NINTH YEAR. WEDNESDAY MORNING, JUNE 6, 1888. PRICE ONE CENT.

FIRED BY A CIGAR STUMP.

HULL AGAIN DEVASTATED BY A FURIOUS CONFLAGRATION.

The Roman Catholic Church and Convent Totally Destroyed and Over 250 Dwellings Swept Away by the Flames—Sixty-three People Homeless.

OTTAWA, June 5.—For the third time within eight years Hull has been purged with fire and a large section swept off the rock on which the city is built. About 3.45 this afternoon, while the City Council was in session, fire broke out under the stairs of the City Hall, which was in the centre of Market-square, and upstairs over the market. The fire is supposed to have been caused by the stump of a lighted cigar falling under the stairs amongst some waste. A strong gale was blowing at the time and the fire spread with fearful rapidity and in a few minutes the City Hall was in flames and sparks were showering on the small wooden buildings in the vicinity. The wind was blowing from the northwest and the fire fairly flew along the streets running north and east, and within fifteen minutes forty or fifty tenements were in flames.

The fire brigade was practically useless, the small mains being wholly inadequate to supply the numerous streams laid on, and the fire merely laughed at the sickly squirts which trickled on it, some of which scarcely went twenty feet beyond the nozzle.

The wind blew directly towards the magnificent Roman Catholic Church, the largest edifice in the archiepiscopal diocese of Ottawa except the Basilica at Ottawa, and the interior was soon in flames. The church was of solid limestone, with a sheet iron roof, which held the fire in splendidly, and had there been anything like a sufficient water supply the building would have been saved. As it was this beautiful structure, valued at over $150,000, was totally destroyed, together with other church property in the vicinity estimated at $100,000 more.

The fire swept along, totally beyond control, and soon caught the convent, a quarter of a mile distant, totally destroying it.

By this time the Conqueror engine had arrived from Ottawa and had two good streams on the college, which was saved, and the Eddy and Union steamer had several streams on Eddy's piling grounds south of the fire, the lumber piles in which were mostly saved, only the fence and a few piles being destroyed.

With the exception of the church, presbytery and convent almost all the buildings were of wood and burnt like so much paper under the impetus of the fierce gale which prevailed throughout the two hours the fire lasted, until it fairly burnt itself out.

It is difficult to get at the number of houses burnt, but a moderate calculation puts it at 250, which is more likely to be under than over-estimated. Fully 1500 people are homeless, most of whom are poor.

The loss will exceed $500,000, on which there is little insurance except $80,000 on the church, $4000 on the convent and $5000 on the City Hall.

The church was beautifully finished inside and contained many fine pictures, none of which were saved. Not only were the contents of the church totally destroyed, but also a considerable quanity of furniture which had been removed from buildings on fire or in danger and placed there for safety.

This is the worst fire Hull has ever had.

Gilroy at Glen Buell on Saturday night, blew open the safe and took a small sum of money in silver and coppers but missed $700 in bills which lay under some papers. They then entered Mr. A. Macdougall's Six Mile House and got some change, a revolver and a quantity of eatables, after which they visited the postoffice at Spring Valley and carried off a few dollars which were in the till.

"That Bismarck," said M. Lefevre de Behaine, Secretary of the French Legation at Berlin, to the Brothers De Goncourt, "that Bismarck is certainly an astonishing fellow! At my journey to Vienna, after the battle of Sadowa, I learned he was at Brunn. It was July 15. I called upon him at 2 o'clock in the morning and found him in bed. There was a table at his bedside, upon which two candles were burning and two books were lying. The man was reading; and what do you think he read? You will scarcely believe me when I tell you that it was Paul Feval's 'Hotel Carnavalet.'"

THE SUPREME COUNCIL IN SESSION.

Opening of the Eleventh Session of the Royal Arcanumers.

The eleventh annual session of the Supreme Council of the Royal Arcanum was begun in Shaftesbury Hall at 2 o'clock yesterday afternoon. The proceedings were opened in accordance with the ritualistic form, the Supreme Regent, S. M. Lindsley, presiding, and Rev. Wm. H. Bentley of Boston, Mass., officiating as Chaplain.

The annual reports of the Supreme Regent, Supreme Secretary, Supreme Treasurer and the Finance Committee for the year ending Dec. 31, 1887, were submitted and read. From these reports it appears that the order has made gratifying progress since the last annual session, 10,673 new members having been initiated and the actual membership on May 1, 1888, being 82,296. 636 full rate and 21 half rate death benefits were paid, making the aggregate payments in 1887 $1,940,000. The receipts on the general or expense fund account were $43,838 and the payments $46,262. There are now 1105 subordinate and seventeen grand councils working under the jurisdiction of the Supreme Council.

The principal subjects which will occupy the attention of the Council will be the raising of revenues to meet necessarily increased expenses, the adoption of regulations defining the position of the order with relation to the beneficiaries of members, the consideration of the new statute of Massachusetts separating the fraternal societies from the business assessment companies, and the proposed creation of a reserve fund.

The session will be resumed at 10 o'clock this morning and will last until 2 o'clock each day until the latter part of the week, when the sessions will lengthen every day, and in some instances be continued until late at night.

A reception will be tendered at the Horticultural Gardens this evening to the visitors by the members of the order in this city. His Worship the Mayor will be present.

IN OUR LADY OF LOURDES.

Marriage of Mr. Austin Smith and Miss Mary Alice Ryan.

In the Church of Our Lady of Lourdes at 10 o'clock, yesterday morning, Miss Mary Alice, eldest daughter of Mr. Hugh Ryan, of Hollydene, was married to James Austin, second son of Senator Frank Smith. The church was crowded with friends of both families. Rev. Father McBride, rector of the parish, said the wedding mass, the bride and bridegroom receiving the communion. The marriage ceremony was performed by His Lordship Bishop O'Mahony, assisted by Dean O'Connor of Perth, and Very Rev. Father Laurent. Mr. Hugh Ryan gave away the bride, the bridegroom being supported by Mr. J. K. MacDonald, and Mr. W. Langmuir. The bridesmaids were Miss Nellie Ryan, Brockville, and Miss Kate Ryan, sister of the bride, the train-bearers being Miss Kathleen Harty, Kingston, and Miss Rita Ryan, Brockville.

The bride was attired in a robe of white duchess satin, brocaded velvet, with diamond ornaments, the gift of the bridegroom. The bridesmaids wore dresses of white gauze and moire, with gold ornaments, and the train-bearers canary-colored crepe robes, with hats to match. After the ceremony the wedding party drove to Hollydene to enjoy the wedding breakfast. The newly wedded couple left on the 2.50 train in the afternoon for a tour through the Eastern States.

Among the invited guests were Very Rev. Father Vincent, Very Rev. Father Rooney, and Rev. TORONTO MERCHANTS

Accused by a Montreal Merchant of Cutting One Another's Throats.

Mr. David Morrice of Montreal, who presided at the meeting of the creditors of Hughes Bros. yesterday, undertook to read the Toronto wholesale dry goods merchants a lecture on their jealousy one of the other. It was a peculiarity to Toronto merchants; it was not, he was glad to say, common to Montreal merchants. They helped one another. The Toronto men tried to pull one another down. Hughes Bros.' failure, he thought, had been brought about by the drivel and talk of their brother merchants in Toronto. He advised his brother merchants in Toronto to stop that kind of thing.

A Toronto merchant, when spoken to by The World, said that Hughes Bros. had failed on their standing and not on what had been said of them by rivals. The houses with capital and prudence were constantly being injured by houses that were in a weak position selling goods below cost and at any time the buyer cared to ask. How could firms that were meeting their paper, that were careful in their credits stand this extravagant competition of men who did not meet their paper and who gave any time and any amount of credit the customer liked to ask?

THE CITY AND QUEEN'S PARK LEASE.

The Motion for a Hearing before a Full Court Dismissed.

In the Queen's Bench yesterday morning the case of the city and the authorities of the University again came before the court. For the city there appeared Mr. Christopher Robinson, Q.C., Mr. S. H. Blake, Q.C., and Mr. Bigger, while Mr. Dalton McCarthy, Q.C., Mr. Moss, Q.C., and Mr. Wm. Macdonald were for the University authorities. It will be remembered that Chief Justice Armour refused to allow an appeal from the city to re-open the case. The motion yesterday was for an appeal to the fullcourt from Chief Justice Armour's decision confirming the cancellation of the Queen's Park lease. Mr. Robinson stated that another motion had been arranged to be made before Justice Street to-day in this matter, and he asked that yesterday's motion should stand over and be heard at the same time. Mr. McCarthy objected to the course suggested, and the court dismissed the appeal. Mr. Justice Street will hear the motion by the city's counsel this morning at 9.30.

The Cleveland Friends.

The arrangements for welcoming the Cleveland Chosen Friends were completed by the committee which met in Richmond Hall last night. They will be met on arrival by a band of music and escorted to Temperance Hall, where a public reception is to be given them. In the evening there will be a concert in Shaftesbury Hall.

TORONTOS' EASY VICTORY.

THEY ARE NOW SECOND AGAIN IN THE PENNANT RACE.

The Varsity-Trinity Cricket Match—Racing at Jerome Park, Latonia and St. Louis—Argonaut Spring Races Ended—Championship Games Yesterday.

BUFFALO, June 5.—To-day's result may have reduced Fanning's opinion of his ability to pitch good ball, even that is doubtful. The main point now with Fanning is the opinion of the Buffalo management, and if that is guided by the opinions of ninety-nine out of every hundred of the regular attendants at Olympic Park, Fanning will go home and stay until winter time when he can be renovated and put in the field to toss snow balls. Certainly his inferior display of skill cost the Buffalos to-day's game.

The Torontos had a picnic with Fanning and pounded him hard. While Sheppard was also hit at times, McLaughlin's wild throwing gave Buffalo several runs, and with that exception the visitors played an excellent game. The score:

The Shelburne team was ordered to pay Orangeville the amount in dispute between them.

The Protestant Orphans' Home.

An institution deserving warm support is the Protestant Orphans' Home, on Davenport-road. Its 37th annual meeting was held yesterday under the presidency of Mayor Clarke. The annual report was of a most gratifying nature. During the year past, 83 children had been admitted, and of these 52 were boys and 31 girls. There left the Home during the same period 74, and so far as could be ascertained they are all doing well. The average attendance during the year was 184, and on one occasion 201 received the shelter and protection of the Home. The actual number now in attendance is put at 108.

The Treasurer's report showed that the receipts were $10,122.44 and the expenditure $9002.65, thus leaving a balance of $1119.79.

These officers were elected for the year: Managers, Mesdames M. R. Vankoughnet, McMurray, Cavley, Cowan, Miss McKenzie, Mesdames Baker, Lochhart, Leigh, Spragge, Creelman, Douglas, Thompson, Austin, Macdonald, Lightburne, Fraser, Darling, Wishart, Armstrong, Calvert; 1st Directress, Mrs. M. B. Vankoughnet; 2d Directress, Mrs. J. S. McMurray; Treasurer, Mrs. R. L. Cowan; Corresponding Secretary, Mrs. Leigh.

The Crop Outlook.

The farmers throughout Ontario report all spring crops stalking well, but more rain is needed, barley is looking finely and an abundant yield of fruit is indicated. All crops promise well except fall wheat, which will fall below the average.

Despatches from all points of the Province of Quebec say that the crops present a magnificent appearance. Hay looks better than at any time for years past. The cool weather has slightly retarded the growth of grain, but has improved it in strength. The root crop, though somewhat late, is looking well. Altogether the prospects are most encouraging.

A NEW BANK COMING.

The Union of Quebec to Open a Branch in Toronto—Manager Buchanan.

The Union Bank, the head office of which is at Quebec, will open a branch in Toronto on June 15, and a general banking business will be carried on. Mr. J. O. Buchanan has been appointed manager. As the business community in Toronto know, Mr. Buchanan is well qualified for the position, having had long experience as a practical banker. He has been manager here for the Federal Bank for four years, and that experience alone is worth a great deal. The new branch will be opened out in the old Federal Bank building, at the foot of Jordan-street, the building being now renovated and put in good repair. The Union Bank is one of the reliable banking institutions of Canada. It has been doing business for nearly 25 years, and under judicious and prudent management has been constantly widening the scope of its operations. Its present prosperous condition is a credit to the Boards of Directors who have managed its affairs, and the personnel of the present board gives promise that the same careful dealings adopted in the past will be continued. Among the directors are Sir A. P. Gali, Hon. Thos. McGreevy, Andrew Thomson and other capable business men.

50 CENTS ON THE DOLLAR.

Hughes Brothers to Settle with Their Creditors at the Above Figure.

The creditors of Hughes Brothers held two meetings yesterday in the warehouse of the firm. In the morning there were 37 representatives of creditors present, and in the afternoon the number was about 40. Many were lawyers, among them being Z. A. Lash, Q.C., J. A. Worrell, W. M. Merritt, P. McPhillips, A. K. Creelman, J. M. Quinn, James Haverson and George C. Gibbons, London.

Mr. David Morrice of Montreal was elected to the chair, and Mr. Schoolcraft was the secretary. The minutes of the last meeting were read, as well as the report of the three inspectors of the Bank of Commerce securities. The total claim of the bank was $479,779, for which it held securities to the value of $330,000 in round numbers, while the firm's total assets figured up to $163,112, including book debts, etc.

Mr. P. Hughes submitted a conditional offer of 30c. on the dollar, 25c. cash and the balance on a secured note. The conditions attached to the offer was that the bank should accede to the firm's valuation of the securities held by it, which was between $40,000 to $50,000 less than what the bank claimed.

In the afternoon after a lengthened discussion, the firm's offer was accepted by those present, including the bank. It is understood that the other creditors are to be consulted by their representatives.

The money for the offer of 25c. cash is believed comes from a syndicate of Mr. Hughes' friends.

A. L. Green Compromises at 50 Cents.

A meeting of A. L. Green's creditors was held in the office of Townsend and Stephens yesterday afternoon. An offer of 50 cents on the dollar was made and accepted. The offer of a lump sum amounting to about 15 cents on the dollar has been accepted by the inspector and insurance in behalf of the creditors of A. H. Green and W. R. Green.

City Hall Small Talk.

The resolution of condolence passed by the City Council in 1880 on the death of ex-Mayor Medcalfe, was yesterday sent to his widow. It is a work of art, and has evidently lost nothing by being kept so long.

At Monday night's meeting of the City Council Ald. Jones introduced and secured the passage of a bylaw to amend Bylaw No. 276, reducing the deposit required from contractors tendering for work on the new court house and city hall, from 2½ per cent. to 1 per cent. Ald. Jones' idea in doing this is to enable city contractors to tender for the work, which under ordinary circumstances they would be unable to do, the deposit required being too heavy for their capital.
