A DOCTOR CLAIMS $10,000.

Plaintiff's Case Finished in the Assize Court Yesterday.

At the Assize Court yesterday one case occupied the attention of Justice MacMahon all day and was not concluded.

This is the plaintiff's case: On June 14 Dr. Latimer Pickering boarded a King-street car going west. The doctor was on the front platform. The driver walked his horse over the Don bridge, but when he came to the descent from the bridge he urged his horse to a trot, as he was behind time. When they came to the intersection of King and Queen-streets the car ran off the rails, precipitating the doctor to the ground, and he was injured seriously. This had incapacitated him from resuming his business, which, he said, was worth $4000 a year. He claims from the Street Railway Company $10,000 as damages, on the grounds that the rails at that particular place were defective, and that the driver was guilty of carelessness.

The defence is that the Doctor was acting contrary to the rules of the company in standing on the front platform; that the road was not defective, and that the injuries resulted from the Doctor's own carelessness.

Plaintiff swore that the car went down the hill at the rate of 10 or 15 miles an hour. His spine has been injured. Eminent European doctors had told him that he could not recover.

Drs. Teskey and Vernon testified to the nature of plaintiff's injuries.

Lewis Weager, who formerly drove a car on the King-street route, said that he had ran off the track at the same spot a number of times and that he thought the rails were defective.

Mr. Lash of Blake, Lash & Cassels appeared for plaintiff, and Mr. William Laidlaw, Q.C., of Bain, Laidlaw & Kappele, was for the defendants. The case was adjourned till to-day.

In the case of Best v. McGrory Justice MacMahon reserved judgment.

Simpson, Hall and Humphrey v. Archabold were struck off the list, as the plaintiffs were not in court.

Peremptory list for to-day: Dickson v. Bond, Jones v. Miller, McIlroy v. Neelon, Stubbs v. Canada Paint Co., Organ v. Toronto, Sanson v. Phillips, Jordan v. Consumers' Gas Co. and McLaughtery v. Consumers' Gas Co.

DOCTORS IN COUNCIL.

An Improved System of Selecting Examiners—The Examination of Nurses.

The Medical Council resumed business yesterday morning, Dr. Campbell presiding.

It was moved by Dr. Fulton, seconded by Dr. Henry, that the method of appointing examiners for the College of Physicians and Surgeons of Ontario from the territorial divisions be changed, believing that there are medical men in each division equally qualified and capable of becoming examiners for this council. In order to insure them this privilege examiners from divisions should be appointed in regular succession, an eastern man and a western man either alternately or together.

Dr. Fulton said that the method proposed would insure all divisions being represented and prevent the insinuation that any division had not men qualified for the position.

The motion was supported by Drs. Henry and Bray.

Dr. Bergin thought that the turn of the divisions at present unrepresented would be as long in coming as the millennium.

The motion was referred to the Education Committee.

The Examination of Nurses.

Dr. Philip said that on the advisability of having the examination of nurses conducted by the council inquiries had been made from Dr. O'Reilly at the General Hospital, and the doctor, having gone carefully over the matter, was very much in favor of having the examination so conducted. Some members of the Hospital Board, however, thought it would be as well to leave the question over for another year.

The committee came to the same conclusion, as they have not had time at this meeting of the council to get the opinion of the Board of Governors of the other hospitals.

The matter therefore stands for another year.

QUARANTINE NEAR QUEBEC.

The Improvements Which Have Been Made At the Grosse Isle Station.

Dr. Bryce, Secretary of the Provincial Board of Health, has received a communication from the secretary of the Quebec Board of Health, relating to a visit made by that department to Grosse Isle. Great improvements have been made and more are under way for the perfecting of the work of the quarantine station. From Jan. 1, 1892, to May 16, 1893, there have been added three sulphur blast furnaces, 4 tanks for disinfecting purposes, 4 disinfecting cyclinders and 12 mercurial baths. There are two reservoirs and numbers of pit-wells for bathes and drinking purposes. For the accommodation of passengers the old building for immigrants is used, and for first-class passengers a hotel. The station is the equal of any other quarantine station in the world, and would be the best extant if the proper facilities for allowing vessels to land at a deep water wharf were to be had, instead of the vessel having to anchor a mile out and send the passengers ashore in boats.

Woman Under Nationalism.

Mr. W. J. Watson was the leading speaker at the meeting of the Nationalist Association last evening, his subject being "The Position of Woman Under Nationalism." He pointed out that both sexes had a common interest in the improvement of the social condition of women. The displacement of men by women in industrial affairs was inevitable under the existing system. It was not altogether an evil, as it would cause the workingmen to think, and so help on reform. Employers would not pay women equally with men for the same work. The trade unions did not seem to be able to remedy this evil. Women workers would look to Nationalism rather than to Trade Unionism to bring about a betterment of social conditions. Under Nationalism this disparity would disappear, as all would be paid alike. The speaker read an extract from Bellamy's "Looking Backwards" showing that under Nationalism women being freed from the struggle of competition, would not be forced to marry for money or a home and that their position would in every respect be improved.

Messrs. S. M. Jones, Charles Armstrong, D. S. Macorquodale, Arnot Hepburn, Dr. Delia A. Davis and others took part in the debate.

Next Thursday the speaker will be Mr. F. E. Titus.

Electrical House Furnishings.

Mr. T. W. Ness, manufacturer of telephones and dealer in electric light, telephone, telegraph and general electric supplies, has, owing to the immense growth of his business, found it necessary to establish a branch office at 106 King-street west in order to supply the increased demand for his goods in Ontario. Parties desiring to establish local exchanges in outlying villages, wishing to connect their offices and houses, or to establish telephone connection with each department of their factory, can buy the instruments outright. The firm also deals in all kinds of electrical house furnishings, such as annunciators, medical batteries, bells, gongs, push buttons, electric bells, etc.

MANY MARRIAGES.

Leafy June Is the Favorite Month for Weddings.

A very pretty wedding took place at the residence of Mr. James Eckardt, Unionville, on Wednesday. Miss Cora May Eckardt was married to Rev. W. R. Swickard of Auburn, Indiana. The groom was supported by Mr. George Gormley, and the bride was attended by her sister, Miss Minnie Eckardt. The bride was attired in cream silk and carried a handsome bouquet of roses. The ceremony was performed by the Rev. W. E. Murray of Philadelphia, after which the guests adjourned to the dining-room, where refreshments were served. The happy couple left for the home of the groom at Auburn.

Other Weddings.

Mr. Elias Woods, son of Mr. George Woods of York Mills, was united in marriage to Miss Laura Stewart, daughter of Samuel Stewart of Newtonbrook. Rev. T. F. Adams, pastor of the Newtonbrook Methodist Church, performed the ceremony at the house of the bride's parents.

Thomas Fane, the bicycle manufacturer, wheeled with Miss Florence Creed to the residence of Rev. H. G. Baldwin, and there they were married. Their trip was to Niagara Falls by wheel. They travel on a tandem cycle made for the occasion.

The nuptials of George J. Newton, formerly of Toronto, and Miss Allie, daughter of W. J. Buttery, was celebrated at the residence of the bride's father, Strathroy. The ceremony was performed by the Rev. James Graham. Miss Lottie Buttery, sister of the bride, acted as bridesmaid. Mr. Fred J. Newton acted as best man.

In Varied Circles.

John M. McEvoy, professor of constitutional history of the Toronto University, was married yesterday to Isabel, youngest daughter of John Anderson, and niece of Hon. G. W. Ross. The officiating clergymen were Rev. John Crawford, Niagara Falls, and Rev. John Elliott, Nairn. The bride was supported by Miss Helen Anderson and Miss Sadie McEvoy, while the groom was assisted by Mr. Wilson of Toronto and John H. Anderson of London.

At 187 Carlton-street Edith Mary, eldest daughter of the late W. P. Helliwell, became the wife of Abiel Silver Bowers, eldest son of Rev. J. E. Bowers, the knot being tied by Rev. Dr. Thomas. Miss Gertrude Helliwell was bridesmaid and M. H. Ludwig best man. After a reception Mr. and Mrs. Bowers left on a trip to the States.

At the residence of the bride's father Miss Jennie Douglas, daughter of William Douglas, was married to Edwin H. Schoales of Alleghany, Pa., the bridesmaid being Miss Minnie Douglas and the best man Fred. Hollman of Alleghany.

Prof. A. B. Wilmott of McMaster Hall was married to Miss Mina Sanders, only daughter of William Sanders, reeve of Stouffville.

Ammon Davis, jeweler of Queen-street east, was wedded to Miss Dewdney at 102 Rose-avenue, the bride's residence.

Frank Vipond was married to Miss Ada McCuaig of Rose-avenue. Rev. Archdeacon Boddy performed the ceremony.

At 202 King-street west, the residence of Mr. Tallmadge, the bride's uncle, the Rev. W. F. Wilson united in wedlock Miss Lizzie Shuman of Toronto and Mr. R. H. O'Regan of Quebec. The happy couple left on a late train for a trip in the Eastern States.

The Church Was Crowded.

Mr. T. Carbert Thompson of Thomas Thompson & Sons, was married in Sherbourne-street Methodist Church yesterday to Miss Nettie, eldest daughter of H. H. Williams of 504 Parliament-street. The bride was attired in white silk with the customary orange blossoms, and accompanied up the aisle by her father. She was attended by four bridesmaids, Miss Edythe Arnott, Miss Louise Lersch and Miss Zella Williams of Elyria, Ohio, and Miss Bell Morey of Buffalo, the last two young ladies being cousins of the bride. George Thompson, brother of the groom, and A. P. Taylor acted as groomsmen. The ceremony was performed by Rev. Thomas Manning and Rev. Mr. Henderson. Upon its conclusion, a reception was held at the residence of the bride's father. Mr. and Mrs. Thompson left for a trip to New York, Boston, Washington and other American cities. After their return they will reside at 39 Grenville-street.

BREACH OF PROMISE SUIT.

An Action Entered For $5000—Who the Parties Are.

A writ, claiming $5000 for breach of promise of marriage, has been issued by Barrister J. E. Cook against James Droop at the instance of Mrs. Essie Allerstedt.

The plaintiff is a widow with two children. She is about 33 years of age. Defendant is seven years her senior. He is in the service of Mr. Robert Lawyer of St. George-street. Plaintiff alleges that not only did Droop promise to marry her, but took a house in that fashionable street as their future residence. She further alleges that the breach is caused by the advent of a younger lady on the scene.

Notes From Osgoode Hall.

W. A. Fraser, formerly of Georgetown and now of this city, has brought suit against the new Toronto Oil and Natural Gas Company, of which Alexander Manning is president and L. G. Harris secretary. Fraser has sunk three wells a distance of 1100 feet, for two of which he has only been paid.

The Enterprise Manufacturing Company of Ohio are suing Samuel Trees & Co. of this city for $20,000 for breach of an agreement in connection with a patent called "The Sweat Collar Pad."

Lawyers Mowat and Smyth have issued a writ on behalf of Mrs. Caroline Taylor against her husband, furniture dealer of 805 Yonge-street, for alimony.

M. H. Denton, grocer of Spadina-avenue, has brought suit against Henry Lucas and William Cox for $1000 illegal and excessive distress for rent.

The court has given judgment refusing to postpone the trial of the Central Bank suit, which is fixed for June 20, in Chancery.

Municipal Notes.

The result of the last test applied to the city water showed a vast improvement on all previous analyses.

The Gerrard-street pavement will be finished to-morrow.

The refuse accumulated at the Christie-street dump has been covered with a six-inch coat of earth.

The work on both sections of Ashbridge's Bay will begin by Monday.

The visit of aldermen to Chorley Park at the invitation of Ald. Hallam has been postponed until Tuesday.

The dredging of the slips was completed yesterday.

J. Enoch Thompson writes the Mayor that it will cost $250 to induce the towing company to bring the Spanish caravels to Toronto. Half the amount, Mr. Thompson thinks, he can collect by private subscription.

Revising the Voters' List.

The revision of the voters' list for Ward No. 6 was proceeded with yesterday. Messrs. W. D. McPherson, E. Floody, A. C. Irvine and W. J. Bedson were present in the Conservative interest, while Messrs. Schoff and Cahill represented the Reformers. All party appeals were referred to the workers, who will agree as to most of the names. The judge considered 60 personal appeals and nearly all were allowed. The final revision for all the wards will be finished by the end of next week. There are about 300 Conservative appeals in Ward 6 and about 250 Reform.

SOMETHING UNUSUAL, as a medicine, is Dr. Pierce's Golden Medical Discovery. And, because of that, there's something unusual in the way of selling it. Where every other medicine of its kind only *promises*, this is *guaranteed*. If it ever fails to benefit or cure, you have your money back.

It's the only guaranteed remedy for every disease caused by a disordered liver or impure blood. Dyspepsia, Biliousness, the most stubborn Skin, Scalp and Scrofulous affections, even Consumption (or Lung-scrofula) in its earliest stages, all are cured by it.

It purifies and enriches the blood, rouses every organ into healthful action, and restores strength and vigor. In building up both flesh and strength of pale, puny, Scrofulous children, or to invigorate and brace up the system after "Grippe," pneumonia, fevers, and other prostrating acute diseases, nothing can equal the "Discovery."

You pay only for the *good* you get.

TIPS FROM WALL-STREET.

Monroe, Miller & Co. of New York send the following despatch over their private wire to their Toronto office:

NEW YORK, June 15.—The bull tipster is surely having a rough time of it. Dealings for the past two days have been of the ante-order, very few lots of more than 200 shares being dealt in. Atcheson is at the mercy of the bears. President Rheinhart's statement that the company practically has no floating indebtedness does not have the slightest effect, the stock being raided at will. The market to-day opened active, the bears being busy in the grangers. Sugar declined a point on the labor troubles, but quickly rallied, being supported by the insiders. In distillers the same interests were at work buying who were identified in that stock yesterday. Louisville, St. Paul and Atcheson were steady in London with less inclination to sell. Loans stiffened towards noon to 30 and 25. The higher rates were partially caused by Brooklyn trust companies calling loans. New England and Atcheson were the soft spots all day, Boston being free sellers of both. General Electric and Sugar were correspondingly strong, the former without any apparent cause. Sugar only fairly supported; not being able to maintain a steady advance, it looks toppy. Stocks closed with a slightly stronger undertone. London closed steady, very little doing. Money closed: Offered 10, lowest 6, highest 25, last loan 10. The action of the Clearing House Committee in deciding to issue loan certificates is generally commented upon as a good move. It is thought the power given to the committee to discriminate will have the effect of weeding out a large quantity of undesirable securities. Large shipments of currency were made to the west to-day. Detroit, Chicago and St. Louis were the principal points.

GOSSIP FROM CHICAGO.

R. Cochran received the following from Kennett, Hopkins & Co. to-day:

CHICAGO, Jan. 15.—The financial sky was hazy this morning with the heaviest fog in the vicinity of the New York clearing house, and all this caused an easier feeling in the wheat pit. Prices slipped off with great ease. The weather was perfection throughout the country, and this also acted against any improvement. The selling was quite pronounced early, and became decidedly so as the day waned. The bearish element did not seem to be playing for big profits and cover on moderate decline. The German demonstration played havoc with business during greater part of the session. When it ended the boys sold the market down again, and kept it down until finish.

Corn was easier and declined with a fair trade at concession. The weather of course is all that can be desired for the growing crop. The July option showed more staying powers, partly because manipulation in it is freely discussed.

Oats—Fluctuations were insignificant most of the day; trade limited and rather featureless. It has been another dull day in all products; hardly a quotation on pork, and very few in lard or ribs.

John J. Dixon & Co. received the following despatch over their private wire from Walker & Co., Chicago:

Wheat cables quiet. Our market opened with a rather weak feeling among local operators, many of whom were on the long side of market. On reported failure of a mill concern in Ohio, and the rumor that the New York clearing house would issue certificates, holders became uneasy and sold quite freely. Crop reports were more favorable, reporting showers in parts where rain was much needed. Exports of about 600,000 bushels, while good, did not seem to have much effect on the market. Very little outside business was done, the trade being among local operators. The market does not decline as easily as heretofore and good buying is noticeable on the weak places.

Corn opened fairly firm with some good buying for local account. The crowd scalpers were disposed to sell for a turn, and as the same influences that weakened wheat began to be felt in corn the market became weak and declined under moderate sales. The brilliant weather and rather bearish tone of Price Current added to the weakness. We believe in
