HAMILTON MAN DROWNED

Hope Watson Lost His Life By Upsetting of a Skiff at Mouth of Indian River.

COMPANION REACHED THE SHORE

And on Regaining Consciousness Found His Way Back Thru the Woods.

Port Carling, June 27.—A sad accident resulting in the drowning of Hope Watson of Hamilton occurred about ten o'clock last night. Mr. Watson, in company with Mr. Mewburn, also of Hamilton, left the cottage of Mrs. Barnett at the mouth of the Indian river in a small skiff to go to Ferndale, a distance of about two miles. The night was very windy and the lake rough.

Mewburn did not reach Ferndale until about five o'clock this morning. He was very much exhausted and was not able to tell much about what had happened. It appears, however, that the skiff upset after going about a mile. He remembers no more till he found himself lying on the shore half in the water. He managed to get up the bank, but was too exhausted to get further, and evidently lay there till he was able to find his way back thru the woods to Ferndale.

The alarm was immediately given and search parties organized, but up to this morning ,ybnfl ? mfwyp mfwy to this evening nothing has been found of the body.

Hamilton, June 27.—Mrs. E. Smith, Merrick-street, who fell from a window this morning, was taken to St. Joseph's Hospital in the ambulance this evening. She is suffering greatly.

The Joint Court House Committee met this afternoon and let the contract for supplying 484 steel cases to the Office Specialty Company, Toronto, the price being $764.

Engineer Broadbent's salary was increased from $650 to $675 a year.

About Stinson Estate.

Regarding the estate of James Stinson, owner of the defunct Stinson Bank, Ald. Biggar of the law firm of Biggar & McBrayne has learned that the liquidator, M. S. Bright of Chicago, recently disposed of about $15,000 worth of property belonging to the Stinson estate. Mr. Biggar is acting for a number of the creditors here, but he hasn't been able to get a statement from Mr. Bright. All that Mr. Bright has sent here is explanatory letters. He is drawing $500 a month as liquidator, and as it is about 16 or 18 months since the assignment was made his income in the matter has been something like $8000 or $9000. So far as can be learned, he has done nothing for the Hamilton creditors.

Ald. Biggar looks with favor on the offer of the Chicago law attorneys who have offered to take up the case on a contingent fee. He thinks the creditors should hold a meeting and take concerted action. Unless something is done soon, it is certain there will be nothing left for the depositors.

After Johnny Dickenson.

Instructions were given this morning to Biggar & McBrayne to take proceedings to unseat John Dickenson, the Liberal member-elect for South Wentworth. In addition to the customary charges, it is understood that personal charges will be laid against Mr. Dickenson.

Was Lancefield Here?

An evening paper says: "It is reported that Mr. R. T. Lancefield, ex-librarian and defaulting treasurer of the Public Library Board, has been in the city within the past two weeks. He, it is alleged, was at the family residence, Fairmont-avenue, which is below the asylum. The report, however, cannot be verified. According to the report, which comes from a fairly reliable source, Mr. Lancefield was clean shaven. Otherwise, his appearance was not changed much. As no charge was laid against the defaulter, the police have no interest in the case, and profess to know nothing about his presence here."

Minor Mention.

A street car ran into a Pure Milk Company wagon on Locke-street this morning and demolished it. J. Moore, the driver, was painfully injured.

James Ferguson and Thomas Laird pleaded guilty this morning to a charge of breaking into William Harmer's house and stealing. They were remanded for sentence.

SUICIDE FOLLOWED DISGRACE.

New York Lawyer Inhales Illuminating Gas, With Fatal Results.

New York, June 27.—James E. Pearson, a well-known lawyer, whose home is at Hempstead, L.I., and who had an office in Brooklyn, was found dead in his office to-day, having committed suicide by inhaling illuminating gas. In his hand was the photograph of a woman. He left a letter, saying:

"I must not miss this opportunity, and my family will be better off without me. Ruined, disgraced, and unfit to live, all good-bye. You will all despise me when all is known.

"I am a defaulter and thief, and where all the money is gone, I cannot tell. My wife and children are left penniless."

Pearson had six children.

ALL THINGS FAVORABLE.

New York, June 27.—The New York Medical Journal received to-day the following cable despatch from The London Lancet:

"London, June 27.—(12 m.)—So far as it is possible yet to say anything definite, the King's prospects are distinctly favorable. Thursday was a good day, followed by a fair night, the patient having refreshing sleep. The state of the wound is satisfactory, the discharge healthy, and the temperature Thursday evening normal, a fact which is important as indicating that the occasional pain experienced in the wound had no sinister significance. Nourishment was taken, and cheerfulness maintained. The King has seen and conversed with the Prince of Wales and the royal princesses. The Queen has visited the sick man several times. The definite statements issued by The Lancet, that the bulletins are accurate, that the condition is simply perityphlitis, that the right medical opinion has been sought, that the right procedure has been followed, and that no symptoms of malignant disease are present have much reassured the public. At noon to-day the wound is comfortable, and the general condition less anxious."

WHO IS THIS MANN?

Trenton, N. J., June 27.—A certificate of incorporation was filed here to-day for the following:

The American Steel Foundries, capital $40,000,000, of which $20,000,000 is preferred, drawing six per cent. cumulative dividends; authorized to manufacture iron, steel and manganese and other materials and all articles partially consisting of the same. Incorporators, Howard F. Wood, K. K. McLaren and Donald H. Mann, all of Jersey City.

Dagg—Silvester.

In spite of the rain, one of the prettiest weddings of the season took place this week at the home of Miss Edith Mabel Silvester, 88 Humbert-street, the eldest daughter of Mr. and Mrs. Peter Silvester. Guests to the number of 70 were present. The groom, Mr. J. A. Dagg, is now a resident of Sarnia, late of London, Ont., and is well known in both places. The bride was beautifully gowned in white organdie, trimmed with Valenciennes lace, white satin trimmings, with the usual wreath and veil. The bridesmaid, Miss Gertie Silvester, also wore white, with old rose satin trimmings, and a wreath of beautiful damask roses and smilax. The maid of honor, Miss Lilia Nash, looked charming, and carried a lovely basket of roses, smilax and carnations, and was dressed in white and pale blue silk. The groom was assisted by his two brothers.

The Humbert Case.

Paris, June 27.—The Humbert case was brought up in the Chamber of Deputies to-day, when M. Firman Faure (Nationalist) interpellated the government on the subject. M. Faure, in a long speech, said he wanted to know why the then Minister of Justice (M. Monis) had not intervened until May 8, why measures had not been taken previously to arrest the authors of the colossal swindle, and why the then Minister of Finance, M. Caillaux, had not given orders to collect the 10,000,000 francs ($2,000,000) succession duty, to which the State had a right.

S.O.E. Will Celebrate.

At a meeting of representatives of the 36 lodges of Sons of England in Toronto last night, it was decided to hold a grand demonstration on Dominion Day. There are over 5000 members of the order in Toronto, and the demonstration is expected to reach extensive proportions. There will be no parade, but a fine program of music, sports and dancing on the grounds to be selected.

Dr. J. D. Kellogg's Dysentery Cordial is a speedy cure for dysentery, diarrhoea, cholera, summer complaint, sea sickness and complaints incidental to children teething. It gives immediate relief to those suffering from the effects of indiscretion in eating unripe fruit, cucumbers, etc. It acts with wonderful rapidity and never fails to conquer the disease.
