The Financial and Commercial Markets

EDMONTON MARKETS

Edmonton, Oct. 18—No marked change is noticeable in local market conditions, except a gradual shading off in grain prices, wheat being the weakest factor. In striking contrast to the market on this side of the international boundary line are the strong ruling prices for wheat in the United States. Farmers are still threshing in the Edmonton district. They are so busy in fact taking care of their grain, that they do not find time to bring any hay to market, with the result that good timothy sells rapidly at from $18 to $20 a ton. Upland and slough hay prices have also taken a brace.

The same conditions prevail with reference to vegetables, the farmers being unable at present to keep th local market stocked up to wheat it usually is. Lettuce, cucumbers and tomatoes are off the market. Onions are now selling by the pound instead of in bunches.

Chicago Grain Markets.

Chicago, Oct. 25.—Assertions that the harvest now almost at hand will prove so abundant that scarcity elsewhere can work no harm, sent the wheat market today to a lower level. The close was half to 5-8c under last night.

The flattering outlook for the wheat crop in Argentina attracted special attention because of despatches from Liverpool, telling of cheaper offerings of cargoes, from South America. It was pointed out that nearly a billion more acres were under cultivation in the Argentine than ever before. Aside from the increase of planting the prospects was better than for many years. Further discouragement for the bulls, resulted from improved weather conditions northwest and from less favorable advices in regard to the milling situation in that region. The snow fall and cold both sides of the Canadian line were expected to lead to a large increase in market. At the same time, the prevailing high prices for flour were said to have shut off demand for that commodity to a material extent.

Altogether it was a bear day, notwithstanding the tone was comparatively steady.

New York Stock Market.

New York, Oct. 25.—The securities remained today in suspended examination, prices were virtually on a dead level. The only noticeable change was the market lost the firm tone which has characterized it recently. Interest was centered upon the progress of the contest over the American Tobacco re-organization plan, which, in the opinion of some traders is the pivot of the present situation.

The stagnation of the market is illustrated by the fact that Union Pacific, one of the three speculative leaders, closed on last Saturday, Monday and Tuesday at the same price and ended today's session only a small fraction above it.

The steel issues seemed to be in a vulnerable position. The Republic Steel showed the greatest weakness, common yielding two and the preferred four points. Heaviness of the stock was attributed to trade prospects. Orders within the last fortnight have decreased materially among the railroad stocks. Canadian Pacific was strongest. The rise was in response to improvement in earnings. Gross returns for the third week of October show a gain of ten per cent. Atchison's September statement showed a falling off of more than $40,000, in net earnings, the larger part of which was due to heavier operating expenses.

American tobacco bonds sixes gained one-half. Otherwise, the bond market lacked feature. Prices were well sustained. Total sales par value $2,596,000. United States bonds were unchanged on call.

Toronto Stock Market.

Toronto, Oct. 25.—Winnipeg 115, 243 1-2, 6; Can. Steel 133, 30 1-4, 9 1-4; Porto Rico 325, 89; Commerce 310, 207 1-4; Sao Paulo 115, 178 1-4; Rice 104, 114 1-4, 4; Richelieu 100, 183, 21-2; Maple Leaf 105, 63 1-2, 3; Larose 325, 400, 335; Can. Perm. 115, 168.

Unlisted—Preston 3000, 27 7-8, 3-8; Chartered 2800, 43 1-2, 4; Coronation 3000, 4.

London Money Market.

London, Oct. 25.—Money was plentiful and discount rates were quiet today. The general settlement commenced on the stock exchange and carry-over rates for American shares ranged from four to five points. Business for the new account was good and fresh buying gave the market a firm tone. American securities after a quiet opening advanced on fair buying. This demand subsided at the end of the first hour and the market scarcely moved until the last half hour, when New York offerings caused recessions and an easy closing.

Winnipeg Grain Market.

Winnipeg, Oct. 25.—Cables were again lower, there was no new export business and markets sagged considerably. Cash demand was poor all morning and the volume of trade light. Winnipeg October dropped 1-8, November 1-2, December 1-4, May 1-2.

Oats also were weaker, the decline being 1-4 to 3-8. There were 63,000 delivered on October contract, the largest delivery for a single day.

Flax was down 2 1-2 for October and 1c for November.

Chicago wheat dropped 1-2 to 5-8, Minneapolis dropped 7-8 to 1c. Corn showed weakness and declined 5-8 to 1 3-8, and Chicago oats 3-8 to 1-2. General tone of all markets was weak at the close.

Receipts were 757 cars, against 450 last year, and there are 750 in sight for tomorrow.

CHANCE CONVERSATION DISQUALIFIES JUROR

Is Severely Censured by Judge in McNamara Case and is Then Challenged by the Defence on the Suggestion of the Judge.

Los Angeles, Oct. 24—A chance street conversation started by B. W. Clark, a venirman in the McNamara murder case with Harry Chandler, vice-president and assistant general manager of the Times Mirror Company and son-in-law of General Harrison Grey Otis, publisher of the Los Angeles Times brought Clark's services as a prospective juror to an abrupt end when he told about it in court late today. Clark was censured by Judge Bordwell for carelessness and promptly excused on a challenge by the defense suggested by the court.

Chandler, according to Clark, had said he hoped the talesmen would qualify as a juror. It was said tonight that Chandler was held in no way responsible for the occurrence so far as the court was concerned.

It was stated definitely today that fourteen men would hear the McNamara case as jurors. This is possible under California laws which provide in addition to the regular jury, that two additional jurors may be qualified in cases where the trial is likely to be of great importance and duration.

These two must be kept with the other twelve having equal opportunities to hear the evidence and in case any regular juror is disqualified through illness or death, the name of one of the two extra jurors is to be drawn from a box and he thereupon replaces the disabled one.

Six jurors temporarily accepted by both sides were in the box but all are subject and liable to preemptory challenge.

To Be Shipped to Edmonton.

Vancouver, Oct. 24—Two Skeena river stern-wheel steamers, Operator and Conveyor will be towed in a few days from Prince Rupert to Vancouver. Here they will be taken to pieces and shipped to Edmonton by rail, then reassembled to be operated on upper Fraser for Foley, Welch and Stewart.

EMPLOYEES DISMISSED

Ottawa, Oct. 23—The Evening Citizen says: "Twenty-five out of sixty sessional employees of the House, messengers, doorkeepers, etc., have been sent letters stating that unless otherwise notified, they will not be required to report for duty this session. While this is not exactly a direct dismissal, it practically means that the desire is to improve the staff. A number laid off are over the fifty year of age rule, and were active participants in the recent election. The sessional clerks are regarded as permanent and will not be dismissed without a hearing.

Marks of Violence on Body.

Toronto, Oct. 23—There are marks of violence on the body of Miss Violet Smith, the nineteen-year-old Toronto public school teacher who was found drowned a few day ago in the river at Diltonsport. This new fact has been established since the body of the young woman was brought to Toronto. The doctors who performed the second post-mortem are keeping their own counsel as to what they discovered but from the marks found on the body there is the indication that the investigations are far from being dropped. The funeral took place this afternoon.
