CITY OF FREDERICTON, SS.
To all whom it may concern:—
KNOW YE,—That the Mayor, Aldermen and Commonalty of the City of Fredericton did, in the year 1873, purchase from R. FLAHERTY & CO., of Saint John, a double door Fire-Proof Safe, handsomely painted and well finished in every respect, which Safe was placed in the City Clerk's Office, City Hall, and in which were stored the principal papers of the CITY RECORDS. That the said City Hall was destroyed by FIRE on the 26th January, 1875, and that the Safe above mentioned, fell in the ruins, from the City Clerk's Office to the basement, being a height of seventeen feet, and remained in the ruins among the hot bricks, at a white heat for Forty-Four Hours, when it was opened, and the papers and records therein contained, found undamaged, undefaced, and in good order, and the cabinet lining of the Safe with even the varnish perfect.
We, the Mayor, Aldermen and Commonalty of the City of Fredericton do therefore hereby certify, that the Safe purchased by us from R. FLAHERTY & CO., of St. John, has fully met every guarantee made to us by the Manufacturers in regard to superior finish and painting, strength of workmanship, and fire resisting power, and we do most heartly accord to MESSRS. R. FLAHERTY & CO. this TESTIMONIAL of our esteem for this wonderful proof of the superiority of provincial manufactures in general, and of MESSRS. R. FLAHERTY & CO. in particular.
In testimony whereof the said Mayor, Aldermen and Commonalty of the City of Fredericton have caused their [L.S.] common seal to be affixed thereto, and signed by the proper hand of the Mayor, of the said City, this Sixteenth day of February, A. D., 1875.

CHALONER'S
ANILINE DYES!
I CLAIM to be the originator of Aniline Dyes in packets they never were put up by various parties in the Dominion, until they imitated mine and plagiarized my directions. I went to considerable expense and trouble to test the Dyes and bring them into proper form for domestic use, and even now I have expensive Dyes on hand which can be used only by Professional Dyers. As to the insinuations of imitators that my dyes are not reliable, or that theirs are giving better satisfaction, I leave such statements to be judged as coming from those whose principles are to build up their own business by pulling down their neighbor's.
Rosine, however, is put up of full weight and quality, by the St. John firms of Hannigton, Stewart, and Barker, who are agents for any of other colors. They may be obtained also from the Travellers for Messrs. Dearborn and Berton Bros., or at their establishments, St. John, and from nearly all city Merchants and Druggists.
