july30

WE request the Ladies to call at No. 11, North Side King's Square, St. John, and judge from personal examination whether it is any exaggeration to say that

RAYMOND'S SEWING MACHINES

are the simplest, most durable, least liable to get out of order, and most easily worked of any; and that his

FAMILY SINGER

will do a greater variety of work than any other Machine. The universal adaptation, unequaled beauty and simplicity, perfection of material and style of finish, recommend his several varieties of

SEWING MACHINES

as the best, while their low price places them within the reach of all.
☞Machines rented and sold by instalments. Stitching, hemming, frilling, and tucking, done with neatness and despatch.
F. W. WATSON, Agent, St. John.
DEPOT—11 King Square.

Watchmaking in Switzerland.

[From the Swiss Times of May 30th.]

WE have already drawn attention to the annual meeting of the Society of Arts held on the 23rd current, under the presidentship of M. Th. de Saussure, and are now able to furnish some further details.

Professor Soret, in delivering a most interesting report, passed in review the operations of the Industrial section, in reference to Commerce, laying great stress upon the competition that has taken place in the manufacture of chronometers. This competition was instituted with the object of testing the workmanship and precision of chronometers turned out by Geneva manufacturers, and none but those adopted for pocket use were admitted. They were deposited in charge of the authorities at the Observatory, and underwent the most searching ordeal possible to be applied to pocket instruments of this class. The jury specially retained to decide the difficult question as to whom to award the palm of excellency unanimously decided in favor of Messrs. J. M. Badollet & Co. This firm having carried off the sole prize by exhibiting a chronometer which fulfilled in the highest degree every condition required, crowned their first success by gaining honorable mention for two other chronometers. The allusion to this triple honor was received with enthusiastic applause, and Professor Humbert, President of the Fine Arts Section, closed the meeting with a happy and humorous dissertation upon subjects connected with this department.

An assortment of

Gold and Silver Watches,

of different grades, from the eminent manufacturers above referred to, always kept in stock by
PAGE BROTHERS,
41 King street.
