THE GREATEST
Medical Discovery,
OF THE AGE.

Dr. KENNEDY, of Roxbury, has discovered in one of our *common pasture weeds* a remedy that cures

EVERY KIND OF HUMOR

from the worst scorfula down to a common pimple

He has tried it in over eleven hundred cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificatef of its value, all within twenty miles of Boston.

Two bottles are warranted to care a nursing sore mouth.

One to three bottles will sure the worst kind of pimples on the face.

Two or three bottles will clear the system of biles.

Two bottles are warrnted to cure the worst canker id the mouth and stomach.

Thre to five bottles are warranted to cuse the worst case of erysipelas.

One to two bottles are warranted to sure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions on the skin.

Two or three bottles are warranted to cure the worst case of ringworm.

Two or three bottles are warranted to cure the most peperate cose of rheumatism.

Three or four bottles are warranted to cure the salt rheum

Five to eight bottles are warranted to cure the worst case of scorfula.

A benefit is always experienced from the first bottle and a perfect cure is warranted when the above quantity is taken.

Reader, I have peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in everycase. So sure as water will extinguish fire, so sure will this cure humor. I have never sold a bottle of it but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear to me suerprising; first that it grows in our pastures, in some places vuite plentiful, and yet its value has never been known until I discovered it in 184 —second, that it should cure all kinds of humor

In order to give some idea of thgsudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it, and sold abiut six bottles per day—in April, 1854, I sold over one thousand bottles per day of it.

Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was over like it. There is a universal praise rom all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will ;rove effectdal in all cases of that awful malady—there are but few who have seen more of it than I have.

I know of several cases of dropsy, all of them aged people cured by it. For the various diseases of the liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases os the Spine, and particularly in diseases of the Kidney's, &c. the discovery has done more good than any m dicine ever known

No change of Diet ever necessary. Eat the best you can get, and enough of it.

DIRECTIONS FOR USE.—Adults one table spoonful per day—Children over ten years dessert spoonful—Children from five to eight years, tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

The Principal Office for the *State of Maine* an the *British Provinces*, is at the *Drug and Medicine Store* of H. H. Hay, 15 and 17 Market Square, Portland, (Me.) to whom all orders should be addressee.

Sold by all respectable Druggists throughout the United Stater and British Provinces. Price $1 00.

AGENTS. W T. Baird, Woodstock; J. W. Raymond, do.; Willard Sawyer, Upper Woodstock; A. W. Raymond, Grand Falls; Benj. Beveridge, Tobique; Stephen H. Estabrooks, Upper Wicklow; S. G. Burpe, Upper Simonds; N. W. Raymond, Middle Simonds; Mark Trafton, Fulton Me.

IMPORTANT!

THE SUBSCRIBER thankful fo past favors, would respectfully inform the inhabitants of Woodstock that he is selling Furniture to those who have suffered by the

LATE FIRE

at a handsome discount for cash. And he further states that the person or persons who circulated that he had raised his prices on account of the fire, did so

WILLFULLY AND MALICIOUSLY,

and he brands them as wilful and malicious liars.

MRS. WINSLOW,

An experienced nurse and Female Physician, presents to the attention of mothers, her

SOOTHING SYRUP
For Children Teething,

which greatly facilitates the process of teething, by softening the gums, reducing all inflamatio ; will allay all pain and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest t yourselves and

Relief and Health to your Infants.

We have put up and sold this article for over ten years, and can say in confidence and truth of it what we have never been able to say of any other medicine—Never has it failed in a single instance, to effect a cure when timely used. Never did we know an instance of dissatisfaction by any one who used it On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues.

We speak in this matter "what we do know," after ten years' experience, and pledge our reputation for the fulfillment of what we here declare In almost every instance where the infant is suffering from pain and exhaustion relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most experienced and skilful nurses in New England, and has been used with never failing success in THOUSANDS OF CASES.

It will not only relieve the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve GRIPING IN THE BOWELS, AND WIND COLIC and overcome convulsions, which if not speedily remedied, end in death. We believe it the best and surest remedy in the world, in all cases of Dysentery and Diarrhea in children whether arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your prejudices, nor the prejudices of others, stand between your suffering child and the relief that will be sure—yes, absolutely sure—to follow the use this medicine if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York is on the outside wrapper.

Sold by Druggists throughout the world Principal office, 13 Cedar St, New-York

To Buyers of Land.

THE Subscriber offers for sale a FARM in Jacksontown. It contains one hundred acres of superior Land, thirty acres of which are cleared, and the rest wooded with a heavy growth of Maple, Birch, and Hemlock. The buildings are a one and a half story house, thirty-seven feet by twenty-eight, recently erected and partly finished, a barn forty five by thirty-three, and other buildings.

This farm is but two and a half miles from the Court House, and is a really valuable investment, either for a practical farmer or for any one who desires to invest money in Land.

Terms made known, and further particulars given on application (if by letter, postpaid) at the *Journal* office or to JOHN EDGAR.

Woodstock, Carleton County, June 2., 1859.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the blood, it pervades the whole body, and may be expected to appear in disease on any part of it. No organ can escape from its attacks, nor is there one which it does not destroy. The scrofulous taint is sometimes caused by mercurial diseases, improperly ordered or unhealthy food, impure air, and filthy habits; it is developed in childhood, and, above all, by the venereal taint, whatever be its origin, it is hereditary in its constitution, descending from parents to children unto the third and fourth generation; indeed, it seems to be the curse of God upon a guilty race, who will visit the iniquities of the fathers upon their children.

Its effects commence by deposition from the blood of corrupt or tuberculous matter, which, in the lungs, liver, and internal organs, is called tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul eruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions, not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disease which, although not scrofulous in their nature, are still rendered fatal by the taint in the system. Most of the consumption which decimates the human family has its origin in this scrofulous contamination, and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, result from, or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this loathsome infection, and their health is undermined by it. To cleanse it from the system we must restore the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S
Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "*impurity of the blood*" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy so certain, so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: *Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in the Side, Dull Action of the Bowels, Flatulency, Loss of Appetite, Jaundice*, and other kindred complaints arising from a low state of the body or derangement of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons published known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of the kind is so apparent to ready observation, and where its virtues are known, the public no longer hesitate what remedy to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies flood upon the community have failed and been abandoned, this has gained friends by every trial, conferred benefits on the afflicted they cannot never forget, and produced cures too numerous and too remarkable to be forgotten.
