French electrician. The steam engine used supplies the electric power to motors in each car of the train, and not to the locomotive proper. This relieves the tremendous strain on the driving wheels of the locomotive.

A recent improvement in making barrels consists in making each alternate stave of soft wood and somewhat thicker than the others. When the staves are put together and the hoops driven down, the hardwood staves are thus crowded into their softer neighbors, making a tight joint.

Nov. 3.		
Furnessia	Moville	New York

Thomas Flynn, of Milwaukee, Wis., a tanner, 60 years old, swallowed his false teeth Monday and choked to death.

The United States debt statement shows that the interest and non-interest bearing debt increased $4,025,527 50 during the month of October. Total cash in the treasury, $740,530,258 68.

The accounts in bankruptcy of Christie Murray, novelist, dramatist and actor, show his indebtedness to amount to £1,080 and his assets to £21.

A Swedish journalist named Undgren has arrived at Dunkirk, from Gothenburg, Sweden, having made the voyage in an open boat, the dimensions of which are: Length sixteen feet, width six feet. The journalist's only means of propulsion was oars. He will row to London and then return to Gothenburg.

You Take No Risk

In buying Hood's Sarsaparilla, for it is everywhere recognized as the standard building-up medicine and purifier. It has won its way to the front by its own intrinsic merit, and has the largest sale of any preparation of its kind. Any honest druggist will confirm this statement. If you decide to take Hood's Sarsaparilla, do not be induced to buy anything else instead. Be sure to get Hood's. d

Mr. Andup (who has just told the bill collector to call again)—"I had a presentment you were coming this morning. Do you believe in presentments, young man?" Bill Collector (putting the bill back in his pocket)—I do, sir, I had a presentment before I came that I wasn't going to get a cent out of it.

The dismal dirges of distressed Dyspeptics disappear under the curative influence of Burdock Blood Bitters, the best cure for all stomach troubles. ywb

"You have omitted one item," said the departing guest to the landlord. "What's that?" asked mine host. The bookeeper said good morning to me to-day, and you've forgotten to charge for it."

"I recommend B. B. B. for Stomach troubles," says Mrs. Lewis, of Winnipeg, Man. It cured me of Dyspepsia, Indigestion and Weakness.

At the ball—"What do you mean, sir, by your insolence?" What insolence are you talking about?" "Your insolence, sir, in permitting my daughter to cast loving glances at you."

Regular action of the Bowels is the foundation of health. Secure this and remove Constipation, etc., by using Burdock Blood Bitters.

The course of true love may never run smooth, but that fact doesn't prevent the lovers from striking a gate now and then.

Miss F. Williams, 445 Bloor street, Toronto, writes: "Have used your B. B. B. with great success for Constipation and pain in the head. I improved from the second dose."

When a young man is writing a love letter he should keep constantly before his mind how it would look in print.

Coming to London for One Day.

Prof. Dorenwend, the well-known hair goods manufacturer of Toronto, announces a one-day stop in London. He will be at the Tecumseh House on Thursday, Nov. 5, and have with him an unusually fine line of his famous hair goods. Every lady in London should see his fine lines of wigs, switches, bangs, etc., and gentlemen who are bald will find it time well spent to see his toupees and wigs. One day only. 80-ittzyx

"The World Gone Mad!" Wanted—the world to regain its reason and dyspeptics the use of their stomachs by the use of K. D. C.
