The Kiddies ---the Travellers ---and YOU

The Children's Aid Society is caring for more than eleven hundred neglected children. It must have $20,000 to continue the work.

The Ontario Travellers' Association has undertaken to raise this amount. You are depended upon to do your share.

Saturday an envelope will be left at your home. Sunday the travellers will call for it.

The kiddies are watching you on Sunday

WOULD LIMIT SPEED OF FIRE TRUCKS TO 20 MILES AN HOUR

No. 1 Committee Meets, But Most Business For Next Year's Council.

No. 1 committee of the city council held its final meeting Wednesday afternoon. The majority of the business was referred to the 1920 council.

Market Clerk Maker reported on the suggestion of Ald. E. R. Seabrook that all hucksters on the market be asked to show certificates that their produce was grown on their own farms. Mr. Maker said he thought this would be impractical, and would discourage farmers and market gardeners from coming to the city. The 1920 council will deal with the matter.

Limit Speed of Fire Trucks.

Fire Chief John Aitken requested that a speed limit for the fire trucks be named. In other cities the controlling bodies have limited the speed to 20 miles an hour. The chief said it was better to go 20 miles an hour and get to the fire than to go faster and have an accident which prevented the truck from reaching the blaze. Ten out of twelve claims for damages to fire trucks broken while going faster than this rate have been disallowed, he stated.

One of the grey horses on the department fell and injured its hip. It will have to be replaced.

Lawson & Jones have contributed a check to the firemen's benefit fund for services during a recent fire at their establishment.

Communication Filed.

A communication from the Peterboro Council asking that the Legislature be asked to have police commissions consist of the mayor and two elected commissioners, was filed.

Want Correspondent.

The board of commerce wants a local correspondent so that all cases coming under its jurisdiction here will be promptly reported. They suggested that one of the city officials be appointed. This was referred to 1920.

Would Prosecute Company.

J. W. McCallum, inspector of weights and measures asked authority to prosecute a local bread company for selling short-weight bread. He stated that the law requires bread to be 28 ounces in weight, or 24 ounces, or still another size, which must be 12 ounces. He seized a loaf which, he says, weighs less than 24 ounces. The bread company claims that this is a double loaf; that each section of it weighs twelve ounces, and is therefore legal weight. The loaf can be broken into two pieces.

Admitting this, Mr. McCallum says he has another loaf, which can also be broken in the same manner. It weighs 28 ounces. He claims that if the contention of the company is allowed, and this loaf is broken in the same way as the other, then each section weighs 14 ounces, which does not conform to any of the legal standards.

He was authorized to proceed with the case, and will make further seizures today.

Inadequate Protection.

Ald. Holmes said there was inadequate protection at the level crossings, and moved a resolution to go to next year's council to have the matter taken up with the proper authorities.

The Prince of Wales reception committee reported that the total cost of the city's reception was $8,194. This figures out to less than fifteen cents for each citizen.

The committee recommended that the council procedure bylaw be amended, so that all routine matters can be settled in committee. It is claimed that it is a waste of time to bring these before the council. The bylaw will also be amended to read that copies of each committee's minutes "shall" be sent to every member of the council. This practice is followed at present, but there is no authority for it.

Another amendment will be to have all deputations come before the committee instead of the council.

At the conclusion of the meeting, Ald. E. S. Little, the chairman, thanked the other members for the support they had given him during the year, and extended to them the best wishes of the Yuletide season.

MOTORMAN'S QUICKNESS PREVENTS AN ACCIDENT

Saves Motorist and Car From Getting Smashed.

Only the prompt action on the part of the motorman of the Dundas street car, No. 94, and the quick swerve to one side of an automobile prevented a serious smashup at the corner of Oxford and St. Andrew's streets, West London, about 9:30 last night.

The street car, north bound on Oxford street, was just about to take the "Y" at St. Andrew's street, when the driver of a fast moving auto, which was bound south from the bridge and travelling on the left side of the roadway, sought to cross the "Y" ahead of the car. Seeing the danger, the motorman applied his brakes, the grinding of which apparently aroused the driver of the auto to a sense of the danger and caused him to give his car a sudden pull over to the right and apply his brakes. When the moment of danger had passed, less than half an inch of air separated the sides of the two cars, as even under their brakes, they glided past each other.

SERIES OF LECTURES ON MUSIC WAS SUCCESSFUL

H. J. Brouwer Concludes Series With Two Interesting Subjects.

The last of a series of lectures was given by H. J. Brouwer of the London Conservatory of Music, in the Conservatory Hall, Wednesday evening. For his concluding lecture Mr. Brouwer chose the subjects "Practice of Phonetics" and "Defective Articulation." A fair-sized audience was present and took part in the discussion of the two subjects.

Mr. Brouwer dwelt at length on the time a pupil should practice each day. He claimed that it varied from fifteen minutes three times a day to 45 minutes three times a day, according to how far advanced the pupil may be. He also dwelt on "stuttering and lisping," giving various cures for each.

The lectures have been largely attended, and it is believed that pupils benefited considerably from them. It is probable that Mr. Brouwer will give a second series of lectures at a later date.

COURT MAGNOLIA, A. O. F., ELECTS NEW OFFICERS

At the regular meeting of Court Magnolia, A. O. F., No. 8089, held in their rooms in the K. of P. Hall, 380 Richmond street, Wednesday evening, the following officers were elected for the ensuing year:

Standard Drug Stores Are Ready for Christmas

THIS IS OUR Seventh Christmas with you, and never before have we been so well stocked and well prepared to take care of our ever-increasing holiday trade. We have always been very fortunate in disposing of our holiday stocks and last year this was particularly in evidence; so that what we have to offer is all fresh, clean goods of the latest styles and designs. This, coupled with the fact that we have been very discriminating in the selection of this merchandise, gives us full confidence to say that your shopping tour is not complete unless you have visited a STANDARD DRUG STORE. Let us once more remind you that by shopping early you get more complete stocks to select from and invariably better service.

ELGAR LADIES' QUARTET GIVES PLEASING CONCERT

Under the auspices of the Sunday school of the Cronyn Memorial Church a concert was given last evening in the Sunday school rooms by the Elgar Ladies' Quartet.

The quartet furnished a very pleasing program, several humorous numbers evoking merriment from the good-sized audience. The proceeds will be devoted to improvements on the Sunday school. Rev. G. Q. Warner, rector of the church, presided.

SHOES AND STOCKINGS FOR KIDDIES IN HOME

Through the generosity of a large business house in the city, every child at the Thomas Alway Hall Home, Wharncliffe road, will be provided with a new pair of shoes ad stockings for Christmas. The generous donors would not announce their names for publication, but, needless to say, the Children's Aid Society is grateful to them.
