"OFF AGAIN"

FOR another six months straight away. Business stock taking is just ended and New Fall Goods coming to hand. Seems early to mention fall goods, but do you know, some people are actually buying for next winter already? Sovereign Brand Suits for men and young men will be one of the "leading" features of our stock. ***Sovereign Brand are Custom Suits***, made to please the men who prefer ordered clothing. But just here we are reminded that ***school commences on Thursday next***, so it's time to look up school suits. While the boys have been having a good time wearing out their clothes, we have been busy getting ready for their fall needs—such a grand display we have, too, for their use. To see our tables now piled high with the new wearables, you would think ours was a wholesale stock instead of retail, but when you think of the vast army of boys we clothe, our stock is none too large.

Two-Piece Suits, - $2.00 to $5.00
Three-Piece Suits, $3.50 to $7.50

Those D. B. Suits, 3-button, long, narrow lapels, slightly military cut, for boys, are swell.

A lot of Boys' All-Wool Tweed Knickers, in dark shades, just arrived, 50c and 75c.

Neck and Shoulders above all competitors.

DROWNED AT SOO

Two Bank Clerks Upset by Squall While Canoeing.

Sault Ste. Marie, Ont., Aug. 25.—Two young men, J. C. Patterson, teller in the Canadian Bank of Commerce, and Herbert D. Hill, a junior employe of the bank, were canoeing today. A high wind was blowing from the west, and the young men put up a sail and were heading up the river. Just at a point where the current is strong they were struck by a squall and overturned. The accident was seen by parties from the club boat house, who immediately started to rescue, but owing to the heavy sea they were forced to put back. Launches and tugs were summoned, but up to the present no trace of the young men nor the canoe have been found. Mr. Patterson was one of the fastest hockey players in this district.

CANADA'S BEST CUSTOMER

A Large Per Cent of Our Total Exports Go to Britain.

London, Aug. 25.—The Financier, commenting on the Canadian returns for the fiscal year, says there can be no question that England is Canada's bes customer, for 85.47 per cent of the Dominion's total exports come to Britain. On the other hand, in spite of preferential tariffs, the Dominion's imports from Britain show an unfavorable trend, compared with those from the United States.

Syren and Shipping, re costal lighting, says: "We have heard much of Canadian intentions, and their promises for betterment have fructified, but only to a limited extent. What is wanted is a comprehensive scheme to adequately safeguard the more salient features of the Canadian coast line. It is quite time the Canadian Legislature recognized that the promise is one thing and its performance quite another."

A Cape Town cable says the steamship Monarch arrived from Montreal with a number of prize cattle and horses without any loss.

Several members of the Council-General of Alle et Vilian of Rennes, claim that the Anglo-French treaty militates disastrously against the interests of ship-owners and fishermen in Newfoundland. It deprives them of the opportunity of obtaining free bait, a privilege absolutely essential, if its cod fisheries are to be carried on. They urge that the treaty be again examined and a modification introduced with the object of obtaining from the British Government the right of freely trading in bait for fishermen of French or other nationalities.

In Great Demand.

The demand for Chamberlain's Colic, Cholera and Diarrhea Remedy here has been so great that I have scarcely been able to keep it in stock. It has cured cases of dysentery here when all other remedies failed.—Frank Jones, Pikeville, Ind. This remedy is for sale by all druggists.

TO PUT UP BIG PLANT

Two Million Dollar Factory Will Be Erected at Montreal.

Montreal, Aug. 25. — The Simplex Manufacturing Company have decided to erect a new plant for the manufacture of steel axles and car supplies in Montreal West, at a total cost of $2,000,000. The company has heretofore operated in leased premises. The plant when completed will be one of the biggest of its kind in Canada. The company has already purchased 40 acres of land along the canal bank as a site. In view of the great railway development now going on in Canada, the Simplex Company have decided to go into car building, and will build a large separate plant for this purpose.

Kidney Disorders and Itching Piles

Made Life Miserable for This Man Until He Used Dr. Chase's Kidney-Liver Pills and Ointment.

Reliability is the word which best describes Dr. Chase's Medicines. You can be sure that they will bring relief and cure when other means fail. It is on this account that they have become so popular in the homes of the Canadian people.

Mr. Thomas Park, Dungannon, Ont., writes: "I have been acquainted with Dr. Chase's Remedies for a long time, and have obtained a great deal of benefit from their use. The Kidney-Liver Pills especially, I consider an excellent medicine, as they cured me of kidney disease and pains in the small of the back. I can also highly recommend Dr. Chase's Ointment as a cure for piles because I used it for this ailment with most excellent results."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto. To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box of his remedies.

COLOR LINE IN POLITICS

Trouble in French Isles Resulting in Arrest of a Deputy.

Halifax, Aug. 26.—From the French Islands of St. Pierre and Miquelon comes a story which shows that they have a "color problem" on their hands.

It appears that in December last Mr. Legasse was elcted to represent the islands in the French Chamber of Deputies after a hot contest with Mr. Delmont, a colored lawyer. Since then Mr. Legasse has had difficulty with the chief justice, who is also a colored man, and the colored people in general. As a result he was illegally arrested. When the minister of the colonies was informed he cabled the Governor to release the deputy and the event was made the occasion of a popular demonstration in honor of Mr. Legasse, some 3,000 participating.

GIRL USED KNIFE ON HER MISTRESS

Mrs. Shearer Awoke to Find Servant Standing Over Her With a Weapon in Her Hand.

Montreal, Aug. 25. — Mrs. Andrew Shearer, wife of Mr. Andrew Shearer, 507 Grosvenor avenue, was the victim of an assault yesterday morning, which might have resulted in very serious injuries.

Mrs. Shearer was asleep in bed, and about 5:30 o'clock woke to find the servant girl, Margaret Mansion, standing over her, knife in hand.

Mrs. Shearer immediately grappled with her would-be assailant, but in the struggle that ensued received two severe gashes in the breast. The little 2-year-old child was sleeping with her mother. Mr. Shearer occupied one of the front rooms.

Mrs. Shearer immediately ran to her husband's room, and as soon as possible the police were notified and the girl was taken to the Westmount police station.

Mr. Shearer said, when approached today, that Mrs. Shearer, although suffering from shock, was practically unhurt, with the exception of the wounds. The fact that Mrs. Shearer awoke, he said, frightened the servant so much that she ran out of the room, leaving the carving knife on the bed.

The only reason assigned by Mr. Shearer for the attack is that the girl, who had been employed in the family about two months, had been reprimanded by his wife for untruthfulness. She had received notice of dismissal. Mrs. Shearer had notified the parents of the cause of the dismissal, and this is supposed to have aroused the girl's temper.

The girl is 16 years of age and extremely pretty.

During the absence of Mr. Shearer in New York last week, two mysterious fires broke out in the premises.

WIND, LIGHTNING, PANIC, DEATH

Tornado Sweeps Through the Chautauqua Country, Doing Great Destruction.

Jamestown, N. Y., Aug. 25.—A tornado swept through Chautauqua county late this afternoon, leaving death and great destruction in its path. Parkhurst's Grove, where the Stocton town picnic was being held, was directly in the path of the storm. Five thousand people were on the grounds when the storm broke. Four persons were killed and several others were injured.

The dead: Mrs. Austin E. Pierce, of Fredonia; Miss Ina Scott, of Shumla; Orin Dalrymple, 60 years old; unknown child.

The injured: Mrs. Orin Dalrymple, of Shumla, will probably die; Arthur Bills, of Portland, N. Y.

The storm came up suddenly. Trees in the grove were struck by lightning; many of them were blown down, and the rain fell in torrents. The people who took refuge under the trees at the first signs of the storm were caught by the falling branches and either killed or injured. Many horses were killed in the same manner. Some of the animals stampeded, trampling upon the injured people who were lying upon the ground.

Buildings in the vicinity were blown down and others were unroofed. Hundreds of forest and fruit trees were blown down and corn and oat fields were laid waste, entailing a loss of thousands of dollars.

At the assembly grounds at Chautauqua many trees were uprooted and a portion of the fence around the grounds was demolished. The men's clubhouse was badly damaged.

THEY ARE CAREFULLY PREPARED.—Pills which dissipate themselves in the stomach cannot be expected to have much effect upon the intestines, and to overcome costiveness the medicine administered must influence the action of these canals. Parmelee's Vegetable Pills are so made, under the supervision of experts, that the substance in them intended to operate on the intestines is retarded in action until they pass through the stomach to the bowels.

FRESH BOUNDARY DISPUTE APPEARS

Newfoundland Claims a Section of Labrador That Belongs to the Dominion.

Ottawa, Aug. 26.—The authorities at Ottawa have no knowledge of any complaint on the part of Newfoundland concerning the collection of Canadian customs duties in territory claimed by the island at Hamlet Inlet on the Labrador coast. There is, however, a complaint against the Newfoundland Government to the effect that they are collecting import dues at Hamilton Inlet on goods destined for the Hudson's Bay Company's posts in Canadian territory within the interior of the Labrador Peninsula, and further, that Newfoundland is issuing licenses for timber-cutting in the part of Labrador over which Canada is supposed to exercise jurisdiction.

Though no official protest has been heard from Newfoundland, a dispatch from St. John yesterday states that the feeling against the action of Canada in collecting customs on the Labrador coast was very bitter.

Newfoundland seems to be raising an issue somewhat similar to that brought up by the United States in the Alaska boundary matter. The island colony exercises sovereignty over a lisiere or strip of coast, but, seemingly not content with that, claims that its jurisdiction should extend to the head of inlets and over a large area of territory in the interior. As a matter of fact, Newfoundland's ownership of the strip of a large part of the coast is believed to be merely restricted to the right to dry fish. The matter is now engaging the attention of the Federal department of justice.

An order-in-council has passed, declaring that articles of Canadian manufacture may be reimported into Canada temporarily, for repairs without payment of duty, provided that they are to be again sent out of the country.

REDMOND COUNTS HIS CHICKENS

Says Nationalists Will Hold Next Government in the Hollow of Their Hand.

(By Associated Press.)

New York, Aug. 25.—John E. Redmond, M. P., who arrived on the Teutonic today, said: "We have come here primarily to attend the convention of the United Irish League, from which we have received very great assistance, moral and material, during the past two years. Then, again, we are on the eve of a very interesting condition of affairs in Ireland. The present Government in England is doomed, and it is only a question of months or perhaps weeks, until we have to face a general election. Mr. Chamberlain, who broke up the Liberal party, has now broken up the Unionist party, and there is no question in the world but the next general election will result in its defeat. The result of this election so far as we are concerned, must be to place Ireland in a position of extraordinary power, because, it is admitted by everybody, that the next Government will have a small majority, and the Irish party, which has 85 votes, amounting to 170 on a division, will have the Government in the hollow of its hand.

"We throw in our lot with whichever party we can get most from, and we are now on the eve of making a big step forward in the direction of home rule. Whether we will get all we want or only a portion thereof, I don't know. I'm not going to prophesy, but we are making a big stride, and I think this is a sufficient reason for this visit to America. I want, when that opportunity arises, our party to be as strong as it can be, as strong financially and in every other respect, and, therefore, I have come to ask our countrymen here to strengthen the auxiliary organization in America, and to assist us in carrying on the fight to a successful issue. I am sorry that my stay in America must be very short, because we don't know the moment when a general election will take place, and I do not want to be absent from the scene of conflict."

CANTERBURY'S VISIT

How the English Primate Will Be Entertained at Montreal.

Montreasl, Aug. 26.—According to present arrangements the Archbishop of Canterbury, on his arrival here Sept. 1, will be met by the Archbishop of Montreal, and the members of the special reception committee. He will be dined by Sir George Drummond, and in the afternoon will be taken for a drive over Mount Royal and to see the principal points of interest. In the evening a service will be held in Christ Church Cathedral, where Archbishop Bond will present an address to the Primate and the latter will preach. Following the service a reception will be held. On the following Monday morning service will be held at the Cathedral and at 1 o'clock the Primate will be tendered a luncheon at the Windsor Hotel. A garden party will be given in the afternoon, and in the evening he will be dined at Bishop's Court. The archbishop is expected to pass through here Saturday morning on his way to Quebec, where he will preach the following Sunday.
