GRAIN.

Barley continues very active with prices varying according to the points where it is located. The McKinley bill is to go into effect on Oct. 6, and the chief element in the regulation of prices is the promptness with which the grain can be supplied. Barley has gone forward this year with phenomenal speed. It is estimated that by Oct. 1 over 2,000,000 bushels will have crossed the lines. A private letter to Crane & Baird, written at Oswego on Sept. 26, states that receipts of Canada barley there have been 316,000 bushels up to that date as against 70,000 bushels at the corresponding date last year. Oats are steady at 37 east, 38 west. Peas are easier, buyers holding off; sales to-day at 60 Grand Trunk west. Wheat is steady at 92 for red and white north and west. New spring on the Midland east is selling at 95.

BUYERS WHO BUY WELL AIM AT GETting the best value for their money, and generally the best goods are the cheapest. In the matter of Tea, for instance, even from the standpoint of economy, it pays to use the pure Indian Teas, sold exclusively by us. One teaspoonful is equal to two of the China or Japan Teas, while the price is about the same. In addition to the saving you enjoy the fragrance and exquisite flavor of the pure tea leaf. Our Teas are absolutely pure, and being purchased direct from one of the largest tea gardens in India we are able to supply our customers at first hand. We invite you to call and get samples and examine the teas for yourselves.

This Company is now issuing $100, $200, $300, $400 and $500 Investment Bonds, payable in Five, Ten and Fifteen Years from date of issue, with participation in profits; affording all the advantages of compound interest accumulations on small sums of money.
These Bonds are the obligations of this Company, and are specially protected by a Sinking Fund, invested in first-class Real Estate Mortgages. They are plain, definite contracts, subject to no contingencies whatever, are non-forfeitable after one annual payment, with values definitely stated thereon. For a small outlay they secure a fixed and generous return.
Young Men and Women, persons of moderate means and any one seeking a perfectly safe and profitable investment, are solicited to examine carefully the plan of these Bonds and note the fact that a small amount paid Monthly, Quarterly, Half-yearly or Annually, will produce One, Two, Three, Four or Five Hundred Dollars at the end of Five, Ten or Fifteen Years, affording thereby unequalled opportunities for saving and accumulating money, and all at very moderate cost.
The Company is prepared to receive applications from reliable agents at all points where it is not already represented.
WM. KERR, Manager.
The Safe Deposit Vaults of the Company cannot be surpassed for absolute security. Call and examine or Write for Circular.
