Second Edition!

THE LEGISLATURE.

[*Special Telegram to the Daily Tribune.*]

FREDERICTON, 1 P. M., Feb. 29.

The House will open at 3 o'clock.

Beckwith will move the Address; not decided who will second.

The train from St. John was two hours behind time.

Nearly all the members of the Assembly are here, but only five of the Legislative Council—not a quorum.

A heavy snow storm has commenced.

The signs of a political storm are also quite promising.

LATER.

FREDERICTON, 29th Feb., 1872.

This being the day appointed by Proclamation for the meeting of the Legislature, at Three o'clock His Excellency the Lieutenant Governor came to the Council Chamber, and being seated on the Throne, commanded the attendance of the House of Assembly, who being come, His Excellency was pleased to open the Session with the following

SPEECH.

Mr. President and Honorable Gentlemen of the Legislative Council.

Mr. Speaker and Gentlemen of the House of Assembly.

In meeting you again it affords me great pleasure in being able to congratulate you upon the prosperity of the Province.

The past season was highly favorable to our agricultural interests, and the present condition and prospects of almost every branch of our productive industry are of the most satisfactory character.

The national calamity which, during the recent illness of His Royal Highness the Prince of Wales, hung over the Empire, was happily averted by the goodness of Almighty God, and I am sure that in no part of the British Empire have the thanksgiving of loyal hearts been more gratefully offered than by Her Majesty's subjects in this Province.

Mr. Speaker and Gentlemen of the House of Assembly:

Detailed accounts of the income and expenditure of the past year will be laid before you at an early day, together with estimates of revenue and expenditure for the current year.

Mr. President and Honorable Gentlemen of the Legislative Council:

Mr. Speaker and Gentlemen of the House of Assembly:

The Act relating to Common Schools, passed at the last Session, has been inaugurated with the most encouraging prospects.

I have much satisfaction in informing you that a contract has been entered into for the construction of the Railway from St. Marys and Woodstock to Edmundston; and from the well known energy and responsibility of the parties who have undertaken the work, every assurance is afforded that this highly important commercial undertaking will be completed at an early day.

I have again brought under the consideration of the Dominion Government certain unadjusted claims in connexion with the terms of admission of this Province into Confederation; and while a portion of those claims is yet under consideration, I have much pleasure in expressing the belief that the settlement so far as it has been effected, will satisfy the reasonable expectations of the Country. I shall direct the papers on this subject to be laid before you.

In furtherance of your wishes, conveyed to me by the Addresses of the last Session, I appointed a delegation to proceed to Ottawa on the subject of the financial position of the Province in relation to the Confederacy, by whom the claims of the Province were fully presented. The matter is now under consideration, and I cannot permit myself to doubt that the decision of the Government of Canada will prove that they are fully impressed with the justice of our claims, and will be prepared so to supplement the provincial subsidy as to render us a reasonable return for the large and productive sources of revenue so readily transferred by this Province for the benefit of the Dominion.

Pursuant to a request from the Secretary of State for the Provinces, I appointed a Delegation to Ottawa to act in concert with Representatives from all the other Provinces of the Dominion on the important subject of Immigration, and such arrangements have been made and approved of by the Dominion Government as, under energetic and prudent management, must if persevered in ultimately lead to the introduction of a numerous and valuable class of immigrants. Negotiations have been completed with reliable parties for the supply of a specified number during the ensuing Spring, and measures are in progress for the reception and comfortable accommodation of such portion as may be desirous of settling upon the Public Lands. In connection with this subject a measure will be brought before you to which I invite your early attention.

Your consideration will be asked to a measure for regulating the mode of Procedure in actions in the Supreme Court, by which the administration of Justice will become more simple, certain and speedy.

It having been well established by Geological Surveys that this Province is rich in mineral resources, the attention of the Government has been called to the effect and operation of former mining regulations, and with a view to the development of this most important source of wealth, new regulations better calculated to foster and encourage this valuable department of public industry, have been adopted and published.

In conclusion I must express my earnest hope that your deliberations will be so guided as at once to maintain and exalt the influence of our representative institutions.
