THE SPORTING WORLD.

CRICKET.

Gloucestershire won a victory over Somersetshire by 7 wickets, scoring 184 and 102 for the loss of three wickets, against 198 and 86. For the winning team W. O. Moberley put together 58, Mr. E. M. Grace 25 and 39, and Dr. W. G. Grace 15 and 30.

Yorkshire v. Middlesex was in progress. Yorkshire ran up 150 in their first innings and Middlesex 183. The top scores were C. F. H. Leslie 59, and Hon. A. Lyttelton 52 for the latter county.

Lancashire defeated Surrey by 216 runs, making 78 and 255, against 36 and 81. For Lancashire A. N. Hornby scored 14 and 34, Barlow 10 and 96, and Robinson 0 and 50.

In the game Kent v. Derbyshire, the former made 169 and 124, and Derbyshire 220 and 12 without the loss of a wicket. The top score was made for Derbyshire by L. Docker, who put together 107, and O'Shaughnessy contributed 58 to the Kent total in the 1st innings.

Marleybone club and ground defeated Lincolnshire by an innings and 228 runs, scoring 373 in their first innings, while the Lincolnshire only succeeded in making 101 and 49. For Marleybone, Flowers contributed 171 and Barnes 103.

The English cricket team will sail from England September 20. The team comprises the following players: A. Shaw, E. Peate, G. Ulyett, A. Shrewsbury, B. Pilling, W. Bates, R. G. Barlow, J. Selby, E. Lockwood, J. Lillywhite, W. Midwinter, and Mr. W. R. Gilbert.

On Saturday the Parkdale club secured a victory over an eleven from the Northern and Hamilton and Northwestern railway offices. Only one innings was played, the score standing 45 to 42.

AQUATICS.

REGATTA NOTES.

Wallace Ross says if Hanlan will not accept the English cricketers' offer to go to Australia, he will go.

Two courses were surveyed yesterday under the supervision of Mr. Sankey. To-day the buoys will be placed in position.

A four-oared crew of the Celtic rowing club arrived yesterday, and betook themselves to Hanlan's. The other crew of the same club is expected to-day.

Lewis of the Cornell crew says there is no doubt in his mind that the crew were the victims of a rascal. He didn't think Shinkle played them false from the start, as they had no show in the first race.

The citizens' regatta committee met at their rooms last night, as usual. In addition to the list already published, the boat committee have chartered the Chicora and City of Toronto to carry passengers to the course, the committee to receive ten per cent. of the proceeds. Those wishing to go aboard the Geneva will have to embark at three o'clock, as the steamer then proceeds to the exhibition grounds to take on the visiting mayors, etc. A limit of seventy-five has been put to these additional passengers. Members of the committee were appointed to take charge of the several boats and to collect tickets.

ATHLETICS.

At the New York Caledonian games M. McDonald of Toronto won first prize for standing jump, tossing the caber, standing high jump, and running jump. Johnny Raine of Ottawa was first in the mile run.

At the meeting of the military games committee, held at the drill shed, it was decided to extend the time of entries, and that a wheelbarrow race be substituted in place of the donkey race, as no donkey could be procured.

BASEBALL.

At the tournament held at Aurora on Friday, the Young Mechanics of Newmarket succeeded in carrying off the first prize of $30.

GENERAL NOTES.

The celebrated trotting horse, Russian Spy, will leave to day by the Montreal boat to take part in the races at Ogdensburg on Friday.

POLICE PARAGRAPHS.

Inspector Stuart is back from his holidays. He looks well.

Col. Denison has gone to Ottawa, to attend the Dominion rifle matches. Ald. Baxter has taken his place on the bench.

Annie O'Connor was lodged in No. 2 station last night on a charge of stealing a fancy petticoat from Catherine O'Halloran.

The leading features of yesterday's police court were a small calendar, a short session, and Alderman Baxter in the magisterial chair.

Anthony Ryan, who is charged with obstructing P. C. Ryan, intends to bring a counter charge against the constable. Both cases will probably come up on Thursday.

Thomas McInernay, newsboy, was fined $1 and costs on Monday for interfering with the business of the news vendors on the cars, who sell three and one cent newspapers for five cents.

Yesterday George Johnston made an attack on an old man named John Bloomer, on Elizabeth street. Bloomer ran into Beer's hotel and came out of a side door, when Johnston, who had been waiting for him, set upon him again.

Mrs. Love, in whose possession some of the satin stolen from Simpson's was found, says she bought it from Ann Chaplin, and the latter has been arrested. Yesterday she pleaded not guilty to stealing the goods, and was remanded until Thursday.

Charles Ellis, who attempted some time ago to commit suicide in a barber's shop, was yesterday remanded until to-day, as there is no medical certificate as to sanity or otherwise. Why should a man who attempts suicide be at once assumed to be insane?

Acquiring an Education.

(From the Burlington Hawkeye.)

"Why do you wish to leave school at your age?" sadly asked the principal of a country school out near Danville, remonstrating with a sandy-haired pupil of twelve; "you have learned comparatively nothing up to this time."

"I've learned one thing mighty solid, anyhow," persisted the student.

"And what is that?" asked the teacher.

"I've learned that a mistake in spellin' that only fetches a boy a cuff on the ear, keeps a big girl in two hours after school."

"Young man," said the principal, handing the boy his books, "you should have left school three years ago."

Mothers! Mothers! Mothers!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth, who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere at 25 cents a bottle. 2

NON-FORFEITABLE

LIFE INSURANCE.

THE ÆTNA LIFE INS. CO. first introduced its Non-forfeitable Policies to the Canadian public in 1866. Previously thereto the universally prevalent objection to a man's insuring his life was found to be: "Oh, yes, it is all very fine so long as one can pay his premiums, but when unable to pay more he loses all he has paid." And then would follow instances of neighbours cruelly robbed in this manner, after paying 5, 10 or 20 years. Not so, however, with the ÆTNA'S NON-FORFEITABLE POLICIES, we answered; and so fair a system soon commended itself, and the ÆTNA'S policies became popular. Some of their features have since been imitated by other companies, but it is an undeniable fact that no policy is more highly esteemed throughout the Dominion by those fortunate enough to hold them, than those of the ÆTNA LIFE. Every ÆTNA policy now being issued in Canada contains a most liberal non-forfeiting feature, besides having its entire Reserve, or Re-Insurance Fund, annually and permanently deposited with the Finance Minister at Ottawa.

Striking! the reverse of this liberality to persons unable to continue is the Tontine system, as it out-Herods the worst features of the old confiscating system previously practised in Canada. "But," it is said in its favour, "some "cure is needed for the bad habit of lapsing policies lapse, and the Tontine sys- "tem supplies it by giving NOTHING to those who drop out, and to those who "remain their 10, 15 or 20 years, giving greater results than are obtainable on "any other system."

IN A PREVIOUS ADVERTISEMENT

we have shown how mistaken was the representation of "greater results," when compared with the Ætna's Nonforfeitable Endowment Bonds, and the following figures will afford proof that the other claim made—that it induces people to hold on to their policies—is equally groundless. They are from Prof. Cherriman's Insurance Reports, and relate solely to Canadian business transacted during the past three years:—

	ÆTNA LIFE.	TWO OTHER CO'S.	
Members in good standing, Dec. 31st, 1877	6,622	2,338	and 1,126
New entrants, less deaths, in 1878-79-80	2,754	1,433	712
Dropped their insurance in 1878-79-80	916	1,348	609
Balance, increase of membership in three years	1,838	85	13
Members in good standing, Dec. 31st, 1880	8,460	2,423	1,139

From which it is plain that the two other companies increased their membership in three years by only 98 out of a possible 2,145—a little over 4 per 100! The same time the ÆTNA LIFE, with nearly 2,000 exposed to lapse, increased its membership by 1,838 out of a possible 2,754, or about 67 per 100!

The difference in favour of the ÆTNA LIFE'S Non-forfeitable System is very gratifying. It shows that when people are free to go or to stay, they prefer to stay with a good company; and that when they find their policies good for nothing if they stop paying, they are seventeen times more likely to pay no more.

All the ÆTNA'S Endowment Policies are Nonforfeitable after two Annual Payments, and all its Life Policies are so after three.
