A Serious April Fool's Joke in Sandwich West.

A Couple Believe a Bogus Marriage To Be Legal,

BRANT.

A lodge of the International Machinists' Association has been formed at Brantford with these officers: Master machinist, George Montgomery; foreman machinist, O. Grenier; recording secretary, Harry Heaton; treasurer, Amos Sage; conductor, J. J. Foley.

A house occupied by J. Walley, and owned by W. Van Every, of Brantford, was destroyed Wednesday by fire. The hose could not reach it. Loss, $500.

BRUCE.

An item appeared in an edition of the ADVERTISER last week stating that the G. T. R. safe at Lucknow had been cracked. It should have read Listowel.

ELGIN.

The Rev. T. Cullen, of Aylmer, has been appointed on the advisory council on religious congresses in connection with the World's Columbian Exposition.

Dr. T. Cullen, of Aylmer, sailed from New York last week for Germany, where he will spend six months or a year in some of the leading German medical schools.

Edward Miller, one of St. Thomas' oldest citizens, is dead. He was born in 1820 within the present city limits when it was farm property, and lived there all his life. Four years ago he was president of the Elgin Loan and Savings Company.

ESSEX.

A Windsor dispatch says: Frederick Steers was arrested here on Tuesday on the charge of unlawfully marrying Frank Moore and Annie Robant. All the parties live in Sandwich West, and for some time past Moore and Miss Robant have been keeping company. A few of their friends decided that as Saturday was All Fools' Day it would be a good time to play what they thought was a rich joke. Steers was willing to officiate as magistrate, although he had no right to do so, and the couple were married, believing the ceremony to be perfectly legal. Next day Moore was told that Steers had no right to perform the cermony and that it was all a joke. Moore did not take it this way, and had a warrant issued. Steers is now out on bail. Moore and his affianced, concluding not to take any more chances, were married in Sandwich on Tuesday.

HURON.

The directors of the Hay Branch Agricultural Society met at Zurich recently to appoint judges and revise the prize list.

It has been decided by the business men of Zurich to celebrate the 74th anniversary of the Queen's birthday. Many liberal prizes will be awarded.

Robert Johnston, of Zurich, has disposed of his share in the Zurich flax mill to Mr. Happel, of Berlin. It seems to be a paying industry and is a great boon to Zurich.

KENT.

Prof. Wilcox, the St. Thomas medicine man, has been fined at Chatham under the Ontario Medical Act. Rather than pay $25 and costs he went to jail.

The Chatham Presbytery met on Tuesday and accepted the resignation of Rev. John Gray, of Windsor, who is going to Kalamazoo.

LAMBTON.

William Anderson who has been a resident of Petrolea for over 25 years, was buried there on Tuesday. His remains were followed to their last resting place by a large concourse. Mr. Anderson emigrated to this country from Aberdeenshire, Scotland, in 1856, and settled in Westminster. He studied medicine under his uncle, the late Dr. Anderson, for a few years, but his health failing, he had to seek less confining employment and went to Petrolea when the oil excitement was at its greatest height. There, as a contractor and builder, he did much towards developing Petrolea. He bought a farm just outside of the town, where he remained until his death on April 1. He was a man of very unassuming manners, and congenial disposition. He married Miss Murray, of Paris, and by the union, two boys and three girls were born. He leaves a widow and four of a family, besides six brothers and three sisters to mourn his loss. In politics he was a staunch Reformer, and was an ex-president of the Enniskillen Reform Association.

Rev. D. Armstrong, D.D., attended convocation at Trinity, where his son received the degree of M.D.

MIDDLESEX.

Byron Branch of the Women's Auxiliary of the Anglican Domestic and Foreign Mission Society has been organized and the following officers elected: President, Miss Annie Griffith, vice-president, Miss McLaren; secretary-treasurer, Miss L. Jary.

OXFORD.

An Ottawa dispatch says: Mr. James Sutherland, M. P. for North Oxford, left last evening for Montreal. He is the chief Liberal whip, and after Mr. Laurier is responsible more than any one for that during the session just closed the Opposition did not make a single mistake either in or out of the House. Mr. Sutherland, besides being one of the most level-headed of the Opposition, is also one of the most popular.

The late James Hay, of Woodstock, was born near Edinburgh, Scotland, and came to America with a deceased brother when 16 years of age. He settled at first in New Orleans, where he learned a trade, and about 1839 or 1840 came to Woodstock, and with the late John Bain established the nucleus of the present large furniture works. Mr. Hay was over 50 years a member of the School Board. Of late years he had not been actively associated with the furniture business, being able to retire on a well earned competence. Besides the widow there is a family living of four sons and two daughters. The boys are James Hay, jun., mayor of Woodstock; T. A. Hay, New York; J. G. and A. B., of Owen Sound; Mrs. Pepler, of Owen Sound, and Miss Tena Hay at home.

PERTH.

Buchanan, one of the men arrested for the assault on Peter Powers, of Mornington, has been admitted to bail on his own recognizance of $1,000 and two sureties of $1,500 each. Peter Powers, the victim of the assault, is a man between 60 and 70 years of age. He is a widower, and has the reputation of being a miser. He was severely beaten about the head and chest, but is recovering.

WATERLOO.

A terrible accident took place near Manheim, about six miles from Berlin, recently. Mr. Erb, a prominent farmer, was engaged in making maple sugar, and his 10-year-old son was helping him, together with a number of other members of the family. A pot of boiling molasses had just been lifted off the fire to cool, when by some unaccountable mishap the little fellow fell headforemost into the boiling liquid. The horror-stricken witnesses of the frightful accident in a few moments took the unfortunate lad from his dreadful position, but although everything was done to relieve him he died about an hour afterwards.

WELLINGTON.

Mike Morrissey, of Guelph, was driving a livery rig home from Berlin Tuesday night, and when crossing the G. T. R. track at an angle near Mosboro his horse was struck by the west bound passenger train and killed. The buggy was smashed to pieces and Morrissey was carried on the pilot several hundred yards. He escaped with a few bruises.

"CANADIAN PROTECTIVE ASSOCIATION."

Objects and Declarations of Principles of the Organization.

The ADVERTISER has been asked to publish the following as the alleged objects and principles of the institution known as the "P. P. A.":

"1. Nationality is not a bar to membership. We ask no man where he was born.

"2. We interfere with no man's partisan politics.

"3. We attack no man's religion, so long as he does not attempt to make his religion an element of political power.

"4. We unite to protect our country and its free institutions against the secret, intollerant and aggressive efforts that are being persistenly set forth by a certain religio-political organization to control the Government of the Dominion of Canada and destroy our blood-bought civil and religious liberty.

"5. We are in favor of preserving constitutional liberty and maintaining the Government of the Dominion of Canada.

"6. We regard all religio-political organizations as the enemies of civil and religious liberty.

"7. It is in our opinion unwise and unsafe to appoint or elect to civil, political or military office in this country, men who owe supreme allegiance to any foreign king, potentate or ecclesiastical power and who are sworn to obey such power.

"8. We are in favor of maintaining the principle of one general unsectarian free school organization, and will oppose all attempts to supplant it by any sectarian institution.

"9. We are opposed to all attempts, local or national, to use the public funds for any sectarian purpose.

"10. We are in favor of laws taxing all church property.

"11. We are in favor of changing our immigration laws in such a manner that they will protect our citizen laborers from the evil influences of cheap pauper and criminal labor, which through the instrumentality of European propagandist societies and in this country by the aid of strikes and the subtle influence of priests are rapidly supplanting our free and educated Canadian citizens in every line of industry.

"12. We believe there should be an educational qualification to the elective franchise that will require every Canadian citizen to be Canadianized.

"13. We are in favor of putting into office honest and true patriots who are best qualified to fill the positions regardless of political parties.

"14. We are willing to be governed by these principles in our future political action.

"15. Our mission is to awaken the people of free Canada from their lethargy, indifference and over-confidence. Eternal vigilance is the price of liberty. Yet the Protestants of this Dominion have ceased to be vigilant, and in conscious strength are either intently chasing the almighty dollar, or quietly dozing, while we swiftly drift toward a more tremendous and terrible crisis than the country has yet known."

Two points in the oath taken by candidates for membership are not very clearly set forth in the above statement. We refer (1) to the declaration that the candidate must not employ a Roman Catholic; and (2) that under no circumstance must he vote for a Roman Catholic for an office in the gift of the people. Why do the compilers not clear up this section of the oath?

A Rival to the Canadian Pacific—Resignation of President McLeod.

Grand Trunk Railway earnings for week ending April 1, 1893, $401,050; same period in 1892, $400,623; increase for 1893, $427.

A Philadelphia (Pa.) dispatch says: President McLeod, of the Reading Railroad, has tendered his resignation, to take effect on May 1.

The Northern Pacific Railway is soon to have a direct eastern connection with the seaboard, running entirely through Canadian territory from Parry Sound, on Georgian Bay, to Quebec, 550 miles. The entire road, which will be open for traffic next year, will prove an important rival to the Canadian Pacific Railroad, at least so far as the movement of grain from the Canadian Northwest is concerned. Between Ottawa and Parry Sound it also traverses a new and richly timbered pine country.

Use the Best.

is a good motto. It is particularly good when applied to anything which we use daily at our own meals. Bread may truly be called the staff of life and we cannot be too careful as to what we put into it. Good health is of too great importance to be trifled with, and biscuits or pastry made with the alum powders which are so commonly sold in this country, are very injurious, leading to dyspepsia and numerous other troubles resulting therefrom. The pure cream of tartar and soda baking powders are healthful in every respect. In this class of powders the Pure Gold brand has obtained the highest position and is always reliable. d

The bottom of a strawberry box is a very small affair, but it always gets very near to the top.

Why will you allow a cough to lacerate your throat or lungs and run the risk of filling a consumptive's grave, when by the timely use of Bickle's Anti-Consumptive syrup the pain can be allayed and the danger avoided? This Syrup is pleasant to the taste, and unsurpassed for relieving, healing and curing all affections of the throat and lungs, coughs, colds, bronchitis' etc.

"Charley's trying very hard to win your affection." "Yes, he's a man after my own heart. But I won't have him."

Piles! Piles! Itching Piles.

Rheumatism Cured in a Few Hours

—BY THE—

ALKALINE TREATMENT

All Schools of Medicine are taught that there can be but two causes of disease, Acids and Alkalies, and where there is one case of alkalinity there is a million of acidity. The Alkaline Treatment discovered by Professor Brunton, the Canadian Chemist, neutralizes the acid which is the cause of every known disease. Stimulates the blood vessels, restoring circulation. Rheumatism, Catarrh, Paralysis, Eczema, Sour Stomach, Kidney Troubles, Indigestion, Debility, any form of Blood Poisoning, etc., are treated successfully. There are two preparations, internally to purify the blood through the stomach, externally to absorb the impurities through the pores of the skin; they are each 50c.
