MACHINE GUN BATTALION WILL GET COLORS TODAY

Marchioness of Aberdeen to Make Presentation—Marquis Will Take Salute.

T. W. CORAH STILL MISSING

Police Unable to Locate Hamilton Grocer, Who Disappeared Last Monday.

HAMILTON, May 16.—An interesting military spectacle will take place at 11 o'clock this morning in Victoria Park, when the Marchioness of Aberdeen wil present the colors to the 86th Machine Gun Battalion. The battalion will then march past and the salute will be taken by the Marquis of Aberdeen. As this will be the last public appearance of the unit prior to going overseas, considerable interest is being taken in the event, and many persons, including Sir John Gibson, will be present to witness the presentation.

It was officially stated yesterday that the appointment of Rev. J. D. Paulin as chaplain of the battalion had been confirmed and he will go overseas with the unit.

Capt. Graham, medical officer of the battalion, is still in a serious condition as a result of injuries received in a wreck at Sharbot Lake, and it is now reported that he will not be able to go overseas with his unit.

Fifteen men signed up at the local recruiting depots yesterday. Recruiting has not been up to the standard for several weeks, and the report of the chief recruiting officer shows that only 37 were accepted last week out of 89 applicants. The Sportsmen's Battalion is, however, endeavoring to obtain 50 recruits this week in order to bring that unit up to the 600 mark so that they may be able to go to summer camps.

The local police have not been able to locate T. W. Corah, 119 West King street, who disappeared from his home last Monday, and has not been seen or heard of since. Corah is a grocer and as a result of his disappearance the bailiffs are now in possession of his store.

Since the outbreak of hostilities Hamilton has contributed $288,429.73, for military and patriotic purposes. The expenditures and grants were for soldiers' infurance, war tax, patriotic funds and grants to overseas units.

CAPT. THOMPSON TO TENDER RESIGNATION

He is Unable to Continue Work Before Davidson Commission.

OTTAWA, May 15.—It is expected that when the war contracts commission, over which Sir Charles Davidson presides, meets tomorrow, Capt. John Thompson, K.C., will tender his resignation. He is busy with his military duties at Toronto, and it is impossible for him to give the time necessary to the investigation of the sale of condemned small arms ammunition to the British admiralty, which matter has been referred to the Davidson commission for inquiry.

Mr. Thompson, who is a son of the late Sir John Thompson, has given his services to this commission free of charge.

MORE LIGHT THROWN ON HIGHWAYS GRAFT

REGINA, May 15—The Wetmore Commission today obtained further light on the frauds perpetrated in the highways department of the Provincial Government. The fact that the sixty charges preferred against the road boss, Godfrey, at Yorkton, cover road work additional to the 19 fraudulent contracts and five bogus day labor transactions, was established, this fact being admitted by H. S. Carpenter, acting chairman of the highways board, under examination.

GOUIN'S HOLD ON QUEBEC IS FIRM

Acclamation for Premier and Twenty-One of His Followers.

SURPRISES ARE MANY

Three Conservatives, Including Sauve of Two Mountains, Unopposed.

MONTREAL, May 15.—The surprise in the nominations for the Quebec Legislature today was the large number of eleventh hour retirements from the provincial contests, and the consequent election by acclamation of at least 22 Liberals. So far as heard from tonight only three Conservatives have been returned without a fight at the polls next Monday. The premier, Sir Lomer Gouin, and the provincial treasurer, Walter G. Mitchell, go back to the house without the trouble of putting in a final week of electioneering, but the other members of the governqment have not been so fortunate. Colonel Smart's election in Westmount was conceded from the first, he being at the front, but the election of Arthur Sauve, another Conservative, was one of the biggest surprises of the day. Up to the last moment it was thought he would have been opposed by Dr. Paget.

By Acclamation.

Following are the 22 Liberals elected by acclamation:

Hon. Sir Lomer Gouin, Portneuf County; Hon. Walter G. Mitchell, Richmond; W. S. Bullock, Shefford; W. F. Vilas, Brome; J. F. Gosselin, Missiquioi; J. A. Benoit, Iberville; J. N. Francoeur, Lotbiniere; Arthur Godbout, Beauce; F. A. Gendron, Ottawa; Andrew Philips, Huntingdon; J. E. Robert, Rouville; Dr. E. M. Desaulniers, Chambly; Fabien Bugeaud, Bonaventure; George Delisle, St. Maurice; R. R. Lapierre, Megantic; C. E. Therrien, Sherbrooke; Arthur Trahan, Nicolet; H. A. Fortin, Labelle, H. Philon, Vaudreuil; Walter Reed, L'Assomption; E. Oeullette, Yamaska; Severin Letourneau, Hochelaga.

Three Conservatives elected without a contest are:

C. E. Gault, St. George, Montreal; Lieut.-Col. C. A. Smart, Westmount; Arthur Sauve, Two Mountains.

MOUNTAIN PEAK TAKEN BY ITALIAN ALPINISTS

Immense Artillery Duel Prevails on Front of Isonzo to Sea.

Special Cable to The Toronto World.

ROME, May 15.—The Italians have added another mountain position to those already in their possession by the capture of Crozzon de Diavolo, over 9000 feet high, in the Adamello zone. By this success they have completed the occupation of the entire crest west of the Fargorida and Lares glaciers, and they now occupy the tract between the Crozzon di Fargorida and the Crozzon di Lares. They have also made further progress on Mount Sperone. Another intense artillery duel has raged along the whole Isonzo front from Monte Nero to the sea. It was followed by Austrian infantry attacks at some places. These were immediately repulsed.

USED VICTIM'S RIFLE.

KENORA, Ont., May 15.—An inquest was held tonight on the bodies of Mrs. Emil Huebner and Miss Erma Huebner, victims of the Shoal Lake tragedy. The chief interest was centred in the .22 rifle which had been traded on Saturday last at Busteed by two Indians. It was produced and identified as the missing gun belonging to the unfortunate girl. The verdict of the jury will be returned tomorrow.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

(Continued from Page 1).

existing system of tactics, and it is now too late for the Germans to do so with any chance of success.

* * * * * *

Along the British front in Flanders considerable activity has prevailed between Loos and Bethune and La Bassee Canal. East of Loos the Germans heavily shelled a small section of the British trenches, and a raiding party entered them, but was left only a few minutes in possession. North of Loos the British artillery heavily and effectively shelled the German positions near the Hohenzollern redoubt. Just south of La Bassee Canal the Germans exploded a mine 25 yards in front of the British trenches and occupied the crater. This cavity was then shelled by trench-mortars and British infantry captured its lip, taking one prisoner and finding several dead Germans in the crater. Both sides exploded mines northwest of Hulluch today, but there was no infantry fighting. The British bombarded the positions of the enemy opposite Faquissart and their guns silenced his trench-mortars in the neighborhood of St. Eloi.

* * * * * *

In their advance on Mosul from the east-northeast, the Russians have entered the Town of Rivandouza and seized ammunition depots. The Turks were driven off in precipitate retreat and Russian cavalry are in close pursuit. Convoys and war material are being abandoned by the Turks. In their advance on Diarbekr the Russians repulsed a Turkish offensive and their reconnaisances in the direction of Mamakhatun have produced useful results.

* * * * * *

Heavy artillery firing is reported from the Graeco-Bulgar-Serbian frontier, and that is all. The allies are making artillery preparation for a coming offensive. Greece has settled her differences with the allies and Venizelos is gaining headway in popular regard. It is even expected in Paris that when the time comes for the advance into the Balkans the Greeks will be swept off their feet and join in the parade. But reliance on Greek promises is like reliance on the wind. The people may be sound, but the king is a shirker. The German defeat at Verdun is, perhaps, greater on its psychological side than on its military side, for hitherto the general staff of every small European nation has believed that the German general staff is invincible. The scales are now falling from the eyes of these misguided militarists of the Balkans and Scandinavia.

* * * * * *

On the main Russian front, except for a brisk artillery fire against the front of General Evert, the Germans and Austrians are quiet. Galicia, where the Russians are expected to launch an offensive, is conspicuous by its omission from Russian war bulletins these days. It is hardly probable that a movement on an extended scale in that province can be carried out for some time to come, for the roads in that region are still impossible for use in the transportation of artillery and heavy shells.

World Sox Fund Letters

The Trenches, Belgium,
April 28, 1916.

From Lt.-Col. John I. McLaren, Commanding 19th Canadian Battalion:

To The Toronto World,—It is with great pleasure that I acknowledge the receipt of 400 pairs of sox, so kindly forwarded by you for the men of the battalion under my command. I can assure you that they were appreciated by all ranks, especially after the strenuous fighting of the past weeks.

Again thanking you and and with very best wishes for the future.

I am, yours sincerely,
Lt.-Col. J. I. McLaren.

4th Brigade, C.F.A., 2nd Canadian Division,
Belgium, April 28, 1916.

Toronto World,—Please accept, on behalf of our brigade our thanks for the case of sox you so kindly sent us thru The Toronto World Sox Fund. They reached us safely last week and were very much appreciated. There has been a great demand for sox over here, particularly during the winter months, when the mud and rain were so plentiful. Had it not been for our good friends at home sending us out so many pairs, I do not know how the boys would have managed, especially as care of the feet is all important.

Again thanking you on behalf of the boys.

I remain, yours sincerely,
R. F. Thompson, Capt.,
Chaplain, 4th Brigade.

"Belgium, April 21, 1916.

"Dear Miss Albin: I am a proud and lucky possessor of a pair of your sox. You cannot realize what a great pleasure it is to get a clean pair of sox when coming out of the trenches.

"I cannot find words to express my appreciation of the great work you are doing for us boys at the front. We can see that you are not devoting all your time to the two hundred and umpty ump that are training at Toronto, but are still remembering the boys that used to be in your midst.

"I can assure you that we will never let the old flag fall' as you remark in your letter. Yours in appreciation,

"(Signed) S. Tinson, No. 55946, 2nd C. E. F."

Belgium, April 24, 1916.

Dear Miss Oakes: Just a few lines thanking you for the splendid pair of sox which I received, together with a note, dated Feb. 4, 1916.

The sox were dandy and altho my work does not take me into the front line trenches, I am sure that they (the sox) would be quite suitable. You must excuse the old stereotyped phrase with which I began this letter, but I could not think of any other way.

I have been out here for seven months and I cannot honestly say that I have done too badly. The first six months our unit was in the same place, and we quite settled down as if at home, when suddenly we moved. Since then we have been on the move nearly all the time.

At present I am anxiously awaiting my time for leave, having relations in England. I was only 18 months in Canada and never away very far from Montreal, which was my home.

I really cannot say any more because of the censorship. So thanking you once more for good wishes and gift and hoping to hear from you in the future, believe me,

Yours sincerely,
(Signed) J. D. Moore, 2065,
"B" Section, No. 6 Field Ambulance, 2nd Canadian Division, B.E.F., France.

Witley Camp, Surrey, April 17th, 1916.

From the Brigade Sergeant-Major, 9th Brigade, C.F.A., C.E.F.

To Mrs. Gibbs. No address given:

This is to convey to you the appreciation of the men of the 9th Brigade Canadian Field Artillery at Witley Camp, Surrey.

To explain more fully, a box with 96 pairs of sox was forwarded to us via The Toronto World.

This brigade has about 700 men who expect to leave for France in about a month, so we distributed the sox among the batteries to be given to the most needy men. There were no names in about 60 pairs, so I hope you will convey the thanks of the men to these modest but loyal citizens.

If I might make a suggestion, it would be to have all sox made at least 11 inches long by 4 inches wide (and sox 12 inches long, 4 1-2 wide). Sox shrink considerably when washed, and owing to the heavy leather in the boots, the men wear larger sizes than ordinarily, and if a man gets too large a sock he can always trade it off for a smaller one, but it is hard to make the trade vice versa.

Again assuring you that your thoughtfulness and loyalty will not be forgotten.

J. R. Jamieson,
Brigade Sergeant-Major 9th Brigade C.E.F.

Mrs. De Podesta, Verral avenue, Toronto, has received the following letter from Lance-Corp. A. Mathews:

I am writing to thank you for the sox I received. In the parcel I found your address and the pocket testament. It was just what I wanted, as I intended writing home requesting my parents to send me one.

It is just a year ago today that I was first under shell fire, and as I sit in the dugout I think of all that has happened since then, and can only thank God that I have been spared so long. Times are very lively here these days, with big shells flying around, and it is surprising how one escapes unhurt. My father is an English Church priest, and the next time I write I shall tell him of your kind action. Please excuse pencil and paper, but you will understand the difficulties while writing in the trenches. Thanking you once more for your kindness, I remain

Yours most sincerely,
Lance-Corp. Alban Mathews.

Rev. Capt. R. F. Thompson, chaplain of the 4th Brigade, C.F.A., second Canadian division, writing to The Toronto World from Belgium, on behalf of the brigade, thanks the Sock Fund for the many pairs of socks forwarded to the boys at the front. "The case of socks reached us safely last week, and were very much appreciated. There has been a great demand for socks over here particularly during the winter months, where the mud and rain was so plentiful. If it had not been for our good friends at home sending us out so many pairs of socks I don't know how the boys could have managed, especially as the care of the feet is so important.

"Again thanking you on behalf of the boys, I remain yours sincerely,

"Capt. (Rev.) R. F. Thompson,

GREAT ACTIVITY MARKS OPERATIONS AT LOOS

Germans Raid Trenches and British Shell Enemy's Lines.

LIP OF CRATER TAKEN

Sir Douglas Haig's Men Capture One Blown Up by Foe.

LONDON, May 15.—The Loos sector was the centre of considerable activity on the part of both the British and Germans last night, but no material change in the situation has resulted. The Germans started the fighting by a bombardment of a small section of British trenches immediately east of Loos, and launching an attack. They got into them and were ejected after an interval of a few minutes. The British then subjected the German positions further north and near the Hohenzollern redoubt to a heavy bombardment. The Germans exploded a mine 25 yards in front of the British trenches, near La Bassee Canal, and seized the crater. British trench-mortars then sharply bombarded this crater, and British infantry captured the lip. One prisoner was taken and several dead Germans were seen in the cavity.

Both sides exploded mines northwest of Hulluch today, but there was no infantry fighting.

The British successfully bombarded the positions of the enemy opposite Faquissart today, and British guns also silenced German trench-mortars in the vicinity of St. Eloi today.

WILSON TO WRITE NOTE ON BRITISH BLOCKADE

Searching of Mails Objected to by Washington Administration.

WASHINGTON, May 15.—Negotiations with Great Britain regarding interference with mails to and from the United States and interruption of neutral commerce by the British fleet are to be resumed in the near future. A note insisting sharply upon modifications in the treatment of mails already is being prepared at the state department and, as soon as possible, work will be begun on a reply to the last British note defending the operation of the blockade orders in council.

Secretary of State Lansing let it be known last week that the implied condition in the German note on submarine warfare, expressing confidence that the United States would hold Great Britain to compliance with international law, had made it difficult to proceed with the British negotiations. He said today, however, that these negotiations would be continued promptly in spite of the embarrassing situation.

MONTREAL'S LONG RACE GRIND STARTS SATURDAY

Half-Mile Tracks Get Together and Arrange Dates So as Not to Conflict.

MONTREAL, May 15.—A confliction of dates between the local half mile tracks was eliminated this afternoon when a meeting was held at which King Edward Park, Maisonneuve and Mount Royal Jockey Clubs were represented. At this meeting an arrangement of the dates was discussed and a new schedule adopted which will give every track dates and the majority of them two Saturdays during the summer. The racing on the half mile tracks with the meetings at Blue Bonnets and Dorval will furnish eighty-four days in Montreal and vicinity. King Edward had not previously claimed dates, and will now hold meetings in July and August. The officials to preside at all the tracks will be practically the same this season.

The following are the new dates arranged:

Delorimier, May 20 to 27 (books).
Dorval, May 29 to June 5 (Mutuels).
Blue Bonnets, June 6 to 13 (Mutuels).
Maisonneuve, June 14 to 21 (Books).
Delorimier, June 24 to July 1.
Mount Royal, July 8 to 15 (Books).
King Edward, July 22 to 29 (Books).
Maisonneuve, Aug. 5 to 12.
King Edward, Aug. 19 to 26.
Blue Bonnets, Sept. 4 to 11.
Dorval, Sept. 13 to 20.
Mount Royal, Sept. 23 to 30.

NURSES GRADUATE AT GUELPH SANITARIUM

Diplomas Were Presented at Pleasing Function Held There Last Night.

GUELPH, May 15.—An important function was held at the Homewood Sanitarium last night, when the graduating nurses of the class of 1916 received their diplomas. The chair was taken by the superintendent, Dr. A. T. Hobbs, who eulogized the standing of the class of 1916, as they had made better average marks on their examination than any previous class.

The graduates were as follows: Ethel Hutchings, Mohawk, Ont.; Maud T. Armstrong, Burford, Ont.; Estelle M. Letts, Flint, Mich.; Katharine Lynch, Arthur, Ont.; Mary Pilley, Belmont, Ont.; Marion Anscombe, Langton, Ont.

BRANTFORD OFFICER TO BE INVESTED BY KING

Lieut.-Col. Colquhoun to Be Presented With D. S. O. for Services in France.

BRANTFORD, May 15.—"Going to England tomorrow to be invested by the King, love to all," was the cablegram received this morning by Mrs. M. A. Colquhoun, from her husband, who is the officer commanding the 4th Battalion. The cablegram was dated May 14.

Some time ago it was officially announced that Lt.-Col. Colquhoun had been awarded D.S.O. in connection with services rendered while connected with the first Canadian contingent, and it is thought that the cablegram refers to presentation of this order.

FOUND AMMUNITION IN HOMES OF ENEMY ALIENS

Special to The Toronto World:

ST. CATHARINES, Ont., May 15.—Phillip Revovitch, an Austrian, was arrested at Thorold on a charge of sending money to his home in Austria. He was taken to Welland.

Two military sergeants paid a visit to all homes of enemy aliens in Thorold and rounded up several shotguns and a large quantity of shot, percussion caps and fuses, which are being held by the authorities.

SCORE'S TALK ON SPRING CLOTHES.

It's just as much our business to tailor a good suit at $25.00 as it is to tailor 'em at say $40.00, $50.00 or $60.00. At $28.00 the suit will carry Score style of tailorcraft, both in fit and general appearance. The point is this: Score Suits at $28.00 are better than if you paid this price elsewhere, for the unquestioned reason that we see to it that the suit at $28.00 shall at all times be a thorough representation both in fabric, policy, finish, fit and style that the Score reputation exacts from its staff of cutters and designers. You profit from its 78 years' experience by getting the maximum of style even in the lowest priced suit. R. Score & Son, Limited, Tailors and Haberdashers, 77 King street west.

YORK COUNTY ...AND... SUBURBS

BROTHERS IN ARMS.

Six members of the Ellis family, 1086 St. Clarens Avenue, Earlscourt, who have donned the khaki, namely, Albert A. Ellis, Walter Ellis, John Wesley Ellis, Sidney Riddington (cousin), F. W. and C. A. Ellis. The first four are members of the 74th Battalion, at present stationed at Bramshott camp, England, and the latter tow are attached to the Cyclist Corps in France.

WHITBY COUNCIL WANTS A SUBURBAN SERVICE

Town Council Asks C. P. R. to Run Trains From North Toronto Station.

The town council of Whitby last night, by a unanimous vote, adopted a resolution urging upon the Canadian Pacific Railway the establishment of a suburban service between the North Toronto C. P. R. station and that town, and at the same time endorsed the action of the Central Citizens' Association of Toronto, impressing upon the railway company the advantages of the North Toronto station as a base for the arrival and departure of local passenger trains.

The meeting was presided over by Mayor Warren and the resolution was introduced by G. A. H. Downey, reeve, and Councillor F. R. Dennis. Every member was present and the heartiest support was accorded the resolution, both in the preliminary discussion and in the vote. The decision of the council, which is said to represent fully the wishes of the citizens of Whitby, will be at once communicated to the proper authorities.

Oshawa has already expressed, thru Mayor Conant, its accord with the movement, and it is altogether likely that town will endorse the movement thru the town council.

In the meantime substantial progress is being made on the new depot and, while the date of the official opening has not been fixed, it is likely everything will be in order by Dominion Day.

ASSESSMENT APPEALS FROM WARD SEVEN

Only Fourteen Have Reached Department—Few Complaints From Land Owners.

Up to yesterday only 14 appeals had reached the assessment department from ward seven. Last year, when the time for entering appeals closed there were 112 registered. The assessment on the land was $60,000 less than last year, an indication that owners of vacant land will not have much to campaign about.

The assessment rolls of ward one will be returned next Saturday. There will probably be an increase in the assessment on buildings owing to the number of new houses built during the year. Values of land have not increased during the past year.

Unless the owners of vacant lands in ward one pay their arrears of taxes, which have not been paid for the year 1913, within the next few months, the city will be compelled to offer the lands for sale.

WESTON COUNCIL SYMPATHETIC

The Weston Town Council gave a sympathetic hearing to T. A. Russell of the Russell Motor Company when he appeared before that body last night and asked for sewerage and water service in the event of the establishment of a $100,000 factory on the outskirts of that town. Council was a unit in supporting any reasonable arrangement, and it is expected that building operations will commence within a few weeks and be completed by October. The company propose to manufacture bicycles and skates.

ARE ON HONOR ROLL

Over one hundred names of parishers who have joined the army are now recorded on the honor roll of St. Chad's Anglican Church, North Dufferin street, Earlscourt. Several members of St. Chad's, troop No. 49, Boy Scouts, have also enlisted in overseas battalions since its organization under Scout-Master B. Lindo.

CAN USE ESTATE

Rev. Harold Snartt, chaplain of troop No. 49, St. Chad's Boy Scouts, Earlscourt, has obtained permission from Sir Henry Pellat to use the Cedarvale estate for manoeuvres during the spring and summer months.

PATRIOTIC MEETING.

Police Magistrate W. H. Clay presided over a patriotic meeting held in the East Toronto Y.M.C.A. Hall last night. The speakers were T. H. Brunton, Trooper Mulloy and Lieut.-Col. Brown. The band of the 220th York Rangers Battalion furnished a good program of music.

ASKS TO HAVE TAXATION FIXED

T. A. Russell Intends to Build Big Factory at Weston.

CONFERENCE IS CALLED

York Township Council Will Then Decide on His Application.

T. A. Russell, representing the Russell Motor Company, made application to the York Township Council yesterday for favorable consideration of the application of his company for a fixed assessment for 20 years on 30 acres of land and a big factory, which it is proposed to build immediately south of Dufferin street, on the outskirts of the Village of Weston, but wholly within the limits of the township. The first cost of the buildings will be $100,000, and from 250 to 300 men will be employed in the start. Mr. Russell asked for an assessment of $60,000 for the first five years, $90,000 for the second ten years, and $120,000 for the remaining five. The company ask for a number of minor concessions in the matter of improved streets and sidewalks. Reeve Griffith and the members of council, while anxious to secure the industry, urged that the assessment ought to be raised. A conference between Mr. Russell and the council will be held on Thursday afternoon.

The splendid financial position of York Township was shown by the large number of tenders—15 in all—submitted for debentures amounting to $68,875, and of which $17,000 were in school and the balance in local improvement. The bonds draw interest at the rate of 5½ per cent. and run for 10 and 20 years. The Dominion Securities were the highest bidders at $101.106, which was regarded by the reeve and council as satisfactory.

Delay has occurred in the negotiations between the township and the Ontario Hydro-Electric Commission relative to the delivery of light and power thruout the township, and matters are now in a fair way for turning everything over to the Toronto Hydro-Electric, the latter delivering the current direct to the township without any outside interference.

Cheque For Firemen.

Council granted $50 to the Toronto Firemen's Benefit fund, $25 to the Weston firemen's fund in consideration of the gratuitous service given by the men at a number of fires in the suburban districts.

In an action brought by T. L. Davenport against the township council for damages sustained by falling into a sewer on Glenholme avenue the solicitor reported that Davenport had been awarded $1250, together with costs, which probably would amount to $300 or more. A clause in the contract with I. M. Scott, the contractor, provides for a holdback of $452.13, which will be estreated.

"OLIVET TO CALVARY" RENDERED BY CHOIR

The choir of the Church of the Messiah visited the Church of the Advent, Scarlett Plaints, last evening and rendered Maunder's beautiful sacred cantata, "Olivet to Calvary." R. G. Stapells, who is the conductor of the Church of the Messiah choir, is responsible for the excellence of the singing. Miss Jessie Paxton, soprano; Edgar Barker, tenor, and R. A. Stapells, baritone, included the soloists; while C. G. Clatworthy, organist and choirmaster of the Church of St. Mary the Virgin, presided at the organ.

GOVERNMENT OFFICIALS TRYING TO DODGE TAX

All Those in Brantford Claim to Be Exempt From Taxation.

BRANTFORD, May 15.—All government officials in Brantford have objected to paying the income tax assessed by the city. They claim to be exempt from taxation. The opinion of the city solicitor given, was that legal proceedings would be required to determine whether the city is entitled to collect or not. An action has been brought in the name of the city against W. G. Raymond, postmaster, for the amount of his income tax, and it is now pending. As the judge of the county is an interested person, a disinterested person will have to be brought in.

FARMER'S FALL FATAL.
