Social Notes of the Week

ST. STEPHEN

St. Stephen, Jan., 11—On Thursday evening, Jan., 3rd the Baptist Vestry presented an interesting and attractive appearance when the Women's Patriotic Association gave a dinner to the Great War Veterans Association. The tables were prettily decorated with red white and blue crepe paper and flags. A delicious dinner was served, at the close of which the following toasts were proposed by Capt. E. Smith of Milltown, who acted as toast master—"The King," in response to which the National Anthem was sung. "The Governor General of Canada and Lieut. Governor of N. B.," to which "O Canada" was sung. "The O. C. and Officers overseeas" which was ably responded to by Lieut. Jerome Sullivan. "The Nom-Coms and men overseas," responded to by Sgt. Walter Tuck who paid glowing tribute to our splendid boys overseas. The toast "To those who have made the Supreme Sacrifice," drank in silence pregnant with thoughts of our brave boys who will not return but whose memory will ever be with us. "Our Allies" was responded to by Pte. Everett Mills, who spoke splendidly of our Allies, the French, Americans and Italians, and expressed the faith that Russia would arise out of the chaos into which she has been plunged and be as before, our splendid ally. "Our Hostesses" was well and ably responded to by Lieut. James Inches. Little Miss Barbara Vesey recited "You Counted the Cost and Went" and another patriotic poem with much grace and sweetness. Both of these poems were written by Miss Emma Veasey, Vice-President of the W. P. A., and "speech from the author" was demanded, but she modestly refused to speak. Rev. Dr. Goucher spoke in a touching and impressive manner to the veterans, speaking of the occasion as an historical one for St. Stephen and Charlotte county. This was followed by short but impressive speeches by Rev. W. W. Malcolm and Rev. H. S. B. Strothard. Then followed what was the "real reason" for the gathering and Mrs. A. E. Vesey, president of the W. P. A., in a few well chosen words presented a flag to the G. W. V. A. which Capt. E. V. Sullivan, president of the G. W. V. A., gracefully accepted. Appropriate songs and choruses were sung during the evening by the young ladies who had the honor and privilege of serving at the dinner, in some of which the boys joined heartily. The evening closed with the singing of God Save the King. The fury of the storm kept many away who would otherwise have been there, but it was a gathering which those who were privileged to attend will not easily forget.

The Silver Tongued Orator of Minnesota, Charles A. Towne, Former United States Senator

Late Member of Congress from New York—Nominated for Vice-President

Recommends Nuxated Iron to All Who Feel the Need of Renewed Energy

Says That Henceforth He Shall Not Be Without It

Probably no remedy has ever met with such phenomenal success as has Nuxated Iron—Over three million people annually are taking it in this country alone, to say nothing of the vast number who are using it in France, England, South America and other countries. It has been highly endorsed and used by Former United States Senators and Members of Congress; physicians who have been connected with well-known hospitals have prescribed and recommended it; Monseigneur Nannini, a prominent Catholic Clergyman, recommends it to all members of the Catholic Church. Former Health Commissioner, Wm. R. Kerr, of Chicago, says it ought to be used in every hospital and prescribed by every physician; Dr. H. B. Vail, formerly Physician in the Baltimore Hospital and a Medical Examiner, says that time and again he has prescribed Nuxated Iron and surprised patients at the rapidity with which the weakness and general debility were replaced by a renewed feeling of strength and vitality; Former First Assistant Postmaster General of the United States, C. P. Grandfield, strongly endorses and recommends it to the tens of thousands of civil service employees who know his name and signature. Sarah Bernhardt—"the Divine Sarah," the world's most noted actress, has ordered a large quantity sent to the French soldiers to help give them strength, power and endurance.

The famous "Cyclone" Davis, Member of the 64th United States Congress, says the effect of Nuxated Iron on him was almost magical, that after taking it, nothing seemed to tire him out, no matter how strenuous it might be. Dr. A. J. Newman, late Police Surgeon of the City of Chicago, and former House Surgeon Jefferson Park Hospital, Chicago, says Nuxated Iron has proven through his own tests of it to excel any preparation he has ever used for creating red blood, building up the nerves, strengthening the muscles and correcting digestive disorders

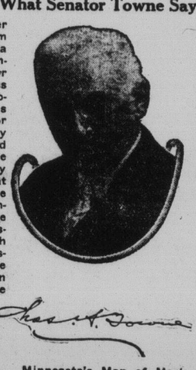
Dr. Schuyler C. Jaques, Visiting Surgeon St. Elizabeth's Hospital, New York, says he has never before recommended any remedy to the public, but that in the case of Nuxated Iron he would feel he were remiss in his duty not to mention it. Dr. Ferdinand King, New York Physician and Medical Author, says that in his recent talks to physicians on the grave and serious consequences of iron deficiency in the blood of American women he has strongly emphasized the fact that doctors should prescribe more organic Iron—Nuxated Iron—for their weak, run-down nervous, haggard-looking patients. Ty Cobb, the greatest baseball batter of all time, took it to help give him renewed energy and great staying power. No matter what anybody says, you could not, at this day, get such prominent men to endorse a remedy that has no value—doctors, lawyers, politicians, athletes—a great array.

Dr. E. Sauer, a Boston Physician who has studied both in this country and great European Medical Institutions, said: "Nuxated Iron is a wonderful remedy. Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of twenty, and as full of vigor, vim and vitality as a young man; in fact, a young man he really was, notwithstanding his age. The secret, he said was taking iron—Nuxated Iron had filled him with renewed life. At 30 he was in bad health; at 46 he was careworn and nearly all in—now at 50, after taking Nuxated Iron, a miracle of vitality and his face beaming with the buoyancy of youth. If people would only take Nuxated Iron when they feel weak and run-down instead of dosing themselves with habit-forming drugs, stimulants, and alcoholic beverages, I am convinced that in this way they could ward off disease, preventing it becoming organic in thousands of cases, and thereby the lives of thousands might be saved who now die every year from pneumonia, grippe, kidney, liver, heart trouble and other dangerous maladies. The real, true cause which started their disease was nothing more or less than a weakened condition brought on by a lack of iron in the blood. Thousands of people suffer from iron deficiency and do not know it."

If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained.

NOTE—Nuxated Iron, which has been used by Former United States Senator Towne with such surprising results and which is prescribed and recommended above by physicians in such a great variety of cases, is not a patent medicine nor secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary it is a most potent remedy in nearly all forms of indigestion as well as for nervous, run-down conditions. The manufacturers have such great confidence in Nuxated Iron, that they offer to forfeit $100.00 to any charitable institution if they cannot take any man or woman under sixty who lacks iron and increase their strength 100 per cent. or over in four weeks' time provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed by all good druggists, and at Wasson's drug store.

What Senator Towne Says:



"As a member of Congress from New York, as a member of Congress and Senator from Minnesota, as participant in political campaigns and candidate for Vice-President, my nervous energy and reserve force were tremendously drawn upon. That I survived these trials and came into advanced middle life with the elasticity and strength of a boy is unquestionably due to the rigorous attention I have paid to the proper care of my body. Recently I have been taking Nuxated Iron and have found it of the greatest benefit as a tonic and regulative. Henceforth I shall not be without it. I am in a position to testify for the advantage of others, to the remarkable and immediate helpfulness of this remedy, and I unhesitatingly recommend Nuxated Iron to all who feel the need of renewed energy and the regularity of bodily functions.

Chas. A. Towne
