CARLETON FIRE BELL.—On crossing to Carleton a few days since, we were much struck by hearing the ringing of the new Carleton Fire Bell. Its deep toned voice floated on the breeze harmoniously. On enquiry we were much pleased to find that the Bell was of Domestic Manufacture, it having been cast at the Foundry of Wm. Harward & Co. Our conclusions were these, that so long as our Mechanics can produce such specimens of the Arts, there is no necessity for importing them. The Bell is erected in Brock's Ward, and instead of being on an elevated situation is placed on the lowest ground that possibly could be found for it.

FISHERY DEBATE.—All persons interested in the Debt of the Fishery, will bear in mind that to-morrow, will be the last day for receiving names, and will close at 6 o'clock.

HISTORY OF ENGLAND.—We have received from Mr. Roger Hunter, Agent, the 10th part of this highly useful work. It is beautifully embellished and should receive a universal circulation.

The following comment on the state of society in the United States and reference to the trial of Baker, for the murder of Poole, at New-York, is from the "Montreal Herald":

"The trial of this ruffianly murderer of Poole has terminated in the discharge of the jury for want of a verdict. After being forty-one hours locked up, they came into Court with an appeal to the judge to discharge them, on the ground that it was impossible they could agree. When we see juries act in this manner, we cease to throw the blame of the perfect impunity of the worst criminals upon the judiciary of the State. We see either that the mode of appointing juries secures a fair share of sympathising scoundrels on every panel, or that society at large is too corrupt or too timorous to protect itself against murderers. In this case the murdered man, Poole—a low tavern-keeper and sporting man—had had some difficulty on a Saturday with another person of the same kidney, early in the evening, after which he continued drinking champagne and treating his comrades at the bar of the Stanwix Hall Tavern until Sunday morning. The tavern was then partially closed, the proprietor not desiring, apparently, to receive any fresh company. In the meantime, the person with whom Poole had previously had the row, returned with a party of friends armed with pistols, and Poole was immediately insulted, engaged in an altercation, his face spit upon, and a general row began. Then one fellow of the invading army pulled out his pistol and resting it in the hollow of his arm fired; from want of sufficiteness, it appears, breaking his own arm. At the same moment he gave the word "sail in boys, sail in," and a general discharge of pistols took place from both the gangs of ruffians—both of them being alike provided. One man fired four shots, perfectly reckless of the consequences to the barkeeper or other persons not engaged in the row. Another man received some five or six balls. Poole was killed on the spot; and now when one of the murderous party has the guilt clearly brought home to him, the jury cannot agree.—There is something very shocking in such a state of society, especially when it seems to throw so much discredit upon institutions which we have hitherto prized so highly as the Jury. One thing is perfectly clear, however, that in a very large portion of the territory of our American neighbors the only person who can be convicted of crime is some criminal utterly destitute of friends."

HOLLOWAY'S OINTMENT.

ERYSIPELAS OF EIGHTY YEARS DURATION CURED!

Copy of a Letter from George Sinclair, Esquire, of Paris, Canada, dated the 18th of July, 1854.

To Professor Holloway.

Sir.—I feel a pleasure and pride in bearing witness to the wonderful benefit I have derived by the use of your inestimable Ointment and Pills. For eight years I suffered unceasingly from attacks of erysipelas; large purple blotches came all over my body; in addition to the unpleasant feeling of itching and burning, which effected me both night and day, rendering life misery to me, as well as to all around,—so severe was the attack. I used several reputed remedies without deriving the least cessation to my misery. At last, I determined to try your Ointment and Pills; after taking them for a few weeks, a visible improvement took place, and I feel considerably better;—in three months, by continuing with your medicines, I was completely cured, and now enjoy the best of health. The truth of this statement is well known here, hence there is no necessity for me to request secrecy. I am, Sir, yours respectfully,
(Signed) GEO. SINCLAIR.

ULCERS IN THE LEG.—REMARKABLE CURE!

Copy of a Letter from Mr. Edward Tomkinson, of Cape Breton, Nova Scotia, dated the 4th May, 1854.

To Professor Holloway.

Sir.—My sister, Miss Jane Tomkinson, suffered for a great number of years from a bad leg; in which there were several deeply seated and old wounds, defying the skill of some of the most eminent of the faculty, a variety of remedies were also used unsuccessfully; and it seemed to me that there was at not any thing capable of mitigating the agonies she endured. At length she had recourse to your Ointment and Pills, and after using them for about five weeks, she was completely cured, after all other means had failed to afford her the slightest relief. I have no objection to these facts being published, if you feel disposed to make them known.

I remain, Sir, your most obedient servant,
(Signed) EDWD. TOMKINSON,

A BAD BREAST CURED WHEN at DEATH'S DOOR!!

Copy of a Letter from Mr. Henry Malden, of Three Rivers, Canada West, dated July 9th, 1854.

To Professor Holloway.

Sir,—My wife suffered most severly after the birth of our last child with a bad breast. There were several holes in it, one as large as a hand; all the devices and stratagems I tried would not heal them, but assumed an aspect more frightful than before, and horrible to behold. As a last resource I tried your Ointment and Pills, which she persevered with for seven weeks, at the expiration of that time her breast was almost well; by continuing with your remedies two more weeks, she was entirely cured, and we offer you our united thanks for the cure effected.

I remain Sir, yours truly,
HENRY MALDEN.

(Signed)

The Pills should be used conjointly with the Ointment in most of the following cases:

Keating's Cough Lozenges.

A certain remedy for disorders of the *Pulmonary Organs*; in difficulty of Breathing—in redundancy of Phlegm—in Incipent CONSUMPTION (of which Cough is the most positive indication) they are of unerring efficacy. In ASTHMA, and in WINTER COUGH, they have *never* been known to fail.

Keatings' Cough Lozenges are free from every deleterious ingredient; they may, therefore be taken at all times BY THE MOST DELICATE FEMALE AND BY THE YOUNGEST CHILD; while the PUBLIC SPEAKER and the PROFESSIONAL SINGER will find them invaluable in allaying the hoarseness and irritation incidental to vocal exertion, and consequently a powerful auxiliary in the production of MELODIOUS ENUNCIATION.

Prepared and sold in Boxes, and Tins of various sizes, by THOMAS KEATING, Chemist, &c., No. 79, St. Paul's Church Yard, London. Sold Retail by all Druggists and Patent Medicine Venders in the World.

N. B.—To prevent spurious imitations, please to observe that the words "KEATING'S COUGH LOZENGES" are engraved on the Government Stamp of each box, without which none are genuine.

IMPORTANT TESTIMONIAL.

Copy of a Letter from the late COLONEL HAWKER, (the well-known Author on "GUNS AND SHOOTING.")

Longparish House, near Whitechurch, Hants, October 21st, 1846.

SIR,—I cannot resist informing you of the extraordinary effect I have experienced by taking only a few of your LOZENGES. I had a cough for several weeks, that defied all that had been prescribed for me; and yet I got completely rid of it by taking about half a small box of your Lozenges, which I find are the only ones that relieve the cough without deranging the stomach or digestive organs.

I am, Sir, your humble servant,
P. HAWKER.

MODEL MELODEONS.

NEWLY improved "MODEL MELODEONS," Sold at the Cabinet Ware-Rooms of the Messrs. J. & C. LAWRENCE, head of King Street. These Instruments have received the approbation of the best judges for the Durability and Beauty of the workmanship and excellent Tone.

ST. JOHN, N.B., March 27th, 1855.

MR. STEVENS:

DEAR SIR.—It is with pleasure I make known to you the opinion of myself and many others of the MELODEON purchased from you a few months ago. This instrument manufactured by MASON & HAMLIN, has given the utmost satisfaction, both in TONE, TOUCH, and POWER, and I do freely, and cheerfully admit it is the best I have ever seen. Since the introduction of this instrument in our Choir
