How Nervous Men Get Most Out of Life

(From "Successful Men.")

Every normal minded man wishes to get all he can out of life—but many man knows that he is falling far short. The successful man works, eats and plays with the keenest enjoyment, because his nerves are keenly sensitive. He tastes, hears, sees and feels all with the highest emotions of vigorous healthy nerves. As a consequence he has stamina, endurance and personal magnetism, which makes those near and dear to him, worship his manliness, chivalry and strenuousness.

Without keen, sensitive, well nourished nerves, such a man would be an object of pity, and not the brilliant success he is. All men should have well-nourished nerves, but if the blood and vital organs do not supply the chemical or substance known as nerve fluid, then the waste of the nerves is not renewed daily hourly as it should be. The nerves become exhausted, giving rise to such symptoms as trembling hands and limbs, cold feet and hands, melancholia, hysteria, timidity, nervousness, sleeplessness, dizziness, heart palpitation, pains in the back, headache, langour and weariness at all times. A most valuable nerve treatment, restorative in every sense, is to be found in the following prescription, emanating, it is said, from a brilliant and successful specialist on nervous ailments.

The treatment can be prepared in the privacy of the home and thus cause no one any embarrassment. Get at three ounces of syrup of sarsaparilla compound in a six ounce bottle. To this add one ounce of compound fluid balmwort, shake well and let stand two hours. Then add one ounce of tincture cardomene compound (not Cardamon), and one ounce of compound essence cardiol, etc., shake well and take a teaspoonful after each meal and one when retiring.

It is astonishing to feel the new nerve force the steadied nerves, and the control of every muscle in the body after using this. Overworked office men, and the many victims of society's late hours and dissipation will surely find in this the restorative, rejuvenating force they are sorely in need of. The ingredients are used in various prescriptions and any good druggist can supply them.

Hon. C.W. Robinson Presents Resolution for Reciprocity and Increase in British Preference—Opposition Leader in Effective Speech

FREDERICTON, N. B., March 23.

In the Legislature today Hon. C. W. Robinson, Leader of the Opposition, moved the following Resolution:

"This House desires to take this early opportunity of expressing its opinion that the ratification of the Reciprocity agreement, now before Parliament, would greatly promote the prosperity of the people of this Province; and

"Further Resolved, That it is desirable that there should be an increase in the British preference to fifty per cent of the general tariff."

Fredericton, N. B., March 23—No more effective speech has been heard in the assembly in years than that delivered by Hon. Mr. Robinson, the leader of the opposition, this afternoon. With incisive statements, in clear cut sentences, Mr. Robinson laid before the house striking facts, exposing the blundering recklessness, extravagance and partisanship of the Hazen ministry.

From his opening words until he sat down, after closing by moving that the house declare in favor of reciprocity and an increase of the British preference, Mr. Robinson, by keen thrusts, telling comparisons and sharp criticisms discomfited the government, and the government forces generally, as completely as he did Premier Hazen by a reference to that notorious Mayes affidavit.

Fredericton, N. B., March 23—The house met at 3 o'clock. Hon. Dr. Landry, in reply to Mr. LaBillois' enquiry, said that a bonus had been promised to W. W. Doherty for a flour mill to replace that destroyed in the recent fire at Campbellton.

Hon. Mr. Hazen presented a petition in favor of a bill to amend the act incorporating the Imperial Dry Dock Company.

Mr. Burchill introduced a bill to incorporate the Gatham Masonic Hall Company.

Mr. Bryne introduced a bill to authorize the trustees of school district No. 2 Bathurst, to issue $5,500 debentures.

Mr. Munro introduced a bill to authorize Woodstock to borrow $10,000 for permanent streets.

Mr. Byrne presented a petition in favor of a bill respecting the Caraquet & Gulf Shore Railway.

Hon. Mr. Hazen introduced a bill to amend Chapter 170 of the Consolidated statutes, 1903.

Hon. Mr. Hazen introduced a bill to amend the act respecting rates and taxes.

Hon. Mr. Morrissy introduced a bill respecting motor vehicles.

Dr. Bourque introduced a bill to amend the act incorporating the Kent Northern Railway Company.

Hon. Mr. Morrissy laid on the table papers regarding the Suspension bridge, as requested by Mr. Lowell.

The house went into committee of the whole with Mr. Munro in the chair, and agreed to a bill respecting the protection of woods from fire.

Further progress was reported in the bill respecting assignments.

The house went into committee, with Mr. Cyr in the chair.

The county courts act was amended so as to allow speedy judgment in a larger number of cases than at present; also that judges hold chambers in the shiretowns of counties of their circuit; also changes in the dates of Sunbury county court so as no conflict with York circuit.

Hon. Mr. Hazen, in reply to questions, intimated that a bill taking up the entire county court's act would probably be introduced at the next session.

A bill respecting the will of the late Lewis P. Fisher was agreed to with amendments and consolidating that bill with another relating to the same matter.

The bill respecting the Salvation Army was agreed to.

Hon. Dr. Landry and A. F. Bentley spoke and Hon. Mr. Morrissy moved adjournment of the debate.

RESTLESS BABIES

In nine cases out of ten, skin irritation is the cause. An occasional anointing with Zam-Buk balm, and the use of Zam-Buk Soap (25c. per tablet) in the bath will end the trouble. Wherever there are eruptions, rashes, chapped places, apply Zam-Buk. This herbal household balm is compounded from purely herbal essences, and is mild in its action. As scores of mothers daily testify, it is an ideal balm for the skin troubles of babies. Medical men and nurses concur. Zam-Buk is also so very useful in the family. Cures cuts, burns, skin troubles, eruptions, abscesses, ulcers, piles, eczema, and as a "first aid" preparation is without equal. All druggists and stores sell at 50c. box, or post free from Zam-Buk Co., Toronto, for price.

The anniversary celebration of Alexandra T. of H. last night was a distinct success, and a large number of members and their friends thoroughly enjoyed the programme, which was published in the Times.

ANOTHER LIE NAILED PROMPTLY

Standard's Misrepresentation of Commission—Aldermen's Betrayal of Trust—Stirring Meeting Last Night

Cedar Rapids, Iowa, March 22, 1911.

W. E. Anderson,

Secretary St. John Board Trade:

"Statement published in Standard that city is suffering from graft and mismanagement is a lie. City has lost nothing. Councilman's defalcation was made good. Bennett's letter fully explained circumstances. His quotation from local paper regarding seething mass of rottenness was simply given as comment and not his own opinion. This comment was gross exaggeration. Bennett authorizes statement that he does not countenance any antagonism to plan. Park commissioner's defalcation should be regarded merely as an incident liable to happen under any form of city government. Defalcation was possible because of fact that system here was in experimental stage and as vast amount of work which changed from old to new plan entailed many details were overlooked. Under present system of accounting evolved under commisison plan similar defalcations are impossible. The attitude of ninety-five per cent of the business men of Cedar Rapids—and fully that percentage endorse the plan—ought to be sufficient vindication of commission government. I confirm every word in my letter of February thirteenth, which reflects sentiment of every progressive citizen of this city.

LEW W. ANDERSON.

This telegram was read at a mass meeting under Trades and Labor council auspices in Keith's Assembly rooms last night, by Miles E. Agar, and made ample answer to the Standard's talk about Cedar Rapids.

Walter Allingham, president of the council, presided and announced that the meeting was open to speakers favorable to either system, but none apeared for other than the commission.

D. F. Pidgeon dealt with those members of the city council who voted yesterday for a royal commission to frame a charter for St. John—Aldermen McGoldrick, Vanwart, Willett, Sproul, Wigmore, Jones McLeod, Smith. It was a shameful example of betrayal of trust. He also read the names of those voting against the resolution and said that had Alderman Christie been present he would have voted against it also. Mr. Pidgeon said that instead of 200 business men whom it had been planned to send to Fredericton to ensure the passage of the commission plebiscite measure, 1,000 would go if necessary, as no meddling would be allowed with the city's affairs. In conclusion he gave some examples of results under present system making a comparison with the success attained by the commission plan. Reference was made to the lost 280 loads of stone, and two year hold-up of the west side transfer.

Miles E. Agar made an excellent address making telling points in favor of the commission plan. While it was true that the city's finances were sound, he would feel better satisfied if the bonded indebtedness was not so large. The present system of checking accounts was only brought about after protest from the citizens.

Alderman Potts opposed the income tax, personal tax and tax on improvements. The income tax was a burden to the laboring man, and the personal tax was the greatest curse known in a civilized country. The tax on improvements kept men out of work. He said that he had had a pledge of the majority of the aldermen to give a plebiscite on the land tax system, but he did not get their votes.

NO SURRENDER LODGE.

The 26th anniversary of No Surrender Lodge No. 109, I. O. G. T., was observed last evening in their hall, Fairville. Speeches were given by District Chief Templar E. N. Stockford, J. B. Burgess, Mr. Balantyne, J. Keys, D. C. Fisher, J. T. Stephens, B. Podman, and Mr. Linton. Miss Godfrey gave a reading. Chief Templar Reed read the history of No Surrender Lodge. Refreshments were served and the gathering closed with the singing of the National Anthem.

IN FIGHT IN YORK; ALL SWINGS OPPOSITION WAY

Fredericton, N. B., March 23—Tremendous enthusiasm greeted the Liberal speakers today. From 2 o'clock this afternoon until 11 tonight, with an interval for supper, people listened with eager attention to A. B. Copp and James Lowell, M. P. P.'s, and Frank B. Carvell, M. P., and Hon. C. W. Robinson. The speakers were enthused, as well as the electors, and acquitted themselves admirably.

York never had a more strenuous campaign or one more interesting. The appearance of Mr. Carvell, the federal member, for Carleton, upon the scene today, upon the invitation of the Liberal executive, gave an additional impetus to the campaign, for he is recognized as the champion of the Valley railyawy.

Mr. Carvell's welcome today in Fredericton was all the warmer because it is recognized that the Hazen government is trying to make the people believe that their scheme will have to be carried out or else Crocket is doomed. That would not be unpleasant for the McLeod faction, who think that he is stronger than his political captain, Crocket.

HAD KIDNEY TROUBLE.

COULD NOT CROSS THE FLOOR PAIN WAS SO GREAT.

Miss Hazel Hess, Winchester Springs, Ont., writes:—"I was troubled with my kidneys for five years. They were so bad, at times, I could not cross the floor for the pain. The doctor could not do me any good and a friend advised me to use Doan's Kidney Pills. I bought six boxes and now have been cured for over four years. I can recommend them to every sufferer."

No woman can be strong and healthy unless the kidneys are well. When the kidneys are ill, the whole body is ill, for the poisons which the kidneys ought to filter out of the blood are left in the system. Then how important it must be to see to it that the system of sewerage be not clogged up.

Doan's Kidney Pills are a purely vegetable medicine, realizing quick, permanent relief, without any after ill effects. A medicine that will absolutely cure backache and all forms of kidney and bladder trouble.

Doan's Kidney Pills are 50c. per box or 3 for $1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

If ordering direct specify "Doan's."

INJURY TO CITY TREES

It is suggested by a correspondent that a great help to the preservation of the trees newly planted would be a few instructive talks by the teachers of the schools to the boys. In the neighborhood of Wall and Winter streets boys climb the protective wooden guards surrounding the newly-planted trees there, and sometimes break the slats in so doing. Drivers of delivery teams and milk-wagons would help protect the trees by seeing their horses are not allowed to stop too near or in reach of the lower limbs, one in Wall street being partially disfigured by quite a leading top branch being nipped off from its fellow on the same tree.

It is contemplated by the generous people who are promoting this great benefit to a city's beauty, that some good talks on the subject should be given to all the school children, but in the meantime the teachers themselves could not do a more beneficial act than to inform the scholars of the importance and necessity of the preservation and cultivation of all growing things of beauty and ornamentation.
