'Phone Your Want Ads. Main 2417

The small cost of a "Want Ad." is a secondary consideration. The object is results.

* * * *

Therefore, never cheesepare here and there to save an odd cent or two. By doing so the value of the entire ad. may be destroyed.

* * * *

When writing your "Want Ad." put yourself in the place of the reader, and answer the questions you yourself would naturally ask.

* * * *

If you have a flat to rent, the home seeker wants to know more than a plain statement of the fact. He wants to know how many rooms there are; if there is hot water; bath; electric lights; garage, etc., and the amount of the rent.

* * * *

Your flat may be a $60 a month home, but if you don't say so in your ad. the $60 a month tenant may not reply, thinking perhaps it is a $15 a month flat.

* * * *

To get the right tenant quickly, give full information.

* * * *

To rent a room quickly to the right kind of a roomer, give all particulars. Show that you are anxious to make the roomer comfortable for a reasonable rental.

* * * *

If you wish to sell anything, do not omit the good selling points. It is far more economical to spend an extra few cents and make the sale, rather than to save a few cents in the cost of the ad. and make no sale.

* * * *

A special rate covers both morning and evening papers. The rate for your "Want Ad." in the "Times-Star" is two cents per word per day, but you can have your advertisement appear in both papers for the combined rate of three cents per word per day.

A youngster in the Art Gallery looked long and earnestly at the painting. Then he read the inscription.

"Do you like it?" asked his mother.

"Oh, I like it well enough," he answered, "but I do not understand it."

"What is it that you do not understand?" was the next query.

"Why it says 'Wild Horses,'—After Rosa Bonheur. I see the horses all right, but where is the girl they are after?"
