**Chicago Gossip.**

J. P. Bickell & Co. say at the close: Values past week firm under light receipts and continued reliable claims of a material reduction in winter wheat crop compared with last year. The coming month trade will focus the winter wheat harvest, and much depends upon the attitude of the farmer, as he will practically dictate cash values. The world's situation, broadly speaking, is strong, as its production in all probability will be short of last year and reserves are materially less. We continue to advise leaving July option alone, but buy September and December on good declines.

**Rosedale and St. Alban's Draw.**

The league game on Saturday at Rosedale ended in a draw when stumps were drawn at 6.45; the home club still needing six runs and having 4 wickets in hand. St. Albans batted first and ran up a total of 116. Garrett showed good form for 29, and Jones helped considerably with 18, but the feature of the innings was the partnership of Kent and Banks for the last wicket, 50 runs being added to the total before Banks was out. Wookey proved the most effective bowler, getting six for 44. For Rosedale, Greaves played a faultless and patient innings of 32. Reid, Faulds, Bell and Wookey all played in good form for their runs, and it was a bad turn of luck that their total at time was only so little short of their opponents'. F. Colborne had the best bowling figures—3 for 10.
