NORMAL SCHOOL RESULTS

Ontario will have 832 new teachers this fall to help to fill the many vacancies which came when the public schools were closed for the summer.

This is the result of the final examinations of the Normal schools at Hamilton, London, North Bay, Ottawa, Peterboro, Stratford and Toronto, held from June 12 to 19. Of the new teachers only 21 will have permanent second-class certificates, while 717 will have interim second-class certificates. Ninety-four will have limited third-class certificates.

The certificates of the successful candidates, and the marks of the unsuccessful, will be forwarded in due course to the addresses reported to the department of education. Permanent second-class certificates will be issued to those of the successful Grade A candidates who are 21 years of age, and interim second-class certificates to all other successful candidates. Candidates who have not succeeded in making the necessary standing for second-class certificates, but whose marks bring them within the provision of section 12 (3) (a) of the Normal School syllabus, will be awarded limited third-class certificates, valid for five years, and upon passing the Easter or June final examination in any year during the term of such certificate, will be awarded second-class certificates. These latter candidates will be informed individually of the groups upon which they must re-write.

Those candidates who have failed at this examination will be required to attend another session, but they will be allowed to complete their course and write the final examination in April along with the Grade A students.

The names of successful students of the London Normal School will be found in the following list:
