After our country edition was mailed last week, we received the news of the arrival of the steam ship Britannia, and published the Queen's Speech, which we have inserted again, on our fourth page, for such of our friends in the country as have not seen it.—We continue our extracts from English papers received by the February Mail.

Removal of Sir John Harvey—We have copied from an English paper a rumour of the appointment of a successor to our worthy Lieutenant Governor Sir John Harvey; we cannot imagine what motive the Home Government have in removing a Governor who is as talented as he is deservedly popular.

SIR WM. M. G. COLEBROOK.—We give the following sketch of Sir W. M. G. Colebrook, R. H. who it is reported is to succeed our present Lt Governor SIR JOHN HARVEY, in the command of this Province:

Campaigns of 1809 and 10, in India; expedition to Java in 1811, including the action of Weltyvreden, in batteries before Cornelis until wounded (in the groin) 22d August; and the seize and capture of Jogjacarta; expedition to Palembang, in Sumatra, 1816; Campaign of 1817-18, in India against the Pindaries and Mahrattas; Campaign of 1818-19 in Southern India. Present at the seiges of Pees-el-Kyman and Zeyn, Arab fortresses.

We have been obligingly favored with Demerara papers to the 20th of January, and other West India Journals to a late date, brought by the *Corsair*

Most of the papers before us are loud in their complaints against the unfair system at present pursued by the Emigration Agents for the Colonies of Trinidad and British Guiana, in holding forth tempting offers to induce the labourers in emigrant to those places, where they are put to perform such work as they are unaccustomed to, or are incapable of executing.

In consequence of the excessive drought, it was expected that the crops in Barbados would even be less than those of the preceding year.—Sir R. Bowcher Clarke, the Solicitor General of Barbados, has resigned his seat as Speaker of the House of Assembly, and it was confidently rumoured that Sir Bowcher was to be appointed Chief Justice of that Colony.

Sir Henry McLeod's visit to Demerara, would, it was said, be the means of restoring tranquility to that Colony. The Guiana Times, says, "it is announced that a Civil list, much more moderate than that of Messrs Light and Young, has been assented to by both parties; the Governor to have £3000 and a house, the Chief Justice to have £1000 and each Puisne Judge £1000." Sir Henry McLeod did not, it appears, yet intend a day for the meeting of the Combined Court; it is conjectured that his Excellency would allow the Christmas holidays to pass over before they were summoned.

There is nothing in the Tobago papers worthy of remark, except that there has been a little brush between the House of Assembly and the Governor, Gen. Darling.

BUSINESS.—The trade of this Town has improved much within the last 12 months, owing in some measure to the formation of several clubs, composed of our leading Townsmen of moderate means who have purchased vessels of a class suitable for the West India Trade; five of which are now in successful operation, yielding good returns to the proprietors. During this week three clubs have contracted for the building of two vessels of about 250 tons each, the work to commence at once—our own workmen are to be employed and the vessels to be built at the ship yard Indian Point. Vessels of this class are more profitable to the trading community than those of a larger size, as they make about four voyages a year, being disbursed here and kept permanently in the trade, whereas those of a larger class are employed otherwise, and most of their earnings disbursed in foreign ports.

COUNTERFEITS.—We observe by the Saint John papers that there are Counterfeit English Shillings in circulation in that City, and said to be manufactured there. We advise all persons here to look out, as no doubt this base stuff will find its way here. While noticing these coins we would just say that there are several notes of the *Washington County Bank*, Calais, in circulation in town, and that the Bank has *failed*; they resemble the Saint Stephen Bank Notes, and therefore require to be looked at very closely.

CATHOLIC TEMPERANCE SOCIETY.—On Sunday last, the Rev. JAMES QUINN administered the Total Abstinence Pledge to a large number of postulants, and during this week several more enrolled, amounting in all to 170. The Rev. Gentleman is deserving of the gratitude of the inhabitants for his zeal in this good cause; indeed he has always been a strong advocate for Temperance Societies.
