LIEUT.-COL. BECHER IS LAID TO REST

Is Buried With Full Military Honors Near Battlefield.

CAPT. WARE IN CHARGE

Maj.-Gen. Hughes Wires Relatives of Last Ceremony Over Dead Hero.

All hope of being able to bring Lieut.-Col. H. C. Becher's body back to London before the end of the war was ended yesterday, when Major-General Sam Hughes notified Major A. V. Becher to this effect. The major-general, however, was able to give some details of the burial of the dead London soldier that brought comfort to his mother and brothers, as well as to his countless friends in the city.

The telegram from the Minister of Militia contained a cablegram received by him in answer to his cable last week, asking that a special case be made of the body of Lieut.-Col. Becher in order that it could be brought home to London.

This cable follows:

"Col. Becher buried at Veuvry Cemetery, with full military honors and with five other Canadian officers of the first brigade. The graves are separate and have been registered.

"Generals Alderson, Mercer, Seeley and Benstall with their staffs and many other officers present. Location of the cemetery and grave very beautiful. Canon Scott officiated. The Rev. Canon Scott officiated. Captain Ware in charge of effects and will send same home, also full details of death.

"Contrary to all French and British regulations to remove body now. Better arrangements can be made at the end of the war."

At the end of the cable message, General Hughes had added, "Hope that this will be satisfactory," and signed his own name.

The afternoon mail brought a message from the war office to Mrs. Becher, widowed mother of the dead colonel. The message was signed by Lord Kitchener and was the usual message:

"The King commands me to assure you of the true sympathy of himself and Queen in your sorrow."

(Signed) KITCHENER.

Yesterday, Mrs. Becher received a letter written from France, by her son, just prior to the action in which he met his death.

In this the colonel said: "We are still in reserve, but go to trenches in a day or so in our turn. I don't think there will be much 'doing' until the rest of the line catches up to us. The enemy are pretty well 'all in' here and I don't think there will be much trouble in pushing him back."

GROCERS TO CLOSE; SENSATION? NO! PICNIC

Will Present Closed Doors to Prospective Buyers—Owners Hear Detroit Calling Them.

Buy lots of groceries today.

There won't be any for sale tomorrow.

This is not an announcement for a sales campaign.

It is merely an advance notice that the retail grocers of London are going to close up shop tomorrow, and go on a little excursion to Detroit, to see Ty Cobb swat the pill over the right field fence, and do a few other little things that are listed in the catalogue of holiday amusements.

The grocers and their friends are going to make sure that they get the full benefit of the day's outing. The special vestibuled train leaves the historic Grand Trunk landmark at 7:30 o'clock sharp, Wednesday morning. All good grocers and true will be on deck.

Also, as many friends as the craft boasts in this city are invited to attend, and witness for themselves what hospitable fellows grocers are when holidaying.

The secretary, H. Harley, and the executive committee, completed last-minute details in the arrangements, last night. Nothing now remains to make the event the crowning success of the year but a record attendance. And the committee, which knows all things, is confident that numbers will not be lacking, when the special pulls out of the station for the City of the Straits.

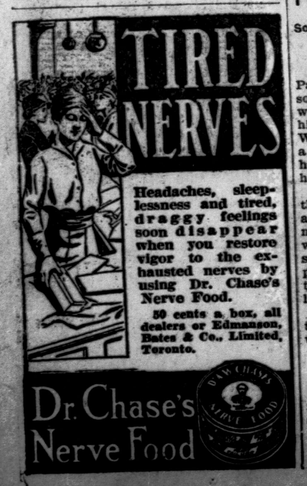
TILLSONBURG'S "CHIEF" WATCHES QUEER LIGHT

What Alarmed Others He Stuck To Until 4 A.M. and Saw Pretty Star.

R. Darrow, writing from Tillsonburg, states that he and a party of friends were interested and puzzled by a moving light in the sky Sunday night as he and a party were motoring from London. He says it was large and bright and seemed to be traveling at great speed. At Tillsonburg the chief of police and other citizens became interested.

"While we were watching it a bright shaft of light went completely over the town," he writes and asks that it be explained.

The chief of police of Tillsonburg told The Advertiser last night that he had watched the mysterious light until 4 o'clock in the morning, and it finally resolved itself into the prettiest star he had ever seen. He is convinced it was a star, although he, too, says at one stage, while gazing at it through the trees, it seemed to shoot out a beam like the headlight of an automobile at a great distance.



2,985 POUNDS OF MINISTERS DISPORT IN SPRINGBANK PARK

Alliance Members Play Ball, Run Races, Pitch Quoits and Thoroughly Enjoy Selves—Some "Perilous" Events.

London ministers played ball, ran races, pitched quoits and thoroughly enjoyed themselves generally at the annual outing of the Ministerial Alliance at Springbank yesterday afternoon. The rain held off long enough for the program of sports to be concluded, with the exception of the fat men's race, cast out of the program on account of the heat. A delightful supper was served in the pavilion at 6:30, after which the final meeting of the Alliance this summer was held.

Rev. G. N. Hazen, President.

Rev. G. N. Hazen, pastor of the Wellington Street Methodist Church, was elected president of the Alliance for the coming term; Prof. T. G. A. Wright, first vice-president; Rev. J. H. Boyd, second vice-president; Rev. A. Graham, corresponding secretary; Rev. G. F. Assiter, recording secretary. The Alliance will resume its monthly meetings early in the fall.

Rev. T. H. Mitchell expressed the regret of the Alliance and London in losing four ministers who have been active workers in the Alliance and popular in the city, namely, Revs. J. E. J. Millyard of Hyatt Avenue Methodist Church, W. H. Harvey of Askin Street Methodist Church, D. N. McCamus of Colborne Street Methodist Church, and S. Anderson of the Memorial Methodist. These will have taken pulpits in other places before the next meeting of the Alliance.

Since last year, London ministers have progressed wonderfully in the art of playing baseball. The score in the four innings staged behind the pavilion yesterday was quite respectable, 18 to 12, in favor of the Baptists and Presbyterians, who challenged the world, on behalf of which the Methodists and Anglicans, under Rev. Mr. Lloyd, took up the bat and were only beaten after a severe four-innings tussle. It was agreed that the white shoes worn by Rev. H. H. Bingham, just like a regular athlete, were responsible for the winning score, to a great extent.

A Perilous Event.

Guessing the aggregate age of the ladies was next contested, and the perilous event was won by Rev. Mr. Lloyd.

"You do it by accident," he explained later when questioned by the curious.

Mrs. Lloyd won the hat-trimming contest, and Miss Mitchell the needle-threading contest. Rev. H. H. Bingham and Rev. A. Graham made a slightly larger score than Rev. W. C. Riddiford and Rev. John Hosie, in pitching quoits. Mrs. Lloyd guessed within 50 pounds of the aggregate weight of the ministers on the grounds, which was 2,985.

Following the luncheon in the pavilion, at which Rev. W. R. McIntosh presided, the business of the last session was taken up, on the balcony, upstairs, and the prizes—cute little China dogs—were presented to the winners of races and contests.

The Committee.

The following committee was appointed to arrange for a city-wide evangelistic campaign of an undenominational character in the fall.

Rev. Dr. C. R. Flanders, Rev. D. C. McGregor, Rev. W. H. Claris, Rev. H. H. Bingham (chairman), Rev. Canon Tucker, Rev. G. A. McKenzie, J. K. McDermid, G. B. King, W. H. Winnett, Prof. Paterson, J. H. K. Pope and Rev. A. Graham.

Papers will be read at the monthly meetings of the Alliance by the following: Prof. M. Waller, Dr. E. E. Braithwaite, Rev. Dr. J. B. Silcox, Dr. McCallum, Rev. Dr. Barber, Dr. Beal, Rev. Dr. D. C. McGregor, Rev. A. J. Thomas, Rev. J. H. Boyd. The subjects have not yet been chosen for all speakers.

Representatives of the churches, Y. M. C. A. and Sunday school associations will meet next Thursday evening at the Y. M. C. A. to arrange for a boys' conference in this city in the fall.

Ministers of all denominations will preach at the camp each Sunday, responding to a request from the chaplains of the battalions here.

TO HAVE REPORT ON BREAKWATER

Council Will Secure Estimates From Engineer At Its Next Meeting.

TO REGULATE TRAFFIC

Ald. Palmer Has Plan to Relieve Congestion At Main Intersection.

At last night's meeting of the city council, a motion of Ald. Wilson, seconded by Ald. Tancock, that the city engineer be instructed to prepare a report on the construction of the West London breakwater, and have it in for the next meeting, was carried.

A motion by Ald. Wilson, seconded by Ald. Summers, that Messrs. John and Charles Anderson be notified by the city clerk to vacate stalls 3 and 4 in the basement of the market house by July 1, was also carried. It was pointed out that owing to the rendering of lard and making of sausages in the basement, conditions were brought about which spoiled butter and made the place so malodorous that many people would not go down to buy. It is the intention of the council to have only butter and eggs sold in the basement.

To Regulate Traffic.

Ald. Palmer gave notice of motion to regulate traffic at the corner of Dundas and Richmond so that cars stop on the near side. Controller Rose thought that all autos should be made to stop back 300 feet, so as to give people a chance to get to cars and across the streets without being run down. These matters will be considered later.

A notice of motion by Ald. Lerner that aldermen be elected for two years, the highest six to remain in office next year, was ruled out of order, it being shown that owing to the return to the ward system it will be impracticable.

The board of control will call for tenders at once for a new pavement on Bathurst street, from Wellington to Richmond streets.

Open Line July 1.

Sir Adam Beck was present, and asked that permission be given to erect temporary poles on Bathurst street, between Wellington and Waterloo, south of the G.T.R. tracks. The request was granted, as he explained that it would enable the commission to operate the line to Port Stanley by July 1.

After a discussion lasting over an hour, the council decided to take no action in regard to raising or lowering sidewalks at Ridout street and Grand avenue, and the city engineer will go ahead with the roadway as he planned originally.

Wants Report On 'Phone System.

Ald. Lerner gave notice of motion that in view of the unjustified treatment being accorded the city by the Bell Telephone Company, that a full and complete report regarding the cost of a hydro telephone system for London and district be secured as soon as possible.

On a vote being taken it was decided not to send Ald. Wilson to Ottawa with Fire Chief Aitken to attend the fire chiefs' convention.

PARK SQUIRREL IS KILLED

Soldier Strikes Imported Rodent Frisking in Recreation Grounds.

The squirrel population in Victoria Park numbers one less as a result of a soldier striking one of the little creatures with his cane, when it came towards him in a friendly manner on Sunday. When an explanation was demanded by a park attendant, the trooper is said to have explained that "in the country he had killed hundreds of them."

When the rodents were imported by the commission and placed in the park, a warning was issued that any person molesting or harming the little animals would be severely dealt with. The park superintendent has approached the police, who declare that the killing of the animal is a violation of the game laws, and therefore a serious offense.

The park commissioners declare that the next offender will be severely dealt with.

CANADIANS PROMOTED.

[Special Cable to The Advertiser.]

London, June 22.—J. J. Carrick is gazetted as graded for purposes of pay as general staff officer "for special duty with the Canadian contingent." Lieut. Childs of the Canadian Cyclists is gazetted as temporary captain.

Galt May Boast of Distinguished Hero in Lc.Corp. Whitla

[Special to The Advertiser.]

GALT, June 21.—Galt may have a distinguished conduct medal hero. In the list of those recommended for the decoration there appears the name of Lance-Corp. Wm. Whotla, 1st Battalion, which is thought should be "Whitla."

Lance-Corp. Whitla is a Galt man. His parents, Mr. and Mrs. W. J. Whitla, reside at 184 North Water street. Lance-Corp. Whitla was at the side of Capt. T. D. Lockhart when the latter was killed and carried him from the field. He is only 22 years of age and was reported wounded late in May.

His many friends hope he is the man to be honored.

ADVOCATES CEMENT

Canal Engineer Advises Its Use for W. London Breakwater.

Mayor Stevenson and City Engineer Brazier spent all day Saturday with Engineer Weller of St. Catharines, who is in charge of the cement work on the new canal, one of the largest contracts of the kind ever let in America. Mayor Stevenson stated to The Advertiser yesterday that Engineer Weller urged strongly that the new West London breakwater be built of cement.

"He assured us," said the mayor, "that cement would stand better than anything else the wear and tear of floods and weather, especially the winter conditions. They are using immense quantities of cement in the canal work, and are delighted with it."

Engineer Brazier will submit a report on the West London breakwater shortly. In the meantime West London people are endeavoring to find out what was done with the $20,000 that was obtained for the work. Mayor Stevenson is also investigating the matter.

PANAMA GOVERNMENT TO KILL DRUG HABIT

Promises Aid to Brigadier-General in Campaign Against Sales.

[Canadian Press.]

Panama, June 22.—The aid of the Panama Government has been promised by Minister of Foreign Affairs Lefevre to Brig.-Gen. Edwards, commanding the United States forces in the canal zone, in his efforts to stamp out the use of habit-forming drugs among soldiers on the Isthmus. President Porras will be asked to issue a decree making effective in Panama stringent regulations against the sale of drugs.

This plan is the outcome of Gen. Edwards' recent investigation of the illicit traffic in drugs in the canal zone and Panama. The inquiry led to the arrest and conviction of several Panama druggists and a number of peddlers, as well as soldiers who were drug users.

Secretary Lefevre has requested Gen. Edwards to assign an efficient American officer to instruct the Panama police and act as chief of police.

HEART WOULD PALPITATE

HAD WEAK and DIZZY SPELLS

Palpitation of the heart is one of the most common of all heart troubles. The heart will beat fast for several seconds, then slow, then start to flutter, and a feeling of utter depression will come over the system accompanied by weak and dizzy spells, making you feel that you are surely going to die. When you feel this way what you require is a real good heart and nerve tonic; one that will strengthen the weak heart and build up the nerve system. For this purpose we know of nothing that can equal Milburn's Heart and Nerve Pills.

Mrs. J. S. Nicholls, Listowel, Ont., writes: "I was weak and rundown, my heart would palpitate, and I would take weak and dizzy spells. A friend advised me to try your Milburn's Heart and Nerve Pills, so I started at once, and found that I felt much stronger, and my heart was ever so much better within a short time. I cannot praise your medicine too highly for it has done me a world of good. My husband has also been bothered with heart trouble ever since childhood and finds great relief in using your valuable pills."

Milburn's Heart and Nerve Pills are 50 cents per box, 3 boxes for $1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Company, Limited, Toronto, Ont.

WEDNESDAY HALF-HOLIDAY SALES--Tomorrow 8:30 to 1 o'Clock

A horse cannot think, but he can remember, it is true. Watch the horses of the summer ice wagons leaving the driver behind with a block of ice in his big ice pinchers for nearby delivery while they walk on to the next customer's house. It is just as natural for our customers to come here Wednesday morning as it is for the ice wagon horse to make his daily stops, for they not only remember the benefits of previous sales, but are thinking of what the next will bring forth and anxiously watch for the Wednesday morning announcements from week to week. For tomorrow we present the greatest list yet announced.

On Sale Wednesday Morning at 8:30

Space will not permit detailed descriptions nor illustrations, but the following brief announcements in every case will carry messages of great savings, which can only be had from 8:30 to 1 o'clock on Wednesday (tomorrow) morning.

SMALLMAN & INGRAM LIMITED

EMBARGO ON CATTLE IS NOT TO BE LIFTED

Hon. Martin Burrell Says It Would Be Dangerous At Present.

ST. THOMAS, June 21.—The delegation of railwaymen representing the different organizations—T. G. Courtenay, W. G. Babe and H. Sharp, and Ald. E. A. Harton and City Solicitor Doherty—have returned from Ottawa where they interviewed Hon. Mr. Burrell, minister of agriculture, in reference to having the Government order the removal of the embargo on live stock from the United States passing through Canada. The delegates failed in its mission, the minister stating that the Chicago stock yards and twenty states are at present quarantined, as a result of the most serious outbreak of the foot and mouth disease the U. S. has ever experienced. The delegates acquainted the minister with the hardships felt by the railway men in St. Thomas owing to the embargo, the Michigan Central, the largest American road with terminals here, being the chief sufferer, the company laying off several crews, by not getting the live stock haul.

The minister stated that through trains, bonded, might be allowed to enter Canada if the epidemic is stamped out, and no further difficulties arise, but at the present time it would be taking too big a risk to permit this class of business to pass through the country.

THREE SUSPECTED SPIES ARRESTED AT ACTON

Supposed To Belong To Committee Acting with U. S. Friends.

TORONTO, June 21. — The Ontario police have commenced a general round-up of alien enemies and today six Austrians, two of them military officers and three members of a committee suspected of being in communication with the spies in the United States, were arrested at Acton and brought to Toronto for internment.

The three alleged members of the committee have, it is charged been connected with a regular system throughout Ontario, for the collection of money from German and Austrian sympathizers, the assistance of German reservists to return to the Fatherland, and the transmission of aid to agents in the United States. Other arrests are expected to follow.
