

MLC

The One Necessity Which Has Not Increased in Price (Though Ever-Increasing in Value)

No Advance in Rates in 17 Years

Think of it! In spite of the fact that policies of to-day contain provisions undreamed of years ago. The liberality of The Manufacturers Life policies, with their high guarantees, cannot be surpassed. Remember that once a policy is issued to you, there can be no increase in premiums.

Premium Rates are Actually Lower

on profit-bearing policies than a decade ago, due to the large profit earnings of this progressive institution.

A Competence if You Live—An Estate if You Die

This is the function of Life Insurance. Either or both should be sufficient reason for your giving it serious consideration. Full particulars of our guaranteed plans on request.

—of—
Moline Universal Tractors
have produced a popularity which forces production to the 20,000 mark for 1918.

WHEN WRITING TO ADVERTISERS PLEASE MENTION THE GUIDE

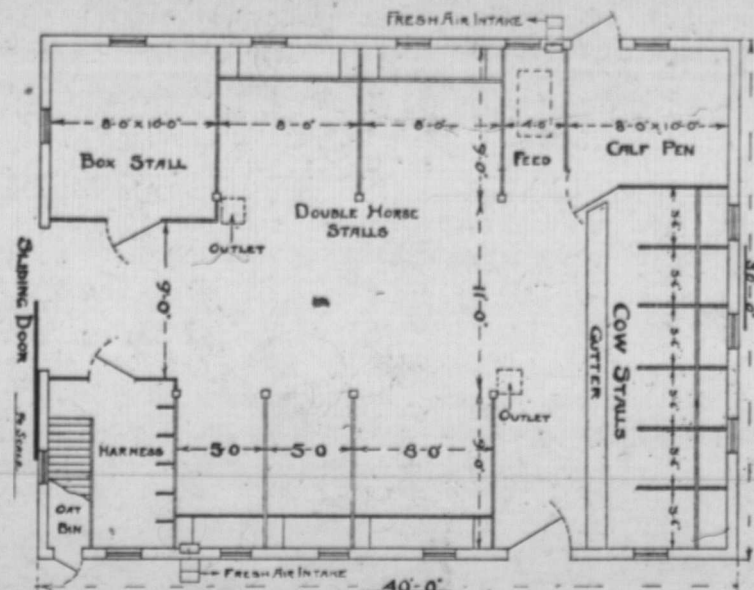

Half-Section Man's Barn

This barn is designed to meet the needs of the man on a half-section farm. It provides accommodation for eight horses and six cows, having in addition a box stall, harness room and calf pen. It is 30 by 40 feet. The foundation and floors are of concrete throughout though other material may be used if preferred. Half-inch resaw is used up to the top of joists. This is covered with paper and siding. The studs may be sheathed

inside if desired. The barn may later be lengthened if more room is required. Any arrangement the builder desires may be made for feeding the horses, but feed shutes would have to be figured as extra lumber.

Complete working drawings as well as a bill of materials, for Guide Barn Plan No. 2, may be obtained from the Farm Buildings Department, The Grain Growers' Guide, Winnipeg, for \$1.50.
