Branches will please note that several changes have occurred both in the addresses of clergymen and teachers for letters and bales. Attention is also strongly urged to the fact that the carriage of bales beyond railway points is, while the boats are running, only 50cts. per cwt., but by dogs in the winter the cost is $5 per bale. It is very desirable, therefore, that bales should be sent in the spring or early summer. The Dorcas Secretary's address, after the 1st of June will be 159 Robert Street, Toronto.
