MONDAY EV'NG, SEPT. 6, 1875

TOWN NEWS.

THE Town Council meets to-night.

SALE OF LANDS FOR TAXES.—To-morrow the Town Treasurer's sale of land for taxes will take place at the Town Hall, at ten o'clock in the forenoon.

RETURNED.—Mr. Thomas Davidson has returned from his trip to the Old Country. He looks hale and hearty, and all the better for his voyage across the briny deep.

FIREMEN'S MEETING. — To-morrow evening, at half-past seven, a meeting of the Steam Fire Engine Company will take place at the engine house. A full attendance is requested, as it is intended to go out for practice.

HORTICULTURAL SHOW. — The Fall show of the Guelph Horticultural Society will be held on Wednesday, in the Drill Shed. This show promises to be one of the best ever held under the auspices of the Society, the weather during the past season having been especially favorable to the cultivation of horticultural and floricultural products.

PERSONAL.—The Rev. W. W. Clarke, of New York, accompanied by his family, is spending his vacation in Canada, and at present is the guest of his brother, Mr. Orange Clarke, Guelph. The Rev. gentleman preached a very acceptable sermon in the Norfolk street Methodist Church on Sunday evening.

IN THE COUNTRY.—The farmers in this neighborhood are, generally speaking, through harvest. Here and there a small patch of late oats may be seen cut but not hauled in, but that is all. The turnip crop never promised better, and potatoes, notwithstanding the ravages of the bug, will be a fair crop.

THE HOP CROP.—Hop picking has already commenced in the yards of Messrs. James Elliott and Thos. Laidlaw, in Paisley block. Mr. Elliott has fifteen acres under this crop, and Mr. Laidlaw, has about four. The yield will be fully an average. Considerable damage was caused in the yards by the severe frost of last winter, which weakened, and in some instances killed the roots.

DUNDAS AND GUELPH STAGE LINE.—This line of stages which run every day on the Brock Road from Guelph to Hamilton and *vice versa*, has been purchased by Mr. George Porter, of Guelph. The new proprietor has already taken possession, and as he is an energetic and industrious young man, we have no doubt but that, under his management, the line will be improved. We wish him all success in his new venture.

QUOITING.—The return match between six of Raymond's employees and a like number of McCrae's weavers' club, came off on the grounds of the latter, on Saturday last. The weather was cool and pleasant after the recent rain. Although the game was rather one-sided, some really good play was made on both sides, and the best of good feeling prevailed throughout. On counting up the score of the various rinks, it was found that the weavers were victorious by fifty-nine shots.

GONE TO HAMILTON. —Mr. Robert Murray, who has for some time been with Mr. George Jeffrey, of this town, left this morning for Hamilton, where he has obtained a lucrative situation in one of the leading wholesale warehouses. Mr. Murray was highly esteemed by all who came in contact with him. A few evenings ago, Mrs. McIlroy, with whom he has boarded since he came to town, entertained him and the rest of her boarders to an oyster supper, after which a very pleasant evening was spent in social intercourse.

POLICE COURT.

(Before the Police Magistrate.)

Sept. 6.

S. Soden, James Patterson and James Welsh, were charged with disorderly conduct at the Great Western Railway passenger station, on the 3rd instant. Soden was fined $2 and costs, and Patterson and Welsh $5 and costs, each.

Sarah Turnbull, charged with vagrancy, was remanded for three days.

Fatal Accident in Minto.

Our Minto correspondent last week gave a few particulars of a threshing machine accident, just at the time of his writing. From the *Tribune* it appears that the party referred to a young man named Chas. Still, who was assisting the Messrs. McDougall to thresh at the farm of Mr. Brett, 8th con. Minto, on Tuesday.

It is stated he had been in Harriston in the morning, and had purchased a bottle of whiskey, and at the time of the accident he was considerably under the influence. He was on the horse power, and stepped out on one of the arms to reach for a drink that was being handed to him, while the machine was in motion. His foot slipped and was caught between the arm and one of the travellers; throwing it off, and between two of the pinion wheels, where, in an instant his leg, from his foot to his knee, was ground to a jelly. Dr. Gibson, of Harriston, was at once sent for, and the men set to work to extricate Still from his fearful position, but before this could be accomplished the horses had to be taken off and the machine run backwards, in order to unwind his mangled limb from off the cogs. Upon the Dr.'s arrival, the leg was at once amputated, but the young man never rallied, and died at about 9 o'clock.

THE PRESTON SWINDLER.—Kappel, the alleged swindler who has been practising the confidence game at Beachville and other places, and said to be travelling west, was overhauled at Clinton on Saturday gong east. He was very politely requested to give up part of his illgotten gains, and allowed to proceed promising sincerely never to do the like again.

THE GAME ON SATURDAY.

MAPLE LEAF VS. NEW HAVENS.

The Guelph Champions win by a Score of 7 to 5.

AN INTERESTING MATCH.

If any one thought when those flaming colored posters were issued, a few days ago, announcing the game in Guelph between the NEW HAVENS (professionals), of Connecticut, and the MAPLE LEAF, that the home club were facing certain defeat, they were mistaken. The game in St. Catharines on Friday, where the score stood 10 to 2 in favor of the Americans, had a telling effect on the game here, and also added to the number of those people who predicted a certain defeat for the home club. But the best laid schemes sometimes end rather abrupt. Whether the LEAFS were "playing off," or anybody got "mad" at St. Catharines on Friday, we do not intend to say, they evidently won back their colors with extra stars here on Saturday, and now its for the London boys to go and do likewise. On Saturday last one would have told by the appearance of our boys that they were going to win *that* game any how, and if they had not won it, we would have praised their pluck for trying so hard. Anyway those who witnessed the play all through say they never saw a finer game on the ground. The playing of T. Smith on the left field, whenever he got a chance to show himself, was admirably done, a couple of high "flys," which required judgment, were very nicely taken, for as sure as "Tommy got under it," as the boys said, so sure was it captured. Emery missed a very good catch, and lately catched a very good miss—and at another time he made a rather sharp field in time to get the striker out on the first. Colson was also in his position, and though he would have had to do something if the wind hadn't given Tommy all the work, he was a sure grabber of all "flys." The basemen in all but a few instances, as the record of errors will show, did their parts well, the in-field seeming, in most cases, to keep the out-field standing round doing nothing. The pitching of Billy Smith was a decided improvement, and several good balls were allowed to pass the striker at times without any effort. Charley Maddock did very well, and although he tried hard to break his back before Sunday in getting over the fence to catch a foul, he only got it by the feathers, and it was afterwards caught by a boy in the crowd, which wasn't out, and we hardly think Charley should have an error put down to him in this instance, as the ball was out of the field. Of the batting of the home nine, Spence and Billy Smith are both credited a two base hit each, and Keerl got off a fine fair foul, driving it under the seats, and getting round to 3rd before it was fielded in again. Hewer, a new player in the team, distinguished himself very much, and if his foot don't slip, or his fingers get broke before next season, we may calculate upon him as being one of the nine. Two runs are down for Billy Smith and Keerl, and one each for Tommy, Maddock and Hewer. Colson and Emery also tried hard to get their runs in, but Johnny got nabbed on the home, after a hard run round, and Emery—bad luck to it—got out on a force to 3rd. We may say here that the visitors were so much taken down or deceived by our boys, that one of them was heard to remark, "Guess you fellows are a hull team to-day, and can play base ball when you like, can't you?" The batting and fielding of the visitors in some instances was very good, one double play on the 8th innings at the 3rd base was done in rather a theatrical style, and brought forth applause for some minutes. McGinley's two base hit on the 2nd innings was a fine swipe, but in all probability he would not have got home but for a bad throw to 3rd by Lapham. Another run was also knocked in the head on a splendid throw by Charley Maddock to 2nd, when two were out and the 3rd base occupied, which he deserves credit for. For other particulars of this interesting game we refer to the score handed in by Mr. Tinker, and express our regret that there was not a larger assembly of spectators at the match. The result of the game in St. Catharines, as we said before, had a bad effect here, but no doubt our boys were contenting themselves with the remark, that "That'll be all right," and rooster like, waited to have a game on their own hill. You did well, boys, and now we havn't much fear of the result of the game to come off between yourselves and the Kingston club on Saturday. The following is the score:—

Base Ball.

The St. Lawrence Club, of Kingston, and the Maple Leafs of Guelph, play at Toronto on Saturday. The desire of the Kingston men was to play for a Championship game, but according to the rules governing the same, this cannot be done. There is to be an excursion from Kingston to Toronto, and special rate will, in all probability, be given from here to Toronto. A very exciting game is expected.

Up to date there have arrived in Montreal no less than twenty-seven vessels, laden exclusively with railroad iron, and representing a tonnage of 18,890 tons.

Slippery Jack O'Donnell.

HE ESCAPES FROM BERLIN GAOL.

The Bible put to a New Use.

A DARING LEAP.

It is only about a week ago that the now notorious Jack O'Donnell made his escape from the Guelph gaol by scaling the yard wall. He, of course, could not long remain idle, so after tapping a till in Preston, and assaulting a couple of gentlemen who detected him in the act, he escaped as far as Galt, where he was again arrested and placed in the County gaol at Berlin. The turnkey, Mr. Pearson, on receiving him was informed that he was a slippery individual and would require watching. For this reason O'Donnell was placed in what has heretofore been considered the strongest cell in the building.

A short time after O'Donnell rose yesterday (Sunday) morning he remarked to the turnkey that he felt in a repentant mood and inclined to live a better life after he had completed the term of his sentence. By playing this role the crafty fellow no doubt wished to allay all suspicion of his intention to make a dash for liberty later in the day. He read the Bible during a greater part of the morning, and appeared on all sides to be deeply moved with the reading of it. After receiving his dinner, which he freely ate, he commenced operations. He first removed the upper sash of the windows, and broke a piece of wood off a bench which was used as a rider to use as a lever, and which had been studying all morning as a fulcrum. With those he managed to pry the bar apart until there was six and a quarter inches between it and a foot and a half in length. No man could by any possible means force his body through such a space, it appears mysterious. It certainly is exceedingly tight fit, as on subsequently making an examination, portions of his clothing appeared like human skin and were found on the outside of the bars. Having gained the window ledge, O'Donnell had a clear jump of seven feet to make to reach the wall, and standing in this position he would be obliged to take a daring leap. On reaching the wall he could run along it until he found a convenient spot for jumping down. The distance to the ground is twenty feet. When O'Donnell escaped he had on a pair of prison pants and shirt; he had no boots and hat, and altogether presented a very grotesque and wild appearance. His escape was first noticed from the disappearance of the window, as seen by the turnkey's wife, while in the garden she called her husband's attention to it at once, and on making examination they found matters situated as above stated. No blame can be attached to any of the officials of the gaol. It is a matter of insecurity of the building.

Cricket.

BERLIN VS. GUELPH.

A match was played at Berlin on Saturday, 4th inst., between the Berlin Club of Guelph and the Berlin High School Cricket Club, resulting in a victory of the latter by 20 runs. The Guelph boys on their arrival at the Berlin station were met by the Berlin Club and escorted to the American Hotel where a first-rate lunch was in waiting for them, and throughout the whole day they were treated in the most hospitable manner imaginable. The Guelph boys are loud in their praises of Berlin hospitality. The following is the score:—

THE CUSHOND CASE.

Great Excitement in Montreal!

DOINGS OF THE MOB.

MONTREAL, Sept. 4.

The resistance to the interment of Guibord not only continues, but continues to be the absorbing topic of the day in this city. At all events, the misguided people engaged in defying the law cling to their purpose with a tenacity worthy of a better cause. This is the more astonishing from the fact that the ecclesiastical authorities expressed a determination to place no impediment in the way of the burial. Public faith is by many imputed to the civil and Church authorities, it is now held that the mob would speedily abandon its perilous position if discourage commanded to do so by the clergy.

A large number of people went out to Cote des Neiges Cemetery this afternoon in expectation of another attempt being made to inter the remains of Joseph Guibord.
