Girls! Don't Wash Hair With Soap

Soap dries your scalp, causing dandruff, then hair falls out—Try this next time.

After washing your hair with soap always apply a little Danderine to the scalp to invigorate the hair and prevent dryness. Better still, use soap as sparingly as possible, and instead have a "Danderine Hair Cleanse." Just moisten a cloth with Danderine and draw it carefully through your hair, taking one strand at a time. This will remove dust and dirt and excessive oil. In a few moments you will be amazed, your hair will not only be clean, but it will be wavy, fluffy and abundant, and possess an incomparable softness and lustre.

Besides cleansing and beautifying the hair, one application of Danderine dissolves every particle of dandruff; stimulates the scalp, stopping itching and falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.

Men! Ladies! You can surely have lots of charming hair. Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it. 18

At the City Hall.

The Mayor and full Board were present at yesterday's meeting of the City Council.

Messrs. Summers, Walsh's Square, asked permission to build a storeroom at rear of house. Council requests them to submit plans for same.

Messrs. Peters and Sons wrote saying they were prepared to forward quotations for any water pipes the Council may need in the future.

W. Mackey applied for a position as sweeper; no vacancy.

N. J. Murphy requested permission to convert dwelling, Lewis Place, into a store; permission was granted.

H. Gear forwarded plans and specifications of proposed brick and stone building, corner of Water and Holdsworth Streets; plans approved.

The reports of the Medical Health Officer and Engineer were read and adopted.

The motion of Councillor Mullaly re the theatrical tax came up for discussion. The Councillor advocated a flat rate, and dwelt at length on the advantages to be derived therefrom, but upon the vote being taken the motion was lost.

Councillor Coaker's resolution on the same question, that the present tax of 2½ per cent on gross earnings be increased to 3½ per cent was almost unanimously carried.

The passing of pay rolls and the other usual business being transacted the meeting adjourned at 5.30 p.m.

That Old Cost.

When paying bills I used to say: "Our statesmen do not earn their pay! The cost of living is so high, it fairly makes your uncle cry! If congressmen and Senators would carry on relentless wars against the causes which combine to get our goats, both yours and mine, the poor might have a chance to thrive, and bless their stars that they're alive!" And people all agreed with me, and said they really couldn't see why statesmen do not earn a crown by cutting rubber prices down. But since I've thought the matter over, as statesmen I am not so sore. I rather think I am to blame that life is an expensive shame. I blow my money every day as though I'd loads to throw away; I buy the most expensive things from butcher's meats to napkin rings I seldom stop to count the cost, and so the bills produce a frost. And that's the way we're all inclined; a rare thing is the frugal mind; each year we burn more shining scads than in their lifetime spent our dads

Household Notes

For creaming butter or butter and sugar, a perforated spoon will be found more convenient than a fork or the hand.

When chopping suet, try sprinkling the knife with a little ground rice or corn starch and you will have no trouble.

A baker says that a cupful of liquid yeast is equivalent to half a compressed yeast cake or whole dry yeast cake.

Cream cheese into which chili sauce is mixed, rolled into balls and served with lettuce salad, is a most piquant relish.

Little scraps of sheer white material can be made into dainty little handkerchiefs for the children to carry to school.

In testing the oven for cake baking, remember that greater heat is required for a cake baked in layers than for a single loaf.

When ironing, sprinkle orris root under the ironing sheet. This imparts a delicate perfume to freshly laundered clothing.

There is economy in buying soap in quantities, naturally, the longer it stands the dryer it is when used and the further it goes.

To prevent onions from sprouting let the onions dry, heat a poker red hot and with it singe the roots. Put in a dry place and you will find they will keep perfectly.

The kitchen range should never be packed full of coal. Two inches of space should be left between the lids of the stove and the coal.

Clover blossoms dried and steeped for tea, of which a cupful a day may be taken, will clear the system and work wonders with the complexion.

On the thread of your sewing machine fasten a piece of carpet. Brussels carpet is best. You will find it much more comfortable and easy to run.

When cleaning ebony brushes, rub a little vaseline over the backs. This prevents the ammonia or soda in the water from injuring the ebony.

Drive a nail through an empty spool. It will make a handy peg to hang damp towels on. The spool will not tear or rust the article hung upon

If you are mixing a cake with a wooden spoon, beat the mixture with the back of the spoon. It is far easier and becomes beautifully light in half the time.

Tyrants.

By GEORGE FITCH.
Author of "At Good Old Siwash."

A tyrant is an odious creature who has great power over other people and uses it in such a manner as to make the said people long most earnestly for his demise.

History is infested with tyrants who loved to collect taxes by baking the feet of their subjects and who said "Off With His Head" as carelessly as if they were accepting an invitation to drink. Gessler was a celebrated tyrant. He walked on the necks of the Swiss until a quiet man named Tell exterminated him with an arrow. His funeral was not largely attended. George III. embarked in the tyrant business in this country many years ago and lost thirteen perfectly good colonies as a result. Now and then some American railroad president or captain of industry aspires to be a tyrant and gets away with it for a short time, treating the common people with great contempt and saying "pooh" and other things at Congress. But sooner or later they all sell out at a great sacrifice and retire with a few paltry millions which the grand jury has overlooked.

About the only successful tyrant business nowadays is conducted by the husband and father who insists on being a czar in his own home. Many a man who bows meekly when his boss calls him a lumber headed chump and who asks his ward captain how to vote for supervisor becomes a roaring tyrant when he enters his home, and if his wishes have not been guessed correctly, he proceeds to make himself as popular as smallpox with his loving wife and children.

The trouble with the common or home-made tyrant is that he is married to the wrong kind of wife. Some women are made to be tyrannized over and some are made to salute the would-be tyrant with a hot flat iron and erect Chinese pagodas over his eyes with a rolling pin. When a man insists on making a meek wife and frightened children look longingly at every funeral which passes by he should be turned over by the court for a few days to some athletic woman with a firm jaw and a good aim. Many tyrants would be cured in this way and the rest would be killed, which would be just about as good.

DODD'S KIDNEY PILLS MAKING A REPUTATION IN THE WEST.

Saskatchewan Man Tells How They Cured Him, After Four Months' Suffering from Backache and Other Forms of Kidney Disease.

St. Phillips, Sask., February 27. (Special).—In a new country where changes of climate and impure water are among the difficulties to be surmounted, kidney trouble is prevalent. It is the kidneys, the organs that strain the impurities out of the blood, that first feel any undue strain on the body. Consequently Dodd's Kidney Pills have been well tried and tested in this neighbourhood.

They have stood the test. Many settlers tell of backache, rheumatism and urinary troubles cured by Dodd's Kidney Pills. Mr. Otto Olshewski is one of these. In speaking of his cure he says:

"I suffered from kidney disease for four months. My back ached. I had heart flutterings, and was always tired and nervous. My skin had a harsh, dry feeling; my limbs were heavy; and I had a dragging sensation across the loins.

"I consulted a doctor, but as I did not appear to improve, I decided to try Dodd's Kidney Pills. I used six boxes, and now I am all right."

Dodd's Kidney Pills always stand the test. Ask your neighbors.

To remove odor of fish or onions from the frying-pan, put in vinegar and heat until scalding and then wash out.

An Operation For Appendicitis

Was Ordered by His Doctor, But Complete Cure Was Effected by Dr. Chase's Kidney-Liver Pills.

Almost anyone who has suffered from appendicitis will assure you that this trouble developed only after months or years of derangements of the liver and bowels.

Appendicitis can almost invariably be prevented, and very frequently cured, by the use of Dr. Chase's Kidney-Liver Pills. In the case described in this letter the doctors had ordered an operation, but a thorough cure was brought about by this great medicine.

Mrs. J. A. Ballantyne, Sturgeon Falls, Ont., writes: "My husband was treated for appendicitis, and the doctors ordered an operation. But he would not consent to an operation and began the use of Dr. Chase's Kidney-Liver Pills. Since doing so he has had no need of an operation, or even of a doctor, as the trouble has completely left him. I cannot find words to speak our gratitude for his cure."

Scotia's Earnings.

For the year ending December 31st, the Nova Scotia Steel and Coal Company earned in round figures $1,256,000. After providing for the interest on the first mortgage 5 per cent. bonds outstanding and the sinking fund in connection with the same issue there remained a balance of considerably over $900,000. As there is outstanding $3,000,000 of debenture stock bearing 6 per cent. interest, this is equal to more than 5 times the amount necessary to pay the interest on the debenture stock.

We offer for sale in lots to suit purchasers a block of Nova Scotia Steel & Coal 6 per cent. debenture stock at 98 and interest.

Agent CANADA LIFE ASSURANCE CO.,
Port Hope, Ontario.

Dear Sir,—

When acknowledging receipt of the Company's cheque for my matured Endowment Plicy No. 24937, I desire to avail myself of the opportunity to express my satisfaction with the outcome of my investment.

The policy was payable to me at age 60, with ten premiums of $48.00 each. The return under it is as folloys:

Sum assured	$1,000.00
Dividends added	446.94
Total amount payable	$1,446.94
Deduct total premiums paid	480.00
	$ 966.94

That I should have insurance protection free for all these years and now have over twice the amount of my premiums returned to me in cash is a most satisfactory outcome and I heartily congratulate you on it.

Yours very truly, GEO. ROSS.
