RENNIE RINKS WIN BOTH GAMES

John Defeats Snow of Lakeview, and Tom Trims Peaker of Parkdale.

The Granite Curling Cub last night won the single rink curling championship of Torronto, when the two Rennie rinks defeated their Lakeview and Parkdale adversaries by one-sided scores on fair ice. Each tallied the first end and was always ahead.

John played Charlie Snow at the Granite Club, scored a four as a starter and followed up with another cluster the same size in the second head. But don't think that Lakeview faltered. They were on the rings, but the Granites worked inside, Skip Rennie doing great execution to change the complexion of things on several occasions.

Nichols, Harstone and Armstrong were in fine fettle, and tho the Coates, father and son, and Bob Hunter were also in shape to trim any ordinary team, the Granites' stones were generally handpicked, hence the result.

At Queen City, Tom Rennie started out with a three and lost one the second end, but he came back with a four and a two and it was 9 to 1. Then the rink had an end off and Dr. Peaker notched five. Umpire Lowden being called on to disallow a sixth that was almost hanging on the outside ring. Two in the sixth and Parkdale was only down one shot, 9 to 8. Then Skip Rennie started to shoot and corralled a three. Two in the tenth raised Peaker's total to ten, where it stayed, Rennie scoring the ninth, tenth, eleventh and twelfth, and finishing up with a four in the thirteenth. Then they shook hands without playing the last. Rinks and scores:

President Thos. Brownlee will now hand out the Canada Life trophy to the Granites, the Aberdeens holding it thru the victory over Frank Blaylock a year ago. The rival Rennies will play off after the Tankard games, likely on Friday or Saturday.

Varsity Defeated By the Simcoes

In the fastest game staged at the Ravina Rink this season, Simcoe Juniors defeated Varsity, 5 to 3, last night. Both teams displayed nice combination, but the Marriott kids did the better checking and this gave them the victory. The line-up:

Simcoes (5)—Goal, Haddon; defence, Everetsfield, Patton; rover, Hicks; centre, Brown; right, Goldsmith; left, Wagner.

Varsity (3)—Goal, Lalonde; defence, Mathers, Adams; rover, Milne; centre, Smythe; right, Saunders; left, Dafoe.

RED RING PADDLERS PUT BRAMPTON OUT

BRAMPTON, Feb. 2.—Toronto Canoe Club put the local seven out of the running by defeating them here tonight, 5-3. It was an evenly contested game, with both teams putting up a stellar article of hockey. The half-time score was 3-0 for T.C.C.

Brampton outscored Canoe Club in the second, scoring three, while the visitors bulged the net for two. The line-up:

Brampton (3)—Goal, McClure; defence, Duggan, Russell; forwards, Brookbanks, Parks, Ingoldsby and Anderson.

Toronto Canoe Club (5)—Goal, Turner; defence, Milverhill, De Gruchy; forwards, Young, Applegath, Webster and Warwick.

Referee—Brown.

Another Senior Game At Arena Tonight

Varsity and Osgoode Hall meet in a senior fixture at the Arena tonight, and, as Varsity will play their O.H.A. team, this will be Osgoode's one chance to break into the win column.

Every seat in the Arena has been sold for the Toronto-Ottawa clash on Wednesday night. It looks like a record crowd for the big structure.

KID LEWIS BEAT THE FRENCHMAN.

LONDON, Feb. 2.—Kid Lewis, the English featherweight, defeated the Frenchman, Paul Til, here tonight, in a one-sided contest, which was scheduled to go twenty rounds. Lewis had all the better of the fighting, and Til was so badly punished that the referee stopped the bout in the twelfth round.

HAMILTON H. C. WIN INTERMEDIATE GROUP

HAMILTON, Feb. 2.—(Special.)—The fastest, roughest and most brilliant game of hockey ever seen in this city was played here tonight at the Alerts' rink by the Hamilton Hockey Club and the Hamilton Centennials, before a crowd of about two thousand wildly cheering fans. The final result was a tie of 2 to 2. This allows the Hamilton Hockey Club to retain their lead of three points on the series of four games, and thereby becoming champions of the O.H.A. intermediate group No. 3.

The score does not indicate the play, for thruout the game the Centennials had their opponents' played right off their feet, and were skating rings around them until the last few minutes of the last half. In that period McEwen, the speed marvel, scored two goals on the tired Tennies, which evened the score. All kinds of hockey featured the battle. Players were sprawled all over the ice continuously, checking was rough and hard, and it was a bandaged bunch of players that took the ice for the second half. The second period was all six-man hockey and individual rushes. McKenzie, Code and Palmer starred for the Centennials, and McEwen, Reise and Cox for the Hamiltons.

The summary:

1. Centennials	Langman	14.14

—Second Half.—

2. Centennials	Cook	18.00
3. Hamiltons	McEwen	4.00

T. R. C. IN OVERTIME WIN FROM MIDLAND

Thrilling Senior Fixture at the Arena—Hard Checking and Fast Hockey.

For thrills and spills that Midland-Toronto Rowing Club senior fixture at the Arena last night carried off the season's honors. It went into overtime, and the King street scullers came thru with their first victory of the year, 4 to 3. Midland must win their remaining games to win the group, a titanic task.

It was one of those rip roaring affairs with the checking of the hardest thruout, and both teams going for every ounce that was in them in the second half and the ten minutes of overtime. T.R.C. broke away from their individual style that lost them many battles this season and showed some pretty combination by the forwards. Midland had them stopped fairly well in the first half when they tallied three goals, but the watermen did a grand comeback after the first rest and had the northerners backing up on their own goal for the best part of the half.

Skinner and Farr played wonderful hockey on the T.R.C. forward line, and it was their hard and effective checking that broke up the Midland combination. Skinner was tearing in thru the Midland defence during the whole game, and pestered every man with his bodying and stick work. Farr was busy at centre, but Dopp was at sea in the first half and it was only after the second round had got well under way that he found his bearings. Burrill did some nice work. Sidley and Hunter worked well together thruout, but had a tendency to back up on top of their own goal in the first half.

Midland relied too much on individual work, and the back checking stopped them to nothing in the second half. Beatty never got started, while Chase had a tendency to loaf off side, and used an interference that worked to perfection. He would skate directly in front of the man carrying the puck. Nicholls had most of the defence work to do, for Gould was not in his element in front of the goal. Simpell went well for half the game.

There were thrills right from the start, for Nicholls and Skinner got into a muss soon after the start, and it ended up with fists. Skinner accidently rubbed his stick over the Midland defence man's head, and he made a lusty swing at the Toronto man. They clinched, but were soon stopped and drew five minutes each on the fence. Simpell tallied the first one from a face off at the side with a long lift. T.R.C. failed to get their passing down fine enough, and Midland kept breaking up the rushes. Beatty intercepted a pass at the goal mouth and batted in goal No. 2. Simpbell scored Midland's third and last from a pass well inside.

The second half started at a whirlwind pace, with T.R.C. doing the pressing. Farr, Skinner and Burrill stopped the Midland forwards with bodies and sticks and kept boring in on top of Scott until he was worried sick. Burrill intercepted a pass from a Midland press and carried it back. Hunter went up with him and took a pretty pass, went thru the defence and scored.

Farr went into the net to bat in a rebound, and Scott cross-checked him under the chin, putting him away for five minutes. It was a nasty piece of work. It was ten minutes later before Skinner got the next, when he batted in the puck from Dopp's shot at the side. Hunter tied it up in four minutes after a session so strenuous that every man in the Arena was on his feet hollering his head off. It came from a scramble at the Midland net, which T.R.C. had been bombarding in lively fashion. No further score resulted before time, and after a ten-minute rest the teams played overtime, five minutes each way.

It was only a minute after they resumed that Farr batted in one by camping at the side of the net and shoving it in when Skinner shot from the side and Scott had cleared. The Midland goalie was drawn over and it slipped past him. T.R.C. kept Midland well bottled up for the rest of the time.

The teams:

Midland (3): Goal, Scott; defence, Gould and Nicholls; rover, Lavigne; centre, Chase; right, Beatty; left, Simpell.

T.R.C. (4): Goal, Laird; defence, Hunter and Sidley; rover, Burrill; centre, Farr; right, Skinner; left, Dopp.

Referee: Toad Edmunds, Stratford.

AMERICAN NAVY UNDER-ESTIMATED

Statistics Juggled to Help Armament Advocates, It is Charged.

WASHINGTON, Feb. 2.—(Can. Press.)—That experts of the navy department juggled the statistics in the navy year book for 1913 to make the American navy appear inferior to the German navy and thereby set the United States down from second to third place as a naval power, was charged today by Representatives Witherspoon of Mississippi, and Hensley of Missouri, members of the house naval affairs committee.

With Secretary Daniels before the committee to explain the naval program for the coming year the two congressmen, who are strongly opposed to a "big navy," questioned him at length on what they declared were omissions and faulty comparisons in the year book. The secretary explained that he was not an expert in comparing navies, and said he had relied on what experts in the navy had advised him about the facts.

Battleships Left Out.

In their questioning the congressmen brought out that three American battleships, the Oregon, Massachusetts and Indiana, which are of the same tonnage and of heavier armament than ten listed German battleships are left out of the United States list altogether; and that the year book, instead of giving the United States 36 battleships built and building, compared with Germany's 36, should have credited the United States with 39 battleships of heavier total tonnage and armament than Germany.

A. IRWIN TRYING TO LAND KING COLE

New York Yankees and Chicago Feds Both After Him—Swacina Signs.

NEW YORK, Feb. 2.—Leonard (King) Cole, who jumped from the New York Americans to the Chicago Federal League Club, was brought to New York tonight by Arthur Irwin, scout for the Yankees. Frank Farrell, president of the local Americans, believes he is legally entitled to Cole's services.

Cole said that he is still a Federal Leaguer, but that he wants to do what is right. He came to New York with Irwin, he said, in order to find out where he stood. When asked with which club he would rather play, Cole said he would play where he got the most money. He added that the Federal League was to give him more money than he asked from Farrell.

Rube Peters, a former member of the Chicago Americans, has signed a contract to pitch for the Kansas City Federal League ball team. Peters was in Minneapolis in 1911, and was drafted by the Chicago Americans.

Harry Swacina of the Newark International League Club has signed a contract with the Baltimore Federal League Club.

President Gilmore Coming to Toronto

CHICAGO, Feb. 2.—President Gilmore of the Federal League left this afternoon on a trip to Toronto, but the purpose of his visit was not announced. Charles Williams, new business manager of the Chicago Federals, will leave tomorrow night for Mineral Springs, Texas, to make final arrangements for the visit of his team on its training trip.

C. W. Somers, the Cleveland American League magnate, visited Chicago, but said his trip here had nothing to do with baseball, altho he called at the office of President Johnson of the American League.

INTERNATIONAL LEAGUE SCHEDULE MEETING.

NEW YORK, Feb. 2.—The spring meeting of the International League will be held in this city Feb. 9. The most important business to come before the meeting will be the adoption of the playing schedule, which already has been prepared and submitted to the club-owners by President Barrow.

OLD PUGILIST DIES.

UTICA, N.Y., Feb. 2.—Joseph H. Cole, former well-known pugilist, died today while shoveling snow in front of his home in this city. He was sparring partner of Joe Coburn, one time American champion, and John C. Heenan, and also appeared in an exhibition with John L. Sullivan.

CY. FALKENBERG TELLS WHY HE JUMPED TO FEDS

Signed Three Years' Contract With Indianapolis—Five Thousand Cash in Advance.

Cy Falkenberg, who admits that he has jumped the Cleveland Naps and has signed to pitch for the Indianapolis Federal League club, has explained his action in a formal statement to the Cleveland newspapers. The tall boxman says:

"I was whisked away from Cleveland to the minors at a time when I possessed major league ability, which I proved by leading the American Association in 1912. I came back to the Naps in 1913 and worked under a salary almost equivalent to that of a recruit pitcher. I won twenty-four games and lost ten, a better record than any other Nap pitcher last year.

"Without being egotistical I think that I had more to do with making Cleveland a pennant contender last season than any other individual because I did so much more than was expected of me. I was really ashamed of myself when I was pitted against such high salaried pitchers as Johnson, Bender, Plank, Dubuc and others.

"I feel that my work alone increased the profits of the Cleveland club at least $50,000. You know the difference between the club's winnings and what Mr. Somers would have made if the Naps had lingered around fourth or fifth place. Yet when I received my last cheque in October I found that 95 cents had been deducted because I had spent that much money in extra expenses on the road.

"To cap the climax Mr. Somers asked me to play this year for the princely increase of $9.38 a week. Just think of it. Why, the offer almost knocked me down. Can you beat it? You can't. Can any one blame me for accepting a Federal League offer of $21,000 for three years with $5000 cash in my hand for signing a contract?"

In spite of the positive assertion in Chicago that Blanding of the Naps jumped with Falkenberg and Kahler, Blanding notified Somers yesterday that he had not actually signed with the Feds and would rejoin the Naps under certain conditions.

Ad Brennan, formerly a pitcher for the Philadelphia National League team, but now with the Chicago Federals, has gone to Pueblo, Col., where he will meet Thomas Seaton, a former team mate. Brennan will endeavor to sign Seaton for the Kansas City Federals, and if he succeeds he will receive a $500 bonus.

GOSSIP OF THE FEDS AND ORGANIZED BALL

While the officials of the Giants do not seem to be alarmed by the refusal of Bob Beacher, the former Cincinnati outfielder, to sign a contract, it is reported that Bescher will ask John McGraw, when the latter returns from the world's tour, for a salary of $10,000 a year and a three year contract. Beacher wants nearly $5000 more than he received from the Cincinnati Reds last year, it is said. The Giants got him in trade for Charley Herzog and Grover Hartley. Beacher's friends say that he has no idea of considering Federal League offers, which are plentiful, and will report at Marlin on March 1.

A contract received in Chicago by Joseph Tinker from the Brooklyn Superbas ignored Tinker's arrangements to manage the Chicago Federals, and offered $2500 a year better than the $5000 previously laid down by Charles H. Ebbets. Tinker said that the increased offer met his original demands from Brooklyn, but that it came too late.

Altho the Pittsburg Pirates have decided to keep the pitcher, Mamaux, the outfielder, Pappa, has been released to the St. Joseph Club. In the past outergardeners have been developed into catchers, so that it is with regret that the release of the youngster is learned. If he had stuck around they might have made him a receiver. Pappa and Mamaux would have made a notable battery.

Charles H. Ebbets, jr., president of the Newark Club, admitted that First Baseman Swacina probably had signed with the Baltimore Federals. "Swacina evidently has forgotten that he got $115 in advance money from the Newark Club last fall," said Ebbets, jr. "He asked former President Solomon for the money, which he agreed to have charged against this year's salary. If Swacina has deserted us, we will not worry. He is a pitcher maker and Otto Knabe will find it out soon enough." Harry Smith, the Newark manager, intends to try out Zack Erhard, the former New York schoolboy in Swacina's place. Pitcher Holmes signed with the Newarks yesterday.

Organized baseball had an inning Friday at Chicago in the contest with the outlaw Federal League. Jimmy Johnstone, who established a stolen base record on the Pacific Coast last season, was induced to accept Cub terms, and Jacques Fournier and Russell Blackburn have agreed to accept the terms offered by the Chicago Americans. All three of the players were sought by the Federals, it was reported.

A telegram from Chattanooga brought the news that Umpire Henry O'Day, acting as emissary for the Chicago Nationals, had induced Johnstone to sign. Manager Tinker of the Chicago Federals said the agreement had been made just in time for the Cubs, because he expected to make an offer Johnstone could hardly refuse.

The Chicago Federal League Club has lined up the needed number of property owners to offset a petition circulated by others asking that the city prevent the establishment of a baseball plant on the north side site selected. This was announced last night by Charles Weeghman, president of the club, who said that by this time next week two hundred men would be at work on the new plant. The Federal moguls were entertained at a luncheon by the Advertisers' Club. Nearly one thousand people, nearly all of whom seemed to be Federal League boosters, lunched at the Ad Club.

LONDON, Feb. 2.—(C. A. P.)—The following legacies by Lord Strathcona were made public today.

One million dollars to the Royal Victoria College, Montreal, after the deduction of any payment in his life time and in addition to college buildings and sites provided by him.

Five hundred thousand dollars each to the Royal Victoria Hospital, Montreal, and Yale University.

One hundred thousand dollars to Queen's University, Kingston, extension fund.

Sixty thousand dollars, Presbyterian College at Montreal.

Fifty thousand dollars, St. John's College, Cambridge, in addition to $50,000 given in his life-time.

Fifty thousand dollars, Leanchoil Hospital, Forres.

Fifty thousand dollars, Church of Scotland reform ministers' fund.

Twenty-five thousand dollars to Aberdeen University for the chair of agriculture.

Ten thousand dollars each to Strathcona Home for Incurables, London University College and Middlesex Hospital.

Lord Strathcona settled his Scottish estates and $2,500,000 in cash on the heirs succeeding to his titles, the first of whom is his daughter, to whom he also leaves the residue of his property.

The trustees of the will are Lord Strathcona's daughter, now Lady Strathcona; John W. Sterling of New York, and William Garson and James Garson of Edinburgh, Scotland.

McGILL'S GENEROUS FRIEND.

MONTREAL, Feb. 2.—(Can. Press.)—The total of Lord Strathcona's gifts to McGill University is brought up to $2,275,000 by the announcement of the bequest in his will. His last gift of $880,000 is the balance of a sum of one million dollars which he promised for the extension of the higher education of women movement, and which he donated $120,000 on account in 1890 after the Royal Victoria College for Women affiliated to McGill had been built by him at a cost of $350,000. During the last fifteen years Lord Strathcona had paid over regularly the interest amounting to $45,000 a year, upon the promised endowment fund of $880,000, which will be now handed to the university authorities earmarked for the Victoria College. The cheque for last year's interest was mailed to Principal Peterson only a few days before Lord Strathcona died.

While the Royal Victoria College is the only department of the university to benefit by the will, McGill was very generously treated by Lord Strathcona in his lifetime. The medical faculty received $850,000, the pension fund $50,000, whilst Strathcona Hall was made possible by his initial gift of $25,000.
